I'm signing because I find it unnecessary to create a random crematorium in essentially the middle of community. It's not healthy for both the people living here, as well as the environment itself which we should actively work towards preserving.

Leticia Gonzalez

Garden Grove, CA · Jun 18, 2016

I do not want this funeral home near my home I'm sure you would not either if you lived here.

Sirivanh Ratsombath

Westminster, CA · Jun 16, 2016

MY grandchild lives in that neighborhood and I don't want her life affected!

Matthew Hoang

Irvine, CA · Jun 16, 2016

I have families and friends who lives near that area. I don't want them to live and breath the air of dead people getting cremated. The idea of having dead bodies stored near family household will have a negatively affect on the community.

Tianxiao Chen

Los Angeles, CA · Jun 16, 2016

I'm signing. I think that operating a new funeral home in the Garden Grove community shall not be permitted because of any substantial issues that would impact on the interest of my community as being mentally and physically abused by the law.

Good Evening Mayor Bao Nguyen,

I am writing to inform you of the unfortunate situation that I have been put in. I love Garden Grove, but as of right now, my wife and I do not feel safe in our home. Let me explain, as I do not wish to complain, but I feel that vandalism and theft has gotten out of hand in what is normally a peaceful neighborhood.

On June 29th, at 12:30am I had to call the police because my wife had discovered that her car had been broken into. The back door of her car has a lock that malfunctions, and when she locked her car the door didn't. Her medicine, her wallet, and we didn't recall it at the time, but my spare car key as well, were taken.

We went inside after making the report with the officer, and carried on our night. An hour and a half later we went outside to discover that my car, a 2015 Honda Civic, was taken out of our driveway. To make matters worse, my wife's spare key to her 2015 Toyota Corolla, was in my car that was stolen. We called the police again at 2:30am, and informed the officer that her spare key was in the car that was just stolen from our driveway.

After everything, we were terrified to sleep, but knew that we had to. We went to sleep at 3:30am, woke up at 5:30am, and were shocked to discover that her car was taken as well. My wife called the police again, during their shift change. Finally, at 7:00am, we were able to speak to a CSO and report the vehicle that was stolen.

Obviously distraught, we missed work, called the financial institutions of the vehicles and hoped for the best. With the long weekend here, we have been trying to follow up with the police department. My wife has called four times, I have called multiple and left voicemails. We feel like we are not being heard, and would like our 3 cases to be followed up on regularly and hope to recover our two vehicles that were both stolen in a matter of hours.

Thank you Mr. Nguyen for taking the time to read this email and following up with the department. The officers were very professional, calming, and empathetic in our time of need and we greatly appreciate their service to our community as it is not an easy profession. We hope you enjoy your 4th of July weekend, if you have any further questions feel free to contact us.

Hi Bao, I hope you're well - and happy 4th of July weekend. I'm now working on a story for weekend about the unusual nature of what Bernie is doing - like the email below, which ends on a clear note that "it's up to us to make it happen" - such lack of trust or unity with Clinton. Meanwhile she is campaigning with Warren and Obama and Biden. If you have time, could you email a quote today or Monday about the unusual dimension of this that I might use? If you're busy/away, no worries! Thanks, Patrick

Sisters, Brothers, and Friends,

The world is going to have answers to two very important questions about our campaign in about three weeks.

1. Are we able to bring all of our nearly 1,900 delegates to the Democratic convention in Philadelphia, where with Bernie they will cast important votes for a progressive platform that includes issues like opposition to a vote against the disastrous TPP, or a \$15 federal minimum wage?
2. Will the FEC fundraising report we must file days before the convention show that we have the momentum and the power to continue the incredible work of our political revolution?

I want the answers to both of those questions to be yes. **The future of our movement depends on it. Can you help before the FEC deadline at midnight?**

Make a \$3 contribution to Bernie Sanders before tonight's FEC deadline and you will make sure all our delegates go to the convention and we'll show the

continued strength of our political revolution.

When our delegates gather in Philadelphia, they'll have the chance to put the Democratic Party on the record about stopping votes against the TPP, fighting for a \$15 federal minimum wage, opposing fracking, and so many more progressive priorities.

It's up to us to make it happen.

In solidarity,

Jeff Weaver

Happy Fourth of July! Today we celebrate the declaration of our country's freedom because our founders fought for a country where we are free to be ourselves and fight for what we believe in.

HELP ME CONTINUE THE FIGHT FOR JUSTICE

But we have to remember that the fight continues. Immigrants are living in fear of deportation, women are trapped without access to full reproductive health care, our senior citizens cannot escape the constant threat of cutting Social Security benefits, and thousands of LGBT individuals are afraid to be themselves. In Congress, I will continue to fight for everyone's freedom. Can I count on your support?

DONATE \$25 TO SHOW THEM WE'RE COMING

Freedom does not guarantee justice. We must fight for it. And it's worth fighting for.

In Solidarity,

Bao

Scott,

I personally called the Burga's yesterday (July 4th) to check on the situation since the investigators were off on the holiday. They were very happy with our response and luckily both vehicles had been recovered by then (one in Buena Park and the other in GG). They obviously understand that extra keys to family vehicles should not be left in cars to include their wallets. They were going to write a letter praising the professionalism of the officer who handled the initial call, as well as the follow up with GGPD officers when one of the vehicles was recovered in our city. Their only issue was that it cost them \$250.00 in tow fees for the car that was recovered in Buena Park. GGPD simply called them when we recovered the car and released it back without involving the tow company. So all is well .. Just an FYI for you and the Mayor. Have a good day...

