Subject: CONCERN Over Multifamily Development - Valley View and Chapman

Greetings Mayor, Council Members, and Manager:

On February 10th, Olsen, a residential developer, approached a small portion of my community in West Garden Grove to review their plans for developing the old restaurant and movie theater off Valley View into high density living units. I was unable to attend due to a conflict with my working schedule; moreover, I was not aware of the meeting until that night as the developer failed to invite the entire community. To my understanding, it was proposed that 60 units would be built in this small space.

My concerns are that this development will have a negative impact on all of the below areas:

- Traffic
- Parking
- Crime
- Evacuation in an emergency
- Neighborhood density
- Population density
- Impact on Schools
- Mobility issues
- Neighborhood character
- Public safety
- Housing violations
- Pet density
- Impact on existing infrastructure
- Transparency

Would you please inform me of the next public meeting (City Council, planning, etc) on this development? I would like the opportunity to hear how the City will prevent some of these issues. We love our neighborhood community of West Garden Grove and we would hate to lose the small community feel.

Thank you for reviewing my concerns.

Cordially,

David Wilfert
Homeowner

Dear Tony,

Thank you for writing and sharing the concerns below!

A number of west GG residents -- including myself who attended and spoke at the community meeting on February 10th -- are suggesting that a "Trader Joes" would be an excellent market-place addition to the site in the area between the theater and McDonald's. As a suggestion, I urge Mr. Stiles, Mayor Bao Nguyen and members of the GG City Council to please ask/direct City (economic development) staff to contact Trader Joes (and also other potential major retailers) to find out whether or not this might be a viable option for the property owner to consider as part of a lease or sale of the property.

Having lived here for over 40 years, as a matter of principle and for a number of good reasons, I believe high-density housing will not serve the best short- or long-term interests of the west Garden Grove community. As such, I am also opposed to the Olson Company project.

Sincerely,

Subject: 2/10/2016 Meeting Between the Olson Company and West Garden Grove Residents & Neighbors

Mr. Stiles and City Council Members,

Please be advised that a meeting was held on 2/10/2016 regarding the above captioned matter that I also called to your attention at the City Council meeting on 2/09/2016.

At this meeting between Ms. Sandi Gottlieb of the Olson Company and the residents of West Garden Grove and our neighbors, we attempted to gain information on a potential Olson Company project located on the west side of Valley View Street between Belgrave and Chapman. While I am not going to document every detail of this meeting in this e-mail, I will list the larger concerns that we put forth for the consideration of the Olson Company and for our elected and appointed officials of the Garden Grove City Council and the Planning Commission as noted below.

1. Consideration of any and all prior E.I.R.s in and around the area of this potential project.
2. The negative impact on our infrastructure such as the sewer and water systems.
3. Increased traffic on Valley View and connecting streets where school age children are present.
4. The negative impact on our already strained and under staffed police and fire departments.
5. The continuing loss of businesses along Valley View Street.
6. The genuine concern of a potential change in zoning to accommodate high density housing that is not wanted or supported by West Garden Grove residents. (The Olson company in their experience have placed as many as 55 units onto two acres of land)
7. Our City Hall not actively pursuing businesses that we here in West Garden Grove need and will support.

It was most obvious and very clear that those in attendance do not want or see a need for any additional housing of any type in West Garden Grove especially since we are currently going outside of our city for shopping, restaurants and entertainment.

I'm certain that my fellow residents and neighbors will have more to add and say regarding this potential project as I may have overlooked other concerns and points that were made during this meeting.

