President & CEO

Dear Mayor Nguyen:

I would like to invite you to be part of a panel during the APAICS Regional Leadership Academy in Torrance, California on **Friday, January 22, 2016 from 9:15am to 10:15am**. The panel will take place at Sunrider International (1625 Abalone Avenue, Torrance, CA 90501). The panel is titled, "Are You Ready to Run?" We would like to have you share advice on what individuals need to consider when deciding to run for elected office based on your personal experiences to Asian Americans and Pacific Islanders in the Southern California region.

The Regional Leadership Academy is a two-day leadership and training program to further develop leadership skills, promote public service, and support effective, impactful leaders in Asian American Pacific Islander (AAPI) communities across the country. The program builds the pipeline for AAPI elected officials and provides the network and support for them to be successful.

The Asian Pacific American Institute for Congressional Studies (APAICS) is a national non-partisan, nonprofit 501(c)(3) organization dedicated to promoting Asian Pacific American participation and representation at all levels of the political process, from community service to elected office. APAICS promotes a politically active and civically engaged Asian Pacific American community, and as the foundational branch to the Congressional Asian Pacific American Caucus (CAPAC) serves as a resource to Congress.

We appreciate your support and political leadership in the Asian American and Pacific Islander community to build the political pipeline for AAPIs in our nation. Thank you for your consideration of this event. Please contact Amy Watanabe, Program Director, at amy@apaics.org or 202-296-9200 to discuss the program and if you have any questions.

Sincerely,

S. Floyd Mori
President and CEO

At 6:46 PM tonight minutes away from home near the air pump station of SC Fuels (Newport and Bonita) a disgusting idiot from either Tustin Police or OC Sheriffs engaged in a harassment stunt. The stunt was in response to comments that I made on Twitter (18USC241) to @peacefulstreets about the OC police criminal habit of puncturing tires and loosening the lug nuts of their victims tires. Something that back in the 1990's I was the victim of - something that I consider an act of attempted murder. This is also known as the Stan Knee / Brad Gates years.

The Tustin police department and Sheriffs department continue to act like #TrumpTrash racist assholes minutes from a Latino man leaving or arriving home (near the corners of Newport / with Camino Real or Nissan).

And Stan Knee, Brad Gates and Randall Gaston are three of the oath violating racist idiots who started this approximately 20 years ago.

There used to be a time when your filthy criminally racist law enforcement community would take a "break" during Christmas week. I always considered it a disgusting hypocrite act personally. Hello,

The Godinez Fundamental High School National Honor Society Club holds a special event every year of which connects to our previous summer reading assignment. In honor of reading Malala Yousfzai's biography *I am Malala*, we have decided to create a forum with keynote speakers.

After much research and recommendations we are hoping you would do us the honor and help us complete this event by being **one of our speakers**.

By accepting the offer we ask that prepare a speech or story without exceeding 20 minutes. The topic should be based on **education**. It could range from personal story of your education wins or hardships, observations of the educational system and or hopes of what the education should look like. You are not limited on the interpretation, get creative.

The event will be held in the Godinez theater on **Tuesday, January 19th**.

We are well aware that you are a busy person and if you are not able to join us that is okay, the beginning of the year is still a crazy time! Please **confirm** your attendance by the **January 8th**. Regardless we thank you for all your hard work!

As the date comes closer we will be sending you more details of the event, for now enjoy your holidays!

Best,
GHFS National Honor Society

Hello,

The Godinez Fundamental High School National Honor Society Club holds a special event every year of which connects to our previous summer reading assignment. In honor of reading Malala Yousfzai's biography *I am Malala*, we have decided to create a forum with keynote speakers.

After much research and recommendations we are hoping you would do us the honor and help us complete this event by being **one of our speakers**.

By accepting the offer we ask that prepare a speech or story without exceeding 20 minutes. The topic should be based on **education**. It could range from personal story of your education wins or hardships, observations of the educational system and or hopes of what the education should look like. You are not limited on the interpretation, get creative.

The event will be held in the Godinez theater on **Tuesday, January 19th**.

We are well aware that you are a busy person and if you are not able to join us that is okay, the beginning of the year is still a crazy time! Please **confirm** your attendance by the **January 8th**. Regardless we thank you for all your hard work!

As the date comes closer we will be sending you more details of the event, for now enjoy your holidays!

Dear Mayor and Councilmen,

My name is Darlene Wiertzema and I am a member of Boy Scout Troop 270 here in Garden Grove. We have a young man who earned his Eagle Scout Rank on December 6, 2014. Yes, over a year ago. He is now in college and hasn't had an Eagle Court of Honor. Since we found out he is on winter break, the troop feels that each scout who earns the rank of Eagle should receive recognition. Therefore, we are pulling together an Eagle Court of Honor for him.

I know it is late notice and with your busy schedules I can understand that you may not be able to attend. But we are going to give it a good old scouting try.

This question is for every city in Orange County, CA but most especially the cities of Garden Grove - Anaheim - Tustin - Orange - Huntington Beach.

How much city County, State, and US taxpayer money do you flush down the toilet on a daily basis to

1. Monitor my every movement around Orange County, CA
2. Vector that location information down to your police patrol vehicles so that from the perspective of the target of your hate crime - he can count on less than 5 fingers the number of police vehicles he sees on a daily basis (and almost never anywhere near him).
3. And when he does see a patrol vehicle it's for the intention to harass intimidate and provoke.

For how long was your local law enforcement community and the FBI thinking they could get away with this civil rights violating criminal act? Especially considering the length of time engaged in this criminal behavior against a US born American. This is how you were going to make a mockery of the efforts and sacrifice of Martin Luther King and the civil rights movement ?

And this is but one of the many reasons why your law enforcement community LOVE the surveillance state. It makes the job of behaving like J. Edgar Hoover and Joe McCarthy incredibly easy. It makes the job of cheating at the profession of law enforcement much easier.

This question is directed specifically at the city of Garden Grove, CA police Chiefs Kevin Raney, Joe Polisar and Stan Knee, Orange County Sheriffs Sandra Hutchens, Mike Carona and Brad Gates and the Garden Grove fire chiefs during same era.

Who the hell gave you permission to move confidential informants into the condominium units bordering mine at 12600 Euclid Street, Garden Grove, CA. - specifically the Asian animals in unit 3 and the Latino garbage in unit 4 for not only surveillance purposes but when you realized that you were coming up empty then using these same civilian animals FOR THE HARASSMENT OF YOUR TARGET WITHIN HIS OWN HOME?

To the city of Garden Grove - when a US born Latino American man is a victim of your racist savages Stan Knee, Joe Polisar and Kevin Raney and their filthy police officers, the Latino American man doesn't even have his own home to retreat to for safety and peace of mind. This one disgusting anti_American criminal act is what has caused me the most harm. And I will not stop until these assholes are brought to justice in a US court of law. It's a criminal act that in my opinion isn't adequately described in the US criminal code. A new level of racist hate crime created by US law enforcement itself.