We called the police again at 2:30am, and informed the officer that her spare key was in the car that was just stolen from our driveway.

After everything, we were terrified to sleep, but knew that we had to. We went to sleep at 3:30am, woke up at 5:30am, and were shocked to discover that her car was taken as well. My wife called the police again, during their shift change. Finally, at 7:00am, we were able to speak to a CSO and report the vehicle that was stolen.

Obviously distraught, we missed work, called the financial institutions of the vehicles and hoped for the best. With the long weekend here, we have been trying to follow up with the police department. My wife has called four times, I have called multiple and left voicemails. We feel like we are not being heard, and would like our 3 cases to be followed up on regularly and hope to recover our two vehicles that were both stolen in a matter of hours.

Thank you Mr. Nguyen for taking the time to read this email and following up with the department. The officers were very professional, calming, and empathetic in our time of need and we greatly appreciate their service to our community as it is not an easy profession. We hope you enjoy your 4th of July weekend, if you have any further questions feel free to contact us.

Scott,

I personally called the Burga's yesterday (July 4th) to check on the situation since the investigators were off on the holiday. They were very happy with our response and luckily both vehicles had been recovered by then (one in Buena Park and the other in GG). They obviously understand that extra keys to family vehicles should not be left in cars to include their wallets. They were going to write a letter praising the professionalism of the officer who handled the initial call, as well as the follow up with GGPD officers when one of the vehicles was recovered in our city. Their only issue was that it cost them \$250.00 in tow fees for the car that was recovered in Buena Park. GGPD simply called them when we recovered the car and released it back without involving the tow company. So all is well .. Just an FYI for you and the Mayor. Have a good day...

Release 16-9

JFTB INITIATES SOUTHERN PERIMETER FENCE REPLACEMENT

LOS ALAMITOS, Calif. – In line with current Department of Defense force protection guidelines, Joint Forces Training Base (JFTB) is replacing 3,000 linear feet of perimeter fencing along the installation's southern border.

Removal and replacement of the existing fence got underway earlier this week and the project is expected to be completed by August 1st. No inconvenience to residents is anticipated.

Similar to the replacement fencing installed on JFTB's western perimeter last year, the new fence is reinforced chain link; seven feet in height and topped by a one-foot extension of barbed wire angled 45 degrees away from the installation perimeter.

The project is being completed by an experienced Department of Defense-approved contractor with oversight by the JFTB Department of Public Works staff.

To: "baon@ci.garden-grove.ca.us" <baon@ci.garden-grove.ca.us>

Mayor Nguyen,

I hope you had a great 4th of July.

We are working with a Garden Grove church to develop a new Permanent Supportive Housing community serving the formerly homeless.

We would like to meet with you next or the following week for 20 minutes to discuss the project and next steps.

The proposed development is 50 units and would include on-site case management, tailored resident services, community room, and on-site property management.

Jamboree is the largest provider of permanent supportive housing in Orange County. We believe this development will help the community, its residents, and reduce cost and number of calls to the Garden Grove Fire and Police department as well as the local hospital.

We look forward to the opportunity to meet with you.

Thanks.

First, I want to thank you for your quick response.

I am surprised more folks haven't called, in fact, I was just moments ago talking to a neighbor who lives 1 street over. She called the police last night but didn't think to contact you.

Last night my street, Gary, all the way down looked like a mini Disneyland. The fireworks weren't normal sparklers etc., they were "big bombs" shooting 300 feet into the sky and coming down in streams – the ends still burning before hitting the ground.

Believe it or not, these activities started around 4 in the afternoon. They didn't wait until dark arrived.

The streets were packed with cars; bumper to bumper, extending over two more streets. Cars were parked around curves because of the lack of space.

My neighbor, two doors up, had about 40 people as guests. Each year they have loud fireworks but this year it was different. They were exploding the "bombs" 30 feet outside my bedroom window. I was really scared, in fact, I was crying because I was worried about protecting my home and little dogs from a fire.

The bombs continued until 9:30 however prior to that time I had asked how much longer they intended to "disturb my peace of mind" and they said only one more. They told me this at 8:30 ish. I went home and called the police who said it was a crazy night and they had undercover police cars out everywhere. This didn't make me feel safe so I went back at 9:00 to let them know I had called the police and they were on their way. I did, in fact, call to let the police know that they were using illegal fireworks; providing the address. I don't know if they arrived at the neighbors or not however they stopped at 9:30 ish.

I can't handle "out of control" fireworks. I am a senior citizen and have high blood pressure so last night was very stressful for me. I do realize it would be expecting too much to ask police

to enforce the fines however on a positive side these extra \$\$ could add to improvements for the city in the future.

This being said, I want to play a role in changing "fireworks activities." I suggest we not only enforce the fines but enforce the laws of excessive loud noises; both are feasible. I also suggest we set a cutoff time; i.e. 9:00 PM.

I am not the only one who was afraid last night. Since last night, I have talked to a number of folks who agreed with me. Of course, everyone has their own story. I also want to start a survey about last night and distribute through the neighborhood or better yet, start a petition. I would ask questions such as; 1) Did the fireworks disturb your peace last night, 2) You were afraid there would be a fire or someone would get hurt, 3) Do you feel the city needs more control of the event?

Of course, these are just ideas however I am sincere in my endeavor to pursue this activity in looking for a viable solution for all.

Dear Bao and Chris,

I call police station today for help to evict my lodger. Master Officer Erick Leyva and his partner came to my house but did not perform the California Civil Code 1946.5 and Penal Code 602.3 and 837 as I requested. This Civil Code 1946.5 is applied for lodger (room for share) that I am legally as my status owner-occupied dwelling.