Respectfully submitted,

Tony Flores

Subject: Four Star Cinema - NO MORE REISIDENTIAL BUILDING IN WEST GARDEN GROVE

Hello,

I am homeowner in Eastgate in West Garden Grove and I am writing in protest to the addition of more condo's where the Four Star Cinema is located. My address is 5882 Belgrave Ave and I have had many problems associated with overcrowding of the area since the building of the Valley View Villas Senior Apartments (12200 Valley View) and the Montessori Greenhouse School (5856 Belgrave Ave) nad the Jehovahs Witnessess Church (5852 Belgrave Ave). I can't even imagine adding MORE housing in our immediate area and I can't believe that the city even allowed the building of the Montessori School, the Jehovahs Witnesses Church and the Senior Apartments to begin with. Now there's a proposal for MORE!! There is already not enough parking for all these commercial building in this supposedly low density residential are!!!! I pay A LOT of money to live here and we are already way too overcrowded. I am begging you to not allow any residential development of the area. I have already worked with the city a few times this past year about the overcrowding issue and can provide details if you would like. Here are the issues I have with the proposed condo building and I hope you will give it serious consideration:

1. Belgrave Avenue has people parking on the street and walking to the Montessori School and Senior Apartments leaving no where for the people who live here to park. I asked the city to make our street permit parking only but they said there is no one to enforce it.
2. There is ALWAYS trash and debris dumped at the curb as most of the parkers do not live here and view it as a "public" area and dump their garbage there.
3. One of the residents of the apartments across the street from our home is selling cars from his residence and the city does not put a stop to it even though I and my neighbors have complained several times. They park cars all over the street, change the oil and dump it down the storm drain and have customers from Craigslist come and conduct business right out in front of our house. I happens everyday.
4. The residents and guest from the Senior Apartments are paying the bowling alley monthly to park there as there is not enough parking at the residential facility for all of it's residents.
5. The Vons grocery store is the only one in the area and is already overburdened. The other grocery store on Lampson and Valley View was replaced with a .99 Store and even since then we have all been smashed into one Vons store on Valley View and Chapman. The one and only market cannot handle any more traffic.
6. We have a small, tight knit community feel here with generations of families residing here. We cannot absorb any more residential condo's here...PLEASE!!
7. In the past 10 to 15 years my street has turned into an overcrowded, low rent dump and I am really

disappointed in the city for allowing the overbuilding and overcrowding of the area. It's not fair!!!

I really hope you don't allow any more residential/commercial ventures here that will cause more overcrowding and traffic. There was not enough room for the Montessori School or the Senior Apartments or the Jehovahs Witnesses Church to begin with and now you are proposing making it even worse. My home is currently worth over half a million dollars and is my life savings. Please don't destroy it any more than you already have.

Thank you,
Linda Wilkinson

Subject: Information Re: Passing of Stacy Margolin

Dear Garden Grove Family:

It is with a heavy heart that we share with you the passing of Stacy Margolin. As many of you knew, Stacy had been very sick since October, and while she fought a valiant battle, she ultimately lost to the disease and left us peacefully on Sunday afternoon.

Stacy originally became a member of our Garden Grove family in 1991 as a part-time Records Clerk in the Police Department. In 1994, Stacy left for ten (10) years and joined the City of Tustin with their PD, but later returned to the City of Garden Grove in 2004 as part of our Economic Development team. In 2011, she joined Community Services and served as staff to the Garden Grove Community Foundation.

Beyond her rich and productive work with the cities of Garden Grove and Tustin, Stacy dedicated herself to the many non-profits and service clubs in which she served. It was in her DNA to volunteer, and better the community. This is a Margolin trait that she embodied daily, and inherited courtesy of her parents, Connie and Jerry. The lengthy list of groups that benefited from the endless charity in Stacy's heart include: The Boy Scouts of America, Special Olympics, California Crime Prevention Officers Association, Elks Lodge #1952, Strawberry Festival Association, Soroptomist International of Garden Grove, and the Boys and Girls Clubs of Garden Grove. And of course, the Margolin monarchy is synonymous with the Miss Garden Grove Scholarship Pageant. Stacy has been involved since 1984, and took the reigns as executive director ten (10) years ago. She took tremendous pride in each and every pageant and candidate, three of whom have gone on to capture the Miss California Pageant crown.

