BAO CONGRESS

Bao,

I'll make this short. There's a huge FEC fundraising deadline at **midnight tonight**. Bao needs your help to show that the people of OC are a force to reckoned with.

Give $25 today

We are truly a grassroots campaign. **Our average donation is less than a hundred dollars**. Our opponents on the other hand are raking in huge sums of money from groups that support corporate interests like the TPP.

Donate $25 today to fight corporate influence

Bao needs your support now more than ever. Let's send a clear message to career politicians that the people of Orange County won't be bought.

Good morning Bao,

Hope you had a great memorial day weekend. Here is the information we discussed on Pat Halberstadt. As you see, the program will be rescheduled to July. I will keep you in the loop. Thank you for the proclamation, we appreciate it!

Subject: Pat's History & Update
Importance: High

Hi Steve – As promised, here is the bio for Pat. I tried to turn these in the bullets but it was too lengthy so hopefully this works for what the Mayor needs. It has a lot of good info but is wordy, so I am thinking they can pick out whatever they want for the proclamation but if we do need to change the format to make it easier just let Rachelle know and she will gladly re-work it.

Also, I need to let you know that I actually spoke to Pat yesterday and she had some major concerns about the June date. Apparently, she has confirmed a family reunion on the 19th since she and I last spoke and now is hesitating to re-commit to being there the 20th. She did say she would confirm with me in the next week or two, but after Rachelle and I talked it through with Andrew we are thinking it may be best to move Pat's ceremony to July in lieu of our normal meeting. I know that is not ideal, but my concern is that if we wait for her to confirm and it turns out she will not be able to make it – it would obviously pose a problem and we would have to scramble to let our invitees know of the date change. I know this week is crazy for you with SF, but if you can let us know your thoughts when you have a free minute we would love to hear if you are OK with the July option instead? Either way, we are moving forward with the signage and lettering on the building so we will not lose out on the next few weeks.

Thanks,

Mark Surmanian, M.B.A.

GREAT FUTURES START HERE.

Pat Halberstadt's career in Youth Development began with Girls Club in 1974, when she became the third Executive Director of the Club. She was the only employee of the organization which had an annual budget of $29,000. Pat knew this was her calling from the very first day on the job. Under her leadership, the Girls Club of Garden Grove began to grow with two locations, a membership of 600, and serving an average of 250 youth.

In 1996, Boys Club of Garden Grove was facing major challenges and with Pat's concern for youth, she and her Board of Directors agreed to make the Boys Club a part of the Girls Club and soon became the Girls & Boys Clubs of Garden Grove. In 1994 and the years that followed, Pat's vision and foresight in developing quality programs for children in the community allowed her to build relationshps with the Garden Grove Police Department, Garden Grove School District, and the Juvenile Justice Center to name a few. These relationships opened the door for our Family Campus Preschool, and contracts for the Truancy Reduction Center, and Family & Youth Outreach Program (FYOP) serving at risk-youth.

From 2000 to 2016, the organization has continued to grow by leaps and bounds. Pat and her team worked with the Garden Grove Unified School District on an ASES Prop 49 proposal that brought after school programs to 49 elementary and intermediate school campuses. In 2008, BGCGG was the first club in Orange County to open up two clubs on high school campuses; Santiago High School and Hare High School. As a result of the continued partnership with GGUSD, 2010 brought the McKinney Vento Program and allowed the Club to serve and support homeless youth, sticking to the heart of the mission to serve those who need us most.

Pat also believed that strong family foundations were the key to great futures. Through Family Strengthening Programs, BGCGG developed ARCHES (Access to Resources for Children's Health, Education & Support). This program connects families to resources and services to ensure that the needs of the whole child are met. In partnership with the school district and police department, our Family Strengthening Programs became a necessary tool for teachers, school counselors and

the police department to refer families needing assistance, counseling or intervention.

At the time of Pat's retirement in April 2016, the organization consisted of 60 locations, over 500 employees and an $11,650,000 budget. One might expect that someone with Pat's history would be satisfied, but they would be wrong. Pat would not rest until every child, especially those who need us most have a safe, positive place to learn and play.

Hello all,

A **HUGE THANK YOU** to all of you that came out to the Garden Grove CMC on Wednesday to support Orange County Action Civics LA students as they presented their action projects. A special thank you to Mayor Nguyen & Councilmember Kris Beard for getting on the soapbox to speak to the students as well! The youth had a transformative experience, empowered by the voice you all gave them by taking the time out of your day to listen to their work and their ideas. The event absolutely would not have been possible without your support!

We can't thank you enough for your support of these amazing young people, and we hope to see you again next year!

Hi Honorable Mayor Bao Nguyen,

Happy Wednesday!

I am very excited to inform you that nearly 600 healthcare workers at Fountain Valley Regional Hospital and Medical Center overwhelmingly voted 'YES' to form a union with the National Union of Healthcare Workers.

Your much needed letter of support played a vital role in supporting caregivers' efforts to substantially improve their working conditions by forming a union.

We will be sure to keep you updated on the next steps of our campaign and we are definitely looking forward to receiving more of your support as caregivers move even closer to improving their wages, healthcare, and other working benefits.

Thank you for your time and please feel free to contact me if I can be of assistance to you.

RE: *Nominations for 2017 Citizens of the Year Now Open (due by 8/11/16)*

On **Saturday, March 4, 2017** Cypress College will hold its **42st annual *Americana Awards***, sponsored by Union Bank. This event marks a *most* special occasion: **Cypress College's 50th Anniversary**. In addition to honoring a **Man or Woman of the Year**, the College will celebrate 50 years of student success. We will also pay tribute to a deserving individual or couple as **Citizen(s) of the Year** from: **La Palma, Los Alamitos/Rossmoor, Seal Beach, Stanton, Anaheim, Buena Park, Cypress** and **Garden Grove**.

Please consider nominating an individual or a couple for this prestigious award.

Criteria for Nomination:

- **Lives, works** or **serves** in the city in which he/she is nominated;
- Is **well-known**, **highly regarded** and has **remained active** in the community for the past five years;
- Will **attract participation** and help the event a success (proceeds benefit students);
- Has made **significant contributions of service** to their community;
- Is **available to attend the Americana Awards** on March 4, 2017;
- Is **not holding** or **running for office** as an elected official.

Note: Nominees remain active for consideration by committees for three years.

Selection Process – City Committees select a nominee and submit the name to the Americana Steering Committee for ratification.

Hi Pam,

I'm finally getting back to you on trying to schedule a meeting between the Mayor, the Superintendent, and Ms. Youssef. Unfortunately, Dr. West will not be available to sit in the meeting.

Below are dates and times when Dr. Mafi is available in the next few weeks:

June 14, 11 a.m. to noon
June 15, 1 to 3 p.m.
June 16 and 17, 10 a.m. to noon or 1 to 3 p.m.

Please let me know if the Mayor and Ms. Youssef are available for one hour in any of the dates and times I've listed.

Thank you for your patience while getting the information together.

Hi Pam,

I'd like to invite Mayor Bao Nguyen to attend a beauty & nail industry event this Saturday. I apologize for the late invite because the hosting business has a new CEO and didn't realize he has missed the Mayor. I found out today when I went over the guest list. The event details are as follows:

Nghia Nippers Corp aka Kem Nghia is a global beauty and nail tools manufacturer and distributor. We are holding an **industry meet & greet and customer appreciation event this Saturday June 4th from 11:30am to 1:30pm.** Lunch will be served.

It'll be a great networking event. Please RSVP via email reply and we'll add you to our guest list accordingly. As Nghia's Marketing & PR Rep, I'm available to answer any questions you may have. Event flyer and PR are attached for your perusal.

Location: **10712 Garden Grove Blvd, Garden Grove, CA 92843**

Thank you,

Yvon Nguyen

From Sidewalk Tool Sharpener to Global Enterprise Founder Serving 21 Countries

Founder & Chairman Shows Appreciation to Southern California Loyal Customers During U.S. Visit

Garden Grove, Calif. (June 4, 2016) – Nghia Nippers Corporation (NNC), is Asia's leading manufacturer of high quality professional grade and consumer beauty care instruments. Every month, NNC produces up to 1,000,000 pieces of cuticle/nail nippers, nail clippers, tweezers, pushers and hair scissors, supplying to buyers in 21 countries, including North and South Americas, Europe, Russia, Japan, Korea and China.

Founder and Chairman of the Board, Tuan Minh Nguyen, is visiting Southern California and his U.S. Market Headquarter in Garden Grove. Nguyen actively runs the global enterprise is taking the opportunity to meet, greet, and thank his loyal U.S. customers during his stay in Orange County. The company's name is synonymous with quality and durable nail nippers and with California being the home to over 15,000 nail salons according to Nails Mag's annual report, Nguyen wants to express his sincere appreciation to local suppliers and nail salon owners.

Nguyen came from very humble beginnings in Saigon. While unemployed, he assisted his sister's nail salon with various errands and discovered a frequent need of nail tools needing to be resharpened. Intrigued, Nguyen became an understudy to a local sharpener. He later offered sharpening services on the sidewalk specializing in nail cuticle nippers and scissors. In 1992, Nguyen started Nghia Saigon with family members as the main workforce and by 2000, Nghia Nippers Corporation became a publicly traded company.

Says Nguyen, "I want every tool made by NNC to be absolutely satisfactory to its users." With that business motto, renowned approachability, and a keen business sense, NNC becomes an internationally known company with a workforce of 2000 employees and three modern manufacturing facilities. NNC tools are particularly popular amongst Vietnamese Americans who appreciate its quality and affordability. The upcoming luncheon hosted at NNC's U.S. Headquarter serves to remind local customers that Nguyen truly cares and appreciates their business and his Garden Grove team is close by and ready to help.

Council Member Kris Beard,

I wish to commend you and your fellow council members on your actions to create a legal Dispensary system in Garden Grove. I am a patient who treats with cannabis and have spoken at the GGCC meetings in the past in favor of legal cannabis in your city. I am a longtime homeowner in nearby HB and unfortunately my city is still unable to address this subject without losing its mind. I wish you the best in your endeavors in this regard, and hope you will proceed with a minimum of hysteria, a maximum of common sense and an eye to the will of the electorate 20 years ago when they passed Prop 215 leaving its regulation up to our system of elected public servants.

Sincerely,

REMARKS FOR MAYOR BAO NGUYEN

BUENA CLINTON 14TH ANNIVERSARY CELEBRATION
THURSDAY, JUNE 2, 2016; 4:30 P.M.
12661 SUNSWEPT AVENUE

- Good evening, everyone.

- It's a pleasure to be here today at the Buena Clinton Youth and Family Center's 14th anniversary celebration.

- I have the privilege tonight of recognizing three outstanding individuals who have given tremendous support to the Center.

- They are the Youth of the Year, the Parent of the Year, and the Community Partner of the Year.

- We'll begin with our Youth of the Year.

- Would Lizzy Maldonado please come forward?

- A senior at Santiago High School, Lizzy is actively involved in her school's Junior Reserve Officer Training Corps program, a citizenship program devoted to the moral, physical, and educational uplift of American youth.

-more-

- She has been a member of the True Neighborhood Teens for five years, an elite leadership program to attract and engage local youth within the neighborhood in positive and productive activities, emphasizing neighborhood pride, character development, and leadership.

- Lizzy's goal is to attend Santa Ana College, and to transfer to a four-year university.

- Thank you, Lizzy, and congratulations!

PRESENT AWARD TO LIZZY

LEAD APPLAUSE

- Would Eva Orozco (O-ROZ-KO), Parent of the Year, please come forward?

- It's not just the youth in Buena Clinton working hard to keep this neighborhood progressing forward.

- Behind every motivated youth is a strong and supportive parent.

- A Garden Grove resident for 20 years, Eva is married with five children, and one grandchild.

-more-

- An active volunteer at the Center for more than six years, she has held several positions on the Parent Advisory Committee, and is currently serving as the President.

- She is truly a valued volunteer, and the effort she puts into improving her community can been seen and felt every day.

PRESENT AWARD TO EVA

LEAD APPLAUSE

- Last but not least, would Stephan (STEVE-AN) Lambert, the Community Partner of the Year, please come forward?

- The Buena Clinton Neighborhood Coalition addresses specific goals and objectives identified by the Coalition, evaluate service needs within the community, identify and pursue grant opportunities, and perform community outreach.

- For the past five years, Stephan (STEVE-AN) has been instrumental in developing the Center's marketing strategy, particularly the Center's website and community calendar.

- He spearheads the Garden Grove Drug Free Coalition, and its goal to reduce drug and alcohol use among youth by educating and training them with resistance skills.

- Stephan (STEVE-AN) is an integral part of this neighborhood, and thanks to him, Buena Clinton is safer and more productive.

PRESENT AWARD TO STEPHAN
LEAD APPLAUSE

- On behalf of the Garden Grove City Council, I extend my warmest congratulations to all of the award recipients.

- And, I also extend an invitation to everyone to come out on Saturday, June 18, for our City's 60th Anniversary Celebration in Village Green Park, starting at 4:00 p.m.

- Again, thank you for the opportunity to be a part of this wonderful celebration.

> Hi Steve – As promised, here is the bio for Pat. I tried to turn these in the bullets but it was too lengthy so hopefully this works for what the Mayor needs. It has a lot of good info but is wordy, so I am thinking they can pick out whatever they want for the proclamation but if we do need to change the format to make it easier just let Rachelle know and she will gladly re-work it.
>
> Also, I need to let you know that I actually spoke to Pat yesterday and she had some major concerns about the June date. Apparently, she has confirmed a family reunion on the 19th since she and I last spoke and now is hesitating to re-commit to being there the 20th. She did say she would confirm with me in the next week or two, but after Rachelle and I talked it through with Andrew we are thinking it may be best to move Pat's ceremony to July in lieu of our normal meeting. I know that is not ideal, but my concern is that if we

wait for her to confirm and it turns out she will not be able to make it – it would obviously pose a problem and we would have to scramble to let our invitees know of the date change. I know this week is crazy for you with SF, but if you can let us know your thoughts when you have a free minute we would love to hear if you are OK with the July option instead? Either way, we are moving forward with the signage and lettering on the building so we will not lose out on the next few weeks.

Thanks,

Pat Halberstadt's career in Youth Development began with Girls Club in 1974, when she became the third Executive Director of the Club. She was the only employee of the organization which had an annual budget of $29,000. Pat knew this was her calling from the very first day on the job. Under her leadership, the Girls Club of Garden Grove began to grow with two locations, a membership of 600, and serving an average of 250 youth.

In 1996, Boys Club of Garden Grove was facing major challenges and with Pat's concern for youth, she and her Board of Directors agreed to make the Boys Club a part of the Girls Club and soon became the Girls & Boys Clubs of Garden Grove. In 1994 and the years that followed, Pat's vision and foresight in developing quality programs for children in the community allowed her to build relationshps with the Garden Grove Police Department, Garden Grove School District, and the Juvenile Justice Center to name a few. These relationships opened the door for our Family Campus Preschool, and contracts for the Truancy Reduction Center, and Family & Youth Outreach Program (FYOP) serving at risk-youth.

From 2000 to 2016, the organization has continued to grow by leaps and bounds. Pat and her team worked with the Garden Grove Unified School District on an ASES Prop 49 proposal that brought after school programs to 49 elementary and intermediate school campuses. In 2008, BGCGG was the first club in Orange County to open up two clubs on high school campuses; Santiago High School and Hare High School. As a result of the continued partnership with GGUSD, 2010 brought the McKinney Vento Program and allowed the Club to serve and support homeless youth, sticking to the heart of the mission to serve those who need us most.

Pat also believed that strong family foundations were the key to great futures. Through Family Strengthening Programs, BGCGG developed ARCHES (Access to Resources for Children's Health, Education & Support). This program connects families to resources and services to ensure that the needs of the whole child are met. In partnership with the school district and police department, our Family Strengthening Programs became a necessary tool for teachers, school counselors and

the police department to refer families needing assistance, counseling or intervention.

At the time of Pat's retirement in April 2016, the organization consisted of 60 locations, over 500 employees and an $11,650,000 budget. One might expect that someone with Pat's history would be satisfied, but they would be wrong. Pat would not rest until every child, especially those who need us most have a safe, positive place to learn and play.

Hello Pam,
Goodwin Company would like to invite the Mayor to their business in the industrial area on June 30, 2016. The time will most likely be 9:00 a.m. - 12:00 p.m. Goodwin Company has recently began manufacturing and exporting to China. Around 30 companies in China will be sending their representatives to tour Goodwin Company on June 30th and Don Goodwin has requested the Mayor to join them. If the Mayor can say a few words about Garden Grove and Goodwin Company, Mr. Goodwin would greatly appreciate it. This is a big deal for Goodwin Company, and this meeting is very important to them.

Thank you.

MUNICIPAL WATER DISTRICT OF ORANGE COUNTY

Memorandum

DATE: June 2, 2016

TO: Member Agencies – MWDOC Divisions Two & Three

FROM: Larry Dick, Director – Division Two
Wayne S. Osborne, Director – Division Three

SUBJECT: Monthly Water Usage Data, Tier 2 Projection & Water Supply Information

---

The attached figures show the recent trend of water consumption in Orange County (OC), an estimate of Tier 2 volume for MWDOC, and selected water supply information.

Fig. 1 OC Water Usage, Monthly by Supply OCWD Groundwater water was the main supply in April.

Fig. 2 OC Water Usage, Monthly, Comparison to Previous Years Water usage in April 2016 was about low compared to the last 5 years. Lower usage is primarily due to strong conservation efforts and mandatory restrictions set by the governor. Rainfall for April 2016 was below the historical average and temperatures were slightly above average.

Fig. 3 Historical OC Water Consumption OC water consumption was 571,000 AF in FY 2014-15 *(this includes ~17 TAF of agricultural usage and non-retail water agency Usage)*. This is about 50,000 AF less than FY 2013-14 but is about 16,000 AF higher than FY 2010-11 (Fiscal year with lowest usage). Water usage per person was the lowest it has been for Orange County at 164 gallons per day. Although OC population has increased 20% over the past two decades, water usage has not increased, on average. A long-term decrease in per-capita water usage is attributed mostly to Water Use Efficiency (water conservation) efforts. High Temperature, precipitation and the economy all remain indicators to O.C. water consumption.

Fig. 4 MWDOC "Firm" Water Purchases, 2016 "Firm" water above the Tier 1 limit will be charged at the higher Tier 2 rate. Our current projection of Tier 2 purchases is zero in 2016.

Water Supply Information Includes data on: Rainfall in OC; the OCWD Basin overdraft; Northern California and Colorado River Basin hydrologic data; the State Water Project (SWP) Allocation, and regional storage volumes. The data has implications for the

magnitude of supplies from the three watersheds that are the principal sources of water for OC. Note that a hydrologic year is Oct. 1st through Sept. 30th.

- Orange County's accumulated rainfall through May was well below average for this period. This continues the impact of the previous four hydrologic years' below-normal rainfall in reducing those local supplies that are derived from local runoff. El Nino conditions are weakening and unfortunately there has not been the large amounts of precipitation for Southern California that was anticipated.

- Northern California accumulated precipitation in May was around 119% of normal for this period. The Northern California snowpack is 97% of normal as of April 1st. This follows three below-average hydrologic years. The State of California has been in a declared Drought Emergency since January 2014. The State Water Project Contractors Table A Allocation is only 60% as of the end of May.

- Colorado River Basin accumulated precipitation in March was 102% average for this period. The Upper Colorado Basin snowpack was 85% of normal as of April 15th. This follows two below-average hydrologic years, and this watershed is in a long-term drought. Lake Mead and Lake Powell combined have about 59% of their average storage volume for this time of year. If Lake Mead's level falls below a "trigger" limit at the end of a calendar year, then a shortage will be declared by the US Bureau of Reclamation (USBR), impacting Colorado River water deliveries for the Lower Basin states. As of Late May Lake Mead Levels were hovering around the "trigger" limit but fortunately levels are expecting to increase from the large amounts of precipitation that hit the Colorado River Basin this summer and spring. The USBR predicts that the "trigger" level will not be hit by the end of 2016.

Notes

1. "Firm" includes Full Service (both Treated and Untreated) and Barrier water.

2. Basin Pumping Percentage (BPP) is the percentage of a retail water agency's total water demand that they are limited to pump from the OCWD-managed groundwater basin. BPP pertains to Basin agencies only. For example, if a Basin agency's total demand is 10,000 AF/yr and OCWD sets the BPP at 72%, then the agency is limited to 7,200 AF of groundwater that year. There may be certain exceptions and/or adjustments to that simple calculation. OCWD sets the BPP for the Basin agencies, usually as of July 1st.

Dear Ms. McAmis,

Thank you for briefly speaking with me following the May 17th School Board meeting regarding requests I have made (as a Garden Grove resident/community member) to the Garden Grove City Council to please reinstate the City's "Youth In Government Day" program, -- a very worthy special event I remember participating in (as a "guest" City Councilman, meeting with the mayor and City Council including Ms. Kay Barr) when I was a senior at Pacifica High School!

As mentioned and following-up, I am forwarding the below/attached FYI and reference regarding the meeting you are having with Ms. Kim Huy, Community Services Director, on Monday, June 6th.

I cannot speak for them, however I believe Mayor Bao Nguyen and one or more Council members including Kris Beard are open to considering this request; and when I first mentioned it to him, Dr. West indicated he is supportive of GGUSD participating in Youth In Government Day (YIGD), -- having been aware of it through one or more schools he worked at.

It is my understanding that YIGD would be provided without cost to select (i.e. leadership/ASB) senior high school students within the GGUSD, -- thereby providing them with an excellent and very special opportunity! As such, it is my sincere hope, desire and recommendation for this most-worthy endeavor to possibly take place during the 2016-2017 school year.

Thanking you in advance for your anticipated support for YIGD!

INTER-DEPARTMENT MEMORANDUM

To:	Delbert L. Powers	From:	Michael D. Fenderson
Dept:	City Manager	Dept:	Human Services
Subject:	YOUTH IN GOVERNMENT DAY	Date:	February 1, 1983

The Youth Commission at the regularly scheduled meeting of January 6, 1983, discussed the proposed Youth In Government Day for 1983. Youth In Government Day has become an annual event in the City of Garden Grove, involving the youth in the city. The purpose of Youth In Government Day is to provide students with an opportunity to become familiar with the purpose, functions and organization of the municipal government. The Commission appointed a Committee to suggest plans for the day's activities, and has suggested that Monday, April 18, 1983 be designated by the City Council as Youth In Government Day.

Specific activities for the day will be discussed at the regular meeting of the Commission on February 3, 1983, after which the proposed activities will be submitted for your review.

The Garden Grove Unified School District has been notified of the suggested date and we are awaiting approval by the School Board.

The Youth Commission recommends that the City Council approve April 18, 1983 as Youth In Government Day in the City of Garden Grove.

Subject: YOUTH-IN-GOVERNMENT DAY

Date: March 29, 1983

The Garden Grove City Council has designated Monday, April 18, 1983, as Youth-In-Government Day. Established to provide interested high school students an inside view of municipal government, the day's activities once again promise some exciting educational experiences. In addition to acting as City Council and staff counterparts, the youth will participate in workshops, providing opportunity for the exchange of ideas regarding the needs of youth in Garden Grove.

Each department director is requested to designate which middle-management representatives will be participating in Youth-In-Government Day, and will assign one of these representatives to serve as department liaison to coordinate with the Human Services Department. Attached is a list of those positions represented by each department at last year's Youth-In-Government Day. The liaisons should contact Julie Burns (Ext. 856) by Friday, April 8, with the names of the department participants.

An agenda of the day's activities has been established, with staff participation scheduled between 11:15 a.m.-1 p.m. Youth counterparts will be brought to staff offices between 11:15 and 11:30 a.m. After a short visit at the worksites, staff will accompany their counterparts to the buffet luncheon at the Community Meeting Center. The luncheon begins at noon, with Mayor Jonathan Cannon as the keynote speaker. Staff participants will receive more specific information from the department liaisons at a later date.

I expect that Youth-In-Government Day once again will provide youth with an enjoyable and educational forum in which to familiarize themselves with municipal government. Your participation and efforts in support of Youth-In-Government Day are greatly appreciated, and are essential in making the day a meaningful experience for the youth. If you have any questions, please contact Julie Burns on Extension 856.

PRESENTATION OF YOUTH GOALS AS RECOMMENDED BY YOUTH DAY PARTICIPANTS, AND DISCUSSION OF WORKSHOP ACTIVITIES (F:114.2) (x-122.44)

George Shohet, Chairman of the Youth Commission, presented the Youth Plan and the listing of goals, describing the workshops that had been held throughout the day, indicating the areas where the youth had provided suggested changes and input.

Discussion ensued as to whether the Youth Commission was desirous of the entire plan being approved or just the listing of goals. It was the consensus of the Youth Commission members present that the goals listed on the one-page cover sheet for the plan is what is being requested for approval, which is similar to the goals approved for the Policy on Aging. The Youth Commission Chairman indicated that these would be guidance factors for the Youth Commission.