Mr. Erick Leyva, police officer along with his partner came to my house but they refuse to perform this California Civil Code and Penal Code.

I am very patient to evict this lodger (tenant) out because of they smoke marijuana and drunk. They damage my front garage as a drunk driving home. I gave them more than 60 days notices to terminate the tenancy. Please see the attached file for Civil Code and Penal Code.

I am feeling my house fill up with Gas and any spark can be exploded where 2 people not get along and live in the same house.

I believed the California Code 1946.5 had been study thorough and it become law to avoid any damage to our community.

Please help and forward this Email to Chief Police to review this California Civil Code 1946.5 (room for share that is very common in our community).

Good morning everyone. I am looking to start a Neighborhood Watch program in my neighborhood. I live near the St. Columban's Church on Stanford Ave, between Main Street and Nelson. I am looking for your assistance in forming the group and in translating an introduction letter to offer to my Vietnamese and Spanish speaking neighbors. Councilman Chris Phan and I discussed this and he said that he will help with the Vietnamese translation. I am looking for the GGPD's support and advice in creating the group. Whatever information you can offer will be appreciated. I recognize that we are very short staffed for officers and that they cannot be everywhere at once. This past 4th of July was proof of this. I realize that our residents need to get together, break down the language barriers and come together to make our neighborhoods safer. This could prevent a lot of calls for service if we actually spoke with each other first.

There are so many other community benefits to actually knowing who your neighbors are and it's time for action. Please read the attached letter, a first draft I made this morning. I am looking for your feedback and suggestions before I take it door to door and introduce myself. Your assistance will be greatly appreciated.

Sincerely,

Joshua Z McIntosh

--	---

Hello neighbor,

My name is Josh McIntosh and I live at 10832 Stanford Ave, on the corner of Stanford and Westlake, in the old grey colored house. I work for the city of Garden Grove as a Neighborhood Improvement Commissioner. I am contacting you because I am trying to create a Neighborhood Watch program in our area.

The city of Garden Grove has seen a 45% increase in crime over the last year, the highest in Orange County. Our neighborhood does not currently have a Neighborhood Watch program. Most of us do not know each other or have a phone number to call in case we see something suspicious happening. If your home was being broken into or if someone was painting graffiti on your wall, I would want to call you after I called the police to report it.

We recently had a couple of neighbors that were shooting illegal fireworks on the 4th of July and they were exploding very close to our homes which could have easily started another house fire. Remember, just two years ago, our neighbor's home on Westlake Street was burnt down and the people lost everything they own, including their pet dog. I don't want this to ever happen again. We recently had a prowler in our back yard, trying to get into our home. Luckily we caught him and the police arrested him. Just a week ago there was an elderly Vietnamese woman in my back yard that could not speak English. She was lost and confused. I did not know how to help her. If I had your phone number I could have called and asked you to come speak with her and help her. This has happened to me a few times.

I am hoping that we can get together some evening or weekend, at my house, to have a short meeting and get to know each other and exchange contact information. As much as it is important to respect one another's privacy it is also important that we have a mutual respect for each other's rights to have a safe and secure household. We should not be afraid to call each other if one of us has a house party and the music is too loud. We should be able to talk with one another if there is a problem. There are times it would be better to talk with each other instead of calling the police, like when someone parks their car in front of our driveways. What if your dog got out of your home and wandered into one of our homes?

I want to get to know you, your family, even your pets. I don't want us to be strangers that don't ever talk to one another. I understand that not everyone in the neighborhood speaks English or not very well. Maybe your children or someone in your home does. We all live in the same little area and I think that it is important to know each other, to respect each other and to look out for each other.

I would like to schedule our first neighborhood meeting soon and I want you to come. Bring your family.

My phone number is 714-458-8669 and my email address is joshmcintosh1888@yahoo.com, please contact me.

Dearest Pam,

Thank you for your time today. As an important spokesperson for the City of Aliso Viejo you have an invaluable and unique ability to give hope and help to end hunger for nearly 336,000 people at risk of hunger in Orange County. The majority of this at-risk population are seniors and children. In fact, 1 in 5 children may be missing meals this month. Second Harvest partners with 180 community organizations to provide food and hope for 200,000 struggling people each month. Currently Garden Grove has 28 community partners who provide food to an estimated **45,607 individuals** monthly.

At Second Harvest Food Bank of Orange County, we can stretch one dollar to provide enough food for three meals. As a matter of fact, more than 90 cents of every dollar donated is used for programs to feed the hungry. However, we can't solve the problem of hunger alone, which is why your role as a community leader is so important in our fight to end hunger.

September is Hunger Action Month™, when Feeding America and local food banks ask everyone in America to join the fight against hunger in their community. Hunger Action Month™ is the perfect time for us all to join the movement *together* to involve our local community, raise awareness, and give food and hope to hunger-stricken people right in our own backyards. To drive a more lasting impact, we will be launching the **Mayors' Campaign to End Hunger**. This is a county-wide awareness and fundraising campaign where each city is given a fundraising goal of \$5,000 to feed those in our community.

Please join us in our fight to end hunger by participating in Hunger Action Month™ **Mayors' Campaign to End Hunger**.

The Mayor's Campaign to End Hunger

The Mayor's Campaign to End Hunger is a month-long, county-wide campaign during September, in which Second Harvest Food Bank partners with Orange County cities and residents. Participating cities will each

commit to raising \$5,000 to provide meals to our hungry neighbors. The city that raises the most money overall will be awarded the "Gold Plate Award", presented by CEO Nicole Suydam at the 2016 "No Lunch" Lunch.

