Thank you Mayor for responding to my concerns.

Thank you also for serving us.

I did see you at Frank Kellogg's funeral.

He was my doctor when I was a child.

Regards,

Dear Mr.

Thank you for bringing your issue to my attention. I'm sorry to hear about your experience this morning. The city council considers the impact on residents and will continue to do so in the future.

I'm copying our city manager on this email so that city staff takes your experience into consideration for the future. I will also inquire into what was meant by the "soft closure" and how to resolve concerns of residents such as yours before I vote on any future street closures affecting our city residents.

Thank you,

Mayor Bao Nguyen

Dear Mayor Nguyen,

I am a resident of Garden Grove and live on Strathmore Dr. between West and Ninth streets.

I couldn't get out of my neighborhood on the morning of Sunday January 17 due to the Star Wars Half Marathon.

The flyer mailed to residents said there would be a "soft closure" at Lampson and Euclid but I was told that I couldn't cross and had to make a u-turn.

This was very frustrating as I had things to do that can't wait until 9 or 10 am.

The city should not be closing every major thoroughfare for a significant number of residents even if said event is a considered a community builder.

This should not be allowed to happen again. There needs to be better planning so an entire neighborhood is not closed off.

Will the City be considering the views of the residents in the future on this matter or is it something that the City and Council have agreed to?

Thanks for listing.

Sincerely,

Nothing says racist terrorist Klansman behavior than OC fire personnel acting like harassing garbage towards a Latino American man on MLK day. No better way to honor the NYC fireman who died on 9/11 either.

... I'm reminded of the following:

1. How by the 1990's, criminally racist sociopaths like Stan Knee, Brad Gates and Randall Gaston (and whatever FBI Hoover garbage they were paling around with) thought that they could point a finger at any Latino man in Orange County, CA and completely fuck his life.
2. I remember the confidence and hubris of these anti-American animals. A confidence from knowing that whatever they did would be covered up by political garbage like you and your American disgrace and abomination of a District Attorney's office.
3. I remember your American history making hate crime of harming your Latino victim even inside his own home at 12600 Euclid Street #5 Garden Grove, CA thanks to the criminal toilet shit your hero cops moved into the surrounding condominium units 3 and 4.
4. I remember how the criminal scumbag Brad Gates attempted to screw up my Colombian wife's legal immigration process via his strategic traffic stop on Antonio Parkway complete with orders to return home (when I was on my way to deadline sensitive matters regarding my wife's immigration process).
5. I remember how the convicted felon and criminal scumbag - Mike Carona - continued to harass me in Rancho Santa Margarita, CA while I was risking my life in Colombia trying to provide security tools to protect Colombians (in cooperation with Colombian law enforcement) while your filthy Sheriff was involved in felony crimes and paling around with cocaine trafficking pilots and taking pictures with Las Vegas mobsters.
6. I remember the number of times I've wondered whether your mobster racist #TrumpTrash police force are involved in cocaine trafficking and whether your bombs of mass reputation destruction on my life was to curry favor with their drug buddies.
7. I remember the Orange Police department impounding my vehicle on Cinco de Mayo 2009 when it could have occurred a million times before or after that day.
8. I remember that Stan Knee and his hate crime organization - the Garden Grove PD - was so despicable that when my Colombian fiancee arrived here - I chose to rent an apartment in RSM - rather than have my soon-to-be wife living in this shit hole Garden Grove condominium that me and my parents owned (my parents still lived in NYC at the time). I remember the financial damage that incurred as I poured rent money down the drain in RSM instead of pouring it into our Garden Grove property.
9. I remember that Stan Knee/Brad Gates and their hate crime organizations - the Garden Grove PD and Orange County Sheriffs Department - were so despicable that German Santos - the Latino American born in one of the original 13 colonies - considered my law enforcement engineering work in post-Pablo-Escobar's 1990's Colombia as vacation time. I felt safer in Bogota working with the police than I did in Disney's racist shit hole of a County.
10. I remember how the criminal scumbag Kevin Raney and his current Garden Grove PD racist sociopaths took one step further into the racist hell hole they wade in. This piece of garbage and his garbage police got the brilliant idea (after both my Latino parents passed away) of harassing me around my Latino parents funeral home (Diamond and Son's/Chapman) and my parents primary care physicians office. They got the brilliant idea of putting a sleazebag CI in a funeral car and harassing me approximately a day or two after my dad passed away. And then repeated this criminal act of harassment on the first anniversary of my dad's death.
11. I remember how one of your police heroes fled the scene on the Garden Grove freeway while me and my Toyota Camry were still pointing in the opposite direction due to a attempted murder event on me by a civilian scumbag in a pickup truck.
12. I remember how no other police "heroes" appeared and thinking about how to exit that freeway without killing myself and others.
13. I remember how I got convicted of crime in 2010 and not realizing it until I received of terms of probation letter from the court - telling me to refrain from a certain activity and wondering what the hell this court was talking about.
14. But most importantly, I remember my Puerto Rican father - with his blue collar union job - sending his son to Orange County, CA with UCI scholarship in hand. only to have your racist whores of Babylon in Garden Grove use his property tax money to destroy what he loved the most.

Your racist garbage (Stan Knee / Brad Gates / Randall Gaston) spit in the face of my father Garden Grove/Orange County, CA. It continues with Kevin Raney / Raul Quezada / Sandra Hutchens.

And this is why every American will hear this story.

Happy Martin Luther King's day.

Dear Mayor Nguyen,

How are you? I hope you had a restful Christmas break.

We contacted you prior to the Holiday season to share some photos of the Seussical event that you attended, along with wanting to confirm a date and time to meet, even if for a few minutes, regarding future collaborative possibilities regarding youth and the arts in our city.

At our VIP event, we called the meeting "Dessert with Debora" but we can easily have coffee off site or meet for a few minutes at your office if that is more convenient.

Either way, I look forward to hearing from you on a date and time that works within the next few weeks to talk. Typically, I am available on most Wednesday's and Friday's.

With warmth,  
Debora

We wanted to let you know that Cathay Bank could not make any headways with the Foundation since our last City Council meeting. As a last resort, we had to file a complaint against the Foundation to see if they would talk to us as to what they want. The Foundation, through their attorney, has continuously refused to meet or even speak with us or the developers. We had no choice in the matter. If you have any questions, please give me a call.