Councilmembers urged the Youth Commission to transmit their concerns regarding education to the Garden Grove Unified School District.

Councilman Krieger moved, seconded by Mayor Williams, that the Statement of Goals for Youth dated February 9, 1978, as presented by the Youth Commission and recommended by the Youth in Government Day participants, be and hereby is approved. Said motion carried by the following vote:

AYES:	COUNCILMEMBERS: (5)	BARR, DONOVAN, ERICKSON, KRIEGER, WILLIAMS
NOES:	COUNCILMEMBERS: (0)	NONE
ABSENT:	COUNCILMEMBERS: (0)	NONE

Mayor Williams presented Certificates of Appreciation to the Youth in Government Day participants.

CITY OF GARDEN GROVE
STATEMENT OF GOALS FOR YOUTH

The City of Garden Grove finds:

A. The youth of the City comprise the largest single portion of the population.
B. That there are diverse and complex individual needs for the youth of the City.
C. The youth represent the backbone of future society and must assume responsibilities for community leadership.

Therefore, City adopts the Garden Grove Statement of Goals as presented by the Youth Commission and discussed in an open forum by the youth participants at the 1978 Youth in Government Day.

Specifically, the City encourages the attainment of the following goals through roles deemed appropriate:

1. EDUCATION: That educational systems be responsive to the unique and dynamic needs of the youth populace.

2. EMPLOYMENT: That each Garden Grove youth interested in obtaining meaningful employment be provided either the necessary training or ready access to employment.

3. HEALTH: That every youth be provided education as well as medical services which insure the proper physical and mental development of the youth through both preventive maintenance, and, if necessary, rehabilitative services.

4. RECREATION: That Garden Grove youth be provided diverse recreational opportunities which meet the unique needs of different segments of the youth population.

5. JUVENILE DELINQUENCY: That Garden Grove youth who are experiencing difficulties in adapting to society's acceptable roles be provided with opportunities to learn more appropriate methods of socialization.

6. TRANSPORTATION: That Garden Grove youth are provided access to other areas of the community through safe, economical, ecological and efficient modes of transportation.

HONORABLE MAYOR
MEMBERS OF THE CITY COUNCIL:

For the past several months the Youth Commission has been analyzing the Youth Section of the City's Needs Assessment document. The attached document, which we have entitled the Youth Plan, has been extracted from the Needs Assessment and represents our determinations of the priority needs of youth in Garden Grove. At our meeting of February 9, 1978 the Commission endorsed the plan and recommended transmitting it to City Council for review.

Simultaneously, the Commission has been eagerly preparing for Youth in Government Day, which you have designated as February 27, 1978. Along with our plan we are transmitting an updated copy of the itinerary, which features Judge William Murray, the Presiding Judge of the Orange County Juvenile Court, as a guest speaker. In addition, several workshops have been planned which will investigate the need areas listed in the Youth Plan.

In effect, the Commission is attempting to combine the most positive educational components of past Youth in Government Days with an additional element, the opportunity for young citizens to provide feedback to the City's leaders about their perceptions of the needs of youth in Garden Grove.

Members of the Commission are looking forward to discussing these matters with you at the Council Study Session on Monday, February 13, 1978 at 6:15 p.m. We feel that your insights will enable us to offer the youth of Garden Grove an outstanding Youth in Government Day Program and potential solutions to problems which confront youth in comtemporary society.

Respectfully,

George Shohet

YOUTH IN GOVERNMENT DAY
Monday, February 27, 1978

12:30 P.M. - 1:00 P.M. - Registration

Garden Grove Community Meeting Center, Garden Grove Room A, 11300 Stanford Avenue

1:00 P.M. - 1:30 P.M. - Introductions

Garden Grove Room. Introductions of Mayor, Council, City Manager and youth counterparts, opening remarks, and review of the program schedule.

1:30 P.M. - 3:30 P.M. - Meetings With Individual Counterparts/Departmental Meetings

During this time block it is planned that two objectives be accomplished. First, City staff should meet individually with their counterparts to discuss their job as it relates to the department and overall City organization. Also, it is hoped that the group of counterparts assigned to each respective department can meet with the department director and key staff to receive a fuller orientation to each unique department and its role in the City. Following these meetings, staff should return their counterparts to the Community Meeting Center and their responsibilities for the day will be concluded.

3:30 P.M. - 4:00 P.M. - Guest Speaker Judge William Murray

Garden Grove Community Meeting Center, Garden Grove Room A

4:00 P.M. - 4:30 P.M. - Workshop I - Specialized Needs

Youth will participate in one of the following specialized need area workshops: 1) Education 2) Transportation 3) Health 4) Human Services 5) Employment

4:30 P.M. - 5:00 P.M. - Workshop II - Youth Plan

All participants will reassemble to discuss the proposed Youth Plan and make recommendations for the City Council meeting.

5:00 P.M. - 7:00 P.M. - Dinner

Community Meeting Center - Garden Grove Room B

A cold buffet dinner will be served to all youth participants and attending City staff. It is hoped that the respective department directors who will be participating in the regular City Council meeting will join the Mayor, Council, Youth Commission and youth participants at dinner. Entertainment will be provided by one of the local high school jazz ensembles.

7:00 P.M. - City Council Meeting

A regular meeting of the Garden Grove City Council will be held with special agenda items relating to Youth in Government Day and the proposed Youth Plan scheduled accordingly. Youth participants are expected to attend this meeting.

EDUCATION

GOAL: That educational systems be responsive to the unique and dynamic needs of the youth populace.

SUBGOALS: That the following range of educational opportunities be available to all youth:

(1) ELEMENTARY SCHOOLS WHICH TEACH YOUTH THE BASIC SKILLS, SUCH AS READING, WRITING, AND MATHEMATICS, AS WELL AS OTHER SUBJECTS.

Need - The most recent set of School District Performance Results indicates that this area needs to be examined. Garden Grove ranked second lowest among 26 reporting school districts (of 29 in Orange County) in 1975-76 reading scores for the second and third grades. In sixth grade scores, Garden Grove ranked fourth lowest in spelling and mathematics, tied for fifth lowest in written expression, and ranked seventh lowest in reading. Of 14 Orange County districts reporting 12th grade scores, Garden Grove ranked second lowest in written expression, spelling, and mathematics, and third lowest in reading. The Garden Grove Unified School District currently is developing competency standards for measuring these basic skills in high school students.

(2) WELL-STAFFED AND HIGHLY TRAINED PRE-SCHOOLS AND DAY CARE CENTERS WHICH CONCENTRATE ON SERVING AS ADJUNCTS TO THE FAMILY IN PROPERLY RAISING CHILDREN.

Need - The consensus on the need for day care is widespread, as it is considered the fifth most significant need (out of 50) of the entire County, according to the 1974 Report on the State of the County. Within Garden Grove, the need for additional low-cost or free day care is substantial. As of May, 1976, over 400 families (not individual children) were on the waiting list for low-cost and free day care provided by the School District, with an additional 100 families each month inquiring about the service but declining to join the waiting list due to its length.

(3) SECONDARY SCHOOLS WHICH EXPAND STUDENT SKILLS AND KNOWLEDGE SO AS TO PREPARE THEM FOR FURTHER EDUCATION IF SO DESIRED; AND TO TEACH BASIC SKILLS NECESSARY FOR TRANSITION TO THE WORK FORCE AND ADULTHOOD.

Need - One of the functions of high schools is to prepare students for higher education. In Garden

Grove, approximately 40% of the high school graduates elect to seek further academic training, and thus are in particular need of this aspect of the School's program. Whatever their future plans, though, students are also in need of programs such as the teaching of consumer skills which help to smooth their transition to an adult role in society.

(4) VOCATIONAL PROGRAMS TO TRAIN STUDENTS WHOSE DESIRE IS TO ENTER THE WORK FORCE RATHER THAN TO EXPAND THEIR EDUCATIONAL BASE.

Need - As less than 40% of the City's high school graduates ever pursue further formal education and less than 9% ever complete college, the efforts of the School District to develop semi-skilled to professional job occupational learning programs should be supported. In addition, the continuation of the Regional Occupation Program (ROP) should be endorsed.

(5) SPECIALIZED PROGRAMS TO MEET THE NEEDS OF ANY STUDENT WITH PHYSICAL OR DEVELOPMENTAL DISABILITIES.

Need - In Garden Grove 8.3% of school aged youth have some form of educational handicap, while, due to State funding restrictions, only 2.5% are enrolled in special education programs. Students from low income families are especially in need of such school-provided programs because they lack the resources with which to secure private assistance. Thus the State should be encouraged to re-evaluate the minimum standards for funding of special education programs in an effort to increase the availability of such programs to children in need of their services.

(6) EXPANSION OF HEALTH EDUCATION CLASSES AT ALL LEVELS OF SCHOOL

(See HEALTH Section)

EMPLOYMENT

GOAL: That each Garden Grove youth interested in obtaining meaningful employment be provided either the necessary training or ready access to employment.

SUBGOALS: That youth are insured:

(1) FREEDOM FROM EMPLOYMENT DISCRIMINATION DUE TO AGE.

Need - Youth experience the frustration of age discrimination primarily due to their lack of work experience. Specifically the 1976-77 Manpower Plan reveals that 55.5% of the high school drop-outs between the ages of 16 and 21 were unemployed during 1970. Training and referral programs can play a crucial role in helping youth to secure both part-time and career-oriented job opportunities.

(2) EQUAL ACCESS TO VALID TRAINING PROGRAMS AND INFORMATION CONCERNING JOB OPPORTUNITIES.

Need - The Economic Development Section of the Needs Assessment Study revealed that the Garden Grove labor force increased 3.5% from 1970-1976 despite the fact that the total city population increased. Additionally, it stated that teenage unemployeed in 1975 was five (5) times higher than that of workers over 25. Revised projections from the 1970 Census revealed that 41.0% of all persons living below poverty within Garden Grove were children below 18. The 1975 Garden Grove Youth Commission Survey reported that 71.3% of the surveyed had a problem in finding an after school job. 73.9% had difficulty in finding information about job openings. Either decentralized job banks at schools, shopping centers, parks, etc. or increased publicity regarding available youth-oriented employment services e.g. Y.E.S., are necessary. In addition, local youth serving agencies note that more individual counseling is needed as well as greater cooperation between school teaching of job skills and private sector provision of job opportunities.

HEALTH

GOAL: That every youth be provided education as well as medical services which insure the proper physical and mental development of the youth through both preventive maintenance, and, if necessary, rehabilitative services.

SUBGOAL: That youth are provided:

(1) PREVENTATIVE CHECKUPS.

Need - The development of all youth should be monitored as they grow and nature. Programs such as the Child Health and Disability Prevention Program and existing school health services need to be implemented and coordinated so that youth of all ages annually will receive health checkups.

(2) HEALTH EDUCATION AT ALL LEVELS OF SCHOOL.

Need - The Orange County Health Department and the Orange County Department of Mental Health report that some children are still not receiving adequate care for numerous reasons including limited public awareness. According to the Health Department, the need for teen-age family planning and veneral disease treatment is very significant, while improper nutrition and insufficient immunization levels are the primary health problems among children. Specifically, during the first three months of 1976, over 500 Garden Grove residents, many of whom were youths under the age of 18, were treated by the Health Department for veneral disease. At the same time, almost 300 City residents received family planning or maternal health assistance from the Health Department, and most of these patients were youths or young adults.

(3) PHYSICAL AND MENTAL HEALTH SERVICES, ESPECIALLY LOW-COST BASIC SERVICES WHICH CAN MEET THE NEEDS OF LESS FORTUNATE OR ECONOMICALLY DISADVANTAGED YOUTH.

Need - Efforts should be supported to continue and to expand such services provided by agencies such as the Orange County Health Department, Department of Mental Health, and Social Services Department, including immunization, veneral disease clinics, family planning, crippled children's services, substance abuse facilities, family counseling, crisis intervention services, child abuse programs as well as any other needed services.

HEALTH (con't)

(4) PROTECTION FROM VICTIMIZATION.

Need - There appears to be a rapidly increasing prevalence of child abuse and neglect throughout the community. The most serious need for personal protection services involves children who are either abused or neglected. In 1974 over 100,000 cases of child abuse were reported nationally, while in 1976, 9.8% of the child abuse incidents within Orange County involved children from Garden Grove (according to the 1976 Report on the State of the County). The effects of child abuse are especially severe because it often results in abnormal child development including emotional or physical handicaps, "acting out," or anti-social behavior.

JUVENILE DELINQUENCY

GOAL: That Garden Grove youth who are experiencing difficulties in adapting to society's acceptable roles be provided with opportunities to learn more apporpriate methods of socialization.

SUBGOALS: That youth be provided:

(1) MEANINGFUL OPPORTUNITIES FOR INVOLVEMENT IN DELINQUENCY PREVENTING ACTIVITIES IN CONJUNCTION WITH THE SCHOOLS, RECREATION PROGRAMS, AND OTHER COMMUNITY AGENCIES.

Need - Family dysfunction and other causes of anxiety, frustration, and stress which can lead to delinquent behavior need to be examined. Educational and counseling services which seek to head off and deal with such difficulties need to be made available to youth and their families in order to reduce the occurence of anti-social behavior.

(2) DIVERSION FROM THE JUVENILE JUSTICE SYSTEM.

Need - The further penetration of Garden Grove youths into the Juvenile Justice System should be reduced and efforts made to achieve a more comprehensive and coordinated approach to the juvenile diversion process through the redirection and expansion of existing community resources. The City's existing Youth Diversion Programs should continue to act as central coordinating units for all community services for young people.

RECREATION

GOAL: That Garden Grove youth be provided diverse recreational opportunities which meet the unique needs of different segments of the youth population.

SUBGOALS: That youth are provided:

(1) OPPORTUNITIES TO PLAN AND TO PARTICIPATE IN A FULL RANGE OF RECREATION PROGRAMS AND ACTIVITIES SUCH AS THEATRE ARTS, ART, MUSIC, SPORTS LEAGUES, TEEN CLUBS, AND AFTER SCHOOL SPORTS WHICH ARE SPONSORED THROUGH THE CITY, SCHOOLS, CHURCHES, AND PRIVATE OR NON-PROFIT ORGANIZATIONS.

Need - Recreation and leisure time are widely recognized as a necessary part of a well balanced life. Such activities provide an avenue for satisfying certain personal desires for social contact, for recognition, for new experiences, for enjoying oneself and one's environment, and for developing the individual will, intellect, and creative faculties.

(2) INFORMATION CONCERNING RECREATION PROGRAMS AND ACTIVITIES, WHICH ARE ADMINISTERED ON A REGIONAL AND NEIGHBORHOOD BASIS.

Need - In the 1975 Garden Grove Youth Commission Survey, 50.5% of the youth surveyed reported that they had some degree of difficulty finding recreational activities that were close to their home and 53.8% stated that they had a problem finding enough information about what recreational activities were available to them.

(3) ALTERNATIVE RECREATION PROGRAMS.

Need - Youth who are either economically disadvantaged and/or handicapped need to have access to recreation programs, and the development of alternative sources of funding to provide special programs should be investigated.

TRANSPORTATION

GOAL: That Garden Grove youth are provided access to other areas of the community through safe, economical, ecological and efficient modes of transportation.

SUBGOALS: That transportation of the following types be available:

(1) PUBLIC TRANSPORTATION AT THE COMMUNITY LEVEL WITH SPECIAL FARES FOR YOUTH.

Need - Although it is estimated that only 4% of the City's younger residents use the public transit system on a regular basis, over 64% of young people in Garden Grove who were surveyed in 1975 supported the implementation of a community level Dial-a-Ride system. The Lincoln Educational Training Center identifies the absence of dependable transportation as a further deterrent to teenage job placement and job longevity. Youths transit dependency also limits their involvement in recreational, social, and cultural pursuits as well as minimizing their accessibility to local shopping areas, schools, entertainment centers, and other facilities. Although bicycles and walking will remain a frequently used mode of transportation for youth, inclement weather and long traveling distances limit their use. The expansion of available public transit services offered by the Orange County Transit District may not suitably resolve all the diverse and individualized transportation needs of the City's youth, but a dependable community level system should enhance their ability to actively participate in many positive opportunities available within the City and act to minimize certain frustrations which accompany this already turbulent period in their lives.

(2) SAFE BIKE ROUTES THROUGHOUT THE CITY.

Need - According to the 1975 Garden Grove Youth Commission survey, the most widely used mode of transportation by youth is the bicycle. This survey estimates that 34.0% of the City's younger residents use bicycles as their primary transit source. Currently, there exists approximately ten (10) miles of bike routes within Garden Grove, but this is not sufficient to provide adequate safety for the potential number of bicyclists in the City. Although safety of bicyclists is of major concern in establishing bicycle routes within the City, other benefits to you are also realized such as better access to parks, beaches, jobs, entertainment centers, and shopping areas.

TRANSPORTATION (Con't)

(3) SIDEWALKS ON THE STREETS WHICH YOUTH TRAVEL.

Need - The sidewalk represents the most convenient and safe route of pedestrian transportation, which is significant to youth as they characteristically lack access to automobiles and/or public transportation. The Garden Grove Youth Survey reveals that 28.1% of the City's youth identified walking as their primary source of transportation. Many areas of the City do not have adequate sidewalks because early subdivisions were not required to contain sidewalk systems. In these areas youth are forced to walk in the street or across yards and landscaped areas. In addition, some existing sidewalks within the City have deteriorated to a point where they constitute safety hazards. Even with increases in other transit sources, walking will remain an important mode of transportation for youth and preteens and the development and maintenance of sidewalks will continue to be important.

(4) PUBLIC RAPID TRANSIT

Need - Mass rapid transit generally is used for purposes of commuting long distances and is used most frequently by the employed population. However, the close proximity of the proposed mass rapid transit corridor (along the Pacific right-of-way) through Garden Grove may facilitate local use travel to major sport and entertainment centers in the Los Angeles area. In addition, there exists the possibility that increased use of rapid transit will reduce the dependence upon the automobile and reduce the safety hazards to youthful pedestrians and bicyclists.

(5) SCHOOL TRANSPORTATION

Need - The number of school age children (0 - 14) residing in Garden Grove has steadily decreased from the years 1970 - 1976. The need for school transportation will center around maintaining sufficient, easily accessible school bus transit systems for those youth who do not have other transportation alternatives available.

CITY OF GARDEN GROVE
STATEMENT OF GOALS FOR YOUTH

The City of Garden Grove finds:

A. The youth of the City comprise the largest single portion of the population.
B. That there are diverse and complex individual needs for the youth of the City.
C. The youth represent the backbone of future society and must assume responsibilities for community leadership.

Therefore, City adopts the Garden Grove Statement of Goals as presented by the Youth Commission and discussed in an open forum by the youth participants at the 1978 Youth in Government Day.

Specifically, the City encourages the attainment of the following goals through roles deemed appropriate:

1. EDUCATION: That educational systems be responsive to the unique and dynamic needs of the youth populace.

2. EMPLOYMENT: That each Garden Grove youth interested in obtaining meaningful employment be provided either the necessary training or ready access to employment.

3. HEALTH: That every youth be provided education as well as medical services which insure the proper physical and mental development of the youth through both preventive maintenance, and, if necessary, rehabilitative services.

4. RECREATION: That Garden Grove youth be provided diverse recreational opportunities which meet the unique needs of different segments of the youth population.

5. JUVENILE DELINQUENCY: That Garden Grove youth who are experiencing difficulties in adapting to society's acceptable roles be provided with opportunities to learn more appropriate methods of socialization.

6. TRANSPORTATION: That Garden Grove youth are provided access to other areas of the community through safe, economical, ecological and efficient modes of transportation.

YOUTH IN GOVERNMENT DAY
Monday, February 27, 1978

12:30 P.M. - 1:00 P.M. - Registration

Garden Grove Community Meeting Center, Garden Grove Room A, 11300 Stanford Avenue

1:00 P.M. - 1:30 P.M. - Introductions

Garden Grove Room. Introductions of Mayor, Council, City Manager and youth counterparts, opening remarks, and review of the program schedule.

1:30 P.M. - 3:30 P.M. - Meetings With Individual Counterparts/Departmental Meetings

During this time block it is planned that two objectives be accomplished. First, City staff should meet individually with their counterparts to discuss their job as it relates to the department and overall City organization. Also, it is hoped that the group of counterparts assigned to each respective department can meet with the department director and key staff to receive a fuller orientation to each unique department and its role in the City. Following these meetings, staff should return their counterparts to the Community Meeting Center and their responsibilities for the day will be concluded.

3:30 P.M. - 4:00 P.M. - Guest Speaker Judge William Murray

Garden Grove Community Meeting Center, Garden Grove Room A

4:00 P.M. - 4:30 P.M. - Workshop I - Specialized Needs

Youth will participate in one of the following specialized need area workshops:
1) Education ~~2) Transportation~~ 3) Health 4) Human Services 5) Employment

4:30 P.M. - 5:00 P.M. - Workshop II - Youth Plan

All participants will reassemble to discuss the proposed Youth Plan and make recommendations for the City Council meeting.

5:00 P.M. - 7:00 P.M. - Dinner

Community Meeting Center - Garden Grove Room B

A cold buffet dinner will be served to all youth participants and attending City staff. It is hoped that the respective department directors who will be participating in the regular City Council meeting will join the Mayor, Council, Youth Commission and youth participants at dinner. Entertainment will be provided by one of the local high school jazz ensembles.

7:00 P.M. - City Council Meeting

A regular meeting of the Garden Grove City Council will be held with special agenda items relating to Youth in Government Day and the proposed Youth Plan scheduled accordingly. Youth participants are expected to attend this meeting.

From: Richard R. Powers

Dept:

Dept: City Manager

Subject: YOUTH IN GOVERNMENT DAY

Date: January 11, 1978

The Mayor and City Council have proclaimed Monday, February 27, 1978, as Youth in Government Day. The ultimate success of the program is dependent upon the cooperation of all City Departments.

Youth in Government Day is designed to provide interested students with a firsthand experience with their Municipal Government, and to simultaneously provide a forum for the exchange of ideas and recommendations regarding the needs of youth in Garden Grove.

In order to make this year's program even more meaningful than in previous years, the schedule has been modified to allow attendance of the youth participants at an actual City Council meeting. An outline of the proposed program activities is attached for your reference.

The Department of Human Services has been designated to coordinate this year's program. A member of their staff will be contacting you in the near future to discuss the details of your Department's involvement. Your anticipated cooperation and assistance will be greatly appreciated.

DISCUSSION OF PLANS FOR "YOUTH IN GOVERNMENT DAY" (F:114.2)

The City Manager introduced George Shohet, Chairman, Pam Knecht, Jeff Krebs, Mark Westlund, and Susan Leptich, members of the Garden Grove Youth Commission.

Chairman Shohet presented the Youth Plan for inclusion in Youth in Government Day, reviewing the goals and subgoals for Education, Employment, Health, Juvenile Delinquency, Recreation, and Transportation.

Staff reviewed the itinerary for Youth in Government Day on February 27, 1978, beginning at 12:30 p.m. with registration and ending with the City Council meeting at 7 p.m., commenting that in between there will be meetings with individual counterparts and department meetings, a guest speaker, workshops, and dinner.

Councilman Erickson commented that the five students selected for City Council counterparts should receive Agenda packets in order that they could be fully informed at the Council meeting.

Councilman Krieger indicated that the broadened scope of the Youth Plan was very educational; however, he expressed concern that the topics were more related to the School District than to local government, and suggested that the recommendations provided through Youth in Government Day discussions be transmitted to the School District in some form.

Chairman Shohet indicated that the Youth Commission felt that the design of the day's events addressed the needs of the students and that the group discussion on education was to be directed by School Board member Dr. Kellogg, and commented that the Youth Commission felt that education was a primary concern of the youth in Garden Grove.

Councilwoman Barr suggested that the Youth Commission recommend that their findings be taken directly to the School Board by the Youth in Government Day participants, and that those areas where the City can do something be stressed in Youth in Government Day.

Councilman Krieger inquired whether the City Council could be informed of their youth counterparts prior to Youth in Government Day, so they could meet with them to briefly explain the role of a Councilmember.

Chairman Shohet indicated that the Youth Commission anticipated that the Youth Plan, containing recommendations on each section, would be presented at the City Council meeting of February 27, 1978, with the hope that the Council would adopt it.

Councilman Krieger suggested that the portion on juvenile delinquency include a tour of AMPARO and the Drug Diversion Facility.

Commissioner Westlund indicated that Judge William Murray of the Juvenile Court would be the guest speaker at 3:30 p.m., on Youth in Government Day, and invited Councilmembers to attend.