And this is just another example of why your law enforcement sociopaths LOVE the surveillance state. It makes cheating at the profession of law enforcement that much easier.

Subject: ACC-OC Public Policy Making Academy

Good Afternoon Mr. Stiles,

My name is Brandon Wong, and I work with the Association of California Cities – Orange County (ACC-OC). The ACC-OC, in conjunction with UC Irvine, has opened up enrollment for its formal academic program for municipal officials called the Public Policy Making Academy (PPMA), which is set to take place during the early months of 2016 on the UC Irvine Extension Campus. This course will help develop knowledgeable and collaborative policymakers and city staff.

An excellent way to help develop and sharpen public policy expertise in these areas is to encourage participation in ACC-OC's next offering of PPMA. PPMA I will take place on consecutive Fridays from 8 AM – 5 PM, beginning on February 19th, 2016 and concluding on March 11th, 2016.

PPMA I will cover such topics as:

- The laws and best practices involved in the public governance of cities and states
- The processes and regulations governing city finance and the financial aspects of working with labor unions
- How municipal services are delivered through land use plans and community services
- How local governments provide public safety services and interface with regional agencies to provide essential services to their communities

ACC-OC is also pleased to announce that it will be hosting its first-ever offering of PPMA II in April and May of this year. Like PPMA I, PPMA II will also be held from 8 AM – 5 PM on consecutive Fridays, beginning on April 8th and concluding on May 11th. Building upon knowledge gained in PPMA I, students in PPMA II will cover such areas as:

- State and local taxes, bonds and other types of governmental financing
- The Economics of land use and housing and the mechanisms of home building and financing from governmental agencies and private developers
- How local governments interface with public utilities to provide essential services to their constituents
- The inner workings of how transportation, including public transportation and mass transit, is operated and funded
- The use of economic development, locally, regionally as well as internationally (international trade) for local communities and the importance of global markets on local economies

After speaking with UCI, they have agreed to offer a significant discount of over \$100 to new students who enroll in both PPMA I and II.

Students who have taken PPMA I have leveraged their newfound knowledge to contribute to their cities. For instance, Barbara Delgleize, who participated in the course's very first offering, is now a Councilmember for the City of Huntington Beach, one of Orange County's largest cities! We are confident that future students will similarly go on to use their expertise to improve their cities. Below, I have included a link to UCI Extension's website, where you can direct interested city staff members to easily enroll in PPMA at your leisure.

http://unex.uci.edu/areas/legal/public_policy/

If you have any questions about PPMA I, please don't hesitate to reach out to us and ask!

Yours in Service,

Brandon

Duration: June 13, 2016 – August 12, 2016 (9 weeks)

Time Commitment: Must be able to commit **full time for 40 hours per week**. Additional hours to work on a group project will also be required. The number of additional hours necessary will depend on collaborative group efforts.

Stipend*: A stipend will be provided upon satisfactory completion of the program and will serve as reimbursement for expenses accrued throughout the program's duration.

Los Angeles, CA Interns: \$1,200 stipend

Washington, DC Interns: \$3,000 stipend

**Additional awards will be given to outstanding interns pending sponsor participation*

Housing: Accepted interns are required to find their own housing in Southern California OR Washington, DC for the duration of their internship. Interns are highly encouraged to seek housing opportunities together.

The CAUSE Leadership Academy consists of FOUR major program components:

- I. **Legislative Internship Experience:** Participants are placed in legislative or public offices to work with legislators and/or high-ranking public officials at the state or federal level. Interns will gain firsthand political experience and learn more about the United States democratic process in action. Students will work closely with political staffers to build strong community relations and conduct legislative research as well as several other responsibilities in order to help shape current day policies.

- II. **Civic Leadership Workshops:** Each week, interns will participate in civic leadership workshops to learn more about the APA community through developing a greater understanding of the community's historical experience as well as relevant political issues. The civic leadership workshops will also help interns enhance key professional and leadership skills. Guest speakers include some of the most respected elected officials in the country as well as highly distinguished political consultants, lobbyists, and community leaders. Participants will also be invited to exclusive community events throughout the program's duration.

- III. **Group Project:** Each Leadership Academy cohort will complete a group project of relevance to the APA community. Special assistance will be provided in order to help guide interns to achieve their project goals. Project results will be presented to the CAUSE Board of Directors, community members, media, and the general public.
 - The Los Angeles, CA cohort will collaborate on a **service-oriented project** targeting increasing civic engagement for APAs through voter education and outreach. Interns learn the importance of community organizing as well as the work that goes into it.

 - The Washington, DC cohort will collaborate on a **public policy paper** on a current policy issue of importance to the APA community at a national level. In the public policy paper, interns will make a well-researched public policy recommendation and argue in favor of that policy.

- IV. **2016 Annual Capitol Legislative Conference:** Students will participate in an annual conference at the California State Capitol in Sacramento (Los Angeles, CA Program) or the U.S. Capitol (Washington, DC Program). The conferences include interactive mock committee hearings, top-notch speaker panels, and opportunities to meet privately with top legislators, staffers, and lobbyists within CAUSE's network.

This nine week leadership development program will enhance:

Hi Mayor Nguyen, How are you? Wishing you and your family a very healthy and happy New Year. I wanted to ask you a question. My father passed away December 5th and was buried 3 days later because in our religion, a person must be buried quickly. Is it possible to honor my dad when the library reopens or possibly before..People would have like to go to the funeral and pay respect but that was impossible due to time constraints. I thought it would be a great idea to do something outside the library where people could come and have cake and snacks...i would love to collect books beforehand and have children/adults pick out books that they might want..I just thought it would be a very special honor for my father and family and the community.. Outside the library would be a perfect venue. Thank you for listening...Happy New Year...Rosie Rubin

Jennifer and John:

This is the e-mail from Bao. Please check with Public Works regarding the timing of the re-opening of the Library. Can you please coordinate with Rosie and the Head Librarian regarding the event? Keep it small please, perhaps just a cake, nothing like last time. If the Library wants to coordinate the Book Sale, great, but let's have Rosie coordinate that with them. Let's just be involved in a small ribbon cutting.

Hi Mayor Nguyen, How are you? Wishing you and your family a very healthy and happy New Year. I wanted to ask you a question. My father passed away December 5th and was buried 3 days later because in our religion, a person must be buried quickly. Is it possible to honor my dad when the library reopens or possibly before..People would have like to go to the funeral and pay respect but that was impossible due to time constraints. I thought it would be a great idea to do something outside the library where people could come and have cake and snacks...i would love to collect books beforehand and have children/adults pick out books that they might want..I just thought it would be a very special honor for my father and family and the community.. Outside the library would be a perfect venue. Thank you for listening...Happy New Year...Rosie Rubin

This is to inform the city of Tustin, CA that your police Chief, police officers, Sheriff Sandra Hutchens and her deputies continue to coordinate criminal harassment events against German Santos as he goes about his business in the city of Tustin, CA. The latest garbage act occurred yesterday 01/10/16 within minutes of leaving home and minutes before arriving home at the same location - in front of the 7/11 near Newport and Walnut at 12:09 PM and 5:33 PM. The second evening drive-by may have been from OCSA. This was followed by almost zero visibility of patrol vehicles from both agencies for the 5 hour period between both events.