As anyone who has ever had a conversation with, or been blessed to call her friend knows, Stacy was smart, witty, and funny, with tireless energy. Her self-deprecating humor always had us laughing, and she truly thrived with an over-the-top, to-do list. Every special event or pageant Stacy coordinated had touches of that Margolin magic, with no detail ever left unattended. Stacy gave her heart and soul to this organization, as well as to the Garden Grove community. There is a permanent void with her passing, but the legacy of her passion to see this city realize its full potential will forever remain. (Special thanks to Jennifer

Goddard-Nye for preparing this bio)

Stacy will be laid to rest this Thursday, February 18, 2016 at:

Councilmembers:

I hope this finds you all well.

I am writing a story ahead of the Waterpark Hotel Resort's grand opening this week about the resort's prospects for success (and subsequently, payoff to Garden Grove taxpayers).

I'm reaching out because I am looking for your input into what you see as challenges to the hotel becoming a success and whether you see value in using public dollars toward hotel projects.

Are you concerned about the project's proximity to the coast/beach and its ability to compete with the Anaheim Resort? Given the cost to stay at the hotel, what kind of clientele do you think will choose to stay at the resort? Do you see it a competitor or complement to Disneyland?

The general criticism of hotel subsidies -- the city spent \$20.8 million to acquire the properties and paid an additional \$47 million to the developer -- is that they are funds that could go elsewhere: parks, public improvements, etc.

Do you think the public will receive a return on its investment in this project? What would you say to those who criticize the city for not spending more on neighborhoods, parks and other public facilities?

Please give me a call or email me before Thursday at 10 a.m. if you are interested in commenting for my story. I look forward to hearing from you.

Best,

Subject: West Garden Grove Residential Unit Proposal And Residential Concerns

Dear Mayor Nguyen and City Council Members,

As you can imagine, West Garden Grove is very protective of the businesses and activities that occur in our area. When the Olson Company came out with a proposal to build residential properties on Valley View Street next to the Bowling Alley and McDonalds, there was quite a negative reaction to their proposal to build approximately 50-60 units at that location. On our West Garden Grove Neighborhood Watch page, in which I am an Administrator of the over 3,500 member group, there is quite a bit of chatter that is rejecting such a proposal for the west side of our great city.

The citizens of West Garden Grove feel that there is enough residential housing in the area, What we need is to add a grocery store, a few restaurants and to get more businesses to set up shop and not abandon the local industrial parks in our area. That is what the focus on any proposal should be, not one that will increase traffic and congestion in our tightly packed area. People here really need another grocery store - the fact that Vons owned the property at Lampson and Valley View and would only allow a 99 Cents Only store to replace their existing location is a slap in the face for those of us who live in the area. Most of us feel hostage by the Vons at Chapman and Valley View now that the Fresh and Easy has closed down. And the restaurant next to the 4-Star Cinema that is just sitting there closed up due to the greediness of the property owner does nothing to help us look for more restaurant options in the area.

I understand that you like to focus on the eastern part of the city with hotels, water parks and tourist attractions that can help generate revenues for the city. And just to let you all know, our Police Department is grossly understaffed and we need the expand the budget for more police officers to keep crime under control. As a member of the Police Chief's Advisory Board, I am not happy with the increase in crime from 2014 to 2015 and the fact that our great city can't put the badly needed resources into protecting our citizens and dealing with the criminal element that the state is releasing from prison only to see them coming to Garden Grove in search of opportunities to engage in criminal acts, from burglary to assault and even gang violence.

The citizens of West Garden Grove pay a good share of the city's property taxes and we want to be heard by the city council. We need some attention in order to work through the issues facing our section of the city, such as adding another grocery store, more sit down restaurants and making our

industrial parks attractive to small businesses and reversing the abandonment rate so that we generate the maximum revenues and taxes for those businesses instead of letting them sit idle while the owners of those properties let the properties sit abandoned in deteriorating conditions waiting for the right proposal to come along to make a windfall at the expense of those who live around those properties.