Hello Mayor Bao!
My name is Lucia Vu and I am a junior at La Quinta High School. Currently, I am building a boat with a friend out of paper and wooden sticks. I would be honored if you rode our boat! We also get extra credit for getting someone famous on our boat (and that someone is you!!!). Don't worry though. The boat will be coated with polyurethane which will make the boat water resistant! I have a picture of the boat's frame attached to this e-mail. I sincerely hope that you are free on Tuesday, May 7th to ride my boat, any time from 8:10 AM to 3 PM. If you are free to ride on my boat, please reply with the time(s) that you're free. Thank-you so much for your time Mayor Bao!

LAW ENFORCEMENT AGENCIES AND VICTIM SERVICE PROVIDERS WILL BE RECOGNIZED AT THE 13TH ANNUAL CRIME SURVIVORS "GRATITUDE LUNCHEON" HOPEFUL HEALING FOR SURVIVORS AWARDS BANQUET

-- Special awards recipients for the above and beyond recognition include ones from San Bernardino County Sheriff's Department, San Bernardino County Police Department, Garden Grove Police Department, Los Angeles County Sheriff's Department, Bureau of Victim Services and the victim advocacy lifetime achievement award will be presented to Irvine Police Department, Chief Mike Hamel.--

SOUTHERN CALIFORNIA (JULY 2015) – Crime Survivors announced today their plans for the 2016 Crime Survivors Gratitude Luncheon, *"Hopeful Healing for Survivors Awards Banquet."* Scheduled for Tuesday, June 7, the event serves as a luncheon and a chance to honor those who have went above and beyond and are united together to help victims of crime. The event will be held from 11:30 am - 2:30 pm at The Anaheim White House, a restaurant located at 887 South Anaheim Boulevard, Anaheim, CA 92805.

"We wanted to take a moment to thank these particular agencies and individuals for their participation and support," said Patricia Wenskunas, Crime Survivors Founder and CEO. "We hope that our recognition goes a long way in showing others that their efforts are noticed and greatly appreciated."

Crime Survivors has teamed-up with other organizations throughout Southern California to honor individuals for their efforts. Their hard work has provided a service to victims that goes beyond their normal call of duty and demonstrates their compassion for human-beings in need of care and guidance. Such recipients include Irvine Police Department, Garden Grove Police Department, Los Angeles County Sheriff's Department, San Bernardino Sheriff's Department, San Bernardino Police Department, and many other members of various law enforcement, public agencies, private entities and individuals around the Southern California area.

-- Southern California based non-profit organization, Crime Survivors unites together law enforcement agencies, victim service providers, victims, families, survivors; and brings them all together to empower one another –

Subject: Meeting regarding marijuan problem

Dear Mr. Nguyen and Mr. Bui,

My wife Miejung Park and I had the pleasure of meeting you last month, at the Garden Grove public meeting regarding potential changes to the laws regulating marijuana in our city. Thank you for taking the time to talk with us, and for inviting us to meet privately at a later time.

I would like to invite you to meet with me at my business on Garden Grove Boulevard. I think it would be useful to meet at our usual business opening time of 10:00 a.m. At that time, the marijuana odor is at its strongest, before it has had time to dissipate from ventilation. You will be able to understand the problems this causes for our business.

Please let me know when you can meet with me. My business address is:

GG Body and Foot Massage
8851 Garden Grove Boulevard
Garden Grove, California

Please reply by email, or call me at (714) 469-3232. I look forward to seeing you soon.

Sincerely,
Song Bok Shin

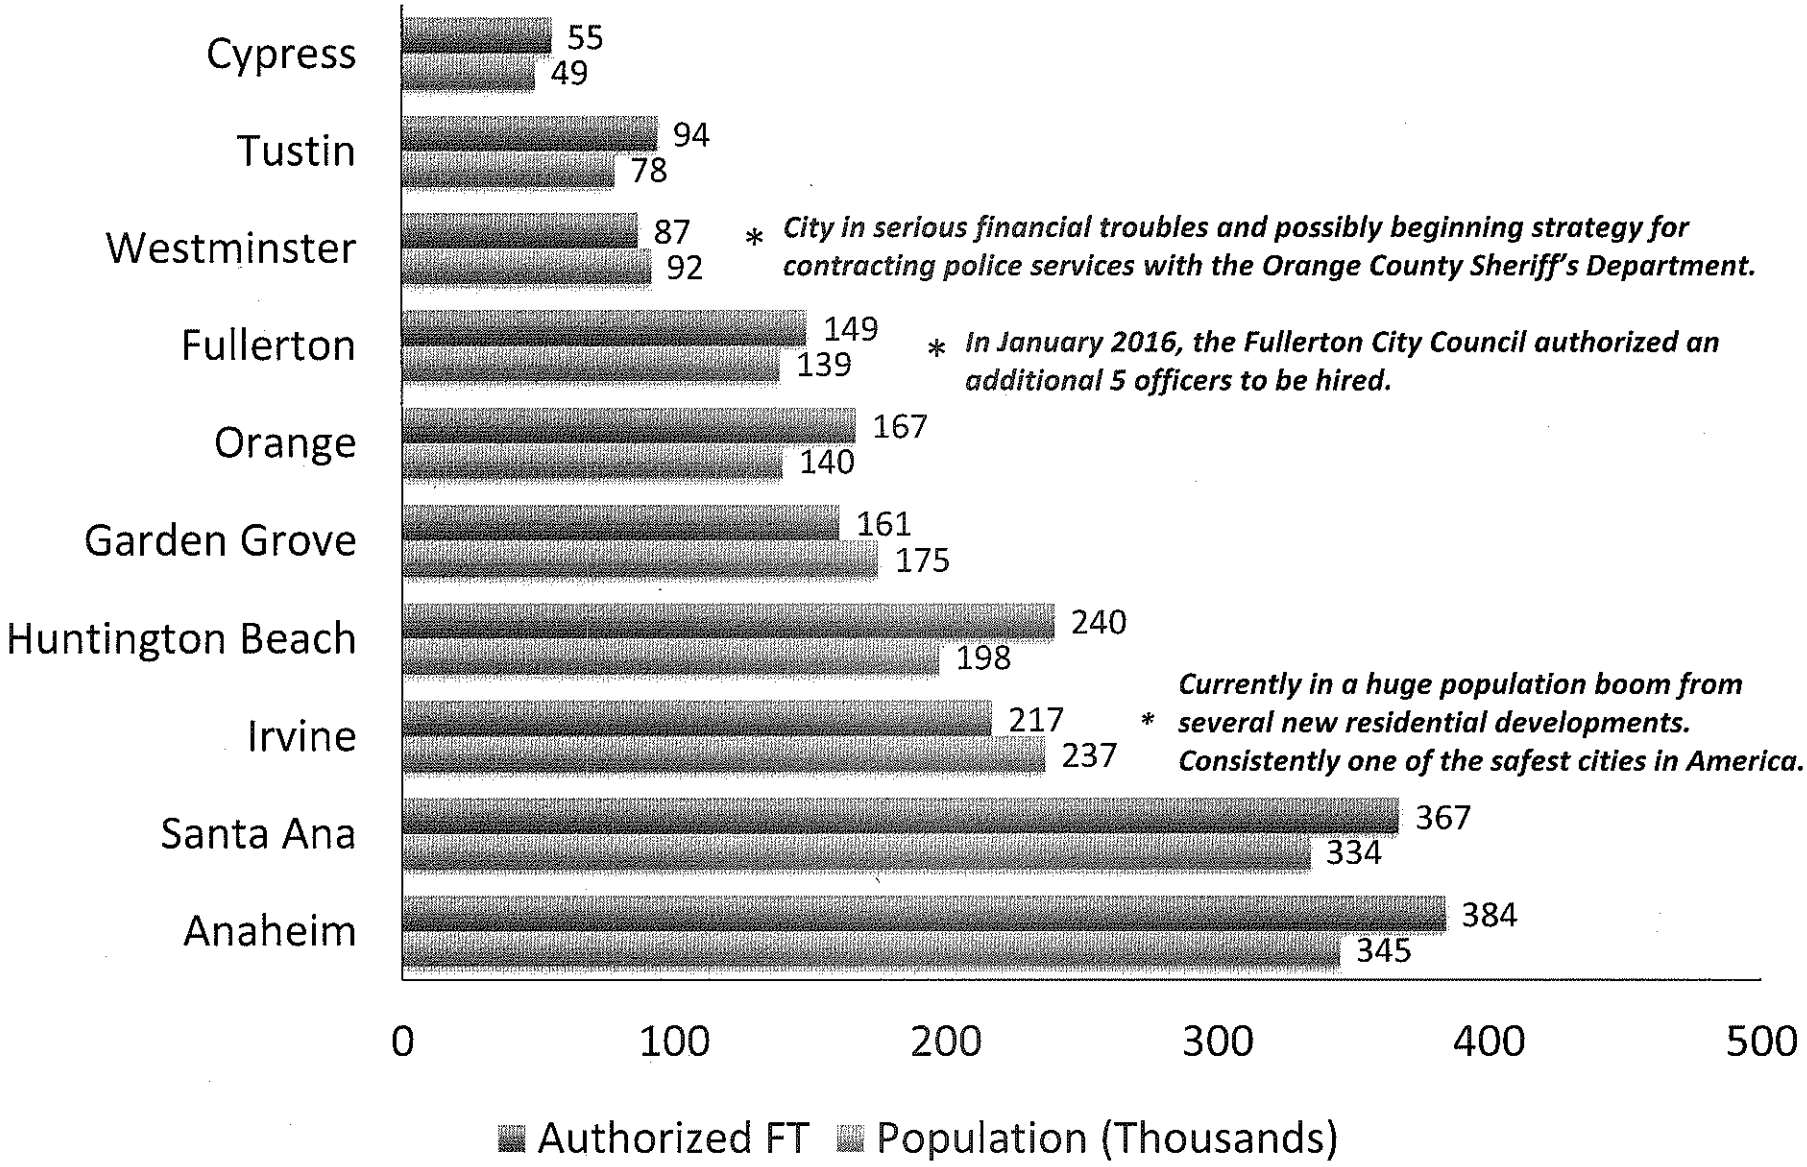
Staffing Levels for the Garden Grove Police Department

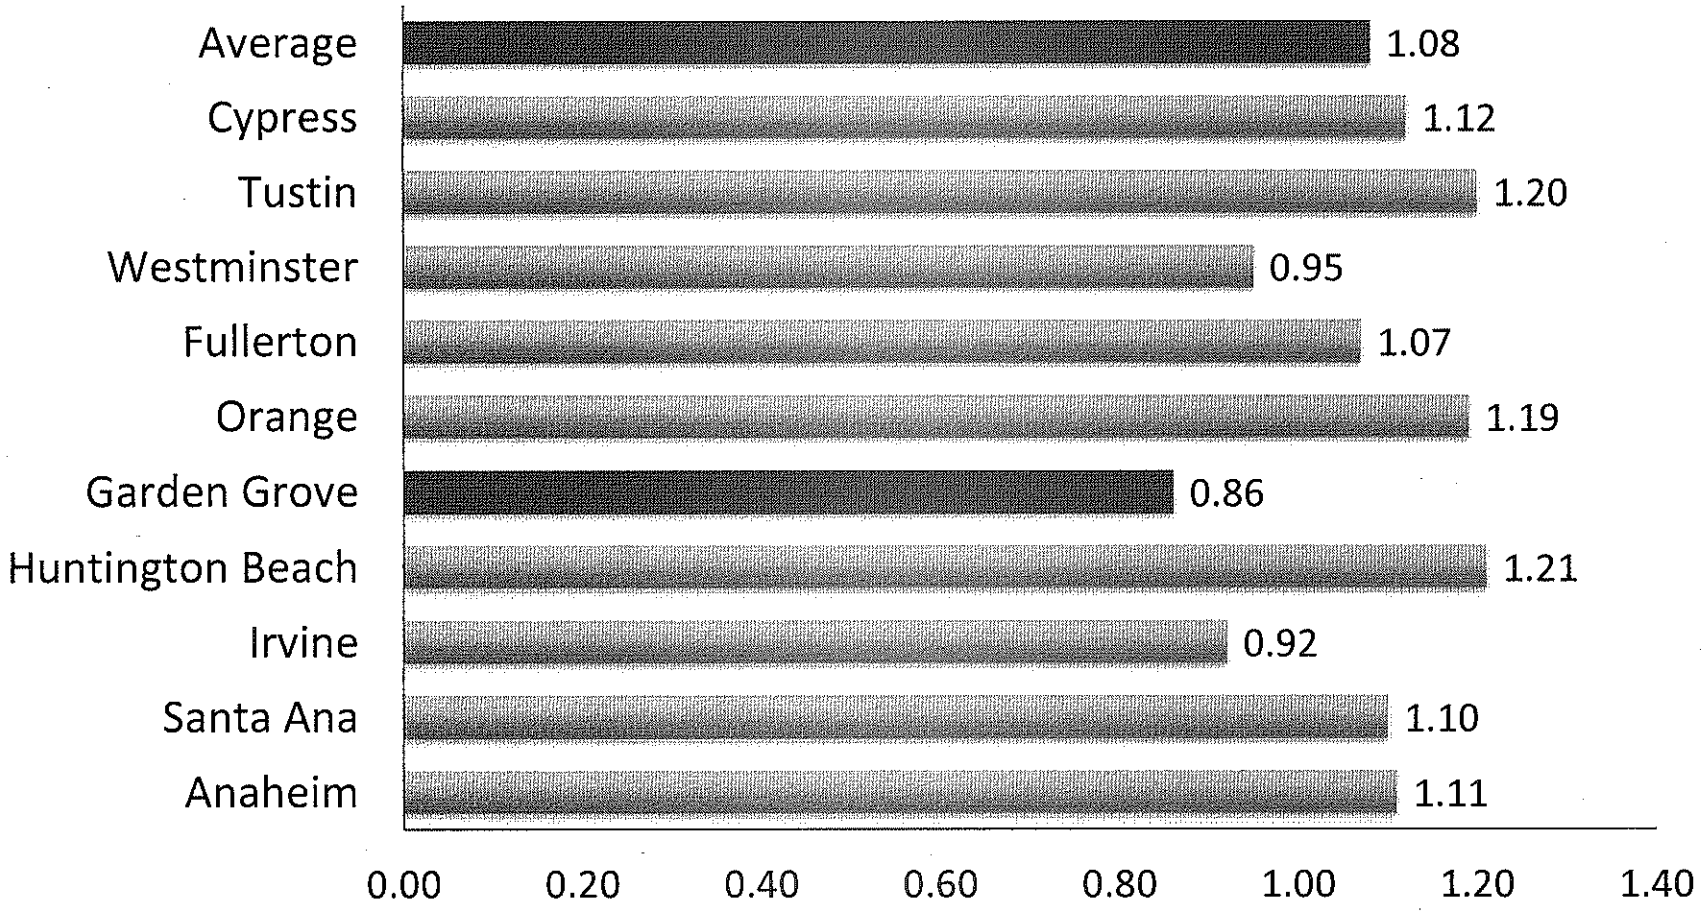
Prepared by the GGPA

March 2016

Population in Thousands compared to Authorized Officers



Officers per 1000 Citizens



With an average of 1.08 officer per 1000 for these 10 agencies, the GGPD would have 189 authorized officers (an additional 18 officers)

Homeless Population

- *There is a 37% increase in calls for service involving homeless/mentally ill from February 2015 to February 2016.*

- *Homeless population within the city limits conservatively estimated to be 300 persons, with approximately and additional 200 persons that travel through the city on a weekly basis.*

- *Conservatively 150 to 200 subjects "at risk" of being homeless, who are currently living in vehicles, motorhomes, and motels.*

- *This population and calls for service are growing at a rapid rate, thus requiring more dedication of resources. A potential Homeless Special Response Team is in the beginning stages, which would require additional officers to address the homeless issues.*

- *These issue impact the quality of life of the citizens and create potential liability issues from having homeless reside in areas not intended for human occupancy.*

GANG ACTIVITY

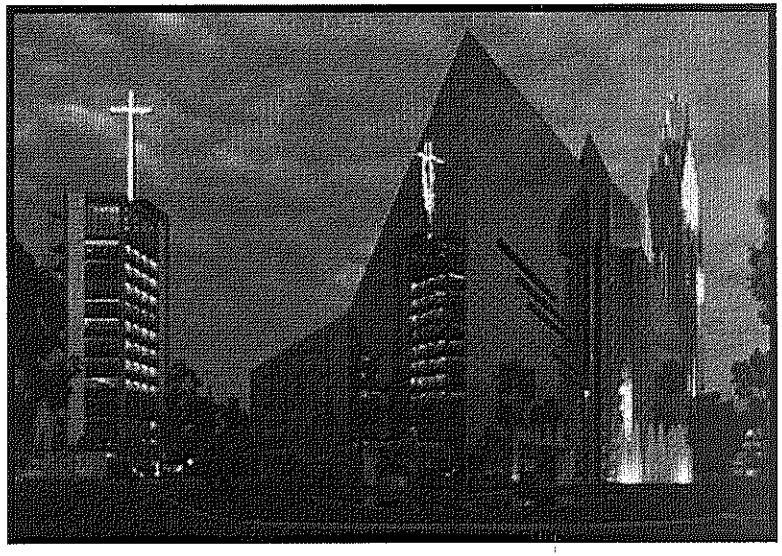
- *Currently have 14 separate gang related shootings since January 1, 2016, 6 of which had victims struck.*

- *1994 was the last time Garden Grove has had this many documented gang shootings this early in the year.*

- *AB109/Prop 47 subjects being released early is responsible for a portion of this increase in gang violence.*

- *Dramatic increase in gang graffiti and "rival" gang graffiti which increases the potential for further gang violence.*

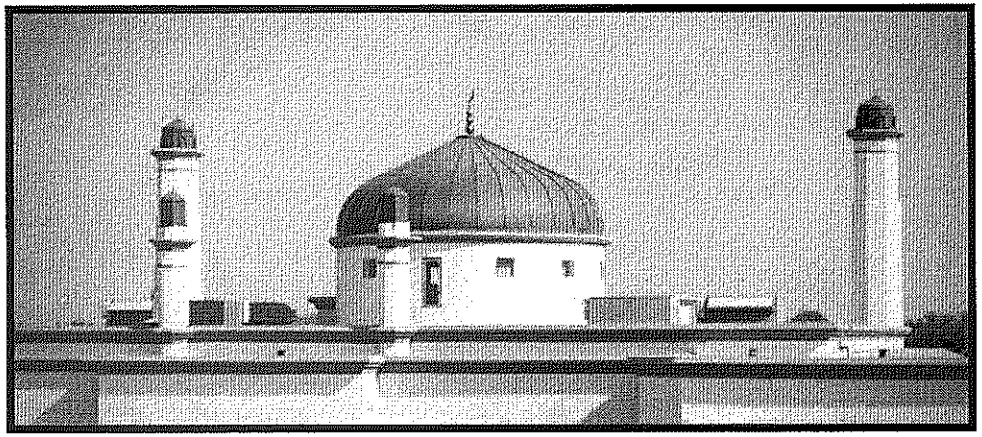
High Profile Targets the Garden Grove Police Department would respond to during a "critical incident"



Christ Cathedral

Disneyland

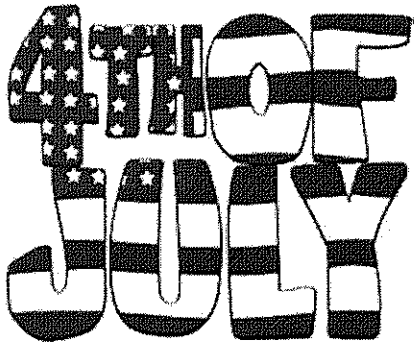
Islamic Center of Orange County Mosque

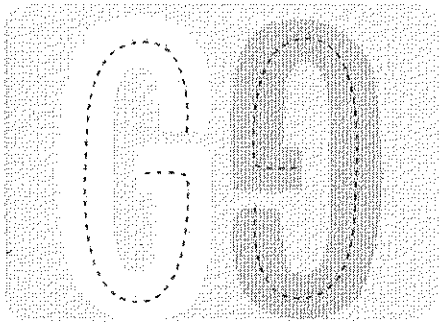


Criminal Activity not being fully enforced because of the lack of staffing

- *Multiple Medical Marijuana Dispensaries opening illegally within the City limits*
- *Cafés that are rampant with nudity, illegal gambling, and organized crime.*
- *Dozens of massage parlors that are fronts for prostitution, house victims of human trafficking and are backed by criminal gangs and organized crime.*
- *Establishments that are in constant violation of their C.U.P.'s.*

Strawberry Festival and 5K, Disney Marathons, Open Streets, 4th of July Deployment and TET Festival.

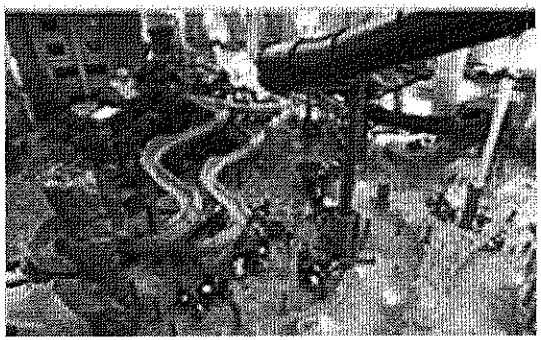




Each of these mandatory deployments puts a strain on officers who are already working extra shifts and patrolling with shifts that are not fully staffed because of low staffing levels.