The prior night - Saturday - it was Jeff Bowman and his Orange County Fire Authorities turn to put on a Klansman racist shit show before arriving home around the corner of Red Hill and Nisson Road at approximately 9:34 PM. This was preceded by the same MIA behavior by the Tustin police department and Orange County Sheriffs department as my wife and I walked from same corner to Tustin Market Place and back. Multiple hours outside - zero cop cars anywhere near us. The Irvine Company and their fake security company Universal Protection Services continue to hide behind bushes while I'm on that property.

I encourage you to keep obstructing justice and covering up a racist hate crime approximately 20 years in the making - a hate crime which featured attempts on this Latino American man's life.

Dear Bao Nguyen,

I hope this finds you well. My name is Natalie Doan-Dunnum and I am currently serving as a member of the Programming Committee for the UNAVSA-13 (Union of North American Vietnamese Student Associations) Leadership Conference. After being held in twelve different cities in the past twelve years, this year's conference will be held in Boston, Massachusetts from Thursday, July 21 to Sunday, July 24, 2016. Over the past twelve years, UNAVSA has brought Vietnamese youth together within the United States and Canada with one shared goal: to progress the North American Vietnamese community by empowering the next generation of Vietnamese leaders.

We would like to formally invite you to be one of our keynote speakers at this year's conference. In the past, we have had the pleasure of having exceptional keynote speakers such as Elizabeth Dinh, a reporter from CBS 11 News in Dallas-Fort Worth, and Cuc Vu, the Director of the Office of Immigrant and Refugee Affairs in Seattle. Our attendees have thoroughly enjoyed the keynotes we have featured in the past, while simultaneously gaining inspiration and motivation from their personal stories. UNAVSA and I believe you have valuable insight and knowledge to share with our attendees from both a professional and personal standpoint.

UNAVSA is a non-profit organization comprised of over 200 Vietnamese Student Associations across North America. Our mission is to empower the next generation of Vietnamese leaders with a passion for service, propensity for leadership, and self-awareness with the intent of advocating for progress in the North American Vietnamese community. UNAVSA proudly hosts a continental leadership conference every year that aims to inspire and motivate students and young professionals to be leaders within their respective North American Vietnamese communities. Our conference focuses on personal growth, cultural awareness, leadership development, and a family-like atmosphere for the attendees. We hope that empowering our attendees as individuals will lead to positive changes in Vietnamese communities across the United States and Canada.

With all of these goals in mind, we would be honored to have you as a keynote speaker for our thirteenth annual leadership conference this upcoming July.

Please feel free to contact me with any questions, comments, or concerns through natalie.doandunnum@unavsa.org or 919-641-5911. Thank you for your time, and I look forward to hearing from you soon!

Kind Regards,

Memorandum

DATE: January 11, 2016
TO: Member Agencies – MWDOC Divisions Two & Three
FROM: Larry Dick, Director – Division Two
Wayne S. Osborne, Director – Division Three
SUBJECT: Monthly Water Usage Data, Tier 2 Projection & Water Supply Information

The attached figures show the recent trend of water consumption in Orange County (OC), an estimate of Tier 2 volume for MWDOC, and selected water supply information.

- Fig. 1 OC Water Usage, Monthly by Supply OCWD Groundwater water was the main supply in November.
- Fig. 2 OC Water Usage, Monthly, Comparison to Previous Years Water usage in November 2015 was below average compared to past three years. Lower usage is primarily due to strong conservation efforts and mandatory restrictions set by the governor.
- Fig. 3 Historical OC Water Consumption OC water consumption was 571,000 AF in FY 2014-15. This is about 50,000 AF less than FY 2013-14 but is about 16,000 AF higher than FY 2010-11 (Fiscal year with lowest usage). Water usage per person was the lowest it has been for Orange County at 164 gallons per day. Although OC population has increased 20% over the past two decades, water usage has not increased, on average. A long-term decrease in per-capita water usage is attributed mostly to Water Use Efficiency (water conservation) efforts. High Temperature, precipitation and the economy all remain indicators to O.C. water consumption.
- Fig. 4 MWDOC "Firm" Water Purchases, 2015 "Firm" water above the Tier 1 limit will be charged at the higher Tier 2 rate. Our current projection of Tier 2 purchases is zero in 2015.

