

STEELCRAFT

GARDEN GROVE, CA

STEELCRAFT GARDEN GROVE

STEEL
CRAFT

- Outdoor, urban eatery built primarily out of recycled metal shipping containers.
- Proposed project consists of up to 14 users consisting of boutique eateries, a brewery, wine vendor, micro-retail space, incubator space, children's play area and communal dining areas.
- Approximately 85 to 150 new jobs created.
- The development will illustrate SteelCraft's values, which are restoration, the celebration of local craft and artisans, community engagement.
- Anticipated build out of 12-18 months