Dear friend,

Several years ago I earned an MPA degree with the plan of working for a city government. Though my life took a different path, I did return to explore municipal issues, highly fictionalized, as an aspiring author. Two years ago, I completed a political thriller, *The City*, and published it for FREE on Smashwords.

As a city mayor, I figured you might be interested in a free read if you've got any spare time. If such an occasion does arrive, please check out the FREE download. And, of course, any review would be tremendously appreciated! In regard to politics, especially since this is a presidential election year, you might also be interested in a quick political satire exploring the conflict between socialism and laissez-faire capitalism. *The Socialist* was finished just months ago and explores the privatization of education, among other issues.

This FREE novel has also received positive reviews

Review by: Tabitha Ormiston-Smith on Jan. 07, 2016 : ★★★★★  
This fine novel falls squarely into a genre which I call literary activism.

I am always banging on about how a novelist must never preach, how it is sufficient to hold up undesirable behaviours in all their ugliness and stupidity, to show the good, and in reviewing *The Socialist* I feel vindicated in my position. There is not a word of irritating preaching in the entire book, yet I can hardly believe anyone could fail to be persuaded of the ultimate truth and goodness of a socialist society after reading it. It is a fine piece of work indeed.

Unlike the other books of Wolf's that I have read, this one confines itself to a single point of view and first person narrative, and in this format the author has found his strength. The narrating character is finely drawn, and there are times when one hardly draws breath as one follows his deserved fall and then his redemption. Aside from the book's moral and political payload, it is a riveting, exciting piece of fiction, beautifully written.

I have no criticism of this fine book. I would like to see it made required reading in every high school.  
(review of free books)

and I would greatly appreciate any feedback on it from political figures. Thank you for all you do!

Sincerely,

Calvin Wolf

Dear Sir,

John Grigsby here, I'm a friend of Dominiques. I would love to arrange a meeting with you. After speaking with Dominique during the holidays, I believe my group can help you regulate MMJ shops in your city. Due to my two sons eye disease back in the 90s I've been involved with this community since then.

Our group focuses on disabled veterans and the elderly...

If you can set up a meeting and give me 30 minutes of your time, I will be 100% transparent with you and express how to collect all the taxes that are associated with this business and also how to regulate the shops that are presently in your city.

Susan Tran to introduce the honorable Mayor Bao Nguyen

[Applause]

**Susan:** Thank you, Dr. Malo, and thank you everyone, for being here. Our keynote speaker and guest of honor today is Mayor Bao Nguyen.

- Mayor Bao Nguyen was elected in 2014.
- Prior to election, he served by appointment in 2011, then by election in 2012, as trustee of the Garden Grove Unified School District Board of Education, including a term as vice-president.
- In 2014, Mayor Nguyen was appointed by the Governor on the Orange County Fair Board of Directors, California 32nd District Agricultural Association.
- The Mayor has also served as a Commissioner of Ecumenical and Interreligious Affairs of the Roman Catholic Diocese of Orange County.
- Born in a Thailand refugee camp, the Mayor arrived to the United States at 3 months of age.
- He attended Garden Grove High School and graduated from Pacifica High School in 1998, where he won the Most Spirited Award from his graduating class.
- While earning his Bachelor of Arts degree in Political Science at the University of California, Irvine, Mayor Nguyen interned for the White House Initiative on Asian Americans and Pacific Islanders, under Executive Order 13125 in Rockville, Maryland.
- Mayor Nguyen holds a Master's Degree in Indo-Tibetan Buddhist Studies from Naropa University in Boulder, Colorado, and a certification in meditation from the Dispute Resolution Program of the Orange County Human Relations Commission.
- He is trilingual in English, Vietnamese and Spanish, and is fueled by his passion for public service and commitment to community empowerment.
- Ladies and Gentleman, without further ado, please join me in welcoming to the podium, the honorable Bao Nguyen!

[Applause]

Garden Grove City Council,

I am developing a visitor attraction that would become a major city, state, and national icon. The project would attract approximately 8 million visitors a year. The theme of this attraction is "World Unity", and would have a central figure that would become an icon like the Eiffel Tower and the Statue of Liberty. I am looking for a city that would be interested in being the home for this project, that would not only become a national icon, but would also generate a lasting positive revenue stream. The project would require 70 - 100 acres of land. The Gateway Arch in St. Louis Missouri was build on repurposed land. If you would like to put your city on the world stage with a visitor attraction that would be recognized universally please contact me for more details.

Thank you,

Dale Smith

Hello Nhieu,

Mayor Bao Nguyen will be at the Elks Lodge (11551 Trask Ave, Garden Grove, CA 92843) for an interview for my Weekend News Report. I can't make it to this shoot but please record his statements on camera for me.

I have cc'd the Mayor in this e-mail so please contact him if anything changes.

Below are the questions for your reference:

1. What are your thoughts on the Supreme Court agreeing to hear United States vs Texas?
2. How does DACA/DAPA affect our Vietnamese community? Are there many undocumented Vietnamese immigrants?
3. Tell us about your experience hosting the DAPA/DACA workshop in conjunction with AAAJ last year.

Thank you!

The Honorable Bao Nguyen  
Mayor  
Garden Grove City Hall  
11222 Acacia Parkway  
Garden Grove, CA 92840

Dear Mayor Nguyen:

As you know, Governor Brown released his 2016-2017 budget proposal on January 7th. The \$170.5 billion budget includes \$124 billion in General Fund and \$45 billion in Special Fund expenditures. The Governor's proposal begins the budget process for the 2016-17 fiscal year budget debate. In the next few months, the Legislature will hold hearings on the Governor's proposal and then make suggested changes. The final budget is required to be passed by midnight on June 15<sup>th</sup>. I wanted to share a few of the highlights that will affect local governments and would appreciate any feedback on the various proposals.

**Redevelopment:** As you know, in 2011, the state eliminated approximately 400 Redevelopment Agencies (RDAs) and replaced them with locally organized successor agencies that are tasked with retiring the former RDAs' outstanding debts and other legal obligations. The Administration is not proposing any additional legislative changes to the redevelopment law because they are currently in the process of implementing SB 107, which passed as part of last year's budget.