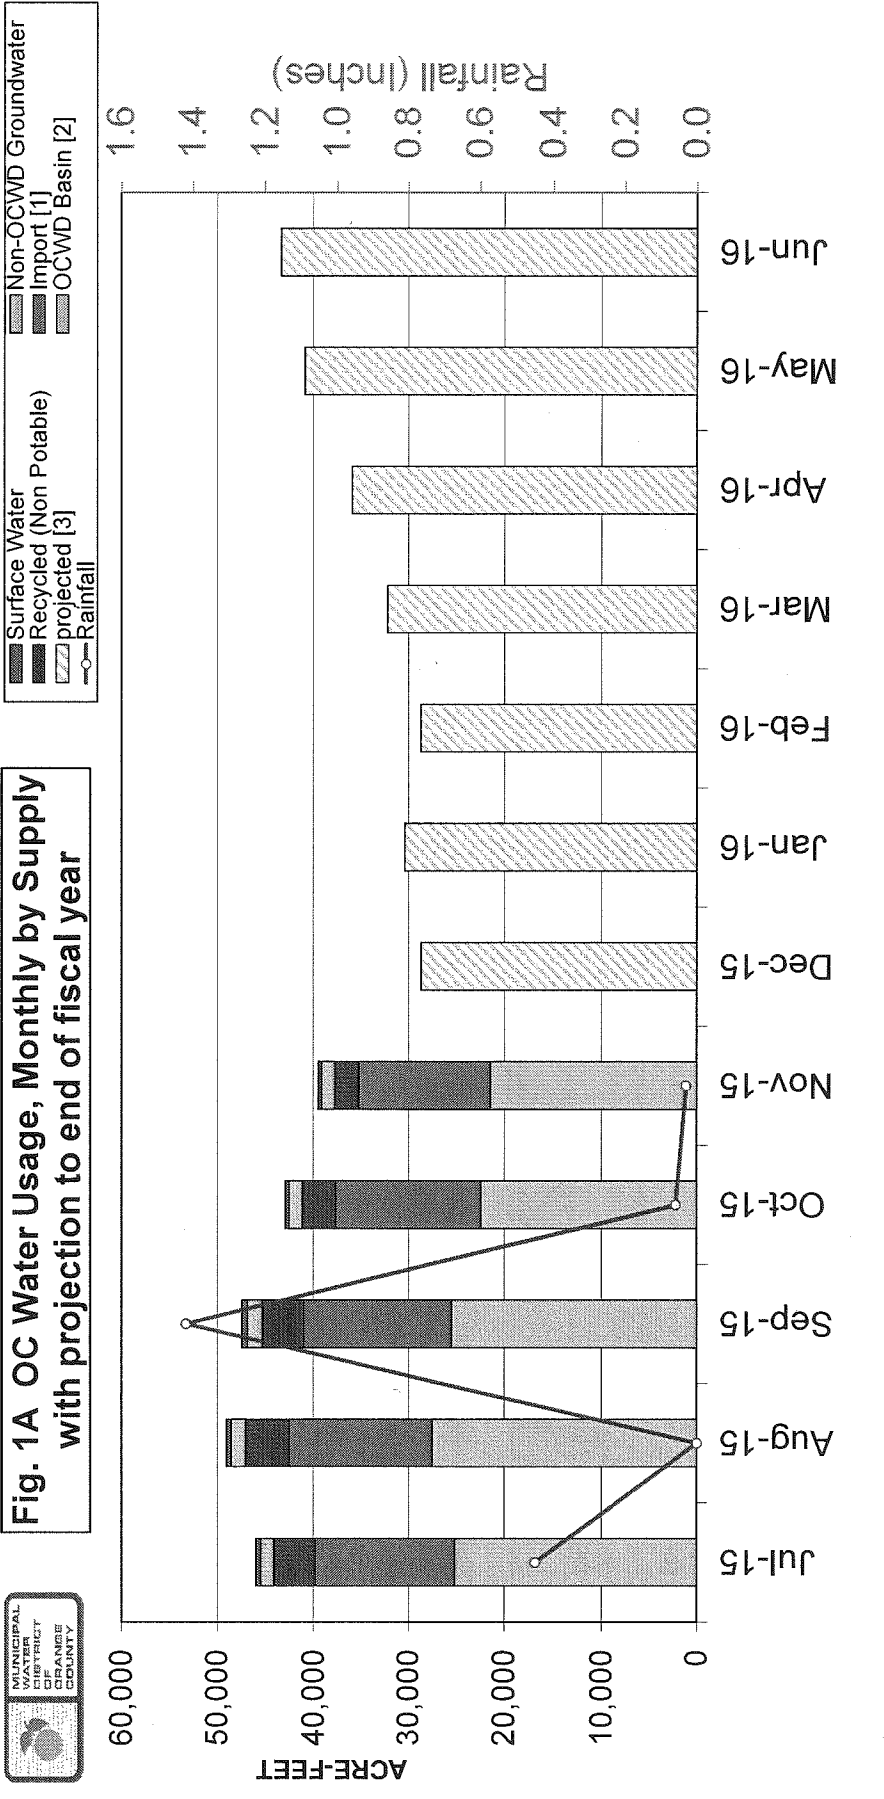

Water Supply Information Includes data on: Rainfall in OC; the OCWD Basin overdraft; Northern California and Colorado River Basin hydrologic data; the State Water Project (SWP) Allocation, and regional storage volumes. The data has implications for the

magnitude of supplies from the three watersheds that are the principal sources of water for OC. Note that a hydrologic year is Oct. 1st through Sept. 30th.

- Orange County's accumulated rainfall through December was below average for this period. This continues the impact of the previous three hydrologic years' below-normal rainfall in reducing those local supplies that are derived from local runoff. El Nino conditions are present and 2015-16 winter is developing into a very strong El Nino event.
- Northern California accumulated precipitation in December was around 94% of normal for this period. The Northern California snowpack is 105% of normal. This follows three below-average hydrologic years. The State of California has been in a declared Drought Emergency since January 2014. The State Water Project Contractors Table A Allocation is only 10% as of the end of December.
- Colorado River Basin accumulated precipitation in November was 104% average for this period. The Upper Colorado Basin snowpack was 107% of average as of April 15th. However, this follows two below-average hydrologic years, and this watershed is in a long-term drought. Lake Mead and Lake Powell combined have about 60% of their average storage volume for this time of year. If Lake Mead's level falls below a "trigger" limit at the end of a calendar year, then a shortage will be declared by the US Bureau of Reclamation (USBR), impacting Colorado River water deliveries for the Lower Basin states. As of Late July Lake Mead Levels were hovering around the "trigger" limit but fortunately levels are expecting to increase from the large amounts of precipitation that hit the Colorado River Basin this summer and spring. The USBR predicts that the "trigger" level will not be hit by the end of 2015.

Fig. 4 MWDOC's Firm Water Purchases in CY 2015
Monthly Actual and Projected to CY Total

Notes

1. "Firm" includes Full Service (both Treated and Untreated) and Barrier water.
2. Basin Pumping Percentage (BPP) is the percentage of a retail water agency's total water demand that they are limited to pump from the OCWD-managed groundwater basin. BPP pertains to Basin agencies only. For example, if a Basin agency's total demand is 10,000 AF/yr and OCWD sets the BPP at 72%, then the agency is limited to 7,200 AF of groundwater that year. There may be certain exceptions and/or adjustments to that simple calculation. OCWD sets the BPP for the Basin agencies, usually as of July 1st. Import demands for Jan.-Jun. were with BPP of 72% for Basin agencies; for Jul.-Dec. they are projected with BPP of 70%.

Subject: Kerry Parking at the end of Kern (2nd email)

From:

Date: Tue, 12 Jan 2016 02:27:53 +0000

To: "police@garden-grove.org" <police@garden-grove.org>

CC: "baon@ci.garden-grove.ca.us" <baon@ci.garden-grove.ca.us>

To whom it may concern,

I sent the first email on Monday Jan 4th, this is my second request. An acknowledge; if not action, will be appreciated.

I would like to seek your professional assistance in dealing with an ongoing safety issue related to parking on Kerry St (Southbound) West end of Kern. (33.753373, -117.959323)

It is supposed to be parallel parking spot for maximum three cars, normally two with proper space, however someone started to park the cars facing the curb and that has now become a normal practice. Even though this way people can park five to six cars, however it creates a major safety issue for the people who are exiting the Tudor Estate Townhome to Kerry St. If they have to make a left turn on Kerry (which will be going North) it is even more dangerous.

I have attached few pictures of the parked cars to demonstrate that how impossible it is to see the other side of the road, and most of the time people drive like crazy in this part of the street anyways.

Please review the attached pictures, and help. Perhaps posting sign "Parallel Parking Only" might help or periodically

issuance of warning citation, nonetheless help is being sought to save any major incident, prior to its happening.

