Thy,

I'll do my best to answer your questions.

- 1) Dave Barlag will advise and report to the City Manager regarding a variety Public Safety matters. The most immediate need includes the presentation of several issues related to the desire to construct a new Fire Department Headquarters building on the former Black Angus site. Dave was previously involved in developing the building's final design, preparation of the construction drawings and construction cost estimates necessary to proceed with the building of the new headquarters facility. Dave will serve as the City's Project Manager on this project.
- 2) Dave's time serving as Project Manager will be funded through project development costs.
- 3) At this time, Dave is not expected to directly supervise employees. As part of his role as Project Manager for this project, Dave may have to coordinate with other City employees from the Planning, Building and Engineering departments.
- 4) Construction of the Fire Headquarters requires the City to contract with a private construction firm. Dave will serve as the Project Manager to coordinate efforts between the contractor and the City.
- 5) Mr. Barlag did retain an attorney and did threatened a lawsuit against the City. Litigation can be very expensive for the City and highly unpredictable. The Settlement Agreement was determined to be the most cost effective resolution of this matter.

I hope this information is helpful.

Matt

Subject: Questions - Barlag

Hi Matt,

I'm doing a story with a 7pm deadline and had a few questions. Please let me know if you plan to respond.

-What are Dave Barlag's job responsibilities? Mayor Broadwater said he would be building and managing 2 fire stations.

-Where in the budget is this money coming from?

-Will Mr. Barlag be managing any employees? Who reports to him and is he a full-time employee?

-How might the construction of a fire station normally be done - in house, contracted out?

-Why wasn't Mr. Barlag offered a buyout rather than being retained?

-Did Mr. Barlag threaten the city with a lawsuit?

-I was told the city weighed the option of litigation by Mr. Barlag vs. retaining him -- why would the cost of potential litigation be higher than the \$200,000 or more in salary and benefits he will be making otherwise?

Thanks for your time.

Best,

Thy Vo

Hey guys,

I met with Dave Barlag this week to go over some areas of responsibility as Public Safety Administrator . Since Dave was previously involved in the Ambulance RFP process, I asked Dave to continue leading that effort. Dave will contact Omar at Spradling and check on status.

Also, I want to move the Public Safety Master Plan forward. That includes the construction of a new Fire Department Headquarters on the former Black Angus site and then the remodel and expansion of the Police Administration Building. Again, since Dave was previously the lead on this project, I asked Dave to serve as Project Manager for the City on this project. I plan to list the Public Safety Master Plan on the upcoming Central Management retreat. I expect we will have a robust discussion.

Any questions or thoughts, give me a call.

Matt

Central Management Retreat

Hi Dave,

Happy Thanksgiving. Sorry to keep going back and forth on the Public Safety Master Plan item. Maria filled you in that Todd and Kevin didn't believe that it was urgent to proceed with the Police Administration Bldg expansion at this time , thereby making the need to move forward with the new Fire Headquarters somewhat less urgent. We then decided to minimize the discussion of the Master Plan at the Central Management Retreat.

It is still helpful to have the discussion regarding a new fire stations 6 and 7, along with upgrades to the other stations. So, after uninviting you to the retreat, I am now seeing if you still want to come down and we can discuss the feasibility of moving forward with at least station 6, and then maybe station 7.

Let Maria and Charles know also with an all reply. Sorry again for the back and forth.

Also, did I send you the notice that I am retiring effective December 31st. Its been quite a week.

Hope to see you Monday in San Diego if it still works for you.

Matt