Resort and Housing Developments

GREAT WOLF LODGE



HYATT REGENCY ORANGE COUNTY ®
NEAR DISNEYLAND® RESORT

Brookhurst Place

GROVE DISTRICT
ANAHEIM RESORT

** Site B2 and Site C.*

** Multiple new housing developments, both single family and high density, have been built over the last several years which increase the population of the city. (Magnolia/Katella, Fairview/Trask, Century/Taft, Euclid/Hazard). There have been no increases to the staffing levels of police services in spite of this.*

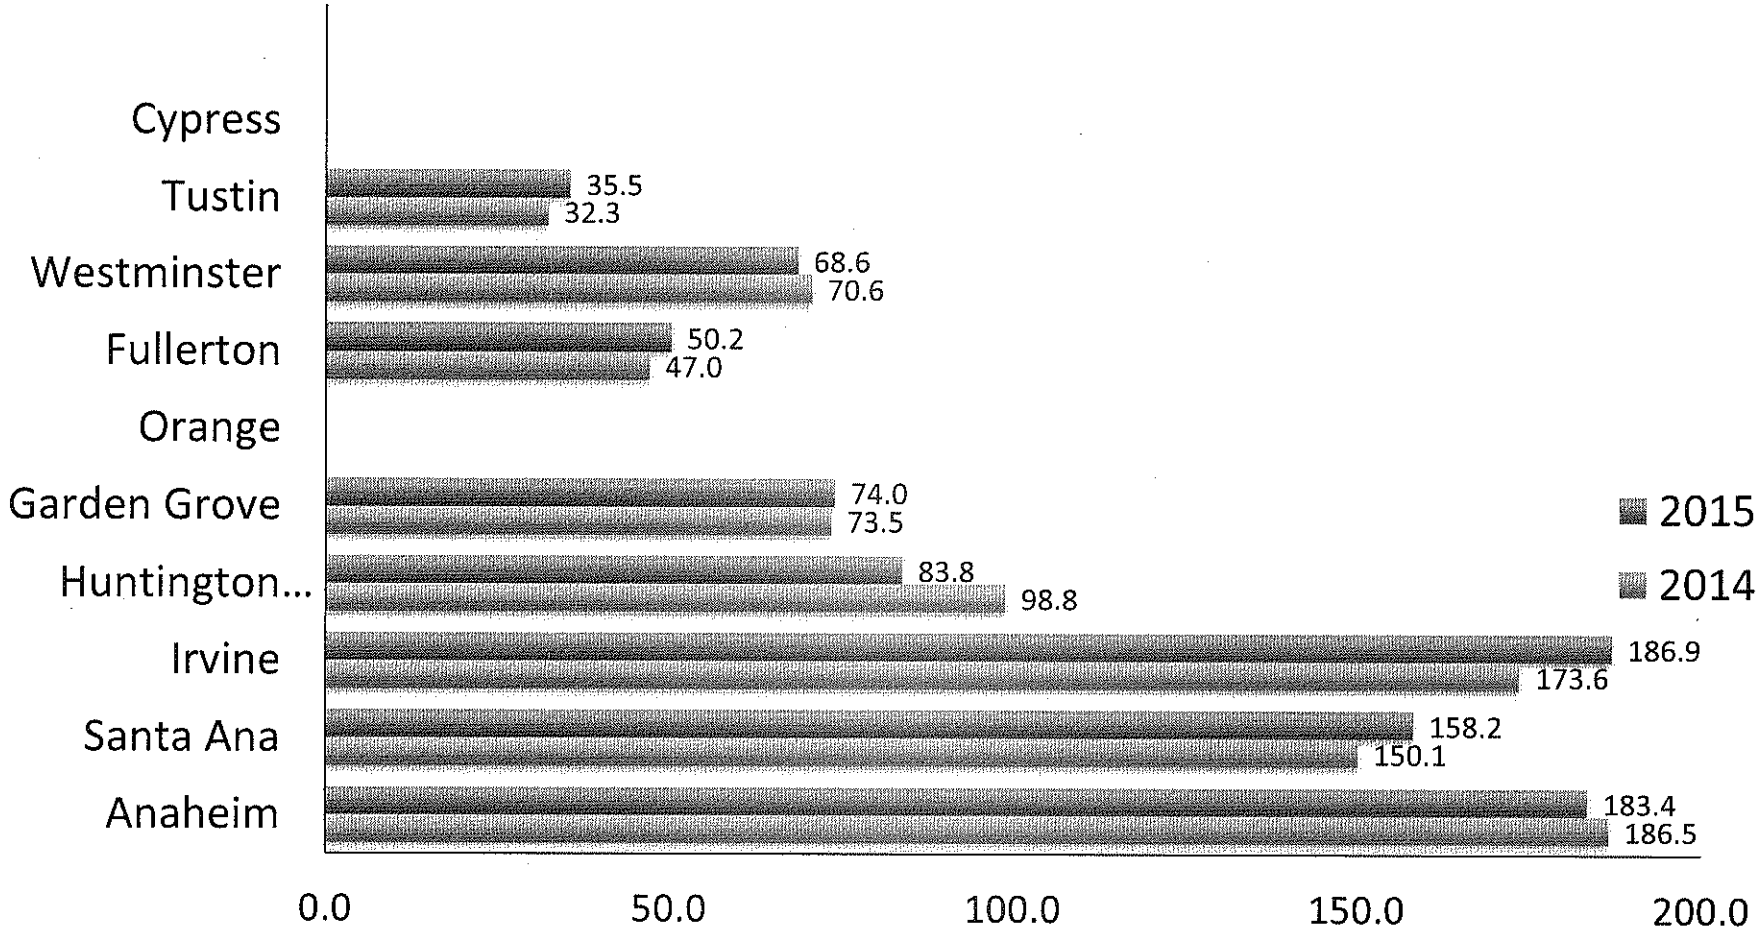
Officers Injured on Duty

- *Industry standard of 5% to 7% of police workforce off of work because of injury.*

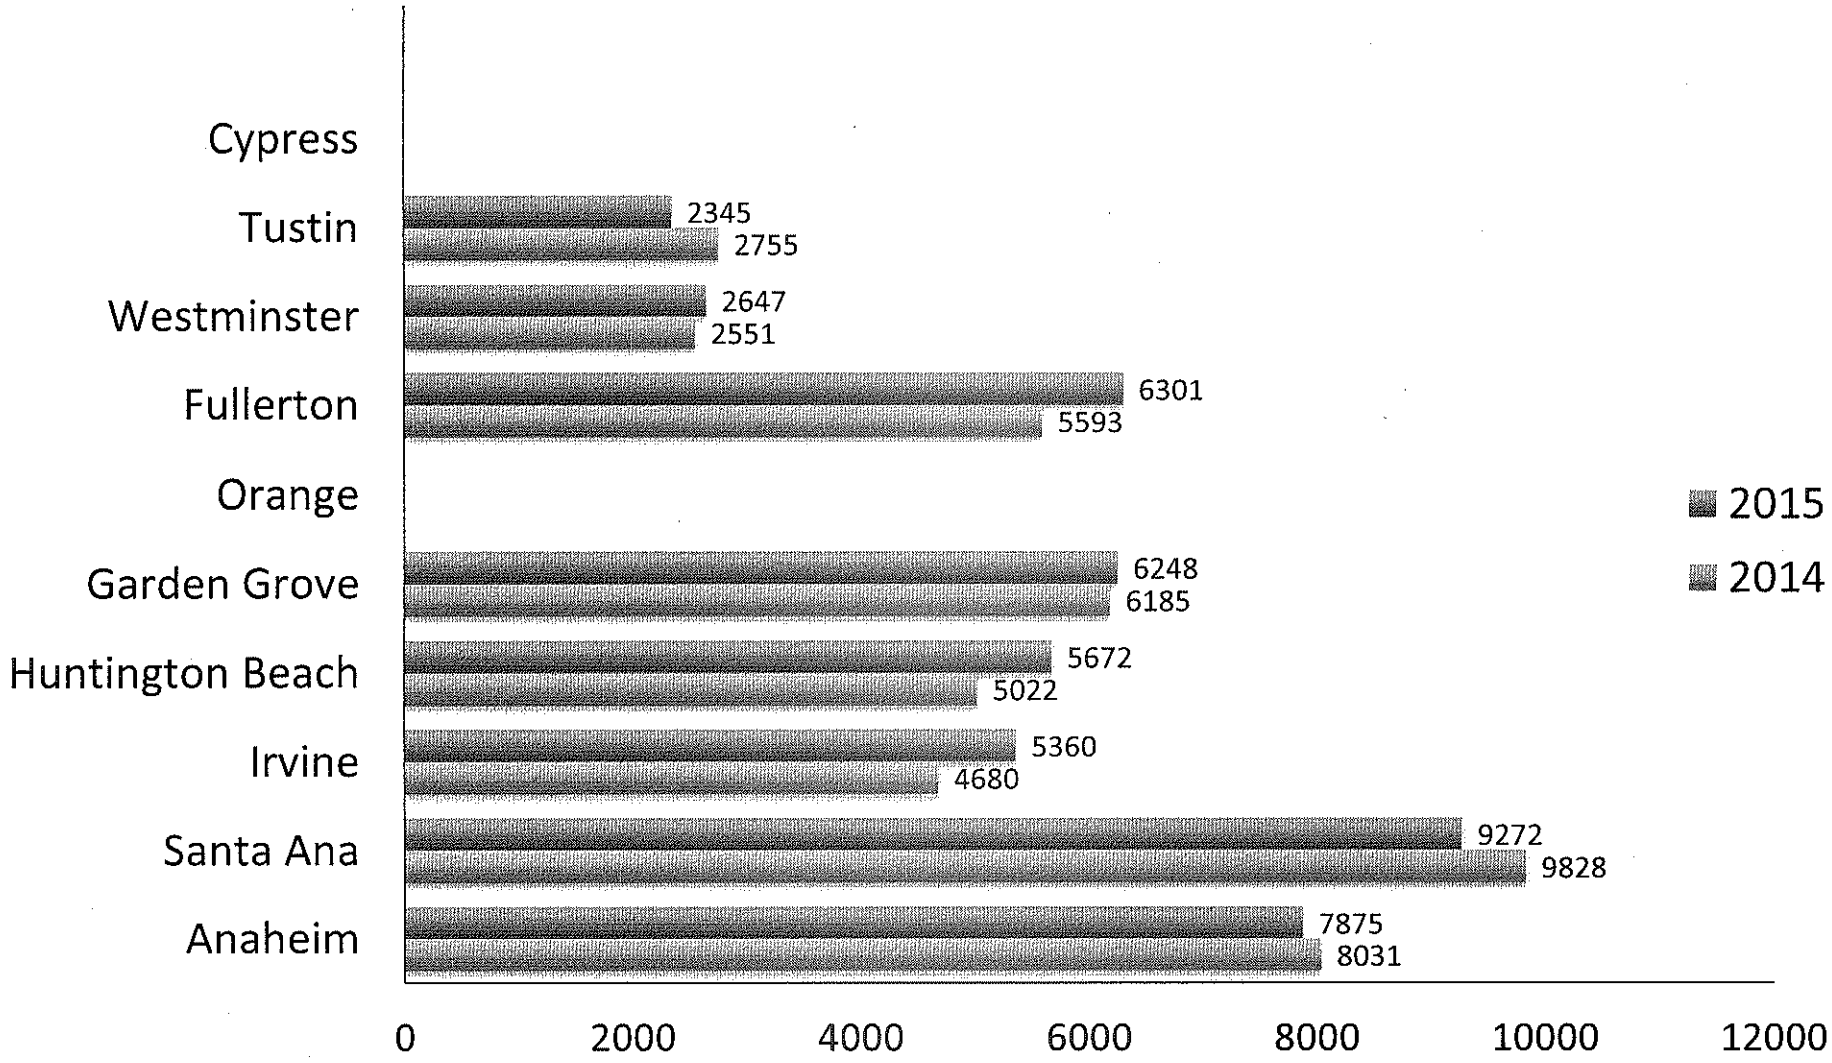
- *GGPD currently has an operational strength of 135 officers the 161 officers funded. That is equal to 16% of our officers.*

- *Increased potential of injury because of the working conditions of being understaffed.*

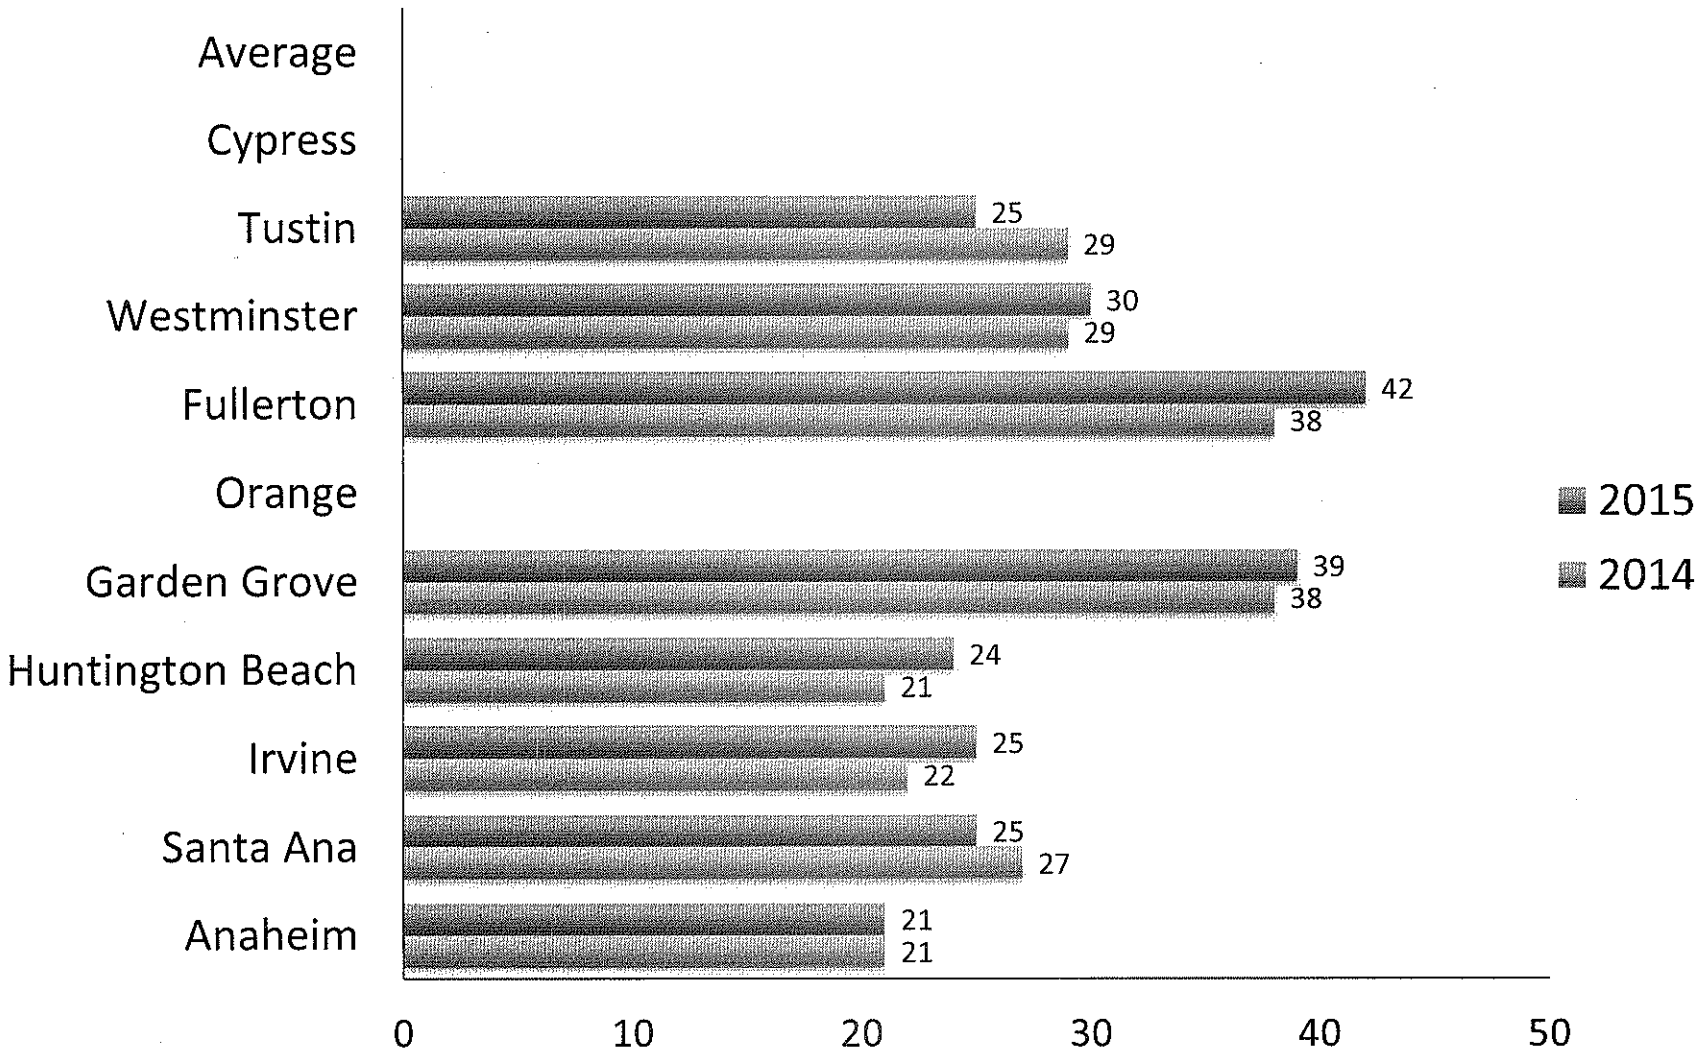
Calls for service (Thousands)



Arrests per Agency



Arrests per Officer

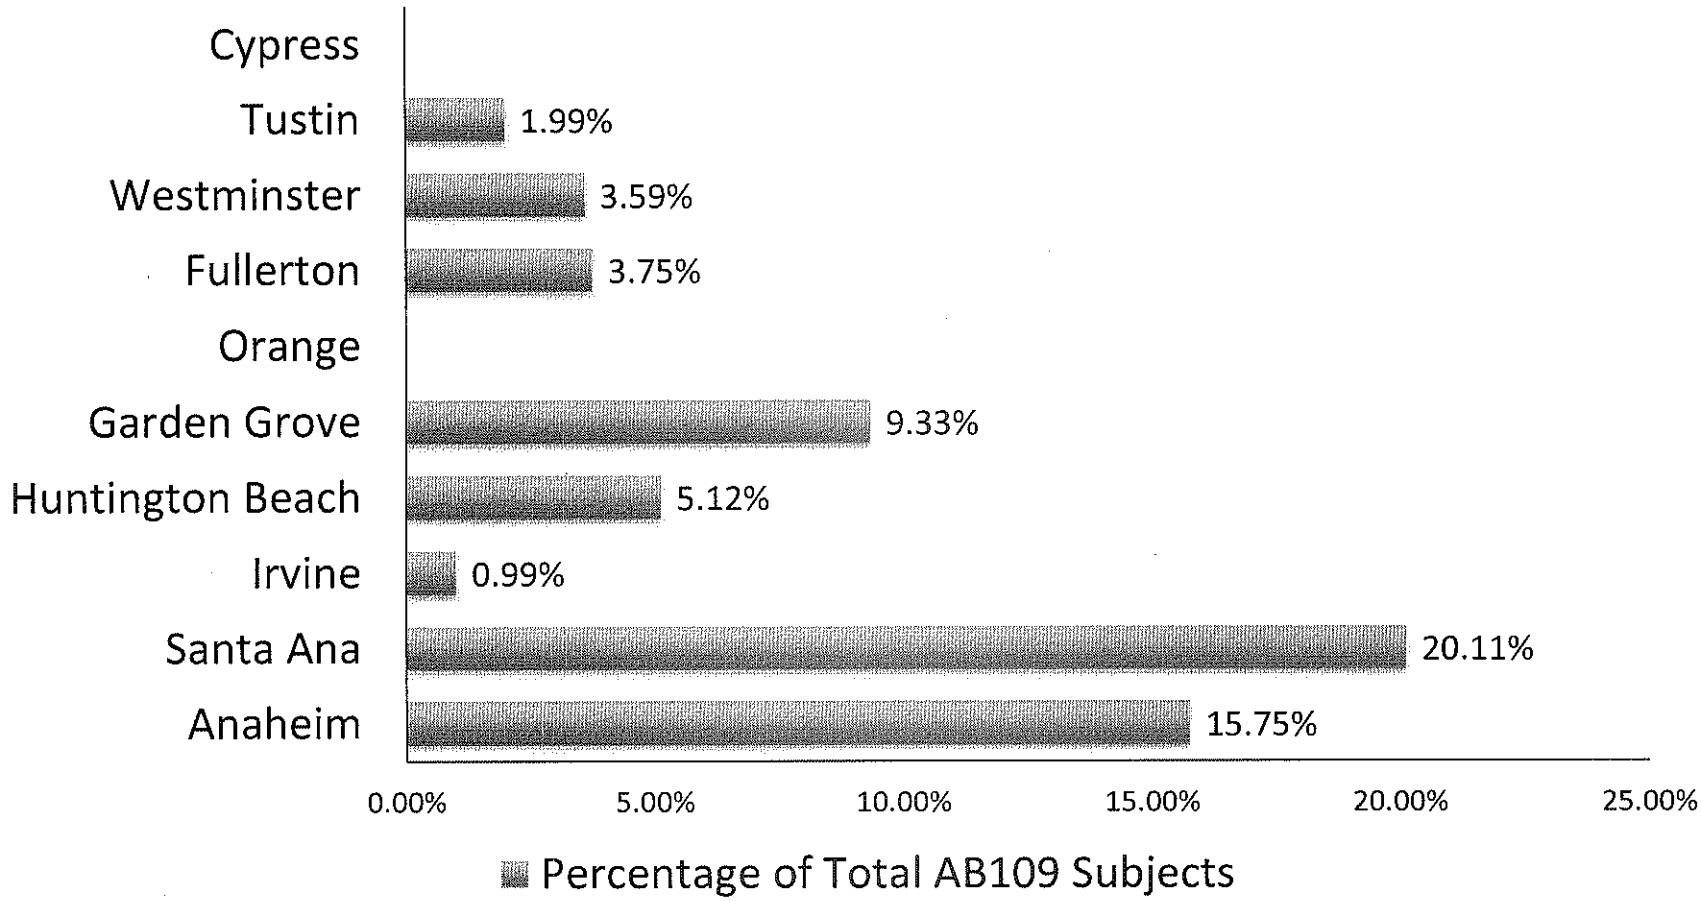


AB109 & Prop 47

- *AB109 was a significant change in 2011 in the criminal justice system where the responsibility for supervising certain kinds of felony offenders and state prison parolees realigned from state prison and state parole agents to county jails and probation officers. Immediately decreased the prison population by 25K inmates.*

- *Prop. 47, which reduces penalties for some non-violent crimes, has resulted in more parolees and probationers with higher recidivism rates living in town. These are in additional to those released under AB109 Prison Realignment.*

AB109 Population
(OC total of 1308 for February 2016 per OC Probation Department)



What we need for Fiscal Year 2016-17

- *10 officers – Although one of the earlier slides indicates we need to hire 18 additional officers to reach the average of the other county agencies.*

- *There are currently 11 officer positions that are not funded.*

- *We need your commitment to instruct the City Manager to fund 10 of the 11 police officer positions for the FY 2016-17.*

- *This will allow your officers to work safer, and provide better police services to our city.*

Mr. Nguyen,

Based on the last public hearing, we had a lot of people (around 400) showed up to oppose the proposal of new funeral home and crematory in our neighborhood. If possible, the community would like to meet with you again. We would like you to support us. Thank you.

Subject: Planning Commission Meeting Concerns
From: David <david_tle@yahoo.com>

To: baon@ci.garden-grove.ca.us

Hi Mayor Nguyen,

The meeting on Thursday which hundreds of concerned residents from our community attended, presented a lot of additional concerns with several contradictions from applicants side and also that a proper and thorough vetting of the mitigation report by the staff was not done. Would you be able to meet up with our residents and discuss further about our concerns?

Additionally, the planning commission voted twice. There were 6 commissioners present out of the 7 and both times 2 voted no, 1 abstained and 3 yes. We were told they needed 4 yes for the project to pass. The chair then said he wants to push this decision back to the next meeting so the 7th person, who's the vice chair, can be there and vote. I'm not sure how often all 7 commissioners are present at all the meetings but if all 7 doesn't attend the next meeting then the reason for pushing it back is negated. Is it common or even legal for the commissioners to vote twice, and with both times the project not passing, ask to move the decision back to be fair and give the 7th commissioner a chance to vote? If that's the case I think they should have made that decision initially and not vote at all. Now that we know that for sure there's 3 yes, the community is at a disadvantage. There needs to be some clarity in how the voting process works for the commissioners, which wasn't explained to the hundreds of us that were there.

Mr. Nguyen,

Mr kanzler was absent. Mr. Barker, ms. Margolin and mr. O'neill both times voted yes. Mr. Paredes voted both times no. Mr nguyen voted no first time and did not vote the second round. Ms Zamora did not vote the 1st round, but second round she voted no. I will send you the video and pics in the next email. Thx

We were told by Zamora prior to the public hearing that we can not meet with the commissioners. Otherwise, it will disqualify them from voting.

Please verify for us. We wanted to meet with all commissioners individually prior to the meeting to express our concerns. Zamora said she checked with the legal consult and was told meeting with us would possibly cause them to be disqualified from voting so we had to cancel the requests.

commissioners present out of the 7 and both times 2 voted no, 1 abstained and 3 yes. We were told they needed 4 yes for the project to pass. The chair then said he wants to push this decision back to the next meeting so the 7th person, who's the vice chair, can be there and vote. I'm not sure how often all 7 commissioners are present at all the meetings but if all 7 doesn't attend the next meeting then the reason for pushing it back is negated. Is it common or even legal for the commissioners to vote twice, and with both times the project not passing, ask to move the decision back to be fair and give the 7th commissioner a chance to vote? If that's the case I think they should have made that decision initially and not vote at all. Now that we know that for sure there's 3 yes, the community is at a disadvantage. There needs to be some clarity in how the voting process works for the commissioners, which wasn't explained to the hundreds of us that were there.

Omar,

Some planning commissioners are under the impression that if they meet with people individually on an issue that that would disqualify them from voting on it. Please clarify. Thanks.

Hi Mayor Nguyen,

Thank you for your time and attention. After hearing a wonderful interview with you on NPR radio this past weekend I was inspired to reach out to you. I had the pleasure of speaking with Pam. I applaud you for your leadership and commitment to create a community that empowers everyone. World Unity Inc. has a powerful idea and song that supports the vision for your community. We're following the **Albert Einstein** approach who once said, "You cannot solve a problem with the same consciousness that created it. You must stand on a higher ground." We have a transformative educational message that can empower all people. I look forward to an opportunity to speak with you about our work and powerful tools that can serve your community.

In the meantime our educational message also inspired song that was performed at the **United Nations** Sept. 26, 2015. It was first performed in Massachusetts by 100 students in a concert with the African Children's Choir at
the Plymouth North HS. We videotaped it and launched a campaign, "Singing Equality across America." A few weeks ago the **Leadership Council on Legal Diversity** made up of more than 250 corporate chief legal officers and law firm managing partners working to build a more diverse profession posted our video on their Facebook page. They posted it the day we submitted it! Checkout the video below.

Santa Ana, CA · Jun 03, 2016

I oppose to the crematori built in our neighborhood for the emission of mercury, and the other toxic elements released into the air, as well into the ground. Fumes from the cremation over the years will have bad impact on the health of children, impact on their pregnancies and many more chemicals released from the burns of deceased bodies will graduatly have impact on the air pollution and environment

Hi Mayor Nguyen,

As I mentioned yesterday, the Mental Health Association is holding an Open House/Grand Opening Event on Tuesday, June 7th from 1pm to 3pm at our new Wellness Center in Garden Grove. Attached, you will find a flyer which provides additional information about the event.

In addition to the open house, we are doing a very short program with a ribbon-cutting ceremony at 1:30 and invite you to participate in the program. I know it is election day, and we understand this may be difficult to fit into your schedule. If you can be there, please let me know.

Should you not be available on the 7th but would like to tour the facility at a more convenient time, please have Pam contact me to schedule something.

Thank you for your consideration. Good luck with your election!