Hunger Action Month™ Campaign

Goal for Number of Participating Cities	Goal Per City	Campaign Goal
20	\$5,000	\$100,000

Proclamation Day

Each city will be assigned a designated day in September to proclaim as their day to take a stand against hunger. Second Harvest will promote the activities of each city and the Mayor on social media. Proclamation Day is the City's prime opportunity to meet their fundraising goal of \$5,000. The city that raises the most amount of money on their proclaimed day will be awarded the "Silver Plate Award", presented by CEO Nicole Suydam at the 2016 "No Lunch" Lunch.

Mayors' Race to Home Plate

Second Harvest Food Bank will host the "Mayor's Race to Home Plate" kick-off event at Angels Stadium on Monday, September 12, 2016. Participating cities will commit to sell a minimum of 10 ball game tickets at \$26 a ticket, which will start funding their City goal.

If the City of Garden Grove would like to stand alongside us in fighting against hunger, I would love to schedule a time to come by and drop by your participation packet in the next couple of weeks. Let me know when would be a good time.

Mayor Nguyen,
I hope you had a great 4th of July.

We are working with a Garden Grove church to develop a new Permanent Supportive Housing community serving the formerly homeless. We would like to meet with you next or the following week for 20 minutes to discuss the project and next steps.

The proposed development is 50 units and would include on-site case management, tailored resident services, community room, and on-site property management.

Jamboree is the largest provider of permanent supportive housing in Orange County. We believe this development will help the community, its residents, and reduce cost and number of calls to the Garden Grove Fire and Police department as well as the local hospital.

We look forward to the opportunity to meet with you.

Good afternoon,

Hope everyone had a terrific July 4th holiday and are all ready to enjoy a great So Cal summer! The year's halfway over and moving along pretty quickly, so it seems a good time for all of us to get together to enjoy some good food and conversation.

I invite everyone to join me for an employee town hall meeting next Tuesday, July 12 at noon, in the CMC A Room. It'll be a pizza lunch, complete with refreshments and dessert, along with several timely items for discussion.

There are some exciting projects taking place in the Community and Economic Development Department; important guidelines to keep in mind for the upcoming November elections; and a couple of hot issues we should all be aware of.

As usual, we'll talk budget and share information on what our organization should expect to see in the new fiscal year. It's an occasion for all of us to come together, and offer our ideas and opinions on how we can make things better for our organization and for the people who work hard to make it the best it can be, each day.

So, calendar it in: Tuesday, July 12, 12:00 p.m., CMC.

I'm looking forward to seeing everyone there!

Scott

RE: Donation Request

Bao
Dear ~~Charitable~~ Donations Coordinator,

We are seeking your support as an auction or raffle prize donor for the **Annual 2016 Casino Night Fundraiser, Get Your Kicks on Route 66**, to benefit programs and services provided by Acacia Adult Day Services in Garden Grove. This event will be held on September 17, 2016 at the Highway 39 Event Center in Anaheim. We anticipate over 200 guests this year. Your donation will directly support families and caregivers of vulnerable adults, persons with dementia or other disabilities needing options for daytime professional supportive care.

However, to make this event exciting and successful, we need your help! A donation of an item such as gift cards/certificates, themed gift baskets, hotel getaway, day trips, theatre tickets, musical or sporting event tickets, wine tour, golf package, dining, spa, air or boat rides, or designer gift items, are appreciated. Any other creative idea would be fantastic. Your item could represent hundreds of dollars in auction funds raised. Please be sure to include any marketing collateral, brochures and relevant details about the item you donate, so we can include an accurate description for potential bidders. As a donor, you will benefit by having your information in the auction book, in our newsletter, on our web site and other social media platforms.

Casino Night is Acacia's, a non-profit 501 (c) (3) organization, largest fundraiser of the year. All proceeds provide services for over 100 people that attend each day. Acacia has been serving your community for 37 years and currently draws clients from 20 surrounding communities. Your donation is tax deductible to the extent allowed by law.

Please consider becoming a donor today. Just complete the enclosed commitment form and return to us via mail, fax, or email no later than September 2, 2016. We would be happy to arrange a pick up at your convenience. If you have any questions, do not hesitate to contact Paula Doty at 714-530-1566 or by email at pdoty@acacia-services.org. Thank you in advance for considering our request!

Sincerely,

Mallory Vega

Dear Ms. Kim,

We at Vina have some questions on signage, maybe you could help or forward our inquiries to the appropriate department. We already got a business license to install LED screens with the city. Our electrician has a C-10 license.

Now, instead of traditional signage, we would like to install an LED sign on Vina's building to make a better representation of our business, VinaOTT. Two questions:

1. Do we have to get a permit for the installation?
2. What is the maximum size of the LED screen that we can install (with or without a permit)?

Thank you for your help.

Hello Bao,

It is great to reconnect with you again. I hope that you have been keeping well.

The Cambodian Family is working on a case involving a woman who is currently here on a K-1 Fiance visa. She had planned on marrying her fiance once she arrived in the U.S. but unfortunately he suffered a stroke and is in a vegetative state. Her visa is expiring soon and she does not want to return to Cambodia without her young son who is blind. She currently resides in Garden Grove with her son. We would greatly appreciate a letter of support from your office so that she could possibly remain here with her son and give him a chance at a better life.

If you could please inform us on what steps to take in order to receive a letter of support from your office it would be greatly appreciated. Thank you so much for your assistance and support.