These are the concerns of the citizens of West Garden Grove. I think it would be helpful to get the city council and mayor out to the west side to participate in a town hall meeting so that together we can make this part of our city attractive and create a win-win situation for the city as well as its residents. That meeting can be organized as a Neighborhood Watch Meeting or as a separate meeting to share ideas and suggestions between ourselves. If you require the assistance from the West Garden Grove Neighborhood Watch to coordinate such a meeting, please let me know. I will work with the other administrators to get a location big enough for our turnout and we can discuss what we can do to make this area a great place to live, to shop and to attract both small and large businesses to our neck of the woods.

Thank you for taking the time to read and consider my suggestion.

Sincerely,

Alan Derow

Hi Kathy,

I wanted to ask that Tuesday's meeting be adjourned in honor of the GG hiker, Daniel Nguyen, that died last week trying to save his friend. The story's been on several mediums. If that's possible, Veronica will be drafting and forwarding some bullets for the Mayor to use tomorrow night.

Thanks Kathy.

Hi gang,

This is a pretty tragic incident, but it does give us a chance to recognize a local member of the community for his heroism. Let's post something about the incident using the stories below. Something that expresses the City's condolences to the family and recognizes the selfless heroism from a member of our community.

Veronica is going to draft a letter from the Council to send to the family. Because this must be such a blow to the family, I'm hesitant to want to do a Spotlight, at least right now. I'll ask Kathy if the Council meeting can be adjourned tomorrow in his honor, and V will provide some bullets for the Mayor.

V, another OC Register reporter did a story on it last week. If you can email this reporter, and ask if he/she could send you a phone number? The family is Vietnamese, so it may be better if Kristy calls the family and obtains their address. In a few weeks, maybe she can contact them again and tell them about the Spotlight, depending on how the family feels and that info can be forwarded to Noelle.

Thank you!

GREAT WOLF LODGE SOUTHERN CALIFORNIA TALKING POINTS

Most reporters have questioned the financial investment that has gone into the Great Wolf Lodge Southern California project. Here is the financial breakdown and other supporting information.

- **The total investment into the project is:**
 - \$42 million bond, payable 30 days after the hotel opens**
 - \$5 million for construction of parking structure**
 - \$22 million maximum for land**
 - APPROXIMATE TOTAL IS \$69 MILLION**
- **The project is expected to generate \$8.5 million a year in general fund money for the City. That means in about 8 ½ years, the project will pay for the \$69 million investment.**
- **City did not pay for this project. The \$42 million bond money and \$5 million for the parking structure comes from the redevelopment agency trust fund. Another \$5.9 million comes from an EDA grant. The general fund is not impacted.**
- **Had the City not advocated for this project at the time of redevelopment dissolution, the state would have taken the agency trust money to use for other state purposes.**
- **This project was only 1 of 2 or 3 projects in Orange County that the state approved as meeting all of their criteria to receive redevelopment funding.**

IF THIS PROJECT DID NOT EXIST:

- **City would have lost the bond money to the state, and would not be reaping the \$8.5 million every year, that alone will represent about a quarter of the City's entire tax revenues.**
- **750 jobs that the hotel creates would be lost (nearly 10,000 people applied for these jobs).**

IF THIS PROJECT DID NOT EXIST (continued):

- **City would lose a critical funding source for increased Police and Fire personnel and equipment, as well as maintaining streets, parks, infrastructure, etc. and other services for the community.**
- **The businesses the hotel replaced were the Fire Station Motel and the Humdinger Bar. Two of the most ill-reputed businesses that existed in the City that attracted high criminal activity. *(Also the Town & Country RV park which had some controversy when tenants were relocated).***
- **Garden Grove would not be in the position it is in to continue attracting tourism and tourist dollars that represent a main source of the City's general fund dollars.**

OTHER FACTS ABOUT THE PROJECT:

- **Great Wolf Lodge has a history of successful projects. They promote the importance of spending time with family and are very environmentally conscious. They chose Garden Grove as the place to build their largest hotel. That is very prestigious for our city.**
- **The hotel is already booked at 90% capacity.**
- **This project is a win-win for the community and the City for many future years.**

Good Morning Garden Grove city council members,

Please take positive action to educate your constituents who are irresponsible pet owners. They are causing taxpayers money, your city

Money and unnecessary suffering to animals. I am sure you know Garden Grove has the 3rd largest amount of animals impounded at the 75 year Orange county animal shelter.

