

CITY OF GARDEN GROVE

PUBLIC WORKS

April 24, 2008

Vendors and Event Coordinators,

William J. Dalton
Mayor
Mark Rosen
Mayor Pro Tem
Dina Nguyen
Council Member
Bruce A. Broadwater
Council Member
Steven R. Jones
Council Member

Welcome to the City of Garden Grove. The City of Garden Grove is committed to protecting our environment. Therefore, your cooperation in using the appropriate Best Management Practices (BMPs) for your activities is solicited. Your cooperation will aid in you and the City of Garden Grove remaining in compliance with federal, state, and local rules and regulations created to protect and sustain our quality of life as it relates to storm water quality.

BMPs are measures and practices designed to assist in the prevention of pollution caused by specific activities. BMPs specific to activities associated with festivals, carnivals, circuses, vehicle rallies and shows, charity car washes, concerts, tent events and open-air-markets are attached for your use. They are:

- IC2 Animal Handling Areas
- IC6 Contaminated or Erodible Surfaces Areas
- IC9 Outdoor Drainage from Indoor Areas
- IC10 Outdoor Loading/Unloading of Materials
- IC15 Parking and Storage Area Maintenance
- IC17 Spill Prevention and Clean-up
- IC18 Vehicle and Equipment Fueling
- IC19 Vehicle and Equipment Maintenance and Repair
- IC20 Vehicle and Equipment Washing and Steam Cleaning
- IC21 Waste Handling and Disposal
- IC22 Eating and Drinking Establishments

Environmental Compliance staff is available to assist you in choosing the appropriate BMPs for your activity. Please call (714) 741-5375 for assistance and answers to your questions.

Thank You,

A. J. Holmon III
Streets and Environmental Manager

Table A-9.2
Industrial Activity BMPs

BMP Fact Sheet	Activity
IC2.	ANIMAL HANDLING AREAS
IC3.	BUILDING MAINTENANCE
IC4.	CARPET CLEANING
IC5.	CONCRETE AND ASPHALT PRODUCTION, APPLICATION, AND CUTTING
IC6.	CONTAMINATED OR ERODIBLE SURFACES AREAS
IC7.	LANDSCAPE MAINTENANCE
IC8.	NURSERIES AND GREENHOUSES
IC9.	OUTDOOR DRAINAGE FROM INDOOR AREAS
IC10.	OUTDOOR LOADING/UNLOADING OF MATERIALS
IC11.	OUTDOOR PROCESS EQUIPMENT OPERATIONS AND MAINTENANCE
IC12.	OUTDOOR STORAGE OF RAW MATERIALS, PRODUCTS, AND CONTAINERS
IC13.	OVER WATER ACTIVITIES
IC14.	PAINTING, FINISHING, AND COATINGS OF VEHICLES, BOATS, BUILDINGS, AND EQUIPMENT
IC15.	PARKING AND STORAGE AREA MAINTENANCE
IC16.	POOL AND FOUNTAIN CLEANING
IC17.	SPILL PREVENTION AND CLEANUP
IC18.	VEHICLE AND EQUIPMENT FUELING
IC19.	VEHICLE AND EQUIPMENT MAINTENANCE AND REPAIR

SECTION A-9, EXISTING DEVELOPMENT

IC20.	VEHICLE AND EQUIPMENT WASHING AND STEAM CLEANING
IC21.	WASTE HANDLING AND DISPOSAL
IC22.	EATING AND DRINKING ESTABLISHMENTS

The City encourages the implementation of the designated BMPs at each industrial facility based on site-specific conditions in order to limit that facility’s impact upon receiving water quality. If particular BMPs are infeasible at any specific site, other equivalent BMPs shall be implemented.

A-9.1.6 Inspection, Monitoring and Enforcement

A-9.1.6.1 Request for Inspection

Inspection frequencies for industrial facilities are based on permit requirements or the priority ranking assigned to each facility as described in Section A-9.1.3. A summary of inspection frequencies based on priority ranking is shown in Table A-9.3. In addition to the inspection frequencies described, the City will also investigate all complaints of illegal discharges from industrial facilities made by the public or by another agency or those violations arising from the results or dry-weather field screening or analytical monitoring program. Enforcement action shall be taken as necessary to stop illegal discharges. Once the illegal discharge has stopped, an inspection request frequency of once every four months will be maintained for the next calendar year following the date at which the facility is deemed to be in compliance unless otherwise specified in an injunction, criminal sentencing procedure, or other court order.

Table A-9.3 – Request for Inspection Schedule Based on Priority Ranking

Priority	Inspection Frequency
High	Annually
Medium	Biennial
Low	Once per permit cycle (5 years)

Commercial facilities that received a score of greater than or equal to 20 were ranked as High Priority, those with a score below 20 and greater than 10 were ranked as Medium Priority, and those with a score less than or equal to 10 were ranked as low priority.