Best,

July 9, 2016

Dear Mayor Nguyen & Garden Grove City Council Members,

It is with regret that I can't attend this Tuesday's council meeting to express my opinion, in person, regarding the proposed medical marijuana tax.

I am a long time Garden Grove resident with deep family roots in Garden Grove and am currently raising my family in this city. Please accept this letter as my request for you to consider a NO vote pertaining to the medicinal marijuana tax issue proposed for this November's ballot.

There are a variety of unchartered legal issues on this subject and believe it is *NOT* in our best interest to pursue a tax, at this time, on dispensaries. Some of my concerns include, but are not limited to:

- 1) ***REAL prescriptions are not taxable under California law.*** Could there be possible legal issues on taxing something that is tax exempt? I'd hate for the city (taxpayers) to ensue in legal issue(s) over this at a later time.
- 2) ***Currently under California law it is required that medicinal marijuana employees are required to be medical cannabis users themselves.*** While we can't change the state law at city level, it does seem ludicrous to me that California law actually requires medical cannabis employees to also be cannabis users themselves. Do we REALLY want to encourage a business in our community that requires its employees to carry a prescription on a federally illegal drug? At a traditional pharmacy, it would seem ridiculous to say that all applicants must be on prescription medication in order to apply. That would be an invasion of privacy and a possible violation of federal healthcare regulations.
- 3) ***Medicinal marijuana dispensaries must register their business as a non-profit.*** According to the Cannabis Law Group: "Medical marijuana dispensary licensing, permitting and operation in California must be done according to marijuana laws that are complex, technical and evolving. In general, opening a marijuana dispensary in California requires: Classifying the business as a non-profit; Adhering to state and local protocols required of any new company; Forming and keeping positive relationships with state and local government officials..."
- 4) ***To address the reoccurring statement, from cannabis attorneys and cannabis business investors, at our city meetings, that "no one has died of a marijuana overdose".*** This shows their complete dismissal of the potency of items sold in dispensaries along with their disregard of the consequences that marketed marijuana DOES have on the people (our youth & community members) who ingest these cannaboids. They are trivializing the effects marijuana has on a persons, lungs, brain function, heart, and judgement. Overdose of marijuana is not merely a 'nap' as some have suggested. It can also trigger hallucinations, paranoid or worsen symptoms of schizophrenia.

- 5) **I'm not debating that purified cannabinoids have some promise for medicinal uses, when done so as other FDA regulations in place.** However, what is sold in dispensaries guised as 'medical marijuana' serves mainly as a politically palatable "foot in the door" for advocates to make a profit and is definitely marketed to the youth. There are indeed pharmaceutical drugs that are FDA approved, which contain chemicals taken directly from the marijuana plant. These include a long list of medication that include: Marinol (benefits to cancer, AIDS, MS patients), Sativex (to help with neuropathic pain in MS patients), Cesamet (nausea for chemotherapy patients), Dexanabinol (neuroprotective after cardiac surgery), and more.
  
- 6) **The entire medicinal marijuana dispensary industry is currently illegal under federal law.** I believe that proposing a tax on something that is federally illegal AND currently banned in our city (by a vote to do so) is NOT in the best interest of our city.
  
- 7) **Let's look at forming a task force on how we can potentially find funds to support and allow Garden Grove Police Department to enforce the existing ban on the dispensaries in our city.**

I do NOT support dispensaries, their taxation nor do I welcome this industry into our city.

I urge you to please consider a NO vote on this proposed tax measure for the November ballot.

Respectfully,  
~ Vickie Hanssen

Dear Tanzila,

In the wake of the Orlando shooting last Sunday, the Interfaith Council of Garden Grove, Stanton, and Westminster in partnership with the City of Garden Grove, the Council on American Islamic Relations, and the LGBT Center of Orange County is coming together in solidarity to stand united against violence and to break fast together during this holy month of Ramadan. This event will take place on Thursday, June 30 at the Garden Grove Community Center at 7:30 pm.

On behalf of the Mayor of Garden Grove Bao Nguyen and the Interfaith Council, we would like to extend an invitation to you and your community group to participate in this event. At this time we believe it is important to bring all in the community together. Our goal is to show the face of a community who stands against any forms of violence, united in our efforts to build communities where all can live together in peace.

In this time of tragedy, it is important to remember that it is easy to fall into the traps of fear and hatred. We must work together to speak out against injustice of any form and in any community.

We would appreciate your presence with us on June 30. Please respond to the Eventbrite invitation. We know that it is important for people to see all of our groups working together, not only in times of great pain and sorrow, but at all times. We do believe that we can change attitudes when we work as one community of love.

Please remember to go to Eventbrite to let us know you will be attending <https://www.eventbrite.com/e/interfaith-iftar-dinner-building-bridges-of-peace-tickets-26153455690>. Feel free to contact me in regards to any questions/concerns you may have.

Dear Ms. Kim,

We at Vina have some questions on signage, maybe you could help or forward our inquiries to the appropriate department. We already got a business license to install LED screens with the city. Our electrician has a C-10 license.

Now, instead of traditional signage, we would like to install an LED sign on Vina's building to make a better representation of our business, VinaOTT. Two questions:

1. Do we have to get a permit for the installation?
2. What is the maximum size of the LED screen that we can install (with or without a permit)?

Thank you for your help.

Hi Bao,

How are you doing? :)

I heard, from Jacqueline, that you are able to help us out with some of your press contacts for a press event we are trying to put together regarding our DACA services. Thank you so much!