Thank you for your time and consideration in the matter.

respectfully;

Please feel free to call me if you have any questions.

Thank you and Best Regards J

To whom it may concern,
(An acknowledgement will be greatly appreciated)

I would like to inform you of the following incident related to the above mentioned project:

The street sign for 11th street on Brookhurst southbound was damaged by the construction workers. I was hoping that they will act responsibly and repair it but now it appears that the work is almost to the finish but the sign has not been repaired.

This 11th Street sign was damaged by the asphalt milling machine in the beginning stage of the road work.

I would hate to have this repair done by our tax dollar which is mainly the fault of the machine operator hired by the RJ Nobles.

Thank you

Please feel free to call me if you have any questions.

Mr. Stiles,

It has come to the attention of the People of Garden Grove that one of our planning commissioners, a Mr. Vu Mai, does not appear to live in our city.

I had a chance to talk with Mr. Mai on 1/11/2016 and he told me that he has two homes but when I asked him which home he claims his homeowner's tax exemption on, he said the home in San Clemente.

Mr. Mai is either in violation of GGMC 2.21.015 or he is in violation of California Government Code 6254.21, Revenue & Tax Code 218 and California Constitution Article XIII, Section 3.

Please take the appropriate action and in the interest of transparency, please let the People of Garden Grove know what action you will be taking.

Respectfully submitted,

Tony Flores

Garden Grove Planning Commissioner's Residency in Question

By Thy Vo January 11, 2016 at 9:26 AM

Garden Grove Planning Commissioner Vu Mai appears to be a resident of San Clemente, according to a review of public records.

Mai, a dentist with an office in Garden Grove, is registered to vote at a home he owns in San Clemente. He also claims a \$7,000 homeowner's property tax exemption at that home, an exemption that can only be claimed at an individual's primary place of residence.

In order to serve on the city's planning commission, an individual must be a resident and registered voter in Garden Grove, according to City Manager Scott Stiles.

The Garden Grove condominium listed on Mai's planning commission application is owned by two individuals Dat T. Luong and Le Nhu Ly, according to records at the county Assessor's Office.

Mai says he used to live in San Clemente full-time, but travels often because he is a U.S. Army reserve officer. He said he stays at the condominium with his aunt and uncle. He also owns another Garden Grove home, which he uses for rental income.

"I have a dental practice and my military base is in Garden Grove. I stay here most of the time for the convenience of work," Mai wrote in an email to a Voice of OC reporter. "I also have a home in Garden Grove but I don't like to live by myself. The home in San Clemente is for my family to live."

"That's why it's not feasible and economically advantageous for me to live by myself," he said.

Planning Commissioner Linda Zamora said she has lived in the same 11-unit condominium complex for 13 years, but has never seen Mai there.

"I know people are busy and work, but I thought it was weird that I've never seen him," Zamora said.

According to City Clerk Kathy Bailor, applications for the Planning Commission operate on an "honor system." City staff does not do additional research to verify residency, aside from checking the address listed on applications, Bailor said.

Stiles said he has not heard complaints about Mai's residency and said he would bring the issue to the City Council.

"I think we have an obligation to report back to the City Council since they make the appointments to commissioners, and go from there," Stiles said.

Mai was appointed to the commission in Jan. 2014 by council member Phat Bui, who Mai endorsed for City Council. Prior to that appointment, Mai had never served on a city commission.

There is currently one vacancy on the commission still awaiting an appointment by mayor Bao Nguyen. Nguyen's first appointee, Julie Vo, failed to get the support of his colleagues, who were concerned that the nonprofit sector professional has never served on a city commission.

GGMC 2.21.015 Qualifications for Members

Members of all commissions or boards created by ordinance or resolution shall be and remain residents of the City, who are eligible by reason of age, citizenship, and otherwise to register to vote, with the exceptions hereinafter provided.

A. Minors who are and remain City residents are eligible to serve on any commission the City Council may create by ordinance providing for eligibility of minors to serve as commissioners.

B. Nonresidents may serve on the Main Street Commission and such other commissions as the City Council may create for specialized limited functions, if the City Council finds that the commission is intended to represent and further the interests of a specialized industry, trade, or profession, and that the representation and furtherance will ultimately serve the public interest, as provided in Title 2, California Code of Regulations Section 18707.4. (2813 § 1, 2012; 2085 § 1, 1989)

1. What is the Homeowners' Exemption?

The California Constitution provides for the exemption of \$7,000 (maximum) in assessed value from the property tax assessment of any property owned and occupied as the owner's principal place of residence. The exemption reduces the annual property tax bill for a qualified homeowner by up to \$70. (Article XIII Section 3 of the California Constitution, Rev & Tax 218).

2. How do I qualify for the Homeowners' Exemption?

To obtain the exemption for a property, you must be its owner or co-owner (or a purchaser named in a contract of sale), and you must live in the property as your **principal** place of residence. You must also file the appropriate exemption claim form with the Assessor.

There are two, basic, alternative ways that persons qualify for this exemption:

Alternative 1 – Ownership & Occupancy on the Lien Date:

The exemption is available to the eligible owner of a dwelling which is occupied as their principal place of residence at 12:01 a.m. on January 1 (the lien date) of each year.

Alternative 2 – Ownership & Occupancy or Intent to Occupy within 90 days of a change in ownership or completion of new construction:

The exemption is available to the eligible owner of a dwelling that is subject to a supplemental assessment resulting from a change in ownership or completion of new construction on or after January 1, provided that:

A. The owner occupies or intends to occupy the property as their principal place of residence within 90 days after the date of change in ownership or the date of completion of new construction. **and**

B. The property is not already receiving the homeowners' exemption or another exemption of greater value. If the property received an exemption of lesser value on the current assessment roll, the difference in amount

between the two exemptions shall be applied to the supplemental assessment.

C. The claim is filed by 5 p.m. on or before the **30th day** following the date printed on the "Notice of Supplemental Assessment" issued for the change in ownership or new construction.

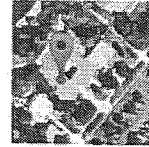

Under **Option 2**, whatever exemption is granted will be applied to the supplemental assessment or assessments, if any, and the full exemption will take effect during the next fiscal year, provided the claim is timely filed (i.e., within 30 days of the date of Notice of Supplemental Assessment).

If you **do not own the property**, you should not file a Homeowners' Exemption claim. If you do not occupy, or intend to occupy property you own, you should not file a Homeowners' Exemption claim.

(b) No person shall knowingly post the home address or telephone number of any elected or appointed official, or of the official's residing spouse or child, on the Internet knowing that person is an elected or appointed official and intending to cause imminent great bodily harm that is likely to occur or threatening to cause imminent great bodily harm to that individual. A violation of this subdivision is a misdemeanor. A violation of this subdivision that leads to the bodily injury of the official, or his or her residing spouse or child, is a misdemeanor or a felony.