Commercial sites/sources classified as High Priority for inspections are required to receive facility inspections at least once per permit cycle (5 years).

A-9.2.5 BMP Implementation

The City of Garden Grove has designated recommended minimum set of activity-specific BMPs for commercial facilities, as set forth in **DAMP Section 9.4** and modified according to City requirements. These BMP fact sheets are presented in **Exhibit A-9.II**. The City selected BMPs that are appropriate to prevent or mitigate pollution generated from the specific activities at each site.

Table A-9. 5
Commercial BMPs

Activities/Sources	BMP Fact Sheets
Automobile mechanical repair, maintenance, fueling, or cleaning	IC18. VEHICLE AND EQUIPMENT FUELING IC19. VEHICLE AND EQUIPMENT MAINTENANCE AND REPAIR IC20. VEHICLE AND EQUIPMENT WASHING AND STEAM CLEANING
Boat mechanical repair, maintenance, fueling, or cleaning	IC13. OVER WATER ACTIVITIES IC18. VEHICLE AND EQUIPMENT FUELING IC19. VEHICLE AND EQUIPMENT MAINTENANCE AND REPAIR IC20. VEHICLE AND EQUIPMENT WASHING AND STEAM CLEANING
Equipment repair, maintenance, fueling, or cleaning	IC18. VEHICLE AND EQUIPMENT FUELING IC19. VEHICLE AND EQUIPMENT MAINTENANCE AND REPAIR IC20. VEHICLE AND EQUIPMENT WASHING AND STEAM CLEANING
Automobile and other vehicle body repair or painting	IC14. PAINTING, FINISHING, AND COATINGS OF VEHICLES, BOATS, BUILDINGS, AND EQUIPMENT IC19. VEHICLE AND EQUIPMENT MAINTENANCE AND REPAIR
Mobile automobile or other vehicle washing	IC20. VEHICLE AND EQUIPMENT WASHING AND STEAM CLEANING
Automobile (or other vehicle) parking lots and storage facilities	IC15. PARKING AND STORAGE AREA MAINTENANCE
Retail or wholesale fueling	IC18. VEHICLE AND EQUIPMENT FUELING
Pest control services	IC7. LANDSCAPE MAINTENANCE IC21. WASTE HANDLING AND DISPOSAL
Eating or drinking establishments	IC22. EATING AND DRINKING

Activities/Sources	BMP Fact Sheets
	ESTABLISHMENTS
Mobile carpet, drape or furniture cleaning	IC4. CARPET CLEANING
Cement mixing or cutting	IC5. CONCRETE AND ASPHALT PRODUCTION, APPLICATION, AND CUTTING
Masonry	IC5. CONCRETE AND ASPHALT PRODUCTION, APPLICATION, AND CUTTING
Building Maintenance and Light Construction	IC3. BUILDING MAINTENANCE IC5. CONCRETE AND ASPHALT PRODUCTION, APPLICATION, AND CUTTING IC6. CONTAMINATED OR ERODIBLE SURFACES AREAS
Outdoor Activities	IC6. CONTAMINATED OR ERODIBLE SURFACES AREAS IC9. OUTDOOR DRAINAGE FROM INDOOR AREAS IC10. OUTDOOR LOADING/UNLOADING OF MATERIALS IC11. OUTDOOR PROCESS EQUIPMENT OPERATIONS AND MAINTENANCE IC12. OUTDOOR STORAGE OF RAW MATERIALS, PRODUCTS, AND CONTAINERS
Painting and coating	IC14. PAINTING, FINISHING, AND COATINGS OF VEHICLES, BOATS, BUILDINGS, AND EQUIPMENT
Botanical or zoological gardens and exhibits	IC2. ANIMAL HANDLING AREAS IC7. LANDSCAPE MAINTENANCE IC8. NURSERIES AND GREENHOUSES
Landscaping	IC7. LANDSCAPE MAINTENANCE
Nurseries and greenhouses	IC8. NURSERIES AND GREENHOUSES
Golf courses, parks and other recreational areas/facilities	IC6. CONTAMINATED OR ERODIBLE SURFACES AREAS IC7. LANDSCAPE MAINTENANCE
Cemeteries	IC7. LANDSCAPE MAINTENANCE
Pool and fountain cleaning	IC16. POOL AND FOUNTAIN CLEANING
Port-a-Potty servicing	IC21. WASTE HANDLING AND DISPOSAL

The City requires the implementation of the designated BMPs at each commercial facility based on site-specific conditions in order to limit that facility's impact upon receiving water quality. If particular BMPs are infeasible at any specific site, other equivalent BMPs shall be implemented.