Notice this dog from Garden Grove is unneutered and eight years old. If she is not rescued, she will be killed. This is just one example.

Has your FOAB (Financial Operations Advisory Board) representative been keeping you advised of the status of a purported new shelter? If not, this Board may be a waste of taxpayers and city money.

Hi Kathy,

I wanted to ask that Tuesday's meeting be adjourned in honor of the GG hiker, Daniel Nguyen, that died last week trying to save his friend. The story's been on several mediums. If that's possible, Veronica will be drafting and forwarding some bullets for the Mayor to use tomorrow night.

Hi gang,

This is a pretty tragic incident, but it does give us a chance to recognize a local member of the community for his heroism. Let's post something about the incident using the stories below. Something that expresses the City's condolences to the family and recognizes the selfless heroism from a member of our community.

Veronica is going to draft a letter from the Council to send to the family. Because this must be such a blow to the family, I'm hesitant to want to do a Spotlight, at least right now. I'll ask Kathy if the Council meeting can be adjourned tomorrow in his honor, and V will provide some bullets for the Mayor.

V, another OC Register reporter did a story on it last week. If you can email this reporter, and ask if he/she could send you a phone number? The family is Vietnamese, so it may be better if Kristy calls the family and obtains their address. In a few weeks, maybe she can contact them again and tell them about the Spotlight, depending on how the family feels and that info can be forwarded to Noelle.

Thank you!

Hi,

My name is Andy Ngo. I am a residence of City of Garden Grove. As for the next City Council Meeting on February 23, 2016; I would like to make a comment on the Meeting Agenda item 10b Excerpt from the Agenda:

"10.b. Discussion regarding letter of support for the City of Westminster and the City of Garden Grove's Project V application to OCTA for a new shuttle route in the Little Saigon area, as requested by the City Manager."

My comment is as follow:

I am in support of this Project V. However, Garden Grove Boulevard. was not including in the new shuttle route. City of Garden Grove is benefits financial from 2 business communities, Vietnamese community and Korean community. Garden Grove Blvd is a main business corridor of the Korean community. I think if you include Garden Grove Boulevard into the new shuttle bus route this will be an international recognition for tourist destination, including ease of traffic congestion for residences, and an environment friendly project

Please include Garden Grove Boulevard route from Westminster Avenue to Brookhurst Street in to your "City of Garden Grove Project V" application to OCTA

Thank You for your consideration.

Sincerely,

Andy Ngo

Hi! Pam,

Hope you are well. Thank you for arranging the meeting with dynamic Mayor Nguyen.

I am following up to see if Maria Stipe has any questions about CEDAW. I emailed her last week and haven't heard back from her. If you remember, Mayor Nguyen had asked her to reach out to Mayor Pro tem Steve Jones. Our Task Force is curious to learn about the outcome of their conversation. We would like to answer any questions that Maria or Councilman Steve have.

Cities for CEDAW, (The Convention on the Elimination of All Forms of Discrimination Against Women), is a campaign to implement a CEDAW ordinance in 100 or more cities at the municipal level by 2016.

Welcome to the Cities for CEDAW Campaign. You can sign up to participate and help make your city a CEDAW City [HERE](#) .

We are on back from the United Nations NGO Forum for the 59th Session of the UN Commission on Women March 8 – 20, 2-15 . Please visit our “Beijing+20 and Beyond” .

Look at our [WEBLOG](#) for daily updates and breaking news on the UN and CEDAW.

It's about time.