(c) (1) (A) No person, business, or association shall publicly post or publicly display on the Internet the home address or telephone number of any elected or appointed official if that official has, either directly or through an agent designated under paragraph (3), made a written demand of that person, business, or association to not disclose his or her home address or telephone number.

(B) A written demand made under this paragraph by a state constitutional officer, a mayor, or a Member of the Legislature, a city council, or a board of supervisors shall include a statement describing a threat or fear for the safety of that official or of any person residing at the official's home address.

(C) A written demand made under this paragraph by an elected official shall be effective for four years, regardless of whether or not the official's term has expired prior to the end of the four-year period.

(D) (i) A person, business, or association that receives the written demand of an elected or appointed official pursuant to this paragraph shall remove the official's home address or telephone number from public display on the Internet, including information provided to cellular telephone applications, within 48 hours of delivery of the written demand, and shall continue to ensure that this information is not reposted on the same Internet Web site, subsidiary site, or any other Internet Web site maintained by the recipient of the written demand.

(ii) After receiving the elected or appointed official's written demand, the person, business, or association shall not transfer the appointed or elected official's home address or telephone number to any other person, business, or association through any other medium.

(iii) Clause (ii) shall not be deemed to prohibit a telephone corporation, as defined in Section 234 of the Public Utilities Code, or its affiliate, from transferring the elected or appointed official's home address or telephone number to any person, business, or association, if the transfer is authorized by federal or state law, regulation, order, or tariff, or necessary in the event of an emergency, or to collect a debt owed by the elected or appointed official to the telephone corporation or its affiliate.

(E) For purposes of this paragraph, "publicly post" or "publicly display" means to intentionally communicate or otherwise make available to the general public.

(2) An official whose home address or telephone number is made public as a result of a violation of paragraph (1) may bring an action seeking injunctive or declarative relief in any court of competent jurisdiction. If a court finds that a violation has occurred, it may grant injunctive or declarative relief and shall award

the official court costs and reasonable attorney's fees. A fine not exceeding one thousand dollars (\$1,000) may be imposed for a violation of the court's order for an injunction or declarative relief obtained pursuant to this paragraph.

(3) An elected or appointed official may designate in writing the official's employer, a related governmental entity, or any voluntary professional association of similar officials to act, on behalf of that official, as that official's agent with regard to making a written demand pursuant to this section. In the case of an appointed official who is a peace officer, as defined in Sections 830 to 830.65, inclusive, of the Penal Code, a District Attorney, or a Deputy District Attorney, that official may also designate his or her recognized collective bargaining representative to make a written demand on his or her behalf pursuant to this section. (2) Notwithstanding any other law, an official whose home address or telephone number is solicited, sold, or traded in violation of paragraph (1) may bring an action in any court of competent jurisdiction. If a jury or court finds that a violation has occurred, it shall award damages to that official in an amount up to a maximum of three times the actual damages but in no case less than four thousand dollars (\$4,000).

(e) An interactive computer service or access software provider, as defined in Section 230(f) of Title 47 of the United States Code, shall not be liable under this section unless the service or provider intends to abet or cause imminent great bodily harm that is likely to occur or threatens to cause imminent great bodily harm to an elected or appointed official.

This is to inform Mayor Puckett and the city of Tustin, CA that it was Jeff Bowman and the Orange County Fire Authority's turn to act like racist Trump trash wannabe Klansman anti-American assholes last night (01/12/16) less than a minute from home at the corner of Newport and Nisson Road at 6:54 PM.

Knowing your history and seeing how you've incorporated OC fire personnel in the harassment of a Latino American man, it's crystal clear that the filthy hate spirit of the Ku Klux Klan still infests this disgusting County. That you think you can hide behind Disney characters forever just shows what an ignorant group of idiots you are. I encourage you to continue obstructing justice - covering up Stan Knee/Brad Gates/ Randall Gaston/and friends approximate 20 year hate crime which included attempts on my life.

We'll be at the next Tustin, CA city council meeting Mr. Puckett. And this time city of Tustin - I don't expect to see white male cops yards behind me holding the world's largest billy club. Actually, it looked more like a battering ram. Thinking that you can intimidate me from attending your city council meetings has a name - it's called the GGPd and Stan Knee's racist wet dream.

The Honorable Bao Nguyen, Mayor of Garden Grove and Members of Garden Grove City Council
City of Garden Grove
11222 Acacia Parkway
Garden Grove, CA 92840

January 12, 2016

Dear Mayor Nguyen and Members of the City Council:

Subject: Redistricting Garden Grove

On behalf of Community Involvement for a Vital and Inclusive City Garden Grove (C.I.V.I.C.GG) a group comprised of residents and concerned community members interested in empowering the community to be engaged, and involved in the city of Garden Grove. We are writing this letter supporting for continued progress to have district elections in the City of Garden Grove starting this year, 2016. District elections are generally understood as giving underrepresented communities a greater opportunity to have a voice and play a greater role in local government. Furthermore, districts allow for lower cost campaigns, thus enabling would-be council members without access to large amount of capital opportunities to compete with others that have greater access to campaign funds.

We support the actions our city has taken the last couple of months to begin the process of having a series of discussion with the community regarding the development of district maps.

We want to remind the Council they voted last year to approve district elections as part of the settlement agreement to replace the City's "At-Large" method for selecting Council members that violates the California Voting Rights Act. We simply want District Elections in our city to move smoothly and have ample time for a system to be in place prior to the 2016 elections.

We urge the Mayor and Council members to continue and support progress for the city of Garden Grove to have district elections in 2016.

Sincerely,

Members of C.I.V.I.C.GG

Mr. Stiles,

By now you and our council-members should have had a chance to review attachments 1 & 2 and attachment 3 is a follow up article dated 1/13/2016 from the Voice of OC regarding this matter. I call your attention to the quote made by Mr. Vu Mai at the recent city council meeting of 1/12/2016:

"When it comes to my home, the way I look at it, I'm going to get the most tax write off, that's why I put in for San Clemente...the home here is not worth as much as San Clemente," Mai said.

In order for one to make the claim of a homeowners tax exemption on one's property tax bill/assessment, the following residency requirement shall be met:

*The California Constitution provides for the exemption of \$7,000 (maximum) in assessed value from the property tax assessment of any property **owned and occupied as the owner's principal place of residence**. The exemption reduces the annual property tax bill for a qualified homeowner by up to \$70. (Article XIII Section 3 of the California Constitution, Rev & Tax 218).*

Since Mr. Mai does not deny that he actually lives in San Clemente then he would not be in violation of Revenue & Tax Code 218 and/or California Constitution Article XIII, Section 3. However, if he's going to claim coverage under California Government Code 6254.21 for his property in San Clemente because he's an "appointed official" in Garden Grove, then he appears to be in violation of California Government Code 6254.21 or at the very least misusing this particular code. At this point Mr. Mai clearly does not meet the requirement(s) of GGMC 2.21.015 and he needs to either resign his position on our planning commission or he needs to be removed by the authority set forth in our municipal code(s).

