

A swimmer wearing a red cap and goggles is shown swimming in a pool of grass. The swimmer's arms are outstretched, and they appear to be in motion, splashing through the blades of grass. The background is a dense field of green grass.

OVERWATERING?

Overwatering your lawn leads to runoff, which can carry litter, pet waste, oil and other pollutants into storm drains. The pollutants then flow untreated into our creeks, rivers, bays and ocean.

Remember the ocean begins at your front door.