**Transportation:** The budget includes \$3.6 billion annually for transportation, of which \$3 billion would be generated by increased gas and diesel taxes and a road user fee (\$65 annually per car), while continuing to diverting existing transportation revenues to fund the General Fund's debt service obligation. This proposal is a continuation of the Governor's proposal from last year and is the subject of the First Extraordinary Special Session. The proposed tax increase would require a 2/3rds vote of the Legislature.

**Cap and Trade Allocations:** The budget proposes to allocate \$3.1 billion from Cap-and-Trade auction proceeds, which includes the balance of auction proceeds that were not allocated in FY 2015-16. 60% of the annual proceeds do not require a vote of the Legislature because they are continuously appropriated to High-Speed Rail Projects (\$500 million), Low Carbon Transit Operations, Transit and Intercity Rail projects (\$200 million) and Affordable Housing and Sustainable Communities programs (\$400 million). Under existing law, 40% of the money is appropriated in the budget process. In 2015-16, the Legislature failed to appropriate that year's uncommitted Cap and Trade

Allocations. As such, the Legislature will have double the money to appropriate as part of the 2016-17 budget. The Governor's budget proposes to use the funding for a laundry list of projects including Transit and Intercity Rail Capital program for additional competitive grants to support capital improvements, provide competitive grants for improvements to local streets and roads that encourage active transportation, such as walking and bicycling, transit, and other carbon-reducing road investments, and to provide financial incentives for capital investments that expand waste management infrastructure. This appropriation may be tied to the negotiations over new transportation funding.

### **Public Safety:**

**Prison Population Reduction:** The budget acknowledges that the passage of Proposition 47 and the state effort to reduce its inmate population, is expected to result in 8,700 fewer state prisoners, thereby impacting local communities. Proposition 47 requires state savings from the Proposition to fund the Safe Neighborhoods and Schools Fund. The first transfer of state savings to the new fund will occur in August 2016. Currently, the Governor is estimating net savings of \$29.3 million. Ongoing savings are expected to be approximately \$57 million.

**Reentry Facilities:** The budget includes \$32.1 million to continue the community re-entry facilities. The program currently houses 220 inmates. The Governor proposes to increase the number of beds to 680 and to increase the eligibility criteria from 120 days prior to release to 180 days. \$25 million will be available for incentive payments to local governments to aid in the siting of these community-based facilities.

### **Medical Marijuana Regulation and Safety Act:**

The Medical Marijuana Regulation and Safety Act enacted in 2015 created a regulatory framework for the licensing and enforcement of the cultivation, manufacture, transportation, storage, and distribution of medical marijuana in California. The Budget includes \$12.8 million (General Fund), \$10.6 million Medical Marijuana Regulation and Safety Act Fund, \$1.2 million other special funds, and 126 positions to implement the regulation of medical marijuana in California in 2016.

**City Law Enforcement Grants:** The Budget includes \$20 million to increase positive outcomes between city police and the homeless community, persons with mental health needs, and high-risk youth populations. The Board of State and Community Corrections will allocate funds to individual cities acting as a fiduciary agent within each county receiving the funds.

**Racial and Identity Profiling Act of 2015:** Last year the Legislature passed the Racial and Identity Profiling Act which revises the definition of racial profiling and, among other things, requires the Attorney General to report on citizen complaints alleging racial or identity profiling for each state and local agency that employs peace officers. Beginning in 2018-19, these local agencies will also have to report data on all stops conducted by the agency's peace officers, including the time, date, and location of the stop, and the reason for the stop.

The Budget includes \$10 million General Fund to allocate to local law enforcement agencies for costs incurred through June 2017 related to increased citizen complaint reporting activities. The administration indicates there will be a stakeholder effort to develop an allocation methodology for these funds and the overall program that limits future mandate reimbursement claims.

I hope this information is helpful. You can access the full Governor's proposal at [www.dof.ca.gov](http://www.dof.ca.gov). In a few weeks, the non-partisan Legislative Analyst will release their analysis of the Governor's proposal and you can access that proposal at [www.lao.ca.gov](http://www.lao.ca.gov). As you can see, the Governor will be engaging stakeholders on a number of his proposals. I would appreciate hearing from you on the various proposals. Please send your comments, questions or concerns to Deborah Gonzalez in my capitol office at [Deborah.gonzalez@sen.ca.gov](mailto:Deborah.gonzalez@sen.ca.gov).

Sincerely,

## Fire Chief Stan Beitler

December 29, 1923 - January 14, 2016

It is with great sadness that I announce the passing of Fire Chief Stan Beitler. Although Stan had been fighting his illness for months and fought to regain his strength, he always kept a great sense of humor and a positive attitude. I visited Stan at St. Joseph's Hospital and instead of talking about his condition, we talked about the trips he had taken to Hawaii with his family and the fond memories he held close. He talked about Margaret and how much he missed her.

Although I did not work under Chief Beitler directly, I had the opportunity to coordinate several events where we utilized the old antique Engine, which Chief Beitler was the caretaker of. He was always willing and open to make sure that the Fire Department was taken care of as he truly held the Garden Grove Fire Department dear to his heart.

Stan and Margaret, his beloved wife, were very involved in the City.

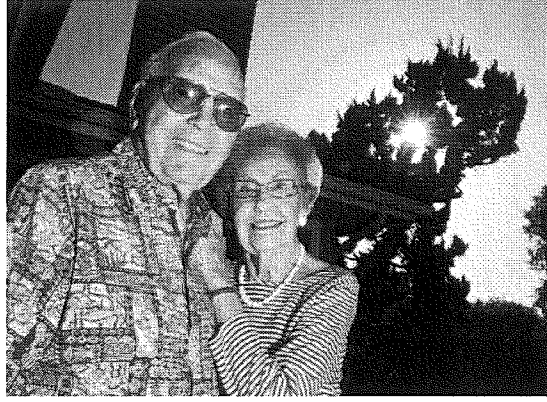

In 2011, they received the Man and Woman of the Year Award.

As many of you know, they were very involved in the Garden Grove Historical Society.