- *To improve the lives of women and girls in the U.S.*
- *Gain support from 100 Mayors for CEDAW by December 2015.*
- *Secure 100 municipal CEDAW ordinances adopted by December 2016.*

Women can't wait any longer.

In 1980, President Carter signed CEDAW the international women's rights treaty, however it was not made law by the congress.

So, in 1998, San Francisco – with a strong and effective women's community – passed a CEDAW ordinance into city and county governance establishing the Department on the Status of Women.

A few of years later, Los Angeles did the same. In both cities, CEDAW has made a measurable difference in public safety, budgetary allocations and employment.

We need CEDAW in our cities now because it will help end violence against women, close the wage gap, and release women's full potential at all levels!

Implementing CEDAW in your city is the beginning. So let's do it!

Take Action in Your City

*The NGO Committee on the Status of Women in New York have developed an effective outreach campaign, **Cities for CEDAW**, to help you to take action in your city, activate the women's community, gain agreement with local leaders to endorse CEDAW now, and work together to end discrimination against women.*

This campaign is led by the Women's Intercultural Network in partnership with the San Francisco Department on the Status of Women.

Councilmembers and mayor,

I hope you're all well.

I just wanted to reach out for a comment on the DA's report today that concluded council members violated the Brown Act with the approval of the settlement agreement of David Barlag. The report said the city manipulated the law in order to delay the public release of information regarding that deal.

I'm also wondering if you feel there was adequate information from the city attorney or city manager at the time for you to make the right decision. According to the report, they did not discuss with you the merits to Mr. Barlag's legal threat.

What would you say to members of the public who lack trust or confidence in their city leaders as a result?

Subject: PRESS RELEASE: ACC-OC CEO Transition

ASSOCIATION OF CALIFORNIA CITIES
ORANGE COUNTY

February 26, 2016 (Orange, Calif.) - The Association of California Cities - Orange County (ACC-OC) Board of Directors announced earlier this month the hiring of Heather Stratman as their next Chief Executive Officer. She was selected unanimously by the Board to become just the second CEO in the organization's history.

She succeeds the ACC-OC's founding CEO Lacy Schoen, who announced her retirement from the organization late last year.

"Since Lacy's announcement, the Board and I have spent several months developing a succession plan to ensure the future of this organization remains steadfast," said Al Murray, President of the ACC-OC Board and Tustin Councilman. "We knew exactly the type of leader the organization needed to continue to grow and thrive. Heather is the perfect individual and we are tremendously excited for her leadership."

Heather comes to the ACC-OC after nearly 20 years of local government and legislative advocacy, private-sector management and policy development. Most recently, Heather was CEO of Principle Strategic Advisors, a local government advocacy firm. She's held executive and management roles for the Orange County Water District, League of California Cities and one of California's leading advocacy firms where she represented over 50 municipalities throughout California.

"I am very enthusiastic about this opportunity," said Stratman. "I know that my experience in representing the interests of both Cities and local government organizations as well as my years of working closely with elected officials in a bi-partisan manner, will serve the organization well."

As a committed servant leader, Heather seeks to focus on the core issues confronting Orange County.

"Pension reform, homelessness, sober living facilities, economic development, housing, workforce development, water and the mentoring of the next generation of public employees are just a few issues that I believe will continue to elevate the County in prominence," continued Stratman.

During her near 20-year career, Stratman has earned the respect and trust of city leaders across the State. The ACC-OC Board is eager to tap into this reservoir of goodwill to expand the organization's impact.

"Heather has tremendous trust and credibility with both sides of the aisle in Sacramento, city management and city electeds. That's rare and it's what has led to her success," said Fullerton Mayor Jennifer Fitzgerald, the ACC-OC's Vice President. "Throughout her career, she's secured hundreds of millions of dollars for cities, passed critical pension reform legislation, and managed a multi-million dollar private-sector business. She's the whole package."

Heather holds her Bachelor's degree from the University of Nevada, Reno and her Master's in Public Administration from California State University, Long Beach.
