

**TRANSIENT OCCUPANCY TAX (TOT)

Dean Runyan Associates is collecting information on transient occupancy tax collections for all cities and counties in California. This information is used in the County Travel Impacts Report prepared for the California Division of Tourism & the California Travel and Tourism Commission. If there is a better contact to use in the future (alternate email, fax #, etc.) please include it here: *Future requests can be submitted by accessing the City's website at www.ci.garden-grove.ca.us, On-Line Services, Public Records Request*