Pam

Bao,

You need to remove the subject phone number, located at the end of this message, from your political solicitation database. We received an unauthorized, automated call from you (your campaign office) today, June 6 and you are in violation of 1) our federally protected "Do Not Call" status and 2) our privacy.

We do not support the socialist/Marxist Party (mislabeled democrat) in any way, shape or form, nor have we ever subscribed to, enrolled in or otherwise "opted-in" to any Marxist Party ("democrat" party) at ANY time. Further, we have repeatedly demanded that the Marxist Party ("democrat" party) remove our contact information (name, phone, emails, residence address, etc) from its database over a span of 4 years, yet your party continues to ignore these privacy demands.

Again, **cease and desist** from contacting us, immediately, by email, phone or any other means of communication and remove our personal information (this email, phone number listed below, residential address, etc) from your database. Refusal of your Marxist Party ("democrat" party) to remove all of our personal data from its database will be considered harassment and result in further legal action.

Sincerely,

D Willard

Hi Mayor Nguyen,

As I mentioned yesterday, the Mental Health Association is holding an Open House/Grand Opening Event on Tuesday, June 7th from 1pm to 3pm at our new Wellness Center in Garden Grove. Attached, you will find a flyer which provides additional information about the event.

In addition to the open house, we are doing a very short program with a ribbon-cutting ceremony at 1:30 and invite you to participate in the program. I know it is election day, and we understand this may be difficult to fit into your schedule. If you can be there, please let me know.

Should you not be available on the 7th but would like to tour the facility at a more convenient time, please have Pam contact me to schedule something.

Thank you for your consideration. Good luck with your election!

Pam

Dear Mr Bao Nguyen
I listened to your interview with NPR this morning and realized you are a Bernie's supporter.
I wrote something about Bernie but do not know how to send it to the Vietnamese people in California.
I am not a campaign staff. I am just a wholehearted supporter.

Kính gửi các cử tri đồng hương Việt Nam,

Ngày thứ ba tới đây là ngày bầu cử sơ bộ của tiểu bang California.

Xin quí vị nghiên cứu, cân nhắc và ủng hộ TNS Bernie Sanders.

- Ông là một chính khách độc lập, suốt một đời tranh đấu cho nhân quyền, cho người nghèo, cho tầng lớp trung lưu thấp, cho di dân và cho người lớn tuổi không có thu nhập. Ông là một trong những người tham gia tranh đấu trong phong trào Civil Rights của người da đen để đến nay người da màu chúng ta được hưởng quyền bình đẳng.

- Ông chống lại việc các tập đoàn tư bản lớn đang dùng tiền của họ để khuynh loát chính phủ, áp đặt ảnh hưởng trên các dự luật và luật ở quốc hội, cũng như khi luật đã được ban hành ở Tòa Bạch Ốc, tạo cơ hội cho họ kiếm tiền chính trên sự quẫn bách ngày càng tồi tệ của nhân dân Mỹ.

- Ông chống lại việc dùng quá sức nhiều tiền thuế của dân (59% lợi tức quốc dân) vào quốc phòng và chiến tranh mà thực chất là để làm giàu cho các tập đoàn tư bản thân cận với các thế lực cầm quyền. Nước Mỹ chẳng có lợi lộc gì trong các cuộc chiến tranh ở Trung Đông. Chiến tranh là phương tiện để các tập đoàn buôn súng, xây dựng, vận tải, vét tiền thuế của dân Mỹ để cho vào túi của họ. Thanh niên Mỹ, trong đó có con cháu chúng ta thì chết hoặc trở về với thương tật hay khủng hoảng tâm thần mà không được tận tình chăm sóc.
Ông muốn dành phần lớn ngân sách để đầu tư vào xây dựng, giáo dục, và y tế là những việc cần do chính phủ làm để tạo công ăn việc làm cho dân. Tư nhân có thể đầu tư vào muôn vàn các lĩnh vực khác.

- Ông ủng hộ việc xây dựng một hệ thống y tế công cọng để tất cả người dân được chăm sóc và chữa trị miễn phí ở mức độ cơ bản, để không xảy ra việc trên 600,000 người Mỹ phải khánh tận mỗi năm vì bệnh tật. Ai có tiền, muốn được chăm sóc tốt hơn thì mua bảo hiểm thêm như ở Pháp, Úc, Canada...(Ở Sài gòn trước 75 cũng có y tế công cọng. Ai có tiền, muốn được chăm sóc tốt hơn thì vào bệnh viện tư)

- Ông cho rằng sinh viên phải được theo học đại học miễn phí như các nước Tây Âu hay Bắc Âu (hay như ở VN trước 75) Ai có tiền và thích thì đi học trường tư. Chính phủ Mỹ làm công việc lạ lùng là tạo điều kiện cho các ngân hàng làm giàu trên tiền nợ của sinh viên con của các gia đình nghèo và trung lưu thấp. (Với lãi suất 8-9%, một sinh viên ra trường với $20,000 tiền nợ, nếu chỉ trả ở mức tối thiểu vì không có việc làm tốt, món nợ sẽ trở thành $83,000 khi trả xong!) TNS Bernie Sanders rất hiểu tình cảnh cuả các sinh viên và gia đình họ.

- Ông phản đối hiệp thương TPP vì sẽ tiếp tục đem việc làm ra nước ngoài, làm dân Mỹ thất nghiệp. Obama quảng bá rằng TPP sẽ giúp đẩy lùi sự bành trướng và phát triển của Tàu cộng, nhưng thật ra Tàu cộng đã tính trước rồi. Nếu bạn đọc báo VN, bạn sẽ thấy "Trung Quốc đã chuẩn bị sẵn sàng nguồn tiền và hàng cho VN tham gia TPP" (báo Đất Việt) . Trung Quốc tuyên bố cho VN vay tiền với lãi suất cực kỳ thấp và đang mua đất xây dựng các nhà kho khủng ở các thành phố sát biển như Đà Nẵng, Nha Trang và khu Vũng Áng. Ứng cử viên CH Trump còn nói là Trung Cộng còn chỉ đạo cho những nước khác như Mã Lai, Cam Bốt, Lào, Thái Lan nữa chứ không phải chỉ có VN. Vì vậy TNS Sanders đã làm đúng khi không ủng hộ TT Obama trong hiệp thương này.

- Ông tranh đấu để tăng mức lương tối thiểu cho người lao động. Khi người nghèo dư dã hơn, họ sẽ mua sắm để nền kinh tế phát triển. Khi người giàu được giảm thuế, họ cất tiền vào ngân hàng, họ không dại gì đem tiền đó ra thuê nhân công vì họ biết là làm ra sản phẩm sẽ không có người mua, họ sẽ bị lỗ. Giả thuyết giảm thuế cho chủ nhân để họ dùng tiền thuê nhân công và phát triển kinh tế là mị dân. Hơn nữa, khi người lao động có thu nhập không đủ ăn, họ phải nhờ vào trợ cấp xã hội, food stamps, medical... lấy từ tiền thuế của chính chúng ta trong khi giới chủ nhân của các công ty lớn được lãi nhiều. Không ủng hộ mức tăng lương tối thiểu là chính chúng ta đã dùng tiền thuế để "bù lỗ" cho các chủ công ty.

Trên đây chúng tôi chỉ kể đến một số ít những mục tiêu mà TNS Sanders đề ra để tranh cử với hy vọng kiến tạo được an cư lạc nghiệp cho dân Mỹ, giàu cũng như nghèo. Từ lâu, ông đứng ngoài hai đảng phái lớn để đấu tranh cho quyền lợi của người dân, không phân

biệt chủng tộc, giới tính và phe phái chính trị. Lần này ông phải làm một ứng viên Dân Chủ để tạo sức mạnh khởi đầu, vì thật khó mà giữ được vị trí độc lập trong hệ thống chính trị này, khi muốn làm gì cũng cần có sự hậu thuẫn của một trong hai đảng lớn. Các tập đoàn tài chính cũng biết vậy nên từ lâu họ đã dùng tiền để tạo thành hai hệ thống vững chắc để bảo vệ quyền lợi của họ, bằng cách tài trợ cho các cuộc bầu cử. Các ứng cử viên hoặc phải theo Cọng Hoà, hoặc phải theo Dân Chủ để được yểm trợ tài chính tranh cử. Khi đắc cử họ phải theo các yêu sách của các nhà tư bản để giữ ghế.

Mặc dù ứng cử với danh nghĩa là ứng viên Dân chủ, TNS Bernie Sanders không nhận tiền của các tập đoàn, công ty, hiệp hội, và của đảng Dân chủ... Ông vận động người dân giúp ông tranh cử. Tiền vận động tranh cử của ông là do từng cá nhân người dân Mỹ, hầu hết là người có thu nhập thấp và trung lưu. Ông đấu tranh cho họ. Vì thế trong thời gian một năm qua, người theo ông ngày một nhiều, nhất là tuần qua ở Cali, các buổi diễn thuyết của ông đã lôi cuốn được nhiều chục ngàn người mặc dù giới truyền thông im bặt vì sợ dân chúng biết đến ông. Chưa từng có ứng viên nào với hai bàn tay không đi ứng cử tổng thống mà được mến mộ đến thế. Ông đang dấy lên một phong trào để dân chúng đẩy lùi sự tham lam của giới tài phiệt, để đem lại cuộc sống thoải mái hơn cho dân chúng.

Thứ ba này, xin các bạn bầu cho TNS Bernie Sanders. Giới truyền thông đang âm mưu là sẽ tuyên bố bà Clinton đắc cử vào lúc 5 giờ chiều, giờ Cali, để làm nản lòng người ủng hộ TNS Sanders. Xin tất cả hãy bền lòng. Đây không phải là cuộc bầu cử cho một cá nhân lên làm tổng thống. Đây là khởi sự cho một phong trào đẩy lùi các tập đoàn tư bản đang khuynh loát chính phủ của chúng ta.

Xin các bạn vào đọc trang web berniesanders.com để biết thêm về ứng viên Bernie Sanders.

Trân trọng kính chào,

Bernie Sanders Campaign volunteer

Subject: I'm the 61st signer: "Main Street's parking belongs to Main Street!"
From: "John Wietor" <petitions-noreply@moveon.org>
Date: Mon, 06 Jun 2016 19:09:16 -0700

Dear Bao Nguyen,

I just signed a petition addressed to you titled *Main Street's parking belongs to Main Street!*. So far, 61 people have signed the petition.

You can reach me directly by replying to this email. **Or, post a response for MoveOn.org to pass along to all petition signers by clicking here:** http://petitions.moveon.org/target_talkback.html?tt=tt-110646-custom-71754-20260606-RDzp0q

The petition states:

> "We are asking the city of Garden Grove to return the control of the land designated for downtown Main Street parking back to the Main Street Parking Commission or to the Main Street Commission. The city abolished the Main Street Parking Commission and gave the parking lot to the Housing Authority in 2013. The Housing Authority should not be in charge of the last area for the employees and customers on Main Street to park. This is out of their jurisdiction and they should not have the opportunity to make another deal with a developer to take it away. "

My additional comments are:

> I think the city should reinstate The Main Street Parking Commission and give the parking lot back to the rightful owners. As long as the Housing Authority is in possession of the parking lot, Main Street is not safe. I am a property owner and a resident on Main Street, not some out of town developer who views Main Street as some investment property to be flipped when convenient, with no care or concern for the community This is my home, my life and to me a family legacy, and I will do anything to protect it. My family and myself take great pride in our properties and try to do what's best for Main Street and the community. We have invested a lot of time, money, blood, sweat and tears to make a difference here on Main Street, and all of our hard work and dreams will be killed by a project with no vision and just a revenue source for a greedy few.

Mayor,

With your approval we would like to process the attached letter of support for AB 2444 (Assembly Floor Alert) with your electronic signature. The Bill is aligned with the following City legislative platform position: Support legislation and grants to fund parks, recreation and capital improvements, and programs to increase quality of life for Garden Grove residents.

SUMMARY: Enacts the California Parks, Water, Climate, and Coastal Protection and Outdoor Access For All Act of 2016, which, if approved by the voters, would authorize issuance of $2.985 billion in State General Obligation bonds to finance parks, water, climate adaptation, coastal protection, and outdoor access programs.

Please advise if we have your approval to sent the letter of support with your electronic signature.

Thanks,

Maria

ASSEMBLY FLOOR ALERT – SUPPORT AB 2444

TO: The Honorable Members of the California State Assembly

RE: AB 2444 (Garcia) – SUPPORT: California Water, Climate, and Coastal Protection and Outdoor Access For All Act of 2016

On behalf of the City of Garden Grove, we respectfully request your support for AB 2444. It has been fourteen years since the passage of a "true park bond." This measure which establishes a framework and directs $2.985 Billion to infuse much needed financial resources into all neighborhood, regional, and state parks.

As California recovers from the recession, there is an urgent need to fix, repair, and maintain the infrastructure state and local agencies currently operate. Nowhere is that more profound than in park and recreation departments across California which are experiencing daunting backlogs of major maintenance projects that add up to billions of dollars. A recent California Park & Recreation Society (CPRS) survey estimates that the unfunded need for local and regional parks tops out at over $5 Billion over the next several years. Through the Per Capita and other important grants programs envisioned in this bill (Trails, Statewide Park Program, etc.), the City of Garden Grove will be afforded the opportunity to address the long overdue needs in our community such as the creation of new park space, the rehabilitation of existing parks and the creation of new park facilities.

In closing, AB 2444 provides critical health and community benefits and, importantly, a tremendous return on investment for California as the outdoor recreation industry represents an $87 billion economic driver in the state.

Bao Nguyen
Mayor

June 7, 2016

Dear Mayor Bao Nguyen,

Have you heard about what happened at the Planning Commission public hearing last Thursday, June 2, 2016? Do you know how many people showed up? Approximately 400 people showed up to protest the proposal to build a funeral home with crematory and mortuary on a lot adjacent to a row of homes. The people were up in arms and held signs showing their disapproval. I estimate 80% were Vietnamese, with the remainder 20% made up of whites, Hispanics, Koreans, and other minorities. Almost all of the homeowners within 500 feet of the proposed funeral home have signed the petition calling for the rejection of the proposal.

The protesters took issue with the crematory emissions, which will contain vaporized mercury (from amalgam dental fillings), micron-sized particulate matters, dioxins, and other toxic substances. The funeral business applicant submitting the proposal argues that the harmful emissions per cremation, or even per day of crematory operation, are low. But the protesters counter that they, their children, their elderly, and their pregnant wives living nearby will have to breathe the emissions 24/7 year after year, resulting in the accumulation of heavy metals and other toxic substances and particulates in their systems and lungs.

The eventual health problems due to long-term exposure to toxic emissions, even at low or legal limits, are at the heart of the protesters' list of complaints. Some of the other complaints include: (1) The young children are afraid to play in their backyard knowing that there are dead bodies on the other side of their backyard wall, (2) The lowering of home values in the vicinity of the funeral home/mortuary/crematory, seen as an undesirable locale to raise a family, (3) Increase in traffic and parking problems due to patrons/visitors of the funeral home, (4) Eight elderly/nursing homes within 600 feet of the proposed funeral home, and (5) Multiple schools within the vicinity.

We are pleading our case before you and beg for your help in rejecting this proposal (Conditional Use Permit No. CUP-073-2016, Heaven's Gate Funeral Home, 13272 Garden Grove Boulevard, Garden Grove, CA).The proposed site is adjacent to the border of Santa Ana and Orange cities. As an extended community in this tri-city locale, we will be forever grateful for your help and will never forget that you saved our community.

Thank you for your time.

Respectfully,

Joseph Tran

Mayor, we have advised that commissioners may legally meet with applicants or developers, but we recommend against it.

When an applicant requests a CUP or some other land use approval, the Planning Commission sits in a "quasi-judicial" capacity. This means that the Planning Commissioners are supposed to act like judges and base their decisions *only* on the testimony and evidence that is presented *at the public hearing*. This way, those on each side of an issue have the opportunity to hear and respond to and/or rebut what the other side says. This is a basic due process requirement and essential to a fair hearing. Where there is evidence that a planning commissioner has considered evidence that was not presented during the public hearing, or has "pre-judged" a CUP application, the planning commissioner could be disqualified from participating in the decision and/or the planning commission's decision could be subject to a legal challenge. To avoid allegations of bias or violation of the applicant's (or the public's) due process, we typically advise planning commissioners to simply avoid meeting with an applicant or members of the public prior to the public hearing on a CUP application.

In the event commissioners do meet or speak with anyone about a CUP application prior to the public hearing, the commissioner will be required to state on the record at the meeting each individual with whom they met or spoke and the substance of each communication.

Let us know if you have additional questions or concerns. Omar.

Omar,

Some planning commissioners are under the impression that if they meet with people individually on an issue that that would disqualify them from voting on it. Please clarify. Thanks.

Hello Pam,
Goodwin Company would like to invite the Mayor to their business in the industrial area on June 30, 2016. The time will most likely be 9:00 a.m. - 12:00 p.m. Goodwin Company has recently began manufacturing and exporting to China. Around 30 companies in China will be sending their representatives to tour Goodwin Company on June 30th and Don Goodwin has requested the Mayor to join them. If the Mayor can say a few words about Garden Grove and Goodwin Company, Mr. Goodwin would greatly appreciate it. This is a big deal for Goodwin Company, and this meeting is very important to them.

Thank you.

Hey Bao,

I heard your interview on NPR on Tuesday morning, and it was very inspiring. It was very difficult swallowing the defeat in California for Bernie. I'm now crossing that bridge you spoke of. I'm a fresh graduate from the University of Michigan and now working in the energy industry.

It has been a long road getting through college, and I've fought my way out of homelessness twice and now am in a really nice spot. But there are others who need help to accomplish their dreams. It's time to give back.

Bernie has inspired me to get involved in politics/leadership. What was your strategy for getting involved in politics? I'd like to eventually become a state level rep, but I came from a low SES family, and I have no idea how to get started.

Thanks for your work, Bao. Never Bob.

Best,

Bradley Hooser

Hello Pam,
Goodwin Company would like to invite the Mayor to their business in the industrial area on June 30, 2016. The time will most likely be 9:00 a.m. - 12:00 p.m. Goodwin Company has recently began manufacturing and exporting to China. Around 30 companies in China will be sending their representatives to tour Goodwin Company on June 30th and Don Goodwin has requested the Mayor to join them. If the Mayor can say a few words about Garden Grove and Goodwin Company, Mr. Goodwin would greatly appreciate it. This is a big deal for Goodwin Company, and this meeting is very important to them.

Thank you.

This way, those on each side of an issue have the opportunity to hear and respond to and/or rebut what the other side says. This is a basic due process requirement and essential to a fair hearing. Where there is evidence that a planning commissioner has considered evidence that was not presented during the public hearing, or has "pre-judged" a CUP application, the planning commissioner could be disqualified from participating in the decision and/or the planning commission's decision could be subject to a legal challenge. To avoid allegations of bias or violation of the applicant's (or the public's) due process, we typically advise planning commissioners to simply avoid meeting with an applicant or members of the public prior to the public hearing on a CUP application.

BAO
CONGRESS

Bao,

This race is too close to call. I am down right now by *less than* 1%. When I ran for Mayor in 2014, I was down on election night and eventually made history and won by 15.

Help me make history. Again.

I need your help to hire an election lawyer because it looks like we may be counting ballots for a while. Can I count on you to pitch in and make sure every voice is heard and every vote is counted?

Pitch in $50

As Senator Sanders said last night, "Our fight is to transform our country and to understand that **we are in this together**."

Thank you once again for your continued support,

Mr. Stiles and City Council,

In follow up to my e-mail below and in anticipation of tonight's 2016-2017 budget discussions, we citizens strongly urge you Mr. Stiles and our city council to place keen focus on our law enforcement needs.

It is no secret that for many years GGPD has been doing so much with very little, but our police department, business owners and citizens are now beyond our breaking point. In the past our GGPD and our citizens were able to get away with very low police staffing, but since our crime rate has become the highest in Orange County we must now address this priority issue not with talk but with action.

It has been well established in policing that the optimal level of staffing is 1.0 to 1.2 officers per 1000 population. According to our 2015-2016 budget, our population is 174,774 which means the number of sworn police officers in our city should be approximately 206.

We at this time request that this e-mail be part of tonight's budget discussion and entered into the minutes/record of tonight's meeting.

Respectfully submitted on behalf of many Garden Grove residents and business owners.

Subject: Garden Grove's Uncontrolled Crime Rate

Bao,

Please accept this e-mail as a follow up to my presentation at the city council on Tuesday, May 24, 2016.

As I've stated on more than one occasion at this and other city council meetings, our crime rate appears to be out of control and you don't appear to have a plan to combat the crime in our city. It is well known and well documented that Garden Grove's crime rate is among the highest in Orange County (see attachment 1) while our police to population ratio is among the lowest in our county, state and possibly in our Nation. From what I can gather from our past and present city budget(s), our levels of police staffing are presently at 1985 levels that have not kept pace with our development strategies, high density housing policies and/or population growth.

Keeping in mind that we citizens have been told time and again that the revenues being generated from the hotels and hotel visitors tax along Harbor Boulevard are in the millions, we citizens are not realizing the benefits. It has also been reported that the city will receive an estimated $8 million in annual tax revenue from the Great Wolf Lodge Resort alone, according to city documents. (see attachment 2) Even with all of this taken into account, the quality of life has diminished in Garden Grove with the crime rate in an upward spiral that you and our council have not yet addressed.

In talking with many other citizens, we believe that you should be less focused on your congressional campaign and more engaged with our city staff in exploring, finding and implanting ways to reduce our crime rate. If there are revenue and/or budget concerns, may we suggest that you shift your time and energy away from your marijuana campaign fund raising priority (see attachment 3) and use that same time and energy into working with GGPD, city staff, consultants and/or citizens in reducing the crime and crime rate here in Garden Grove.

Respectfully submitted,

Tony Flores

Crime on the rise in O.C.

Crime rose in all but two cities in Orange County last year. Police blame the increase on the state law that makes it difficult to keep low-level offenders locked up, leaving them on the streets to repeat the same crimes.

Mr. Stiles and City Council,

In follow up to my e-mail below and in anticipation of tonight's 2016-2017 budget discussions, we citizens strongly urge you Mr. Stiles and our city council to place keen focus on our law enforcement needs.

It is no secret that for many years GGPD has been doing so much with very little, but our police department, business owners and citizens are now beyond our breaking point. In the past our GGPD and our citizens were able to get away with very low police staffing, but since our crime rate has become the highest in Orange County we must now address this priority issue not with talk but with action.

It has been well established in policing that the optimal level of staffing is 1.0 to 1.2 officers per 1000 population. According to our 2015-2016 budget, our population is 174,774 which means the number of sworn police officers in our city should be approximately 206.

We at this time request that this e-mail be part of tonight's budget discussion and entered into the minutes/record of tonight's meeting.

Respectfully submitted on behalf of many Garden Grove residents and business owners.

Subject: Garden Grove's Uncontrolled Crime Rate

Bao,

Please accept this e-mail as a follow up to my presentation at the city council on Tuesday, May 24, 2016.

As I've stated on more than one occasion at this and other city council meetings, our crime rate appears to be out of control and you don't appear to have a plan to combat the crime in our city. It is well known and well documented that Garden Grove's crime rate is among the highest in Orange County (see attachment 1) while our police to population ratio is among the lowest in our county, state and possibly in our Nation. From what I can gather from our past and present city budget(s), our levels of police staffing are presently at 1985 levels that have

not kept pace with our development strategies, high density housing policies and/or population growth.

Keeping in mind that we citizens have been told time and again that the revenues being generated from the hotels and hotel visitors tax along Harbor Boulevard are in the millions, we citizens are not realizing the benefits. It has also been reported that the city will receive an estimated $8 million in annual tax revenue from the Great Wolf Lodge Resort alone, according to city documents. (see attachment 2) Even with all of this taken into account, the quality of life has diminished in Garden Grove with the crime rate in an upward spiral that you and our council have not yet addressed.

In talking with many other citizens, we believe that you should be less focused on your congressional campaign and more engaged with our city staff in exploring, finding and implanting ways to reduce our crime rate. If there are revenue and/or budget concerns, may we suggest that you shift your time and energy away from your marijuana campaign fund raising priority (see attachment 3) and use that same time and energy into working with GGPD, city staff, consultants and/or citizens in reducing the crime and crime rate here in Garden Grove.

Respectfully submitted,

Tony Flores

Hi Omar,

Thank you for the the previous response. During the meeting on June 2, there were two votes. Both times 3 commissioners voted yes, 2 commissioners voted no and 1 abstained. The 7th commissioner was not present. According to the documents in the attached link, if a sufficient majority is not reached among the quorum, the subject is deemed denied.

Since 3 yes votes is not a majority of the quorum of the 6 commissioners that were present, can you explain why the subject was not denied but was allowed to have it moved to the next meeting to have it be voted on again? The chair said that it's to give the 7th commissioner a chance to vote on the matter. It just seems reasonable that that decision should have been made prior to the 1st vote and that voting shouldn't have happened in the first place.

