Garden Grove, CA 92840

Honorable Mayor William Dalton:

The Overseas Korean Traders Association of Southern California (OKTA S.C.) is a non-profit organization that promotes global trade and international business. The World Federation of Overseas Korean Traders Association (World OKTA) is the global parental organization for all local OKTA chapters. Active members of OKTA can be found in 60 countries, with 108 local chapters in various cities. We currently have over 8,000 active members. Annually, many OKTA chapters across the globe host international trade workshops, teaching and promoting import/export theory and application to the next generation of aspiring business leaders. Through these workshops, OKTA has been able to produce over 10,000 graduates globally, many of whom actively volunteer as the next generation of global business leadership as OKTA Junior committee members. Through its expansive and influential reach, this global business network is very effective in influencing both global trade and diplomatic relations.

You are cordially invited to a VIP economic forum sponsored by the Overseas Korean Traders Association of Southern California. I am writing to respectfully ask if you would attend (i.e., attendance on Friday, September 25, for a VIP dinner) and/or issue proclamation supporting the World OKTA North America Trade Conference, occurring on the 24th, 25th, and 26th of September 2009, at the Wilshire Plaza Hotel in the City of Los Angeles. Any issued statement will be included in our literature distributed to esteemed participants and VIP guests.

The event will have over 175 VIP participants, most of whom are influential global business leaders of Korean descent. Other esteemed guests will include other outstanding business leaders, renowned academia, and dedicated representatives from the political and legal sectors. During this exclusive opportunity, these global leaders will discuss ways to revitalize the North American economy as well as formulate ways to assist the growth of global, Korean trade relations.

We hope that you will lend support for your constituents who will benefit greatly from such a vital exchange. Upon creation of an action plan, the participants will be able to actively participate in the economic growth process of the North American economy. If you have any questions, please contact Ho-Jeong Eun by phone at (213) 507 - 0190 or by e-mail at eun.hojeong@gmail.com.

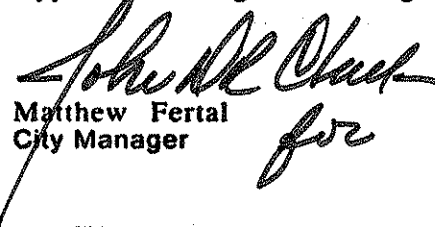

Sincerely,

Edward S. Eun