Now Stan is with his beloved wife once again.  
Our prayers and thoughts go out to the Beitler Family.

Rest in Peace Chief Beitler

**Happy New Year and hope all is well with everyone. I am sending out information on participation available to our eight cities who are part of the "Cypress College Americana Family". There have been some added activities for highlighting your community as well as auction and dinner. Please check the items in red for changes or updates to the program as well as what your City can do to help make this important event a great success as always. Also, please share with City Staff. ## **Cypress College 2016 Americana Awards Honoring Volunteer Extraordinaire Lisa Fujimoto and Eight Citizens of the Year**

Dear Honorable Mayors and Council Members of our Americana cities:

Please accept this invitation to support and participate in honoring the extraordinary individuals selected by each of our city committees – including your city – at the Cypress College 2016 Americana Awards on February 27, 2016, in the Grand Ballroom of the Disneyland Hotel.

This year's Citizens of the Year are:

Anaheim, *Stephen and Susan Faessel*

Garden Grove, *Errol Giuliano*

La Palma, *Christine Barnes*

Seal Beach, *Barbara Blackman and Harlene Goodrich*

Los Alamitos, *Lt. Col. Tom Lasser, USA, Retired*

Stanton, *Elizabeth Ash*

Buena Park, *Jim Coombs*

Cypress, *Theresa Sherrin*

The reason for this invitation is to encourage you and the city to further strengthen your partnership with Cypress College, while recognizing some extraordinary individuals at the

same time. We invite you to work closely with the Cypress College Foundation Board Representatives, City Staff, city select committees, and fellow Council Members in pursuit of these objectives.

You are invited to participate in several ways:

v Highlighting your city. Rather than display an exhibit at the Americana banquet as you have the past several years, we invite you to showcase your city in a different manner - through two full-page ads (that we will, of course, donate to you). The ads will “face” each other, so both can be seen at that particular place in the program. Ad specs are below, and are contained in the Americana Invitation.

Ad Specs: Two full page ads; full page ads are 7” x 9”; Send black-and-white camera ready or PDF (high quality print) file. Please embed all fonts and graphics. Email to [gtaylor@cypresscollege.edu](mailto:gtaylor@cypresscollege.edu); If need be, we can set your copy for you.

v Put together a **City Basket** for use at the Americana Auction – it’s a great way to participate and to show off your city at the same time. This year we will have a special silent auction area, “City Lights,” which will be specifically designated for city baskets.

v We once again invite cities to put together a **Mayor’s Package**, which will be sold as part of the live auction. Examples: Mayor for a day, Ride along with police or fire, Lunch with Mayor or Firefighters or Council Member, A day at the Firing Range with Chief, visit police and fire station. Be as creative as you like.

v Have your city **purchase one or two tables** and attend the event! If your city held its own comparable banquet to honor a local citizen it would literally cost thousands of dollars. Americana tables are a bargain, and your Citizen of the Year gets recognized at one of Orange County’s premiere events in front of 600 people!

v Ask friends and business owners to attend the Americana Awards Banquet.

v Ask non-profits to share in the purchase of an Americana table.

v Support your city’s committee and its work.

Our goal is to give our local heroes their night in the spotlight, as well as to make each community feel as if they too are being recognized through their honoree’s accomplishments.

So please join us for the 41st Annual Americana Awards! Currently major sponsors include Union Bank, Disneyland, Knott’s Berry Farm, Yamaha, Forest Lawn Memorial Parks, Southern California Edison, Southern California Gas Company, and Bank of Americana, to name just a few.

**Mission of the Americana Awards Banquet:**

v To honor your communities’ local heroes and spotlight their accomplishments;

v To showcase your cities’ pride and vision;

v To raise money in support of your communities’ students who attend Cypress College. Last year over \$300,000 in scholarships, emergency assistance and book grants & loans were distributed;

v To strengthen the bonds between Cypress College and the communities we serve.

**Americana Awards Program Sequence: 5:30 p.m., reception and *amazing***

silent auction with exciting gifts, trips and treasures; 6:30 p.m., Grand Ballroom opens, guests are seated; 7:00 p.m., welcome; 7:30, dinner and live auction; 8:45 p.m., awards program.

Thank you for assisting us in making this evening most memorable for your honoree and your community. Together we will make this Americana Awards evening a huge success!

Sincerely yours,

WESLEY VILLAGE GROUND BREAKING  
TUESDAY, JAN. 26, 2016; 4:00 P.M.  
GARDEN GROVE UNITED METHODIST CHURCH  
12741 MAIN STREET

- Good evening, everyone.
- I'd like to thank Jamboree Housing Corporation and the Garden Grove United Methodist Church for inviting me to speak with you this afternoon.
- It's always a pleasure to see new developments in the city and hear about the amenities that come with each project.
- Tonight is a celebration of new opportunities in the city.
- Not only are we breaking ground on a new development, we are also witnessing the creation of something truly unique and progressive.
- A collaboration between a private and public entity forming a partnership with one major goal in mind...
- And that is to offer an affordable multigenerational community for hard working young families and seniors to live and thrive together.

*-more-*

- If Garden Grove is known for one thing, it is our unity in diversity, and Wesley Village will be an example of that.
- Not only will this development enhance the look of the area and bring new revenue to the City, the community will directly benefit from the social and health services provided.
- The services will be specifically tailored to meet the unique needs of this community, providing opportunities and resources for current and future residents.
- Not to mention the new investments and jobs that will be created.
- As a major stakeholder, the City sees this venture as another reason to live or move to Garden Grove, for the quality of life it will provide.
- Once again, I'd like to thank Jamboree and the United Methodist Church, and all of the dedicated individuals who have worked tirelessly to make this project come to fruition.
- Thank you!

21 January, 2016

The Honorable Bao Nguyen  
Mayor  
Garden Grove City Hall  
11222 Acacia Parkway  
Garden Grove, CA 92840

Dear Mayor Nguyen:

As you know, Governor Brown released his 2016-2017 budget proposal on January 7th. The \$170.5 billion budget includes \$124 billion in General Fund and \$45 billion in Special Fund expenditures. The Governor's proposal begins the budget process for the 2016-17 fiscal year budget debate. In the next few months, the Legislature will hold hearings on the Governor's proposal and then make suggested changes. The final budget is required to be passed by midnight on June 15<sup>th</sup>. I wanted to share a few of the highlights that will affect local governments and would appreciate any feedback on the various proposals.