This means that the Planning Commissioners are supposed to act like judges and base their decisions *only* on the testimony and evidence that is presented *at the public hearing*. This way, those on each side of an issue have the opportunity to hear and respond to and/or rebut what the other side says. This is a basic due process requirement and essential to a fair hearing. Where there is evidence that a planning commissioner has considered evidence that was not presented during the public hearing, or has "pre-judged" a CUP application, the planning commissioner could be disqualified from participating in the decision and/or the planning commission's decision could be subject to a legal challenge. To avoid allegations of bias or violation of the applicant's (or the public's) due process, we typically advise planning commissioners to simply avoid meeting with an applicant or members of the public prior to the public hearing on a CUP application.

Omar,

Some planning commissioners are under the impression that if they meet with people individually on an issue that that would disqualify them from voting on it. Please clarify. Thanks.

June 9th, 2016

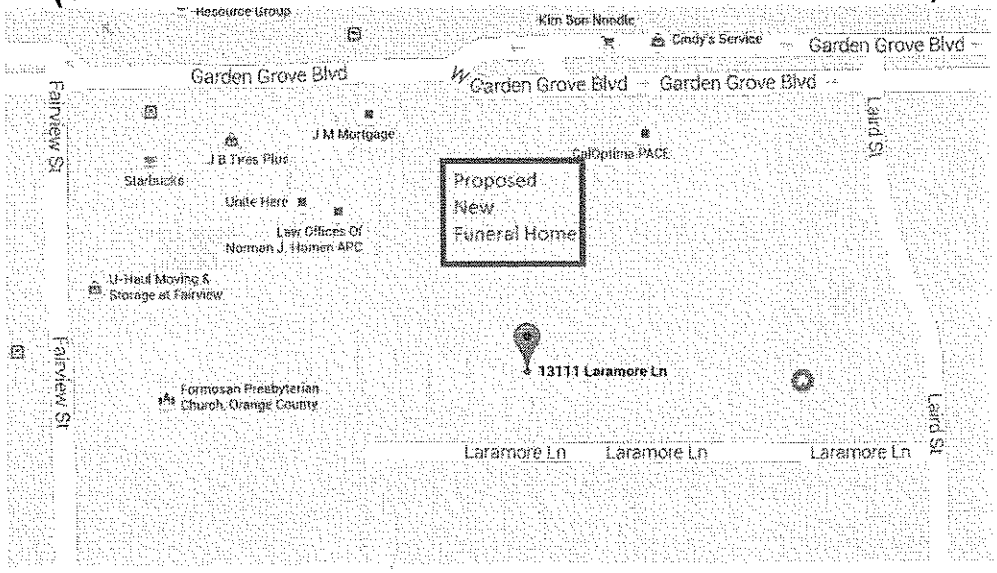
We the resident community of the tri-city Garden Grove, Santa Ana and Orange will be holding an opposition rally

on Sunday June 12th at 2:30 pm

on the cul-de-sac of

13111 Laramore Lane, Garden Grove CA 92843

(corner of Fairview Street/Garden Grove Blvd)



Objective:

- For us as a community to stand united, voice concerns and prepare for the second public hearing on Thursday, June 16th that will be held at the Community Meeting Center on 11300 Stanford Avenue in Garden Grove.

- To voice our concerns and objection of the proposed plan to approve and build a funeral home, consisting of full crematory and mortuary service, in our neighborhood.

We invite you to come and support us,
see our neighborhood with your own eyes,
hear our concerns with your own ears,
and feel our pain with your own heart.

At the last public hearing on June 2, 2016 at 7:00 pm with the 6 Garden Grove Planning Commissioners, the applicant, Mr. Tuan Duc Nguyen, owner of Heaven's Gate Funeral Home, proposed a plan to build a new funeral home that will include a full service crematory and mortuary located at 13272 Garden Grove Blvd., Garden Grove, CA 92843. Mr. Tuan Duc Nguyen is requesting approval for Conditional Use Permit No. CUP-073-2016. The motion has not been approved yet, however 3 votes were in favor, only 2 votes against and 1 abstain vote. There now is a secondary meeting scheduled for June 16, 2016 in which there will be all 7 Commissioners to decide our fate as a community.

We have some concerns that needs to be discussed and prepared.

Health Issues:

Health concern for young children, pregnant women, nursing mother with their young, and elderly citizens. How will the emission and invisible fumes affect them in the long term? Where is the independent research done on this issue related to crematories as well and embalming facilities within such a close range of residents homes? We want exact numbers for the research in the state of California. If it doesn't exist how can it be safe for us?

During the embalming process, embalmers are required by OSHA to wear a respirator and full-body covering because the chemical used are so toxic. How are these same chemical fumes emitted into the air deemed safe around our children and neighborhood?

Can you guarantee us during the cremation process there aren't any other toxins in the human body that will be identified in future that will lead other unforeseeable health issues? We don't want to be the "Poster Child" Community for future rules and regulation because a business owner's oversight.

Are we resting the fate of our entire community on one research firm, Blodgett Baylosis Environmental Planning, findings? Marc Blodgett, owner/project manager, himself stated multiple times during the last hearing this is a "unique circumstance". With "uniqueness", shouldn't we investigate more?

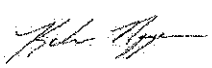
Psychological issues:
What are long term effects of living in fear related dead bodies, hazardous chemicals and fumes? Fear is not something can be addressed with pure logic. What is logical for one person is illogical to another- does that mean their emotions and feeling don't count or any less real?

Property Value:
Show us actual proof from independent research that our property value will not be affected. We want independent surveys done to see if people or families will want to purchase a new home near crematory/mortuary?

Through the words of Mr. Tuan Duc Nguyen's representative, he expressed his sincere concern for creating a peace place for family to mourn and respect the deceased. Yet he ignores our concern and respecting our place of peace for the LIVING - we the resident, the family of this community.

We will invite him, Mr. Tuan Duc Nguyen, owner of Heaven's Gate located on 7845 Westminster Blvd Westminster, CA 92683 and his representatives to come and answer our questions on concerns on this day as well.

Sincerely,



Khai Nguyen

Dear Mayor or City Councilmember or City Manager:

You are cordially invited to Learn4Life/Desert Sands Charter High School's graduation ceremony on Thursday June 23, 2016 beginning at 6:30 pm, located at 505 E. Central Avenue in the City of Santa Ana.

On that evening, 50 students from different cities and communities throughout Orange County (Los Angeles County), including students from your City, will be receiving their diplomas. As you know, this will be a very proud moment for the students, their parents and their families.

For these students, the road to graduation has been extremely challenging. Most of our students had previously dropped out of school or were seriously behind in credits for a whole host of reasons. These students came to our program and were able to get caught up on credits and graduate from Learn4Life, a nonprofit, WASC accredited, workforce innovation partner that offers a free high school diploma and job skills training.

We hope you, or a representative from your City will be able to attend our graduation program. Your attendance would mean a great deal to our graduates. If you have any questions or would like additional information, please feel free to contact me. I can be reached at (661) 575-7436

Dear Bao,

As summer approaches, we believe it is prudent to review with you Southern California Edison's rotating outage procedures and policies, as well as the Outage Notification Communications (ONC) programs that SCE would use in the event of rotating outages. This year there is a possibility of multiple rotating outage events due to the recent restricted operations of Southern California Gas Company's Aliso Canyon natural gas storage facility that services Southern California.

In the event of a CAISO [California Independent System Operator] Stage 3 alert leading to a rotating outage event, SCE will use both the ONC and the SCE Alert programs that we have established over the past few years to communicate with local city and county jurisdictions. Please take a few minutes to review the attached procedures and policies and share them with your staff.

SCE is here to help local governments prepare for rotating outages should the CAISO determine they are necessary. We will also be providing additional information and resources to you to help you urge both residential and commercial customers to conserve energy, both electricity and gas, wherever possible. Note that SCE will also follow these same notification procedures for other major emergencies such as wildfires, inclement weather or earthquakes that can cause interruptions in the transmission system that can also result in Stage 3 alerts.

SCE, Southern California Gas Company, the CAISO and other energy providers in Southern California are urging customers to conserve energy this summer, including reduced use of electricity and natural gas. Please watch for more information in the next few weeks that will help all customers conserve and prepare. Attached is an infographic that you may share with residential or business customers. Here is the link to the infographic on SCE's website: Summer Conservation Tips.

Please let me know if you have any questions.

Subject: 2016 Rotating Outages

As summer approaches, we believe it is prudent to review with you Southern California Edison's rotating outage procedures and policies, as well as the Outage Notification Communications (ONC) programs that SCE would use in the event of rotating outages. This year there is a possibility of multiple rotating outage events due to the recent restricted operations of Southern California Gas Company's Aliso Canyon natural gas storage facility that services Southern California.

In the event of a CAISO [California Independent System Operator] Stage 3 alert leading to a rotating outage event, SCE will use both the ONC and the SCE Alert programs that we have established over the past few years to communicate with local city and county jurisdictions. Please take a few minutes to review the attached procedures and policies and share them with your staff.

SCE is here to help local governments prepare for rotating outages should the CAISO determine they are necessary. We will also be providing additional information and resources to you to help you urge both residential and commercial customers to conserve energy, both electricity and gas, wherever possible. Note that SCE will also follow these same notification procedures for other major emergencies such as wildfires, inclement weather or earthquakes that can cause interruptions in the transmission system that can also result in Stage 3 alerts.

SCE, Southern California Gas Company, the CAISO and other energy providers in Southern California are urging customers to conserve energy this summer, including reduced use of electricity and natural gas. Please watch for more information in the next few weeks that will help all customers conserve and prepare. Attached is an infographic that you may share with residential or business customers. Here is the link to the infographic on SCE's website: Summer Conservation Tips.

Please let me know if you have any questions.

Sincerely,

Jenelle Bader

To Honorable Mayor Bao Nguyen and Honorable Council Member Phat Bui,

I am writing to follow up with you on the status of your progress in studying the regulation of medical marijuana (MMJ) businesses in your city since your last update on May 26th on the city website. I had previously written to your city manager and the council last year regarding safeguarding Garden Grove from MMJ activism. I have attached my letter again for your reference.

I applaud that you two have taken the initiative to address the issue of MMJ regulation and rogue dispensaries in your city. It is unfortunate that the idea of regulation has met resistance from the community, especially when Garden Grove is talked about in the local scene as being a "soft city." If your task force is still actively working to research and resolve your MMJ issues, I would like to offer my experience and services to work with you towards a solution.

I have 10 years experience in the MMJ industry with a focus on the Orange County scene that includes liaising with elected officials and city staff. I was the first to hold a business license for MMJ in Orange County. I was raised in Orange County and am an alumnus of UCLA and the Art Institute of California. I care about the community and representing the industry professionally. In my experience being part of similar processes in the cities of Huntington Park and most recently Placentia, the repeated concerns I hear time and time again that fail to be addressed is the proper dissemination of information to the community in regards to MMJ and the lack of community representation in the development process. While workshops that allow the community to voice their concerns is a great idea, acceptance begins with education.

I welcome the opportunity to schedule a complimentary consultation with a representative of your task force to discuss strategies that can protect your city's local authority from impending state legislation and rogue dispensary operations. For a brief summary of my experience, please visit my Linkedin: linkedin.com/in/erikschan.

Thank you very much for your attention to my email. I look forward to hearing from you.

Sincerely,

Erik S. Chan

City Manager Allan Roeder
City of Garden Grove

Subject: Safeguard Garden Grove Against Marijuana Activism

To City Manager Allan Roeder:

Garden Grove, like most cities, presently has a prohibitive medical marijuana ordinance in place. As a result, local government and staff are **NOT PREPARED** for the inevitability of marijuana legalization in 2016. Lack of proper regulations puts Garden Grove **AT HIGH RISK** for loss of local authority, costly legal action, and rogue medical marijuana operations.

According to former Mexican Secretary of Foreign Affairs, Jorge Castaneda, Governor Jerry Brown told Mexican President Enrique Pena Nieto that California voters will approve marijuana legalization in 2016.[1] This statement is supported by recent polls that show the majority of Californians support legalizing marijuana.[2] Meanwhile, marijuana activists are uniting and gaining popular support to get their initiatives on election ballots. Activists in the city of Santa Ana submitted 16,948 signatures that would later lead to The Medical Cannabis Restriction and Limitation Initiative (Measure CC) being placed on the ballot for the November 2014 local election.[3] In the city of Costa Mesa, activists gathered enough signatures to qualify two separate medical marijuana initiatives for special elections.[4] **These initiatives limit local government's authority:** *"This initiative ordinance and every part thereof can only be amended by the Voters of the City of Santa Ana and cannot be amended by the Santa Ana City Council..." Section 7, Measure CC.* Regarding certified petitions recently submitted by activists in the city of Upland, City Council Member Debbie Stone stated, "Attempting to push the issue off for an additional 18 months will simply cost the city more money in legal fees while the council attempts to justify delaying the inevitable..."[5]

Lack of proper marijuana regulations has cost cities hundreds of thousands of dollars and has resulted in the influx of rogue marijuana operations. The city of Brea has spent $325,000 in legal fees to justify the legality of their marijuana prohibition.[6] By mid-2011, Lake Forest had spent nearly a million dollars to close a dozen rogue dispensaries.[7] Before the city of Santa Ana implemented Measure BB, the city approved $500,000 to fund the enforcement of its anti-marijuana ordinance.[8] **When marijuana is legalized in 2016, Garden Grove will be facing a new set of expensive enforcement and legal issues if proper legislation is not in place!**

As a consultant who has been working with the medical marijuana industry since 2009, I counsel that there are risks to not addressing this issue directly: 1) Marijuana activists, often represented by attorneys leveraging legal action, are creating legislation that limits local authority as seen in Costa Mesa[9] and Santa Ana. 2) Activist legislation at the state level will trickle down to local government, endangering local control and putting Garden Grove at risk to an influx of marijuana operations that will use the change in law as justification to issue legal action to fight your present marijuana prohibitive ordinance.

I advise that **the best course of action to protect local authority and the quality of lives of your residents is to beat marijuana activists to the punch.** Be preemptive. Regulate medical marijuana now on your own terms before marijuana activists create legislation for you. In his comments to the Orange County Register about marijuana activism in Santa Ana, Councilman Sal Tinajero said, "Just because you create an ordinance, doesn't mean that you are supporting (marijuana). We had to make a move to protect the quality of lives of our residents. ... Now, the majority of the council is saying, 'Thank God we did this.' Otherwise, the medical marijuana distributor would write the laws and dictate to us how they are going to operate."[10] The League of California Cities is currently discussing regulation to protect local government. Cites like Laguna Woods, Palm Springs, and Diamond Bar that have implemented their own regulations have avoided the costly litigation and influxes of marijuana operations experienced by other cities.

I understand that the majority of your residents are not medical marijuana patients, but the ramifications of letting activists resolve the issue can be very damaging. Being involved with the medical marijuana industry for 5+ years, I have experience in all phases and can provide solutions to help safeguard Garden Grove's interests. I can be reached directly at anytime at my contact information listed on the next page to discuss the issue further.

Thank you very much for your time and attention to my letter.

Sincerely,

Erik S. Chan

June 9th, 2016

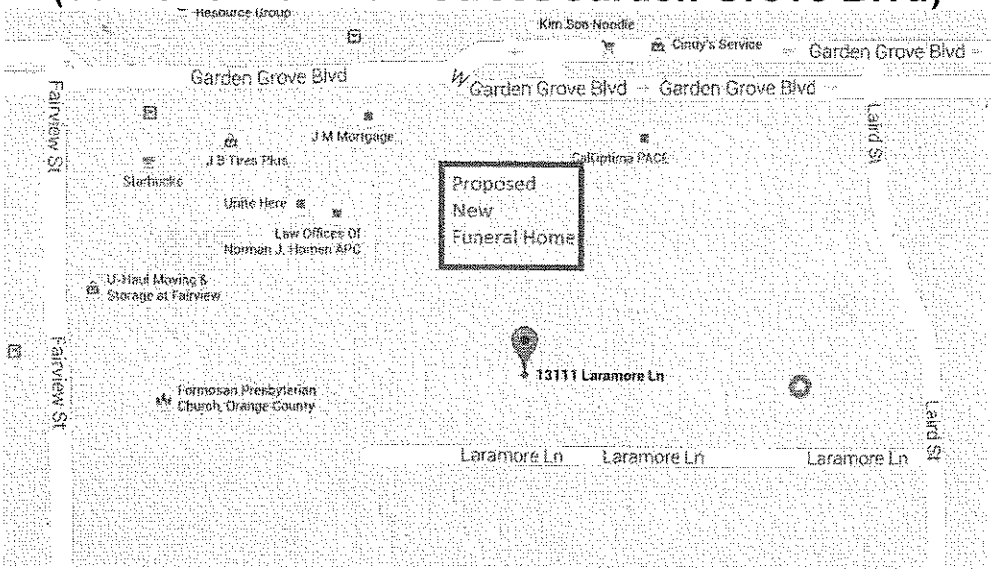
We the resident community of the tri-city Garden Grove, Santa Ana and Orange will be holding an opposition rally

on Sunday June 12th at 2:30 pm

on the cul-de-sac of

13111 Laramore Lane, Garden Grove CA 92843

(corner of Fairview Street/Garden Grove Blvd)



Objective:

- For us as a community to stand united, voice concerns and prepare for the second public hearing on Thursday, June 16th that will be held at the Community Meeting Center on 11300 Stanford Avenue in Garden Grove.

- To voice our concerns and objection of the proposed plan to approve and build a funeral home, consisting of full crematory and mortuary service, in our neighborhood.

We invite you to come and support us,
see our neighborhood with your own eyes,
hear our concerns with your own ears,
and feel our pain with your own heart.

At the last public hearing on June 2, 2016 at 7:00 pm with the 6 Garden Grove Planning Commissioners, the applicant, Mr. Tuan Duc Nguyen, owner of Heaven's Gate Funeral Home, proposed a plan to build a new funeral home that will include a full service crematory and mortuary located at 13272 Garden Grove Blvd., Garden Grove, CA 92843. Mr. Tuan Duc Nguyen is requesting approval for Conditional Use Permit No. CUP-073-2016. The motion has not been approved yet, however 3 votes were in favor, only 2 votes against and 1 abstain vote. There now is a secondary meeting scheduled for June 16, 2016 in which there will be all 7 Commissioners to decide our fate as a community.

We have some concerns that needs to be discussed and prepared.

Health Issues:

Health concern for young children, pregnant women, nursing mother with their young, and elderly citizens. How will the emission and invisible fumes affect them in the long term? Where is the independent research done on this issue related to crematories as well and embalming facilities within such a close range of residents homes? We want exact numbers for the research in the state of California. If it doesn't exist how can it be safe for us?

During the embalming process, embalmers are required by OSHA to wear a respirator and full-body covering because the chemical used are so toxic. How are these same chemical fumes emitted into the air deemed safe around our children and neighborhood?

Can you guarantee us during the cremation process there aren't any other toxins in the human body that will be identified in future that will lead other unforeseeable health issues? We don't want to be the "Poster Child" Community for future rules and regulation because a business owner's oversight.

Are we resting the fate of our entire community on one research firm, Blodgett Baylosis Environmental Planning, findings? Marc Blodgett, owner/project manager, himself stated multiple times during the last hearing this is a "unique circumstance". With "uniqueness", shouldn't we investigate more?

Psychological issues:
What are long term effects of living in fear related dead bodies, hazardous chemicals and fumes? Fear is not something can be addressed with pure logic. What is logical for one person is illogical to another- does that mean their emotions and feeling don't count or any less real?

Property Value:
Show us actual proof from independent research that our property value will not be affected. We want independent surveys done to see if people or families will want to purchase a new home near crematory/mortuary?

Through the words of Mr. Tuan Duc Nguyen's representative, he expressed his sincere concern for creating a peace place for family to mourn and respect the deceased. Yet he ignores our concern and respecting our place of peace for the LIVING - we the resident, the family of this community.

We will invite him, Mr. Tuan Duc Nguyen, owner of Heaven's Gate located on 7845 Westminster Blvd Westminster, CA 92683 and his representatives to come and answer our questions on concerns on this day as well.

Sincerely,

Khai Nguyen

Dear Mayor Nguyen,

I want to personally thank you for joining our event last Saturday and graciously participating as the MC for the program. Thank you for your powerful story, your vibrant smile and your willingness to interact with either the children, refugees, or performers.

Some of our guests mentioned to me they were so happy to be there that night because they got to meet their Mayor! I wish you all the success in your service to the city, our county and in near future our country.

Lastly, I have photos of that evening; would you like me to send your photos via email?

Respectfully,

Greetings!

Thank you so much again for agreeing to help out our Vietnamese American History class by visiting at 8am on Monday morning. The students are looking VERY forward to hearing from you! :)

I have attached the questions the students generated - you will probably not have time to answer all of them, but it gives an idea of the type of questions they would like to hear your position on.

If you wouldn't mind starting with a short introduction (where you were born, where you grew up, when your family came to the US), that would be great.

When you arrive, please check in at the Main Office (off of Stanford St.). It gets VERY crowded around 8, due to the students arriving. You may want to aim for 7:45 to avoid the traffic mess.

My room is 624, which is in the back of the school. When you exit the Main Office, you will exit through a back door that leads onto campus. Turn left, then turn right. You will leave the hallway and be in an open area. Keep walking straight, you will pass a garden area, and then turn right. Follow this hall and turn right again. You should now be in an area with a gigantic garden. You are now at my room! It is the only one with double doors, and I will have at least one door open and probably be looking for you.

Please let me know if I have any questions.

Thank you SO MUCH,

Katy Jue

Thank you so much again for agreeing to help out our Vietnamese American History class by visiting at 8am on Monday morning. The students are looking VERY forward to hearing from you! :)

I have attached the questions the students generated - you will probably not have time to answer all of them, but it gives an idea of the type of questions they would like to hear your position on.

If you wouldn't mind starting with a short introduction (where you were born, where you grew up, when your family came to the US), that would be great.

When you arrive, please check in at the Main Office (off of Stanford St.). It gets VERY crowded around 8, due to the students arriving. You may want to aim for 7:45 to avoid the traffic mess.

My room is 624, which is in the back of the school. When you exit the Main Office, you will exit through a back door that leads onto campus. Turn left, then turn right. You will leave the hallway and be in an open area. Keep walking straight, you will pass a garden area, and then turn right. Follow this hall and turn right again. You should now be in an area with a gigantic garden. You are now at my room! It is the only one with double doors, and I will have at least one door open and probably be looking for you.

Please let me know if I have any questions.

Thank you SO MUCH,

Katy Jue

How do you identity yourself?

Why is identity important?

How long did it take before you developed your identity? Or felt comfortable with it?

Is it difficult to consider yourself American, or easy? Why?

At any point in your life, did you identify yourself as something different than what you identify now?

How does one person become classified as an Amerasian? What is the difference between Vietnamese American and Amerasian?

How does our identity affect us as human beings?

Did you ever have a language barrier? If so, how did that affect you?

Do you know anyone who used a fake identity to get into the US?

Do you face much racism and prejudice?

Do you think you were ever going to classify yourself as American or did you ever consider yourself full Vietnamese? If you identify as full Vietnamese, did you consider it with pride and want to rebuild Vietnamese traditions here instead of adapting to an American lifestyle?

How did Americans treat your family when they first arrived to America?

What struggles did you face based on your family having resettled in America?

Do you still retain your Vietnamese traditions/culture? How?

Would you ever move to Viet Nam and live there?

Was it easy to assimilate to America (if your family moved here when you were young)?

Has your Vietnamese heritage ever denied you from doing what you wanted to do? For example, during segregation, and in some cases now, blacks were denied certain privileges. Has this ever happened to you as a Vietnamese person?

Were you/your family different people when they lived in Viet Nam; if so, how and why?

Did you/your family have different goals living in Viet Nam than living in America? If so, what was different any why?

Have you, or any out Vietnamese friends, encountered homophobic situation within the Vietnamese community? If so, can you please share and tell us how you/your friends dealt with this?

If you have ever come out, or have friends who have come out, how did you come out to your Vietnamese family, when, and did they understand you?

(For Bao) Knowing you used to protest in your youth, what were the most memorable/most conflicting.

BAO
CONGRESS

Bao,

UPDATE: We are just 236 votes away from a second place finish, which would clear the way for us to move on to the general election in November.

There are still 173,364 ballots left to to be counted, so *this race is far from over.* You may have seen some in the media calling the election already, but don't be fooled. We've been gaining votes and closing the gap every day. We fully expect to have enough votes by the end of counting to move forward to the general election.

I just wanted to send this email to say thank you for all you've done for me so far. Whether it was donating online or volunteering in the office, **I wouldn't still be in this race without you.**

More updates to come soon. For now, let's keep our heads up and continue to look forward.