I am just taking the lead with coordinating the logistics and wanted to confirm your availability. It looks like a representative from the White House API Initiative may also be able to join us for this event...if you happen to be available on **July 27th or July 29th**. Do either of these days work for you? We can work around your schedule in terms of which time of the day would work best.

In terms of venue, is it possible to book the civic center or city hall of Garden Grove? We thought that would be a nice central location although I'm not sure whether or not the parking situation is convenient for guests. If not, we may have some leads with community partners but I just wanted to ask you about venue options first. If there is someone else I should be contacting in the city - please let me know and I can follow up with them.

Finally, would you be willing to make some introductory welcome remarks? We will finalize some kind of agenda/schedule throughout the week but we would love for you to be able to talk - if that is in line with your official capacity. The White House API representative, Jacqueline and 1-2 DACA clients will also be speaking.

Please let me know your availability and your thoughts on the venue/agenda/etc.

Thanks so much!
Sylvia

Hi Bao,

How are you doing? :)

I heard, from Jacqueline, that you are able to help us out with some of your press contacts for a press event we are trying to put together regarding our DACA services. Thank you so much!

I am just taking the lead with coordinating the logistics and wanted to confirm your availability. It looks like a representative from the White House API Initiative may also be able to join us for this event...if you happen to be available on **July 27th or July 29th**. Do either of these days work for you? We can work around your schedule in terms of which time of the day would work best.

In terms of venue, is it possible to book the civic center or city hall of Garden Grove? We thought that would be a nice central location although I'm not sure whether or not the parking situation is convenient for guests. If not, we may have some leads with community partners but I just wanted to ask you about venue options first. If there is someone else I should be contacting in the city - please let me know and I can follow up with them.

Finally, would you be willing to make some introductory welcome remarks? We will finalize some kind of agenda/schedule throughout the week but we would love for you to be able to talk - if that is in line with your official capacity. The White House API representative, Jacqueline and 1-2 DACA clients will also be speaking.

Please let me know your availability and your thoughts on the venue/agenda/etc.

Thanks so much!

**Subject:** Letter in support for the F-35

Dear Mayor,

We have been working for the past few years to build a coalition here in California to help support the F-35 Joint Strike Fighter.

***As an active member of the local business community, we are hoping you will sign a letter to key members of the California Congressional delegation, urging them to support the F-35 program.***

The F-35 is the world's most advanced multi-role fighter, designed to give our military a crucial advantage in a wide variety of battle situations.

It combines stealth with unparalleled intelligence, surveillance and reconnaissance capabilities – attributes we need in an increasingly dangerous world.

At the same time, the F-35 is an important job-creating program here in California - providing more than 26,000 jobs with a total economic impact of roughly \$6 billion annually. Significant numbers of those jobs are in southern California.

***I've attached a sample letter, which you can modify or use as is, put on letterhead if you have it, or just add your name, address and phone to the bottom. Then return it to us by fax (916-330-4468) or email (mrestiponamattthew@gmail).***

Thanks in advance for your commitment to a strong U.S. military and the important role the F-35 plays in maintaining that position.

The Honorable Loretta Sanchez  
12397 Lewis Street, Suite 101  
Garden Grove, CA 92840

Dear Congresswoman Sanchez,

As a member of the US Congress, I urge you to support full funding of the F-35 Joint Strike Fighter. Southern California is a major epicenter of the military aircraft industry, and this program would create over 26,000 jobs in the state, with more than \$6 billion in annual economic benefit.

Whether we like it or not, we have the duty as the most advanced first-world nation in the world to maintain a sophisticated arsenal of top-of-the-line jets to combat threats from terrorists and other militants in the 21st century.

Investing in "fifth generation" aircraft with futuristic stealth and sensor abilities is a necessity for our nation to maintain its image as a global leader of peace and justice and as an innovator of technology and intelligence-gathering.

Please join me in supporting the F-35 program for the good of our nation now and tomorrow.

Sincerely,

Mayor Pro Tem Steve Jones

Hi Bao,

Thanks for getting back to me so quickly! Let me follow up with Karin to find out more information about the White House API rep's schedule and let you know if the first week of August will work with her. If not, we are also planning to do a larger collaborative press event (with our Latino partners) and a broader media audience (not just API-focused) and can perhaps schedule that for the first week of August for sure.

Either way - let me get back to you!

Thanks again,  
Sylvia

Hi Bao,

Thanks for getting back to me so quickly! Let me follow up with Karin to find out more information about the White House API rep's schedule and let you know if the first week of August will work with her. If not, we are also planning to do a larger collaborative press event (with our Latino partners) and a broader media audience (not just API-focused) and can perhaps schedule that for the first week of August for sure.

Either way - let me get back to you!

Thanks again,

Hi Bao,

How are you doing? :)

I heard, from Jacqueline, that you are able to help us out with some of your press contacts for a press event we are trying to put together regarding our DACA services. Thank you so much!

I am just taking the lead with coordinating the logistics and wanted to confirm your availability. It looks like a representative from the White House API Initiative may also be able to join us for this event...if you happen to be available on **July 27th or July 29th**. Do either of these days work for you? We can work around your schedule in terms of which time of the day would work best.

In terms of venue, is it possible to book the civic center or city hall of Garden Grove? We thought that would be a nice central location although I'm not sure whether or not the parking situation is convenient for guests. If not, we may have some leads with community partners but I just wanted to ask you about venue options first. If there is someone else I should be contacting in the city - please let me know and I can follow up with them.

Finally, would you be willing to make some introductory welcome remarks? We will finalize some kind of agenda/schedule throughout the week but we would love for you to be able to talk - if that is in line with your official capacity. The White House API representative, Jacqueline and 1-2 DACA clients will also be speaking.