**Redevelopment:** As you know, in 2011, the state eliminated approximately 400 Redevelopment Agencies (RDAs) and replaced them with locally organized successor agencies that are tasked with retiring the former RDAs' outstanding debts and other legal obligations. The Administration is not proposing any additional legislative changes to the redevelopment law because they are currently in the process of implementing SB 107, which passed as part of last year's budget.

**Transportation:** The budget includes \$3.6 billion annually for transportation, of which \$3 billion would be generated by increased gas and diesel taxes and a road user fee (\$65 annually per car), while continuing to diverting existing transportation revenues to fund the General Fund's debt service obligation. This proposal is a continuation of the Governor's proposal from last year and is the subject of the First Extraordinary Special Session. The proposed tax increase would require a 2/3rds vote of the Legislature.

**Cap and Trade Allocations:** The budget proposes to allocate \$3.1 billion from Cap-and-Trade auction proceeds, which includes the balance of auction proceeds that were not allocated in FY 2015-16. 60% of the annual proceeds do not require a vote of the Legislature because they are continuously appropriated to High-Speed Rail Projects (\$500 million), Low Carbon Transit Operations, Transit and Intercity Rail projects (\$200 million) and Affordable Housing and Sustainable Communities programs (\$400 million). Under existing law, 40% of the money is appropriated in the budget process. In 2015-16, the Legislature failed to appropriate that year's uncommitted Cap and Trade

Allocations. As such, the Legislature will have double the money to appropriate as part of the 2016-17 budget. The Governor's budget proposes to use the funding for a laundry list of projects including Transit and Intercity Rail Capital program for additional competitive grants to support capital improvements, provide competitive grants for improvements to local streets and roads that encourage active transportation, such as walking and bicycling, transit, and other carbon-reducing road investments, and to provide financial incentives for capital investments that expand waste management infrastructure. This appropriation may be tied to the negotiations over new transportation funding.

**Public Safety:**

**Prison Population Reduction:** The budget acknowledges that the passage of Proposition 47 and the state effort to reduce its inmate population, is expected to result in 8,700 fewer state prisoners, thereby impacting local communities. Proposition 47 requires state savings from the Proposition to fund the Safe Neighborhoods and Schools Fund. The first transfer of state savings to the new fund will occur in August 2016. Currently, the Governor is estimating net savings of \$29.3 million. Ongoing savings are expected to be approximately \$57 million.

**Reentry Facilities:** The budget includes \$32.1 million to continue the community re-entry facilities. The program currently houses 220 inmates. The Governor proposes to increase the number of beds to 680 and to increase the eligibility criteria from 120 days prior to release to 180 days. \$25 million will be available for incentive payments to local governments to aid in the siting of these community-based facilities.

**Medical Marijuana Regulation and Safety Act:**

The Medical Marijuana Regulation and Safety Act enacted in 2015 created a regulatory framework for the licensing and enforcement of the cultivation, manufacture, transportation, storage, and distribution of medical marijuana in California. The Budget includes \$12.8 million (General Fund), \$10.6 million Medical Marijuana Regulation and Safety Act Fund, \$1.2 million other special funds, and 126 positions to implement the regulation of medical marijuana in California in 2016.

**City Law Enforcement Grants:** The Budget includes \$20 million to increase positive outcomes between city police and the homeless community, persons with mental health needs, and high-risk youth populations. The Board of State and Community Corrections will allocate funds to individual cities acting as a fiduciary agent within each county receiving the funds.

**Racial and Identity Profiling Act of 2015:** Last year the Legislature passed the Racial and Identity Profiling Act which revises the definition of racial profiling and, among other things, requires the Attorney General to report on citizen complaints alleging racial or identity profiling for each state and local agency that employs peace officers. Beginning in 2018-19, these local agencies will also have to report data on all stops conducted by the agency's peace officers, including the time, date, and location of the stop, and the reason for the stop.

The Budget includes \$10 million General Fund to allocate to local law enforcement agencies for costs incurred through June 2017 related to increased citizen complaint reporting activities. The administration indicates there will be a stakeholder effort to develop an allocation methodology for these funds and the overall program that limits future mandate reimbursement claims.

I hope this information is helpful. You can access the full Governor's proposal at [www.dof.ca.gov](http://www.dof.ca.gov). In a few weeks, the non-partisan Legislative Analyst will release their analysis of the Governor's proposal and you can access that proposal at [www.lao.ca.gov](http://www.lao.ca.gov). As you can see, the Governor will be engaging stakeholders on a number of his proposals. I would appreciate hearing from you on the various proposals. Please send your comments, questions or concerns to Deborah Gonzalez in my capitol office at [Deborah.gonzalez@sen.ca.gov](mailto:Deborah.gonzalez@sen.ca.gov).

Sincerely,

Dear Mayor Bao Nguyen,

On Wednesday, January 27<sup>th</sup> (4:00 – 6:00 p.m.), Fullerton School District and Fullerton Education Foundation will be hosting “Innovation Experience”, showcasing some of our best and brightest students’ technology ideas. We are expecting a community gathering of approximately 500 who will participate in “Innovation Experience”. On behalf of the students, families, faculty and staff, we would be honored to have you join us.

Attached is the invitation and press release announcing this special event. We will follow up with your office to determine your availability, and to coordinate any media relations should you be able to be there. In the meantime, should you have any questions, you may contact Myrna Marston at (619) 733-9291.

Fullerton School District is committed to celebrating the accomplishments of its students, while it strives to inspire learners to leverage the arts and technology to create, collaborate, communicate, critically think, and contribute to the global community. We look forward to having you join us.