Best,
Bao

Subject: The Future of Medical Marijuana in Garden Grove
From: Brady Murphy <murphybcm@gmail.com>

To: baon@ci.garden-grove.ca.us

Hi Council Members,

Thank you for taking the time to consider my inquiry.

This past Spring the City Council joined a wave of cities banning the cultivation and delivery of Medical Marijuana before the March 1st Deadline whereupon local control of the matter would be forfeited to the state.

My understanding was that this was something of a stop-gap measure, a temporary position taken more to maintain local control than to settle the issue. Now that it is several months on, have there been any additional decisions made regarding the future of Medical Marijuana in Garden Grove?

If so: what are those decisions?

If not: when do you expect to take another look at the issue and how will that process be undertaken?

Thank you again for taking the time to read and respond to this letter.

Have a great day!

Dear Honorable Mayor Nguyen & Council Members,
My name is Tan Hoang and I am a resident of Garden Grove residing at 13162 Hilton Lane; and I'd like to extend an invitation to you to come out and meet with your constituents and listen to our concerns.

Please spare some of your precious time and come out to meet concerned residents who are holding a rally opposing the planned opening of funeral home @ 13272 Garden Grove Blvd. The rally will be held at 13111 Laramore Lane from 2:30 PM tomorrow Sunday June 12th. The residents of this beautiful cul-de-sac will be directly affected by the proposed funeral home because Laramore Lane is right behind the site.

This issue has caused much anxiety and anger within our community because of the immediate and long term negative impacts this business will have on our neighborhoods. These impacts include potential health risks from the proposed crematory, the close proximity to residential neighborhoods, and the very real and detrimental affect on home values. At the last city planning commission public hearing on June 2nd, many residents raised their concerns about the validity of the environmental impact report presented by the proposed funeral home's owner; some of which seemed like pseudoscience. To our dismay this plan was able to garnish three votes out of the four needed from the city planning commission. I'd like to point out that it is my personal belief that none of the three commissioners who voted "yay" on this plan lives any where near 13272 Garden Grove Blvd. This funeral home will not have any economic impact on our community because it will not create any jobs. According to their own plan, the site will have one funeral home director and three to four part-time employees. What ever fiscal impact this business will have on the city in terms of tax dollars will be greater off-set by the loss of home values in the immediate vicinity. We have worked very hard to achieve the American dream of owning a home, and now we are staring at the reality of losing it because of one person's greed.

Please come out and meet with us; please listen to our concerns; and please do right by our Garden Grove residents and voters. Thank you very much.

Respectfully,
Tan Hoang.

The chair said that it's to give the 7th commissioner a chance to vote on the matter. It just seems reasonable that that decision should have been made prior to the 1st vote and that voting shouldn't have happened in the first place.

This means that the Planning Commissioners are supposed to act like judges and base their decisions *only* on the testimony and evidence that is presented *at the public hearing*. This way, those on each side of an issue have the opportunity to hear and respond to and/or rebut what the other side says. This is a basic due process requirement and essential to a fair hearing. Where there is evidence that a planning commissioner has considered evidence that was not presented during the public

hearing, or has "pre-judged" a CUP application, the planning commissioner could be disqualified from participating in the decision and/or the planning commission's decision could be subject to a legal challenge. To avoid allegations of bias or violation of the applicant's (or the public's) due process, we typically advise planning commissioners to simply avoid meeting with an applicant or members of the public prior to the public hearing on a CUP application.

In the event commissioners do meet or speak with anyone about a CUP application prior to the public hearing, the commissioner will be required to state on the record at the meeting each individual with whom they met or spoke and the substance of each communication.

Let us know if you have additional questions or concerns. Omar.

Subject: medical marijuana initiative input
From: rlongwith <longwithlaw@gmail.com>
Date: Mon, 13 Jun 2016 14:36:47 -0700
To: baon@ci.garden-grove.ca.us

Dear Mr. Mayor

I hope this day finds you well. My name is Randall T. Longwith. I am a practicing attorney with a law firm here in Orange County. I am also the CEO of The Longwith Group. I am the attorney for the first licensed medical marijuana dispensary in Orange County as well as many other licensed medical marijuana businesses throughout California. I am writing you to ask for your input regarding a medical marijuana initiative I am currently drafting and planning on submitting this week for Medical Marijuana Business Licenses/Permits in your city.

Current polls indicate that if a medical marijuana initiative is placed on a ballot in California, it is very likely to pass. The latest Gallop poll shows that 58% of Americans now favor legalizing marijuana. In Californian, according to the recent Tulchin Research Poll, residents favor legalization of marijuana by a much greater margin: 65%. Santa Ana's medical marijuana initiative passed by greater than 64% in November of 2014. As of today half of the states have "legalized" either medical or recreational marijuana.

My point is this: If a medical marijuana initiative is likely to pass in Garden Grove, it should be as beneficial as possible to this city and its residents as possible. I would like an opportunity to discuss with you the drafting of a comprehensive initiative that would provide the city with tough restrictions of best practice operators that would integrate well into your city.

I understand the risk for someone in your position in supporting such an initiative - that is why I am only asking for your input at this time. I hope to hear from you soon.

Sincerely,

Randall T. Longwith

Subject: Please remove the medical marijuana delivery ban

Honorable City Council Members,

Medical marijuana delivery can provide a safe and discrete alternative to dispensaries. There are thousands of patients in the Garden Grove area who depend upon medical marijuana delivery for access to their doctor recommended medication. These medications help reduce pain, seizures, side effects of chemotherapy, and provide other palliative care.

This is especially important for the many patients whose circumstances prevent them from being able to visit a dispensary. Garden Grove's ban on medical marijuana delivery is deeply affecting the health and quality of life for these patients, and I would like to request that you consider reversing your decision.

Please consider lifting the ban on delivery so that patients can safely and conveniently access the medicine their doctor recommends.

Thank you for your consideration.

Subject: Nhan Hoa Comprehensive Health Care Clinic Back to School Backpack Campaign

Dear Mayor Nguyen,

My name is Helen Hien Nguyen, I'm the Health Educator and Outreach Manager for Nhan Hoa Comprehensive Health Care Clinic in Garden Grove. Our mission here is to provide affordable and comprehensive family-based health services to the individuals, who may not otherwise have access to healthcare due to financial, language, cultural, lifestyle, or psychological barriers, regardless of their ability to pay. Each month we serve anywhere from 5000-8000 patients. Child obesity is a serious problem in the United States. According to the CDC Approximately 17% (or 12.7 million) of children and adolescents aged 2-19 years are obese. Children of low income family have the highest prevalence of obesity (CDC, 2016). The purpose of this campaign is to encourage parent to bring their children in for the affordable low cost yearly PE, Eye exam, and Dental Exam. This campaign will promote wellness awareness and prevent chronic complication in children and adolescents. Nhan Hoa would like to partner with sponsors to give out a free backpack with school supplies to each children who participated in the wellness checkup exam. Below I attached more information regarding the Backpack Campaign. Thank you for your time, and I hope to hear from you soon.

EVENT NOTIFICATION

Name of the Event: Back to School Backpack Campaign

Date and Time: Starting June to August

Location and Address: Nhan Hoa Comprehensive Health Care Clinic
7761 Garden Grove Blvd., Garden Grove, CA 92841

Attachments: Backpack Campaign Proposal

Dear Sir/Madam,

On behalf of Nhan Hoa Comprehensive Health Care Clinic, I would like to invite you and your organization to participate in our first back to school backpack campaign starting mid-June to August.

We are launching this campaign in order to bring forth organizations that can assist in promoting preventative health for school age children in Orange County community through donating, sponsoring, and or collaborating with Nhan Hoa on this effort.

I have attached more detailed information on our backpack campaign.
It would be an honor to have you join in our cause in making a difference in the community. Please, let me know if you can partner with us in this back to school backpack campaign. You can reply directly to my email address helen.nguyen@nhanhoa.org or call me at (714) 898-8888 extension 134. Please feel free to contact me if you have any questions about the campaign.

Thank you for your time and consideration. I am looking forward to work with you and your organization on this campaign.

Sincerely,

Helen Hien Nguyen, BSN, MPH

NHÂN HÒA
Comprehensive Health Care Clinic

Backpack Campaign

Nhan Hoa Comprehensive HealthCare Clinic is a Federally Qualified Health Center which provides low or no cost medical services to the neighboring community. Nhan Hoa Clinic's population served is predominantly of Vietnamese or Hispanic individuals and families who are low income, at, or below the poverty level. Most patients who visit Nhan Hoa Clinic have insurance through Medi-Cal, Covered California, or no insurance at all. Nhan Hoa Clinic does not discriminate and serves all regardless of ability to pay.

At Nhan Hoa Clinic, we strive to ensure that preventative care is the primary care we provide, so the community stays healthy. Child obesity is a serious problem in the United States. According to the Centers for Disease Control and Prevention (CDC) Approximately 17% (or 12.7 million) of children and adolescents aged 2-19 years are obese. Children of low income family have the highest prevalence of obesity (CDC, 2016). The purpose of this campaign is to encourage parent to bring their children in for the affordable low cost comprehensive wellness visit. This campaign will promote wellness awareness and prevent chronic complication in children and adolescents. With this in mind, we are looking to work closely with sponsors to begin our Backpack Campaign. This campaign would target families with school-aged children returning to school in the fall 2016. We will invite the community to bring their children in for a comprehensive wellness visit, which would provide pediatric physical exams, immunizations, dental cleanings, and eye exams to each child in a family. After completing the visit, the children will receive a free backpack including common school supplies such as a spiral notebook, pencils, pens, pencil boxes, binders, etc. We hope to distribute anywhere from 500-1000 units depending on our supplies.

Estimated budget as follows:

- Backpacks: $12.79
- Notebooks: $ 1.00

- Pencils: $1.49
- Pencil Box: $1.39
- Binders: $2.59

Total cost per unit: $19.26 per student

We hope to develop a long term partnership with you as one of our primary sponsors who support our passion for the health and wellness of our community. We ask for your generosity in monetary donations to purchase materials, or by donating the school supplies directly.

For any questions, concerns, or to donate, please contact Helen Hien Nguyen at 714.898.8888 ext. 134 or helen.nguyen@nhanhoa.org

Hi, Mr. Peterson,

Yes, I'm the first directly-elected openly gay mayor in the county. Thank you for being there last night. It was heartfelt to see our diverse community come together to grieve and to support one another during these tragic times. If there's something I can help with, let me know.

Best,

Subject: Mayor and Council roles at the City's 60th

Hi, Pam!

We'd like all of the Council to attend and be part of a photo op at 6:00 p.m. at the main stage at the clock tower, but we have an additional job for the Mayor. We'd like him to pick his favorite classic car at the City's 60th on Saturday, June 18. He'll present a big trophy to the owner during the brief program we have planned at 6:00 p.m.

So, can he arrive at Village Green Park to do this about 5:00 p.m.? I think that'll give him some time to really look at the 40-or so cars and let the car show organizers know which one will receive the "Mayor's Choice." We'll keep our eyes out for the Mayor as well and walk him through his duties for the event.

We are then asking that at 6:00 p.m. he come to the main stage at the Clock Tower and join the Council members present for the cake cutting photo op, which includes asking the crowd present to sing "Happy Birthday, Garden Grove!" They will be joined by a 90-year-old and 100-year-old resident.

We'll have VIP parking in the horseshoe parking lot, located between the Courtyard Center entrance and the Festival Amphitheater entrance.

If the Council want to come early with their families and enjoy all the programming, that'd be great. If they make their way to the stage by the Clock Tower a little before 6:00 p.m., we can stage them and the cake.

Let me know if the Mayor or Council have any questions or concerns.

Thank you!

jgn ;)

Dear Mayor Pro tem Steve Jones,

I am writing to invite you to our Boat People SOS (BPSOS)'s annual dinner on Friday, July 22, 2016 at Seafood Place 12181 Brookhurst St., Garden Grove, CA 92840. At this event, we will raise funds for our international initiatives and your presence would be a great honor for us. We expect to have 500 participants.

Founded in 1980, BPSOS is the largest and most established non-profit outside of Vietnam. Our national headquarters, based in Northern Virginia, oversees eight offices in the United States and two operations in Southeast Asia. Our domestic programs offer a wide range of services to low-income families such as youth development, assistance to seniors, health-related education, financial and computer literacy, mental health counseling for victims of domestic violence, occupational safety and health, naturalization preparation, legal aid to refugees and immigrants, etc.

Our international initiatives, coordinated by our regional headquarters in Bangkok, Thailand, include rescuing victims of modern-day slavery, protecting victims of persecution, and developing civil society in Vietnam and throughout Southeast Asia.

Our branch office in Orange County, CA has been receiving support from your office, so we would like you to join us on this night to recognize the work that BPSOS is doing and to celebrate with the community for everything that we have overcame.

Please find the information for the event attached to this letter. If you have questions about this important fundraising effort, please contact me at (714) 897-2214 or you can email me at khanh.tran@bpsos.org.

I look forward to hearing from you.

Sincerely,

Dear Friends and Supporters of Relampago,

Relámpago Del Cielo Grupo Folklórico is celebrating its 40th Anniversary and would like to extend an invitation to our Kick-Off Mixer, hosted by El Consulado de México, on *Thursday, June 23, 2016*, from 5:30 PM to 8:00 PM.

Based in Santa Ana, Relámpago is proud to be one of the oldest permanent Mexican folkloric dance companies in the United States that provides classes and performances to audiences of all ages.

Over the years, the Consulado de México has recognized and endorsed Relámpago as a viable institution that is dedicated to the preservation, research and promotion of the Mexican culture through the visual, performing and folk arts, for which we are very grateful.

Come join our Kick-Off Celebration on the 23rd! We hope to see you there!

Subject: Please remove the medical marijuana delivery ban
From: James Sosa <jamessosa21@yahoo.com>

Honorable City Council Members,

Medical marijuana delivery can provide a safe and discrete alternative to dispensaries. There are thousands of patients in the Garden Grove area who depend upon medical marijuana delivery for access to their doctor recommended medication. These medications help reduce pain, seizures, side effects of chemotherapy, and provide other palliative care.

This is especially important for the many patients whose circumstances prevent them from being able to visit a dispensary. Garden Grove's ban on medical marijuana delivery is deeply affecting the health and quality of life for these patients, and I would like to request that you consider reversing your decision.

Please consider lifting the ban on delivery so that patients can safely and conveniently access the medicine their doctor recommends.

Thank you for your consideration.

Dear Mr. Mayor, Mr. Mayor Pro Tem, and Council Members,

Here are a few pictures from this past Sunday's rally to oppose the crematory/mortuary proposal in Garden Grove. The rally was held at 2:30 PM in the cul-de-sac of Laramore Lane. About 200 people attended the rally.

Regards,
Joseph Tran

Dear Mayor City of Garden Grove, Council Members, and Planning Commission Members,

I found this crematory study research on the website, please take a moment to read and review for yourself in determine the lives of the people who are greatly affected by this Conditional Use Permit - Case Number CUP-073-2016. in this neighborhood.

This issues raise very serious and pose a thread of health concerns in our neighborhood community who live right next door to the house of Heaven's Gate Funeral Home with Mortuary and Crematory process. Please consider embalmment process to take place as well, it is highly toxic chemical.

Where are the toxins of chemicals go during embalmment?
What are the toxic chemical release during crematory? and where do the toxins go to?
We have our children play outdoor. Are they going affected by this cause? Who is responsible for their healths?

We, as the community of our neighborhood of Santa Ana, Garden Grove, and Orange. We Do NOT want this Heaven's Gate Funeral Home to be operated here in the heart of our community.

Please help us and support our neighborhood to reconsider to vote NO for Case Number: CUP-073-2016

Conclusions of Grinnell community residents studying mercury emissions from crematoria

Principal authors: Rob & Nancy Clower (1312 Broad St., clower@iowatelecom.net), Doug Cutchins (1309 Broad St., doug.cutchins@gmail.com), Dave Ford (1116 Main St., david.ford.1973@gmail.com), Erik Simpson (916 10th Ave., simpsone@grinnell.edu), based on research by several other community members.

Janaury 20, 2009

The Grinnell City Council Planning Committee passed Ordinance 1310 on a 3-0 vote (motion by McNaul, second by Wright). It later passed the City Council on first reading, 6-0.

January 16, 2009

Ordinance 1310 would allow a source of vaporized metallic mercury and other toxic emissions to be placed in a residential neighborhood in Grinnell. We oppose this ordinance. We believe that the installation of a crematory without a supplemental filtration system at Smith Funeral Home (Smith) would frustrate the fundamental purpose of municipal zoning, namely the separation of incompatible uses of land.

Placing a crematory in an R-3 zone creates two incompatibilities with residential land usage. First, to some, the notion of residing near a cremation facility is an unpleasant one. Important as such facilities may be, they simply are distasteful to some homeowners and, when one is constructed nearby, these homeowners experience a substantial impairment in the enjoyment of their property. It goes without saying that this reaction to crematoria, even if it is a purely emotional, perhaps irrational one, also may make it more difficult for a homeowner to sell his or her home.
Second, the proposed crematory construction would introduce an incompatible land use by inserting a long-term source of potentially dangerous toxins into a residential area. Homeowners in such an area maintain the reasonable expectation that their city government will establish and preserve zoning rules that keep the air that they and their children breathe as clean as possible. It should be noted that the Grinnell City Council only recently has done just this in reaching the decision to prohibit trash burning in residential zones.

We would like to point out that we, the undersigned, do not personally find the presence of a crematorium in the vicinity troubling in the emotional sense described above. To the contrary, we fully accept the Smith's assertion that, by offering on-site cremation as a service, they are meeting a community need that is real and growing. We have assured Smith that we actually would be pleased to see them install a crematory if – and this is, of course, the critical qualification – if adequate measures are taken to ensure that the operation of that crematory will not endanger the health of Grinnell residents.

Over the past five weeks, we have spent a great deal of time gathering information about emissions from crematoria. We have done our best to evaluate fairly the available research on release of dioxins, fine particulate matter and vaporized mercury. We find a great deal of uncertainty in the available information about dioxins and fine particulate matter. In particular, we have been disappointed by the absence of specific information on these issues in the crematory manufacturer's test data. We do know, however, that crematories emit vaporized mercury, and we know that the existing studies of those emissions have not established the safety or danger of those emissions for humans nearby. We believe that knowingly placing a source of vaporized mercury in a residential neighborhood is an imprudent and inadvisable risk, and several members of the Grinnell medical community agree with that assessment.

Smith has been helpful in the information-gathering process. On January 15, four of us had a very cordial and informative two-hour meeting with three members of the Smith family. Also present were Grinnell City Manager Russ Behrens, Stuart Schmitz from the Iowa Department of Public Health, and Sam Rebelsky, a close neighbor of the funeral home. We continue to be convinced that Smith has the community's welfare very much at heart. The device they wish to install is one of the best available and presumably will burn more cleanly than older models.

While we believe that Smith is committed to serving our community responsibly, we find it very worrisome that, in evaluating toxic crematory emissions, they appear to have relied primarily on materials provided to them by the Cremation Association of North America (CANA). Comparing these materials to others from sources that do not share a vested interest in the cremation industry, we are convinced that CANA's information misrepresents the nature and extent of emissions.

Furthermore, CANA fails to give meaningful guidance on the types of control measures that best can minimize the dangers of mercury vapor, namely, pre-cremation extraction of teeth containing amalgam fillings and installation of mercury filtering control devices. Smith has offered to extract teeth "if families feel strongly about it." There would be a fee associated with the service and we believe that this option would be chosen

seldom. Even if consistently and reliably implemented, this procedure would do nothing to reduce dioxin and particulate matter emissions.

Smith has told us that the cost of mercury filtration systems is prohibitive and that they will not install a crematory if they are required to include such a system. This is particularly unfortunate since some filters reduce not only vaporized mercury, but dioxin and fine particulate matter (PM2.5 (particulate matter under 2.5 microns)) emissions as well. The Iowa EPA monitors particulate matter pollution statewide due, in particular, to health concerns over PM2.5. The only emissions information that Smith has provided (and apparently all they were provided by the manufacturer) for the very unit they wish to install includes no data for PM2.5, and none for either dioxins or vaporized mercury.

There are a number of points on which we and Smith agree. We agree that we live in a wonderful community whose residents care about and take care of each other. We agree that we should do all we can to ensure the good health of every citizen of Grinnell. Though many of us had thought comparatively little about the issue prior to the past five weeks, we have realized that we agree with Smith that our citizens deserve to have a reliable, caring funeral home to which they turn with confidence following the death of a loved one.

Where the safety of the proposed facility is concerned, we believe we also would agree that there is a disappointing lack of clear data on the concentration of vaporized mercury and other toxins in the air in the vicinity of an operating crematory. Smith has noted correctly that neither the Iowa legislature nor the Iowa EPA has placed limits on crematory emissions. However, we reach a critically important point of disagreement when we ask ourselves how we should respond to this lack of authoritative guidance. Smith contends that a lack of absolute proof of a danger together with the absence of governmental regulation provides sufficient assurance that the emissions from their crematory would pose no health risk at all to the community.

In contrast, it is our position that it is highly imprudent knowingly to permit the introduction into our neighborhoods of a long-term source of vaporized mercury. Given the nature of this toxin, it is imprudent to do so even if the amount is small, but most industrialized countries have imposed strict limits on crematory mercury emissions precisely because they have concluded that the amounts are substantial from a human health perspective. Regrettably, one can take little comfort from the absence of U.S. federal regulation or state regulation. Clearer guidelines do exist for dioxin and PM2.5 emissions, but, as noted above, the materials provided by Smith include no information concerning these pollutants.

We respectfully urge the committee to reject the proposed ordinance, thereby rejecting the notion that the contemplated cremation facility is safe enough simply because it might be safe enough and because no higher

governmental body yet has declared it unsafe. The portion of Iowa Code dealing with zoning provides, in relevant part, that, "[f]or the purpose of promoting the health, safety, morals, or the general welfare of the community or for the purpose of preserving historically significant areas of the community, any city is hereby empowered to regulate … the location and use of buildings, structures, and land for trade, industry, residence, or other purposes." Iowa Code §414.1 (2007) In its decision concerning a recent zoning issue in the city of Ames, the Iowa Supreme Court noted that "governing bodies have a legitimate interest in promoting and preserving neighborhoods that are conducive to families – particularly those with young children. *Ames Rental Property Association V. City of Ames*, 736 N.W.2nd 255, 261 (Iowa 2007).

The court in *Ames* noted further that "[c]ity council members are permitted to legislate based on their observations of real life." *Id.* at 262. We ask that the council approach this question from just that perspective, taking into account the very real lives of the men, women and children of our community.

Documentation
The following documents are available as PDF attachments **at the very bottom of this webpage**. Summaries are provided here, but we encourage all interested citizens to read these documents fully. Please note that several of these documents are quite large and may take a few minutes to download, depending on the speed of your connection.

1) **Information about mercury provided by Stuart Schmitz, Environmental Toxicologist at the Iowa Department of Public Health.**

This document highlights the health effects of exposure to vaporized mercury, and includes abstracts from three scientific studies of emissions from crematoria. Mr. Schmitz indicated that there are very few studies that have been done of mercury emissions by crematoria, stating that, in his judgment, there is not sufficient information to say if it is safe or not safe. Research study summaries he provided included an enormous range of results for mercury concentrations in air in and around crematoria, but it is unclear which results were from filtered versus unfiltered facilities.

2) **Information from Dr. Scott Baumann (Grinnell dentist)** including (1) a letter from him about the use of mercury in amalgam fillings, (2) a statement from the American Dental Association on dental amalgam, (3) the Iowa Dental Association president's statement on amalgam safety, and (4) information from the amalgam capsule packaging that indicates the hazards associated with exposure to mercury vapors.

These documents suggest that the dental industry plans to continue to use amalgam fillings containing mercury and that it considers mercury vapors dangerous. Dr. Baumann concludes his letter by saying that he "cannot endorse the incineration of mercury-containing dental filling materials."

January 20, 2009 update: This letter has been removed from this website, per Dr. Baumann's request. A copy of it is on file with the City of Grinnell and may be viewed there.

3) **Letter from Dr. David Coster (Grinnell physician).**

Dr. Coster reviewed available medical literature and concluded that "low doses of vaporized mercury can be harmful, especially to the unborn and children. ... Families living in the area for years could be at risk for poisoning." The "attached overview" to which he refers, from the Massachusetts EPA about the adverse health effects of mercury, was given to the committee prior to the last meeting (and is linked below).

4) **Power-Pak II crematory emissions information** from Smith Funeral Home

information on particulate matter exposure risk and EPA regulatory limits from the Iowa Environmental Council and the Iowa DNR

email from Stuart Schmitz about the relation between the emissions information and the EPA regulations

The test information for the Power-Pak II crematory reports emission of particulate matter, carbon monoxide, oxygen, and visible emissions. (We note that no information is provided by the company about the release of dioxins or mercury from this equipment.) The email from Stuart Schmitz explains what the particulate emissions information is and how it relates to EPA standards. Briefly, the crematory particulate matter emissions were measured at the smokestack, but no measures of ambient air concentration of fine particulate matter (PM2.5) are provided. It is noteworthy that the particulate matter released by this equipment is a little over half the allowable amount (their test showed .055 grains/cubic foot and the Iowa limit is 0.1 grains/cubic foot). This might be worrisome from a health perspective since the

particulate matter in Iowa is already near and sometimes over the national ambient air quality standards (see Iowa DNR information).

