Andrew Salas, Chairman
Gabrieleno Band of Mission Indians – Kizh Nation
PO Box 393
Covina, CA 91723

SUBJECT: Senate Bill SB 18 Consultation (Government Code Section 65352.3) for General Plan Land Use element text amendment for the Heavy Commercial (HC) land use designation and pursuant to Assembly Bill AB 52 (Public Resources Code Section 21080.3.1 and 21080.3.2) in Garden Grove, California.

Dear Mr. Salas:

This letter is to inform you and the Gabrieleno Band of Mission Indians – Kizh Nation that the proposed project located at 13650 Harbor Boulevard in Garden Grove, California has retained an environmental consultant and is currently drafting the California Environmental Quality Act report. The City of Garden Grove (the "City") mailed SB 18 and AB 52 letters to all California Native American Tribes as provided by the Native American Heritage Commission. The Gabrieleno Band of Mission Indians – Kizh Nation responded with a request for consultation. This letter is meant to fulfill the City's obligation as it pertains to SB 18 consultation requirement.

The project site located at 13650 was developed in 1957 as a retail sale of boats and outboard motors. In 1985, the location became a vehicle dealership, and most recently was proposed to be a museum. In January of 2018, the building and the site improvements were demolished.

On past projects, when the Gabrieleno Band of Mission Indians – Kizh Nation requested consultation, the agreed and drafted mitigation measure text (*italicized*) was the following:

"The principal archaeologist shall retain representatives of Gabrieleno heritage to perform Native American monitoring of all ground disturbances. If multiple tribal groups request to participate in monitoring, a rotation shall be established and the archaeologist shall be responsible to ensure work is distributed as equitably as possible. If prehistoric cultural resources are recovered, all tribal groups participating in the monitoring shall have input in regard to treatment and all materials will be reburied on site at a location deep enough not to be disturbed in the future. Native American monitoring shall cease if bedrock or loose sediments that can be demonstrated to be more than 10,000 years old are encountered."

Consultation Letter for Project Site 13650 Harbor Boulevard, Garden Grove, California

Due to the short time frame in scheduling a public hearing in the month of July 2018, the City is hoping the Gabrieleno Band of Mission Indians – Kizh Nation will find the above italicized text consistent with past reports and acceptable. The City would deeply appreciate the Gabrieleno Band of Mission Indians – Kizh Nation to respond within ten (10) days upon receipt of this letter to confirm acceptance of the above mitigation measure text. Thank you for your service in this matter. If you have any questions, please feel free to call the City's Planning Services Division as (714) 741-5312.

Sincerely,

Paul Guerrero
City of Garden Grove
Planning Services Division