Please take the appropriate action and in the interest of transparency, please let the People of Garden Grove know which action you will be taking.

Respectfully submitted,

Tony Flores

Subject: Garden Grove Planning Commissioner's Residency in Question

Mr. Stiles,

It has come to the attention of the People of Garden Grove that one of our planning commissioners, a Mr. Vu Mai, does not appear to live in our city.

I had a chance to talk with Mr. Mai on 1/11/2016 and he told me that he has two homes but when I asked him which home he claims his homeowner's tax exemption on, he said the home in San Clemente.

Mr. Mai is either in violation of GGMC 2.21.015 or he is in violation of California Government Code 6254.21, Revenue & Tax Code 218 and California Constitution Article XIII, Section 3.

Please take the appropriate action and in the interest of transparency, please let the People of Garden Grove know what action you will be taking.

Respectfully submitted,

Garden Grove Planning Commissioner's Residency in Question

By Thy Vo January 11, 2016 at 9:26 AM

Garden Grove Planning Commissioner Vu Mai appears to be a resident of San Clemente, according to a review of public records.

Mai, a dentist with an office in Garden Grove, is registered to vote at a home he owns in San Clemente. He also claims a \$7,000 homeowner's property tax exemption at that home, an exemption that can only be claimed at an individual's primary place of residence.

In order to serve on the city's planning commission, an individual must be a resident and registered voter in Garden Grove, according to City Manager Scott Stiles.

The Garden Grove condominium listed on Mai's planning commission application is owned by two individuals Dat T. Luong and Le Nhu Ly, according to records at the county Assessor's Office.

Mai says he used to live in San Clemente full-time, but travels often because he is a U.S. Army reserve officer. He said he stays at the condominium with his aunt and uncle. He also owns another Garden Grove home, which he uses for rental income.

"I have a dental practice and my military base is in Garden Grove. I stay here most of the time for the convenience of work," Mai wrote in an email to a Voice of OC reporter. "I also have a home in Garden Grove but I don't like to live by myself. The home in San Clemente is for my family to live."

"That's why it's not feasible and economically advantageous for me to live by myself," he said.

Planning Commissioner Linda Zamora said she has lived in the same 11-unit condominium complex for 13 years, but has never seen Mai there.

"I know people are busy and work, but I thought it was weird that I've never seen him," Zamora said.

According to City Clerk Kathy Bailor, applications for the Planning Commission operate on an "honor system." City staff does not do additional research to verify residency, aside from checking the address listed on applications, Bailor said.

Stiles said he has not heard complaints about Mai's residency and said he would bring the issue to the City Council.

"I think we have an obligation to report back to the City Council since they make the appointments to commissioners, and go from there," Stiles said.

Mai was appointed to the commission in Jan. 2014 by council member Phat Bui, who Mai endorsed for City Council. Prior to that appointment, Mai had never served on a city commission.

There is currently one vacancy on the commission still awaiting an appointment by mayor Bao Nguyen. Nguyen's first appointee, Julie Vo, failed to get the support of his colleagues, who were concerned that the nonprofit sector professional has never served on a city commission.

GGMC 2.21.015 Qualifications for Members

Members of all commissions or boards created by ordinance or resolution shall be and remain residents of the City, who are eligible by reason of age, citizenship, and otherwise to register to vote, with the exceptions hereinafter provided.

A. Minors who are and remain City residents are eligible to serve on any commission the City Council may create by ordinance providing for eligibility of minors to serve as commissioners.

B. Nonresidents may serve on the Main Street Commission and such other commissions as the City Council may create for specialized limited functions, if the City Council finds that the commission is intended to represent and further the interests of a specialized industry, trade, or profession, and that the representation and furtherance will ultimately serve the public interest, as provided in Title 2, California Code of Regulations Section 18707.4. (2813 § 1, 2012; 2085 § 1, 1989)

1. What is the Homeowners' Exemption?

The California Constitution provides for the exemption of \$7,000 (maximum) in assessed value from the property tax assessment of any property owned and occupied as the owner's principal place of residence. The exemption reduces the annual property tax bill for a qualified homeowner by up to \$70. (Article XIII Section 3 of the California Constitution, Rev & Tax 218).

2. How do I qualify for the Homeowners' Exemption?

To obtain the exemption for a property, you must be its owner or co-owner (or a purchaser named in a contract of sale), and you must live in the property as your principal place of residence. You must also file the appropriate exemption claim form with the Assessor.

There are two, basic, alternative ways that persons qualify for this exemption:

Alternative 1 – Ownership & Occupancy on the Lien Date:

The exemption is available to the eligible owner of a dwelling which is occupied as their principal place of residence at 12:01 a.m. on January 1 (the lien date) of each year.

Alternative 2 – Ownership & Occupancy or Intent to Occupy within 90 days of a change in ownership or completion of new construction:

The exemption is available to the eligible owner of a dwelling that is subject to a supplemental assessment resulting from a change in ownership or completion of new construction on or after January 1, provided that:

A. The owner occupies or intends to occupy the property as their principal place of residence within 90 days after the date of change in ownership or the date of completion of new construction. **and**

B. The property is not already receiving the homeowners' exemption or another exemption of greater value. If the property received an exemption of lesser value on the current assessment roll, the difference in amount

between the two exemptions shall be applied to the supplemental assessment.

C. The claim is filed by 5 p.m. on or before the **30th day** following the date printed on the "Notice of Supplemental Assessment" issued for the change in ownership or new construction.

Under **Option 2**, whatever exemption is granted will be applied to the supplemental assessment or assessments, if any, and the full exemption will take effect during the next fiscal year, provided the claim is timely filed (i.e., within 30 days of the date of Notice of Supplemental Assessment).

If you **do not own the property**, you should not file a Homeowners' Exemption claim. If you do not occupy, or intend to occupy property you own, you should not file a Homeowners' Exemption claim.

(b) No person shall knowingly post the home address or telephone number of any elected or appointed official, or of the official's residing spouse or child, on the Internet knowing that person is an elected or appointed official and intending to cause imminent great bodily harm that is likely to occur or threatening to cause imminent great bodily harm to that individual. A violation of this subdivision is a misdemeanor. A violation of this subdivision that leads to the bodily injury of the official, or his or her residing spouse or child, is a misdemeanor or a felony.

(c) (1) (A) No person, business, or association shall publicly post or publicly display on the Internet the home address or telephone number of any elected or appointed official if that official has, either directly or through an agent designated under paragraph (3), made a written demand of that person, business, or association to not disclose his or her home address or telephone number.