5) **Pollution Prevention Crematoria Project Final Report** prepared for the **Colorado Department of Public Health and Environment**, concerning the state's attempt to work with the cremation industry to reduce mercury emissions.

This report is particularly interesting because, in addition to discussing available data about mercury emissions from crematoria, it provides descriptions of some experiences associated with tooth removal (pages 9-11).

6) **Dust in the Wind? The Bell Tolls for Crematory Mercury.** Philip Donald Batchelder. Comment, *Golden Gate University Environmental Law Journal*, Volume 2, 118-161 (2008)

This law review article describes the current regulatory atmosphere surrounding mercury vapor emissions from crematoria. It focuses on recent state regulation efforts in Minnesota, Maine, Colorado and California, noting that federal oversight remains absent. The document makes it clear that efforts to regulate these emissions are intensifying nationwide.

January 5, 2009

Background
Smith Family Funeral Home has proposed an ordinance to the City of Grinnell that would allow funeral homes in residential neighborhoods to build and operate crematoria on-site.

Will mercury be emitted from the proposed crematorium, and how much?
Yes, mercury will be emitted. Crematoria are a significant source of elemental (metallic) mercury emissions. Although empirical data about these emissions remain scarce, most studies estimate that an average body cremated today releases two to three grams of mercury, most of which becomes airborne. Almost all of that mercury comes from silver amalgam tooth fillings. During the next few decades, mercury emissions from

crematoria are expected to increase for two reasons: a greater number of people who die will have amalgam fillings, and a higher percentage will choose cremation. According to the Cremation Association of North America's (CANA) statistics, and assuming death rates in the county stay stable, Smith Funeral Home will be performing over 100 cremations per year by 2025, almost all of which will emit mercury from amalgam fillings.

What are the health impacts of chronic, low-level exposure to vaporized mercury?

Poisoning from inhaled metallic mercury can occur after a chronic, low-level exposure. Three cardinal signs of this type of exposure are excitability (erethism), tremors, and gingivitis. Vaporized metallic mercury also can cause toxic effects to the nervous system, kidneys, cardiovascular system, gastrointestinal system, lungs, muscle, liver, blood cell count, skin and eyes, fertility, and immune system. The human fetus and small children are more likely to concentrate mercury in the developing brain and kidneys. Adults are affected less, but likewise can be poisoned over the long term.

What can be done to control mercury emissions from the crematorium?

There are several ways to reduce the amount of vaporized mercury leaving a crematorium chimney to a level that is acceptable from a health perspective. The simplest and least costly is the removal of amalgam filled teeth prior to cremation. However, Smith Funeral Home maintains that this procedure often is objectionable to the deceased's family. Post-cremation control devices all employ processes that, in essence, filter crematorium gases before they leave the chimney. Three of the most effective systems available reduce emissions by 94% to 99%. In 2003, the OSPAR Commission, a consortium of most major western European countries, reported that the use of emission control devices results in approximately a 15% to 20% cost increase per cremation.

Conclusions

1. 1. Various independent research studies, including those done by CANA, concur that mercury is emitted during the cremation process.
2. 2. According to the EPA and the US Department of Health and Human Services, mercury emissions are unsafe and can cause of number of significant, permanent health problems.
3. 3. Crematoria are known to emit mercury and dioxins which are unsafe and therefore should not be placed near residential areas without monitored filtering processes.
4. 4. Smith Funeral Home can take pride in having been a responsible and considerate neighborhood resident since 1931. We are confident that Smith will continue this tradition by acting responsibly in connection with this extremely serious issue.

"A crematorium should not be sited close to a neighborhood." -- Dr. Veerle Willaeys, resident in community medicine, University of British Columbia

"Crematoria should not be located in residential neighborhoods." -- Dr. Perry Kendall, chief medical health officer for British Columbia

"We just don't believe it is a wise place to locate these things... From a public health perspective, we believe that crematoria and residential neighborhoods are conflicting land uses," -- Dan Ferguson, assistant director of health protection, Canadian Interior Health Ministry

"Elemental (metallic) mercury primarily causes health effects when it is breathed as a vapor where it can be absorbed through the lungs." -- United States Environmental Protection Agency, 2008

"[M]etallic mercury vapors are more harmful than other forms because more mercury in [this] form reaches the brain." -- United States Centers for Disease Control, 2005

Hello again. I have been an activist and have been involved in the lgbt and HIV advocacy community in Orange County for decades. The reason for my inquiry is because of my knowledge of 2 openly gay mayors in Orange County, friends of mine, Robert Gentry of Laguna Beach in the 1980s and Libby Cowan of Costa Mesa in the 1990s. Both were elected in cities which had at-large elections, as I understand it, instead of having a directly election for mayor of the city. I would like you to be aware of the history that was made by these leaders decades ago.

I am on the faculty of USC's graduate School of Social Work and teach a series of policy courses at the Orange County campus. My students this fall may be interested in knowing about your path and experiences in public life.

Thank you for responding so promptly. Tom

Hi, Mr. Peterson,

Yes, I'm the first directly-elected openly gay mayor in the county. Thank you for being there last night. It was heartfelt to see our diverse community come together to grieve and to support one another during these tragic times. If there's something I can help with, let me know.

Best,
Bao Nguyen

Hi, that's wonderful. Thanks for sharing your work and activism. Seems you have dedicated yourself to the betterment of our world. Thank you for that and for helping to pave the way for people like me. I'd be happy to help however I can.

By the way, I went to UCI, so I spent quite a bit of time in both Costa Mess and Laguna Beach. We have a beautiful county.

My non city email is bao@baonguyen.us for when I'm no longer mayor. My term ends this coming December. If I make it in to the runoff to replace Loretta Sanchez, I wouldn't be able to run for reelection. It's a really close race!

Hi, Pam!

We'd like all of the Council to attend and be part of a photo op at 6:00 p.m. at the main stage at the clock tower, but we have an additional job for the Mayor. We'd like him to pick his favorite classic car at the City's 60th on Saturday, June 18. He'll present a big trophy to the owner during the brief program we have planned at 6:00 p.m.

So, can he arrive at Village Green Park to do this about 5:00 p.m.? I think that'll give him some time to really look at the 40-or so cars and let the car show organizers know which one will receive the "Mayor's Choice." We'll keep our eyes out for the Mayor as well and walk him through his duties for the event.

We are then asking that at 6:00 p.m. he come to the main stage at the Clock Tower and join the Council members present for the cake cutting photo op, which includes asking the crowd present to sing "Happy Birthday, Garden Grove!" They will be joined by a 90-year-old and 100-year-old resident.

We'll have VIP parking in the horseshoe parking lot, located between the Courtyard Center entrance and the Festival Amphitheater entrance.

If the Council want to come early with their families and enjoy all the programming, that'd be great. If they make their way to the stage by the Clock Tower a little before 6:00 p.m., we can stage them and the cake.

Let me know if the Mayor or Council have any questions or concerns.

Thank you!

Hi, that's wonderful. Thanks for sharing your work and activism. Seems you have dedicated yourself to the betterment of our world. Thank you for that and for helping to pave the way for people like me. I'd be happy to help however I can.

By the way, I went to UCI, so I spent quite a bit of time in both Costa Mess and Laguna Beach. We have a beautiful county.

My non city email is bao@baonguyen.us for when I'm no longer mayor. My term ends this coming December. If I make it in to the runoff to replace Loretta Sanchez, I wouldn't be able to run for reelection. It's a really close race!

Both were elected in cities which had at-large elections, as I understand it, instead of having a directly election for mayor of the city. I would like you to be aware of the history that was made by these leaders decades ago.

Hi Bao,

Hope you are well. Thank you for joining CAIR-LA's Orlando Shooting press conference on a moment's notice. Your message was powerful and an important one for others to hear and I am very glad we had your presence.

I wanted to extend and invitation to an Iftar (break-fast) gathering at my house in Anaheim on Saturday June 25th at 7:00 pm.

We are expecting about 100 young professionals and families from the Garden Grove and Anaheim area.

I would love for you to join us and share a few words with our community while meeting others from our community as well.

I can provide more details upon confirmation. Please let me know if you have any questions. Hope you can join us!

Kind Regards,

City of Garden Grove

INTER-DEPARTMENT MEMORANDUM

To:	Mayor and Members of City Council	From:	Scott C. Stiles
Dept.:		Dept.:	City Manager
Subject:	Budget Workshop Follow- up	Date:	June 14, 2016

OBJECTIVE

To update City Council on staff proposed resolution to the Council Budget study session follow up items.

BACKGROUND

On June 8, 2016 staff presented the City Council and public with a proposed FY2016-17 budget for review. Following public comments and City Council deliberation, staff was directed to add two (2) additional police officer positions to the proposed budget.

Comments were also made regarding the allocation of $60K to fund the Garden Grove Open Streets event, and the nature of the Clear Channel contract that provided the funding source.

DISCUSSION

Staff have added the two (2) police officer positions to the proposed budget at the C salary step for a total additional cost of $376K. The C salary step allocation affords the Police Department some flexibility in hiring already trained officers. The overall FY2016-17 proposed budget deficit will grow from $3.917M (as reported on June 8, 2016) to $4.293M.

With regards to the Open Streets event, the Clear Channel contract associated fees, while a general fund resource, specified that the funds would be applied to the downtown/civic center area. Hence, the Open Streets event being part of the Re:Imagine Downtown and civic center revitalization effort is a qualified expenditure.

FINANCIAL IMPACT

With the addition of the two (2) police officer positions, the overall FY2016-17 proposed budget deficit will grow from $3.917M (as reported on June 8, 2016) to $4.293M. To balance the proposed budget, staff is recommending that $1.4M be drawn from the Workers Compensation Fund, which is a change from the $1.0M that was originally recommended.

Mayor:
Attached is some information about the Section 8 and CDBG programs that you asked about. As it relates to the Housing Authority, the Section 8 program is funded on a calendar year basis. This year's authorized number of Section 8 vouchers is 2,337, although we are only funded for 2,300. If we received a full allocation from HUD we would be able to fund the additional 37 vouchers. CDBG is managed separately from Section 8. Allison's email below gives you some idea of the guidelines with CDBG. I hope this is helpful.

Subject: CDBG/HOME/Section 8

Scott,

Rental assistance payments are NOT an eligible CDBG expense. Per 24CFR 570.207(b)(4) (Prohibited Activities):

> Income payments. The general rule is that CDBG funds may not be used for income payments. For purposes of the CDBG program, "income payments" means a series of **subsistence-type grant payments** made to an individual or family for items such as food, clothing, **housing (rent or mortgage), or utilities [emphasis added]**.....

However, rental assistance payments are an allowable expense from our HOME funds. HOME funds may be used for:

- New construction of affordable housing
- Acquisition/rehab of affordable housing
- Tenant Based Rental Assistance (TBRA)

Typically, we have used our HOME funds for either new construction (the United Methodist Church Project) or acquisition/rehab (most recently 104 units in Buena Clinton). With HOME, we are required to commit our annual allocation within two years of receiving it. Our next commitment deadline will require a commitment of $456K to some type of eligible project by July 2017.

In 2014, we created a TBRA program to assist families on the Housing Authority's waiting list and also to help us meet our commitment deadline. The TBRA program mirrors our existing Section 8 program with the only difference being that families on the TBRA program can only receive rental assistance for a total or two years. All families originally on the TBRA program have now been transitioned to a permanent Section 8 voucher.

We currently have $1.6M in HOME funds. We have had conversations with several housing developers who are interested in partnering with the City on housing. A housing project, either new construction or rehab, will certainly require every bit of our available funds. Perhaps the best plan is to see if any potential housing project seem viable. If not, and we run into a commitment issue, look at funding the TBRA program at that time.

MAYOR'S CLOSING (ORLANDO SHOOTING)
Garden Grove City Council Meeting
June 14, 2016

- I want to just say a few words about the tragic shooting that took place this weekend in Orlando.

- It's almost unbelievable to realize that as far as we've come as a society; the hard lessons we've learned from the past; and the peaceful future that we all want for ourselves and our children, that there are those who choose violence as some kind of solution to differences.

- This heartless act of cruelty killed 49 people---most of them just starting their adult lives.

- Those who survived were severely injured, both physically and emotionally.

- We pray for the recovery of the wounded, and give thanks that they were miraculously spared.

- And for the families, friends, and loved ones of the victims, we keep them in our thoughts as they live with the anguish and pain that no one should ever have to go through.

- Our hearts go out to all those who have been affected by this act of inhumanity, as we join other communities around the world to grieve and to hope that there is a final end to all these violent attacks.

- It starts by finding the understanding and compassion for all people, to make that happen.

- Thank you.

Rental assistance payments are NOT an eligible CDBG expense. Per 24CFR 570.207(b)(4) (Prohibited Activities):

> Income payments. The general rule is that CDBG funds may not be used for income payments. For purposes of the CDBG program, "income payments" means a series of **subsistence-type grant payments** made to an individual or family for items such as food, clothing, **housing (rent or mortgage), or utilities [emphasis added]**.....

However, rental assistance payments are an allowable expense from our HOME funds. HOME funds may be used for:

- New construction of affordable housing
- Acquisition/rehab of affordable housing
- Tenant Based Rental Assistance (TBRA)

Typically, we have used our HOME funds for either new construction (the United Methodist Church Project) or acquisition/rehab (most recently 104 units in Buena Clinton). With HOME, we are required to commit our annual allocation within two years of receiving it. Our next commitment deadline will require a commitment of $456K to some type of eligible project by July 2017.

In 2014, we created a TBRA program to assist families on the Housing Authority's waiting list and also to help us meet our commitment deadline. The TBRA program mirrors our existing Section 8 program with the only difference being that families on the TBRA program can only receive rental assistance for a total or two years. All families originally on the TBRA program have now been transitioned to a permanent Section 8 voucher.

We currently have $1.6M in HOME funds. We have had conversations with several housing developers who are interested in partnering with the City on housing. A housing project, either new construction or

rehab, will certainly require every bit of our available funds. Perhaps the best plan is to see if any potential housing project seem viable. If not, and we run into a commitment issue, look at funding the TBRA program at that time.

We have family members renting the house, both elderly and a young child under 6. We are very concerned about the possible health risks due to exposure to toxins and/or mercury, not to mention the decrease in property value. The traffic is already backed up on Fairview and on GG Blvd due to the on ramp to the 22 freeway. Why impact this area with even more cars? I am not against cremation but the site is too close to family homes and the city council should deny the permit. I will be attending the planning commission meeting on June 16. I respectfully ask if would consider our reasons carefully. I appreciate your taking the time to read this lengthy email. Have a nice day!

Dear Mr. Mayor, Council Members, and Planning Commissioners,

We wish to bring your attention to our strong objection of the proposed development of a crematorium/mortuary, Conditional Use Permit No. CUP-073-2016, abutting our homes in Garden Grove and Santa Ana. The proposal is a project that is vehemently opposed by the residents of the community. Ninety five percent of the people who live within 500 feet of the proposed site have signed the petition to strongly oppose the development of the crematorium/mortuary. This is due to the proximity of a facility that produces multiple health risks and affects future property values along with a myriad of other concerns.

In communities across the country, city leaders have begun to deny conditional use permits for crematoriums near schools and homes. It is an extremely controversial subject with much more research needed before placing your own community at risk. Our elected leaders and Planning Commission should put the health and welfare of their residents as a top priority.

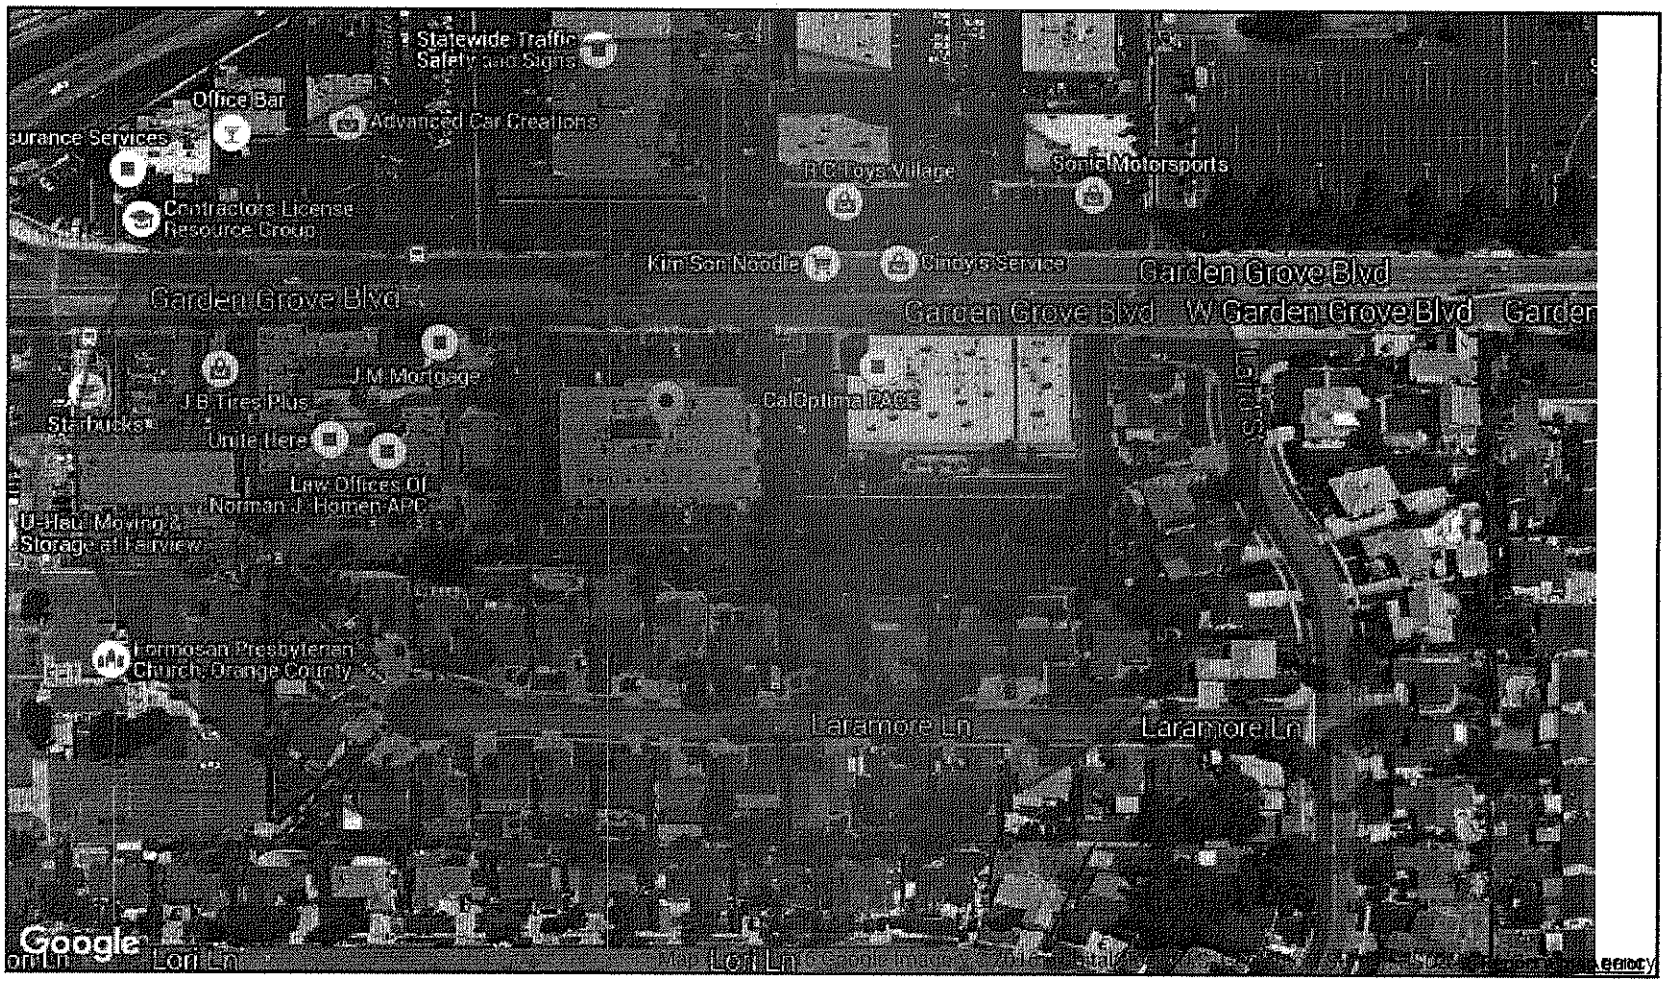
We understand that this business will be beneficial for Garden Grove's finances. Our community requests that if the Planning Commission wants to move forward with this project, that it be moved to an industrial area that is not in the vicinity of schools and homes. There are too many risks to justify moving forward with this proposal.

We would be grateful if the Council and Commission would take our objections into consideration when deciding on this application.

Sincerely,

Residents within 500 feet radius from the proposed site

Couldn't find that location



We, the undersigned, petition to oppose the building of a funeral home with crematory in our neighbourhood (homes within 500 feet radius of proposal site)

Voit | City of Garden Grove Luncheon
June 15, 2016

Talking Points for Voit (first-time visit)

- **Greetings.**
  - We acknowledge how much we appreciate all that you do for the City of Garden Grove.
  - Your brokerage team represents property owners and business in our core industrial and manufacturing base....and that means to jobs to us.
  - This is a conversation, and we want to hear and what you have to say to improve Garden Grove as a great place to do business.
  - **Lots of great activity happened since with economy recovery and new City team members.**

- **Old adage: Location, Location, Location.**
  - Garden Grove is a great location.
  - Central to all of Orange County.
  - Established community with long time residents and businesses.
  - Business friendly City Hall.
    - City Council, Management and Economic Development team that believes in Garden Grove as a business destination.
    - The City's Economic Development team is on hand to help businesses open quickly and efficiently navigate the City processes, leading to an expedited opening.

- **Garden Grove knows that the brokers are a critical link between the business that *could be*, and the business that *will be*.**
  - The City relies on brokers' familiarity with clients and the market.
    - What do your client's need for growth?
    - How can the City help them and you?

- **Introduce**
  - From the City's BEST team:
    - Led by City Manager, Scott Stiles
    - Fire Marshall, Nathan Brady
    - Community and Economic Development Director, Lisa Kim
    - Building Official, Bill Tewfik
    - Senior Project Manager, Greg Blodgett
    - Project Manager, Monica Covarrubias
    - Sr. Economic Development Specialist, Grace Lee

Good Morning Mayor,

This will be the first in a series of broker outreach efforts. Voit Commercial has a strong presence in GG's commercial and industrial areas.

We would ask if you could provide the welcoming remarks then introduce Scott. The economic development team will then share highlights of development activities and share resources. Our presentation is roughly 20 mins and we are reserving the balance of the hour for Q&A.

Thank you and see you at the Voit offices at noon. Lunch is catered by Doug's.

Lisa

Dear Bao Nguyen,

I just signed a petition addressed to you titled *Main Street's parking belongs to Main Street!*. So far, 63 people have signed the petition.

You can reach me directly by replying to this email. **Or, post a response for MoveOn.org to pass along to all petition signers by clicking here:** http://petitions.moveon.org/target_talkback.html?tt=tt-110646-custom-71754-20260615-kpzp5f

The petition states:

> "We are asking the city of Garden Grove to return the control of the land designated for downtown Main Street parking back to the Main Street Parking Commission or to the Main Street Commission. The city abolished the Main Street Parking Commission and gave the parking lot to the Housing Authority in 2013. The Housing Authority should not be in charge of the last area for the employees and customers on Main Street to park. This is out of their jurisdiction and they should not have the opportunity to make another deal with a developer to take it away. "

My additional comments are:

> I park in that lot at least 2 times a month and will not be happy having to park elsewhere

Hello,

I wanted to send my personal thanks for attending and speaking at our event on Monday. We want to extend our deep apologies for the low turn out –we are really scratching our heads on this one and are continuing to reflect on what happened. Yesterday was truly an anomaly as our last forum had an attendance of over 75 community members and our events in general bring hundreds of workers and owners in attendance. We don't believe Monday's turn out reflects the interest of the community on the issues of labor rights, and know that it will take your partnership ad collaboration to ensure labor issues and worker rights are addressed within this community. As a next step, Nails TV show and and Viet Nails Magazine will be sharing the information you all provided online to thousands of nail salon workers and owners across the country. We will share this link and info once we receive it.

Thank you again for your partnership and collaboration.

Sincerely,

Lisa Fu