Respectfully,

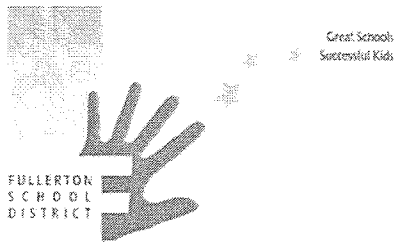

Dr. Bob Pletka

Superintendent

**Fullerton School District and Fullerton Education Foundation announce “Innovation Experience”  
Event to showcase student technology, ideas and advances**

**Fullerton, CA – January 20, 2016:** Fullerton School District today announced the 4<sup>th</sup> annual exposition of outstanding student projects. The District is committed to inspire students to leverage the arts and innovative technology to create, collaborate, communicate, think critically, and contribute to the global community. This year’s exposition is entitled “Innovation Experience”. FSD will showcase student technology ideas and advances. This event is expected to draw a large audience of over 500 students, parents, and faculty and community members.

“Innovation Experience”, a collaboration with the Fullerton Education Foundation, will be held on Wednesday, January 27, 2016, from 4:00 – 6:00 p.m. at Ladera Vista Junior High School of the Arts, 1700 Wilshire Boulevard, Fullerton.

“With the right educational tools, the right encouragement and high quality teacher instruction, it is absolutely amazing and heartening to see the technological projects that our students are advancing”, said Fullerton School District Superintendent Dr. Bob Pletka. “This event is a celebration of these accomplishments. We are proud of the work our teachers and students have developed”, he said.

Through the District’s Science, Technology, Engineering and Math (STEM) program, some project highlights will include:

**Snowman Shelter:**

Building a snowman shelter: Students will study snow and ice to create a "snowman shelter" that will slow down the melting process. Using the STEM format offers many learning experiences that lead to higher level cognitive development and greater creativity.

Time elapsed photography, graphing, engineering concepts, and project portfolios will be incorporated into Adobe Voice. The class will demonstrate an enhancement level on the SAMR Model, taking technology tools (time elapsed photography) with Adobe Voice, and include that in our project based learning activity. This project took about one week and students were required to come up with a blueprint as to what would make the best snowman shelter.

### **Disaster Simulation/Preparedness**

- Students will simulate a disaster (earthquake or tornado) that would cause considerable damage to buildings and surrounding areas. Models were created by students that simulate these conditions. Then using iPads and drones, students follow the urban search and rescue models to respond to trapped people or locate missing people.
- This project takes students to the redefinition stage of SAMR by having a purpose to program drones and other devices. This project does not just use drones for fun, but provides students with the real life task of search and rescue (performed similar to the Urban Search and Rescue teams around the world). This project also connected students with engineers and rescue team members that promote possible career choices for the future.

"Innovation Experience" will provide over 40 student/teacher exhibits from across the District's twenty schools. Fellow students, parents, staff and the community will be able to experience and explore the talent and innovation of Fullerton School District students and teachers.

"A main focus of the Fullerton Education Foundation is to assist the District to fund world-class technology in the classroom so that our students can develop life, education and career skills that will help them move on to success", said Hilda Sugarman, Fullerton School District board trustee.

'Innovation Experience' brings great pride of accomplishment to our students and teachers'

### **About Fullerton School District**

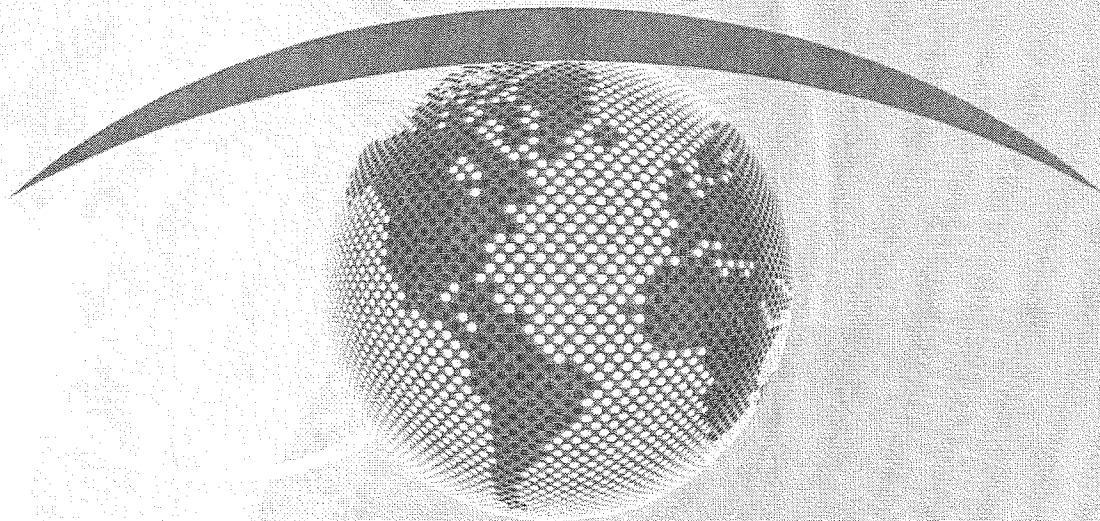

- FSD formed in 1888, one year after the founding of the City of Fullerton.

- 13,700 students grades K-8 in a 26 square mile area that encompasses most of the city of Fullerton.
- 15 elementary schools, two K-8 campuses, and three Junior High Schools.
- 52% of pupils qualify for Federal Free and Reduced Price meal program
- 640 teachers and other certificated staff, 615 classified support staff

**Subject:** OCWD Ocean Desalination Workshop - Wednesday, February 3, 2016, 5:30p.m.

Dear Community Stakeholder,

As part of Orange County Water District's (OCWD) commitment to providing a reliable and sustainable water supply to Orange County, it is exploring ocean desalination as a way to increase local water supplies. Specifically, it is evaluating the feasibility of purchasing and distributing water from the proposed Poseidon Water Huntington Beach Ocean Desalination Project. This new source of clean water would reduce the region's dependence on imported water sources from Northern California and the Colorado River that are vulnerable to drought, natural disasters, environmental concerns, and regulatory restrictions.

Based upon a Term Sheet OCWD and Poseidon agreed to in May 2015, Poseidon would construct the necessary treatment plant and OCWD would construct the necessary pipelines to distribute the desalinated water throughout the Orange County region. OCWD staff has researched and developed different options for distributing the ocean desalinated water. The OCWD Board of Directors will be conducting a public workshop on Wednesday, February 3, at 5:30 p.m. to review these options. The meeting will take place in the OCWD board room, located at 18700 Ward Street in Fountain Valley.

