

Be green, keep your drain clean!

Leftover household chemical products (cleaners, paints, garden and auto products) pollute our environment and water resources if put down drains or in the trash.

Dispose of these products safely at a Household Hazardous Waste Collection Center. Locations listed on back.

Free Disposal Services to the Public

Tuesdays through Saturdays, 9am to 3pm. Closed major holidays and rainy days.

Call (714) 834-6752 or www.oclandfills.com for more information.

Safety Transportation Guidelines

- Bring the items in a sturdy box preferably in their original container, labeled and closed or with a lid.
- Max. 15 gallons or 125 pounds total waste per vehicle, per trip.
- Cannot accept containers larger than 5 gallons.
- Do not combine different types of waste.
- Do not mix oil-base paint with latex paint.
- Empty containers without lids can be discarded in trash.

Thank you for recycling and disposing safely!

in partnership with the Orange County Sanitation District.

**Household hazardous waste only.
Business waste not accepted.**

Businesses include: schools, government agencies, churches, and non-profit organizations (for companies that provide this service, see the Business-to-Business Telephone Directory – Waste Disposal, Hazardous)