Please let me know your availability and your thoughts on the venue/agenda/etc.

Thanks so much!

Sylvia

**Subject:** Letter in support for the F-35

Dear Mayor,

We have been working for the past few years to build a coalition here in California to help support the F-35 Joint Strike Fighter.

***As an active member of the local business community, we are hoping you will sign a letter to key members of the California Congressional delegation, urging them to support the F-35 program.***

The F-35 is the world's most advanced multi-role fighter, designed to give our military a crucial advantage in a wide variety of battle situations.

It combines stealth with unparalleled intelligence, surveillance and reconnaissance capabilities – attributes we need in an increasingly dangerous world.

At the same time, the F-35 is an important job-creating program here in California - providing more than 26,000 jobs with a total economic impact of roughly \$6 billion annually. Significant numbers of those jobs are in southern California.

***I've attached a sample letter, which you can modify or use as is, put on letterhead if you have it, or just add your name, address and phone to the bottom. Then return it to us by fax (916-330-4468) or email ([mrestiponamattthew@gmail.com](mailto:mrestiponamattthew@gmail.com)).***

Thanks in advance for your commitment to a strong U.S. military and the important role the F-35 plays in maintaining that position.

**To:** Bao Nguyen <baon@ci.garden-grove.ca.us>

Bao:

Just a couple of follow-up items from agenda review.

1. Tenant Based Rental Assistance amendment - we had a TBRA program established a few years ago to assist 64 families so we wouldn't lose HOME funds. This helped us get low-income individuals off the Housing Authority waiting list. That agreement with HUD expired June 30 of this year. This extends the agreement for 2 more years to allow us to assist people who might be displaced because of actions of the City or the Housing Authority. The Action Plan that Council approved in April had \$787K allocated for TBRA.
2. Coastline warrant - Coastline Community College financed and built the existing development. The Redevelopment Agency trust fund makes the \$21K rent payment as a way to assist the College. This was part of the contract between the former agency and Coastline. I'm told these payments end within the year and Coastline will own the property free and clear, while continuing to operate on the site. The State has approved these payments on the ROPS.
3. Titan Demolition contract for Site C - the City has an existing obligation agreement to Land & Design to demo and clear the land. As of June 30, Fund/Package 106/8850 had a balance of \$1.1M which is used to cover the \$135k demo costs. In 2014 Council established this fund for the purposes of land acquisition and site preparation to meet City DDA obligations.

As always, call if any questions.

This is Celia from Chingoo Beijing. It's very honored to write to you.

We have a Chinese group will come to CA to join the summer camp here and learn American culture. Is it available for them to visit you the city hall in the afternoon of Aug 4 or 5? It's a really good chance for them to learn more about Garden Grove. Hope you could offer them such a wonderful opportunity. It'll be great if you could introduce the electoral system in US and share some stories how you manage this city so well. I'll very appreciate if you could give them a chance.

Looking forward to your kind reply. Have a great day!

**Subject:** West Coast AAU Junior Olympic Games - Great Wolf Lodge

Pam,

Thank you for returning my call. Yes, absolutely we have guest tickets for the Mayor or anyone he would like to invite.

The event is the West Coast AAU Junior Olympic Games, Great Wolf Lodge in Garden Grove. [www.journeydancesport.com](http://www.journeydancesport.com). It is on July 23-24. This is the Dancesport division of the Games. Dancesport is closely aligned with Ballroom and Latin dancing. I would highly recommend the evening of July 23rd. The level of dancing will be a lot of fun to watch and, Anna Trebunskaya from Dancing with the Stars will be one of our Celebrity Guests. Also note: some of the kids competing are either on or have recently been featured on shows such as America's Got Talent and So You Think You Can Dance - Next Generation.

This is the first time Dancesport has been in the Games in over a decade. We are very excited to have this special sport represented by the AAU.

Please let us know any availability during the course of the Games and how many tickets the Mayor or anyone in the office would like us to reserve. The event will be live streamed and, we are also hoping to have more media involved.

Again, thank you for your quick response.

## Memorandum

**DATE:** July 11, 2016  
**TO:** Member Agencies – MWDOC Divisions Two & Three  
**FROM:** Larry Dick, Director – Division Two  
Wayne S. Osborne, Director – Division Three  
**SUBJECT:** Monthly Water Usage Data, Tier 2 Projection & Water Supply Information

---

The attached figures show the recent trend of water consumption in Orange County (OC), an estimate of Tier 2 volume for MWDOC, and selected water supply information.