Additional information about OCWD's exploration of ocean desalination, including past Board actions, is available on OCWD's website at <http://www.ocwd.com/learning-center/ocean-desalination/>

**Subject:** Garden Grove Planning Commissioner's Residency in Question II 1.14.2016

Mr. Stiles,

By now you and our council-members should have had a chance to review attachments 1 & 2 and attachment 3 is a follow up article dated 1/13/2016 from the Voice of OC regarding this matter. I call your attention to the quote made by Mr. Vu Mai at the recent city council meeting of 1/12/2016:

*"When it comes to my home, the way I look at it, I'm going to get the most tax write off,*

*that's why I put in for San Clemente...the home here is not worth as much as San Clemente," Mai said.*

In order for one to make the claim of a homeowners tax exemption on one's property tax bill/assessment, the following residency requirement shall be met:

*The California Constitution provides for the exemption of \$7,000 (maximum) in assessed value from the property tax assessment of any property **owned and occupied as the owner's principal place of residence**. The exemption reduces the annual property tax bill for a qualified homeowner by up to \$70. (Article XIII Section 3 of the California Constitution, Rev & Tax 218).*

Since Mr. Mai does not deny that he actually lives in San Clemente then he would not be in violation of Revenue & Tax Code 218 and/or California Constitution Article XIII, Section 3. However, if he's going to claim coverage under California Government Code 6254.21 for his property in San Clemente because he's an "appointed official" in Garden Grove, then he appears to be in violation of California Government Code 6254.21 or at the very least misusing this particular code. At this point Mr. Mai clearly does not meet the requirement(s) of GGMC 2.21.015 and he needs to either resign his position on our planning commission or he needs to be removed by the authority set forth in our municipal code(s).

Please take the appropriate action and in the interest of transparency, please let the People of Garden Grove know which action you will be taking.

Respectfully submitted,

Tony Flores

**Subject:** Garden Grove Planning Commissioner's Residency in Question

Mr. Stiles,

It has come to the attention of the People of Garden Grove that one of our planning commissioners, a Mr. Vu Mai, does not appear to live in our city.

I had a chance to talk with Mr. Mai on 1/11/2016 and he told me that he has two homes but when I asked him which home he claims his homeowner's tax exemption on, he said the home in San Clemente.

Mr. Mai is either in violation of GGMC 2.21.015 or he is in violation of California Government Code 6254.21, Revenue & Tax Code 218 and California Constitution Article XIII, Section 3.

Please take the appropriate action and in the interest of transparency, please let the People of Garden Grove know what action you will be taking.

Gentlemen,

AB 21 repeals the March 21st deadline.

Could/should have been 'Moratorium' or a 'Sunset Clause' instead of Ban.

City Attorney did not advise completely.

Subject: Help Cal NORML Stop the Medical Marijuana Ban Wagon

To: <[steele@steelescase.org](mailto:steele@steelescase.org)>

Cc:

[View this email in your browser](#)

## Stop the Ban Wagon!

**January 24, 2016**

Cal NORML is tracking bans or proposed bans on medical marijuana cultivation and delivery in over 200 locations across California. The bans are the result of what Rep. Wood has called a "drafting error" in MMRSA, the set of bills that passed last year in the state to regulate medical marijuana.

Those regulations won't be fully enacted until at least January 1, 2018; yet there was a provision in MMRSA saying:

In cities and counties without cultivation regulations of their own, the state shall be the sole licensing authority as of March 1, 2016.

The League of Cities advised any locality that did not have a medical marijuana ordinance to ban cultivation in order to protect their land use authority. (They have now said this is because meaningful land use regulations take time to write and there simply wasn't time before the deadline.)

Rep. Wood has introduced a bill, AB 21, which would repeal the March 1 deadline; however his intent to pass the bill as an urgency measure has not slowed down the stampede to ban. A few locales are opting to regulate instead of ban, and some excluding personal use cultivation from the ordinance, but others are banning all cultivation and deliveries too. Even though some are now calling the bans "temporary," it's important to start gathering forces to push for repealing the bans in place of meaningful regulation at all local levels.

CAL NORML NEEDS YOUR HELP TO ALERT US TO PENDING BANS IN CITIES AND COUNTIES WE HAVE NOT HAD REPORTS ON. There are 58 counties and 482 cities and towns in California. If your city and/or county is not on the list posted at <http://www.canorml.org/bansbycounty.xlsx> and you can provide information on ordinances that have passed or are pending where you live, please respond ASAP.

You can:

- check your city council or board of supervisor's website for upcoming meeting agendas, and search for marijuana. Report back when a marijuana ordinance is on an agenda, with the URL to the agenda and the agenda packet (with proposed ordinance)
- follow local press accounts and send in URLs
- send us corrections or provide missing data for the spreadsheet at <http://www.canorml.org/bansbycounty.xlsx>, such as dates bans passed or will be heard

If you can check on other cities in your county, contact us for a list of those in your area.

If you are facing a ban in your area, start reaching out to your local elected officials and let them know you oppose the ban and why. Talk to your friends and neighbors and get them involved, and write letters to the editor of local newspapers.

We have developed some talking points on the topic:

- Representative Jim Wood has introduced legislation, AB 21, to repeal the March 1 deadline in state law MMRSA. That bill is on the fast track to be passed and signed by the Governor before March 1. (See Rep. Wood's letter to local officials <http://www.canorml.org/woodsletter.pdf>)

- Even if the March 1 deadline is not repealed, it is NORML's opinion that this does not mean the city (or county) will lose its right to regulate medical marijuana activities. (See Cal NORML letter at <http://canorml.org/openletter.pdf>). At a joint hearing before The California Assembly Business & Professions, Agriculture, & Health Committees about MMRSA on January 19, Rep. Wood said that even if the March 1 deadline stays in place and/or is repealed later, cities and counties won't be punished.

- If you feel you must act now, please consider three (or four) things:

- make it a 45-day moratorium instead of a ban, as Solano County did. At that time we will know better about the March 1 deadline's fate.

