Records Search for Maximum occupancy restriction for a given hotel guest room for Holiday Inn Express & Suites at 12867 Garden Grove Blvd. Garden Grove, CA 92843

Dear Mr. Anh:

No Fire Department records were found concerning the maximum occupancy load for any hotel guest rooms for the Holiday Inn Express & Suites located at 12867 Garden Grove Blvd. Garden Grove, CA 92843. California Fire Code does not require the posting of occupancy loads for non-assembly occupancies as stated below:

1004.3 Posting of occupant load. Every room or space that is an assembly occupancy shall have the occupant load of the room or space posted in a conspicuous place, near the main exit or exit access doorway from the room or space. Posted signs shall be of an approved legible permanent design and shall be maintained by the owner or authorized agent.

Since hotel guest rooms are not assemblies, the Fire Department has no records regarding occupancy loads for hotel guest rooms. Any further questions regarding occupancy loads will need to be more specific. The City of Garden Grove has utilized its best efforts to locate the records requested. However, the City makes no representation as to the accuracy of the records or that all records requested were retained or located.

Sincerely,