(B) A written demand made under this paragraph by a state constitutional officer, a mayor, or a Member of the Legislature, a city council, or a board of supervisors shall include a statement describing a threat or fear for the safety of that official or of any person residing at the official's home address.

(C) A written demand made under this paragraph by an elected official shall be effective for four years, regardless of whether or not the official's term has expired prior to the end of the four-year period.

(D) (i) A person, business, or association that receives the written demand of an elected or appointed official pursuant to this paragraph shall remove the official's home address or telephone number from public display on the Internet, including information provided to cellular telephone applications, within 48 hours of delivery of the written demand, and shall continue to ensure that this information is not reposted on the same Internet Web site, subsidiary site, or any other Internet Web site maintained by the recipient of the written demand.

(ii) After receiving the elected or appointed official's written demand, the person, business, or association shall not transfer the appointed or elected official's home address or telephone number to any other person, business, or association through any other medium.

(iii) Clause (ii) shall not be deemed to prohibit a telephone corporation, as defined in Section 234 of the Public Utilities Code, or its affiliate, from transferring the elected or appointed official's home address or telephone number to any person, business, or association, if the transfer is authorized by federal or state law, regulation, order, or tariff, or necessary in the event of an emergency, or to collect a debt owed by the elected or appointed official to the telephone corporation or its affiliate.

(2) An official whose home address or telephone number is made public as a result of a violation of paragraph (1) may bring an action seeking injunctive or declarative relief in any court of competent jurisdiction. (2) Notwithstanding any other law, an official whose home address or telephone number is solicited, sold, or traded in violation of paragraph (1) may bring an action in any court of competent jurisdiction. If a jury or court finds that a violation has occurred, it shall award damages to that official in an amount up to a maximum of three times the actual damages but in no case less than four thousand dollars (\$4,000).

(e) An interactive computer service or access software provider, as defined in Section 230(f) of Title 47 of the United States Code, shall not be liable under this section unless the service or provider intends to abet or cause imminent great bodily harm that is likely to occur or threatens to cause imminent great bodily harm to an elected or appointed official.

Garden Grove to Review Residency Requirements for Planning Commission

By Thy Vo January 13, 2016 at 3:27 PM

The Garden Grove City Council will review the city's residency requirements for its planning commission after Voice of OC reported last week that commissioner Vu Mai appears to live in the city of San Clemente.

Mai was present and addressed the council during public comment, emphasizing that while his family lives in San Clemente and he claims a tax exemption on his home there, he spends most of his time in Garden Grove, where his dental practice is located, and is invested in the city.

"When it comes to my home, the way I look at it, I'm going to get the most tax write off, that's why I put in for San Clemente...the home here is not worth as much as San Clemente," Mai said.

"There is no lie here, no malicious intent on my part, to do anything wrong for the city. There is no financial gain or political gain for me. I do it because I love the city," Mai added.

Although Mai does own a home in Garden Grove, which he uses for rental income, he is registered to vote in San Clemente and as of last week hadn't updated his registration since 2012, according to the county Registrar of Voters. He said he hadn't registered in Garden Grove because he typically doesn't vote in local elections.

At the meeting, City Attorney Omar Sandoval said Mai is now registered in Garden Grove. Several residents called for the city to clarify its requirements for residency.

"You can't have it both ways. It's one or the other...and the message is simple here," said Tony Flores. "If you're going to be on our commission, live in our city. Don't play in any games."

Resident Josh McIntosh praised Mai's work on the commission since he was appointed by Councilman Phat Bui in 2015.

"He's one of the most engaged, he asks questions, he participates. He always wants to dig deeper into the issues," McIntosh said.

Although planning commissioners must be residents and registered to vote in Garden Grove, the city operates on an honor system when processing applications and does not follow up on residency claims.

Some cities don't require their commissioners to be residents. The city of Emeryville, Calif., for example, allows business owners to serve as well.

Councilman Kris Beard suggested requiring all commissioners to be registered to vote in the city. At the next meeting, council members will also consider any appointments or removal of commissioners.

There is currently one vacancy on the Planning Commission after Commissioner Joe Pak stepped down from his seat early. The seat has been left open since Mayor Bao Nguyen's first appointment, Julie Vo, failed to gain support from his colleagues.

Bui said that, given the relative inexperience of the current commissioners, they should appoint a more experienced candidate to serve out the last year of Pak's term. Vo has never served on a city commission.

Nguyen said he plans to fill the seat at the next council meeting on Jan. 26.

Now that a date has been secured, January 26 from 4-6 PM, can we discuss names for the new community? The United Methodist Church in Garden Grove Apartments is a bit long and we could be looking at some Fair Housing steering complaints. After all you don't have to be Methodist to qualify. As you will recall the church proposed Rodenburg Park Apartments.

Dear Pam,

This is Ben Wofford with POLITICO Magazine, pleasure speaking with you just a moment ago. I'm passing along a note below from our editor, reaching out to your office to invite Mayor Nguyen to participate in our upcoming Mayor's Feature. The feature is a great project that allows POLITICO to shine a spotlight on urban executives in exchange for just a few minutes of Mayor Nguyen's time.

Please see below for more details – and please don't hesitate to be in touch if there's anything I can do to be helpful. Hoping we can hear from you soon! Warm regards,

Subject: Invitation from POLITICO Magazine

Dear Mayor,

This is Stephen Heuser, I'm the editor of POLITICO Magazine in Washington, D.C., and I'm writing to invite you to participate in the next installment of our national feature in which we ask mayors of America's largest cities for their opinions on broad national challenges.

This mayors' survey has been one of our proudest success stories at POLITICO—a spotlight on the pioneering work of urban executives, and a testament to the huge national interest in the dynamism and the challenges of American cities. The last feature, [here](#), went viral and became our most popular article of the month. It was also [tweeted out by President Obama](#), helping it to garner an enormous audience.

We're planning our next Mayors' Survey to be even more ambitious, and hoping it will include you. All you need to do is fill out this [anonymous questionnaire](#), which should take about 10 minutes of your time. Our focus in this edition is two big questions: How are mayors dealing with the challenge of terrorism, security, and attack preparedness? And second, what are mayors seeing on the front lines of the American economy?

When the feature is published, your name will appear in the list of participants, but your answers themselves will remain anonymous, so please be as candid as you can. (Two on-the-record questions are optional, if you would like to be quoted by name.)

Please send your responses in this document or in an e-mail to Ben Wofford (bwofford@politico.com) by **Wednesday, January 20, at 5 pm ET**. You can also fill out the online version by clicking on this link: <http://goo.gl/forms/1hj8FxFzfp>

We look forward to hearing from you. We know your time is valuable, and greatly appreciate your insights. We'll post the results and analysis at the end of January. In the meantime, please don't hesitate to contact me or Ben Wofford if you have any questions.

Sincerely,
Steve