- include a "sunset" clause as Alameda county did, meaning the ordinance will automatically sunset at such time as the March 1 deadline is repealed, (see: <http://www.canorml.org/sunsetletter.pdf>)

- It's sadly ironic that now that the state has finally moved to regulate commercial-sized medical marijuana activities, something local jurisdictions have been calling for, many local governments are moving to ban what would be better regulated, taxed, and brought into the light of day. Please protect patient rights and work with us towards meaningful regulations instead.

- (if this bans all cultivation) the ordinance should be rewritten to ban commercial cultivation only; this is the only activity covered by MMRSA. There is no need to strip all patients in your (city or county) of their rights even if you feel you must pass a cultivation ban. Cities across the state such as Santa Barbara, Grover Beach, Morro Bay, Livermore, Suisun, Del Mar, Port Hueneme and Jurupa Valley have banned commercial cultivation but have made an exemption for personal-size gardens. Other places like Coalinga, Watsonville Adelanto and Desert Hot

Springs have regulated commercial grows instead of banning them, and San Jose, Monterey County, Long Beach and others are developing licensing regulations.

- last, and most importantly, appoint an ad hoc committee or other group to study the issue and come up with meaningful land regulations in (city or county) that will protect both public safety and patient access, as well as allow for the enforcement of environmental regulations and the taxation of commercial medical marijuana activities. Tell them you are willing to serve on such a committee (if you are) or recruit community members who will serve.

I am sure you have heard about the Short Term Rental units issues in Anaheim.

I own a home at \_\_\_\_\_, Garden grove, CA 92840 and would like to know what is the city of Garden Grove in regards to Short Term Rentals.

Are they allowed?

Are they banned?

Are they restricted to a degree?

Is there an ordinance related to Short Term Rentals.

My personal opinion is they should be banned in all residential areas. Short Term Rentals are a business and many cases causes problems in residential areas.

Dear Mayor Nguyen:

We have met on several occasions and to help you remember me further, I am married to John Goodman and am African - American. I was at the last Civic GG meeting that you attended on Bixby.

I am interested in being appointed to the Planning Commission. I am imminently qualified for the position. I would bring years of administrative experience (managing million dollar budgets) at several colleges in the California community college system. I understand and have worked in complex institutions (example - being the senior administrator in charge of a college campus), and I am acutely aware of social/public/environmental issues that confront Garden Grove. I would love to talk with you about about my appointment to the position and am available to chat with you by phone or in person at your convenience.

Sincerely, Pauli Merry, PhD

Dear Sir,

John Grigsby here, I'm a friend of Dominique Thieu. I would love to arrange a meeting with you. After speaking with Dominique during the holidays, I believe my group can help you regulate MMJ shops in your city. Due to my two sons eye disease back in the 90s I've been involved with this community since then.

Our group focuses on disabled veterans and the elderly...

If you can set up a meeting and give me 30 minutes of your time, I will be 100% transparent with you and express how to collect all the taxes that are associated with this business and also how to regulate the shops that are presently in your city.

John Grigsby

4. I remember how the criminal scumbag Brad Gates attempted to screw up my Colombian wife's legal immigration process via his strategic traffic stop on Antonio Parkway complete with orders to return home (when I was on my way to deadline sensitive matters regarding my wife's immigration process).
5. I remember how the convicted felon and criminal scumbag - Mike Carona - continued to harass me in Rancho Santa Margarita, CA while I was risking my life in Colombia trying to provide security tools to protect Colombians (in cooperation with Colombian law enforcement) while your filthy Sheriff was involved in felony crimes and paling around with cocaine trafficking pilots and taking pictures with Las Vegas mobsters.

6. I remember the number of times I've wondered whether your mobster racist #TrumpTrash police force are involved in cocaine trafficking and whether your bombs of mass reputation destruction on my life was to curry favor with their drug buddies.

7. I remember the Orange Police department impounding my vehicle on Cinco de Mayo 2009 when it could have occurred a million times before or after that day.

8. I remember that Stan Knee and his hate crime organization - the Garden Grove PD - was so despicable that when my Colombian fiancée arrived here - I chose to rent an apartment in RSM - rather than have my soon-to-be wife living in this shit hole Garden Grove condominium that me and my parents owned (my parents still lived in NYC at the time). I remember the financial damage that incurred as I poured rent money down the drain in RSM instead of pouring it into our Garden Grove property.

9. I remember that Stan Knee/Brad Gates and their hate crime organizations - the Garden Grove PD and Orange County Sheriffs Department - were so despicable that German Santos - the Latino American born in one of the original 13 colonies - considered my law enforcement engineering work in post-Pablo-Escobar's 1990's Colombia as vacation time. I felt safer in Bogota working with the police than I did in Disney 's racist shit hole of a County.

10. I remember how the criminal scumbag Kevin Raney and his current Garden Grove PD racist sociopaths took one step further into the racist hell hole they waded in. This piece of garbage and his garbage police got the brilliant idea (after both my Latino parents passed away) of harassing me around my Latino parents funeral home (Diamond and Son's/Chapman) and my parents primary care physicians office. They got the brilliant idea of putting a sleazebag CI in a funeral car and harassing me approximately a day or two after my dad passed away. And then repeated this criminal act of harassment on the first anniversary of my dad's death.

11. I remember how one of your police heroes fled the scene on the Garden Grove freeway while me and my Toyota Camry were still pointing in the opposite direction due to a attempted murder event on me by a civilian scumbag in a pickup truck.

12. I remember how no other police "heroes" appeared and thinking about how to exit that freeway without killing myself and others.

13. I remember how I got convicted of crime in 2010 and not realizing it until I received of terms of probation letter from the court - telling me to refrain from a certain activity and wondering what the hell this court was talking about.

14. But most importantly, I remember my Puerto Rican father - with his blue collar union job - sending his son to Orange County, CA with UCI scholarship in hand. only to have your racist whores of Babylon in Garden Grove use his property tax money to destroy what he loved the most.

Your racist garbage (Stan Knee / Brad Gates / Randall Gaston) spit in the face of my father Garden Grove/Orange County, CA. It continues with Kevin Raney / Raul Quezada / Sandra Hutchens.

And this is why every American will hear this story.

Re: On MLK Day...

Happy Martin Luther King's day.