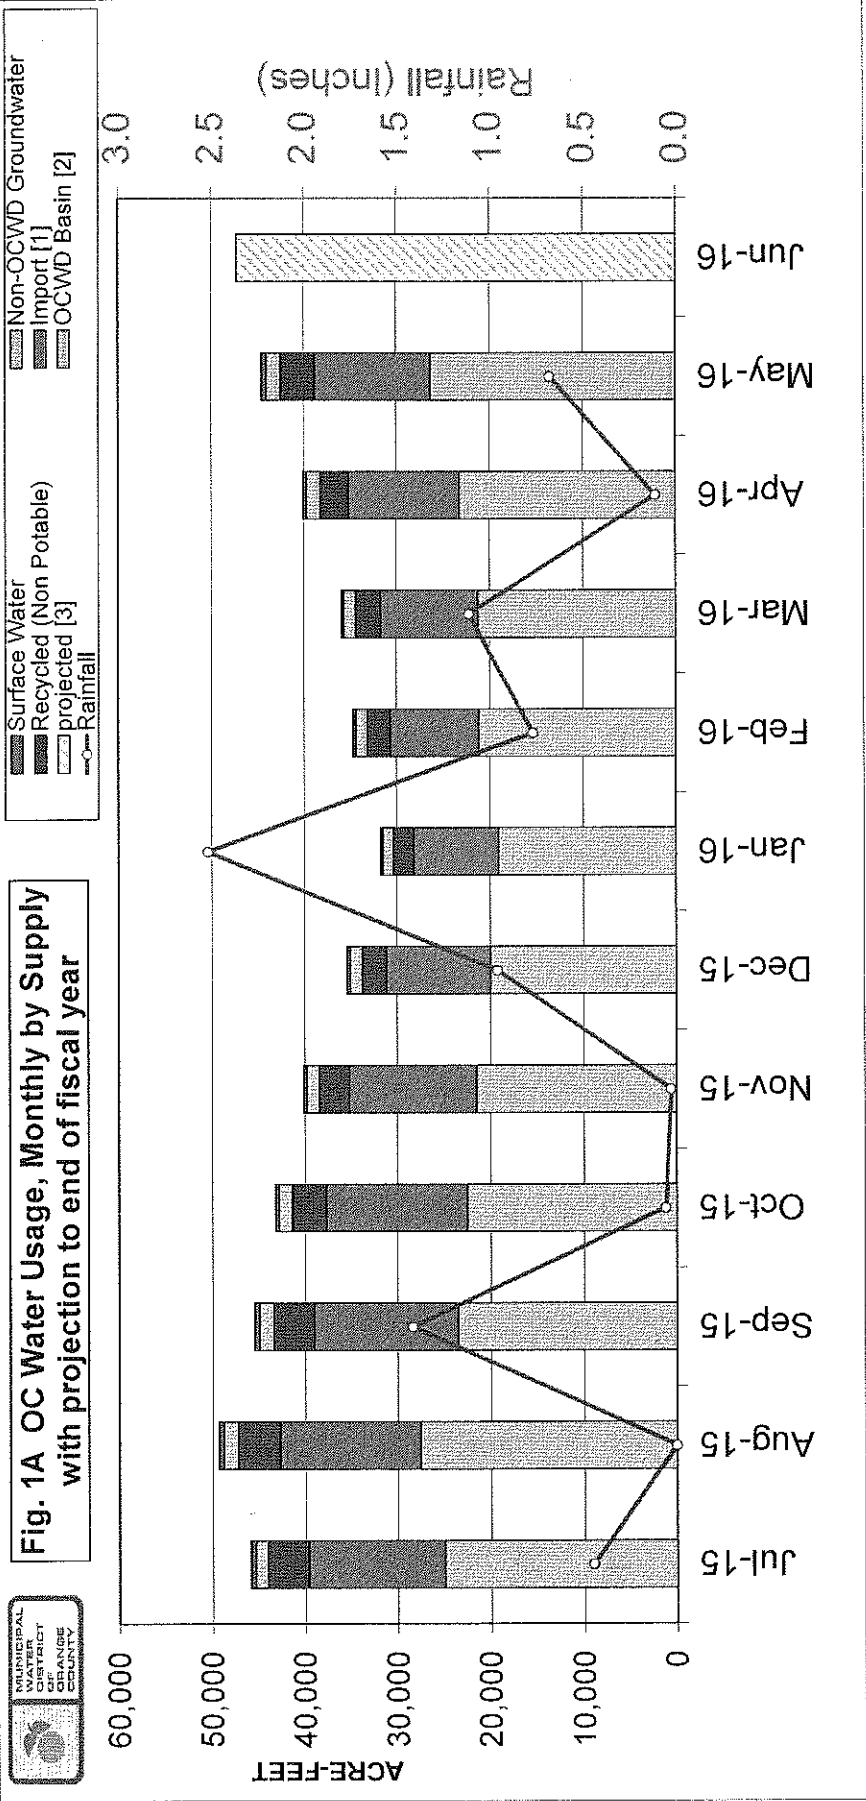

- Fig. 1 OC Water Usage, Monthly by Supply OCWD Groundwater water was the main supply in May.
- Fig. 2 OC Water Usage, Monthly, Comparison to Previous Years Water usage in May 2016 was low compared to the last 5 years with the exception of May 2015. Lower usage is primarily due to strong conservation efforts and mandatory restrictions set by the Governor. Starting in June 2016 all water conservation will be voluntary for MWDOC agencies.
- Fig. 3 Historical OC Water Consumption OC water consumption is projected to be 494,000 AF in FY 2015-16 (*this includes ~15 TAF of agricultural usage and non-retail water agency usage*). This is about 71,000 AF less than FY 2014-15 and is about 121,000 AF less than FY 2013-14. Water usage per person is projected to be was the lowest it has been for Orange County at 140 gallons per day (This includes recycled water). Although OC population has increased 20% over the past two decades, water usage has not increased, on average. A long-term decrease in per-capita water usage is attributed mostly to Water Use Efficiency (water conservation) efforts.
- Fig. 4 MWDOC "Firm" Water Purchases, 2016 "Firm" water above the Tier 1 limit will be charged at the higher Tier 2 rate. Our current projection of Tier 2 purchases is zero in 2016.

Water Supply Information Includes data on: Rainfall in OC; the OCWD Basin overdraft; Northern California and Colorado River Basin hydrologic data; the State Water Project (SWP) Allocation, and regional storage volumes. The data has implications for the

magnitude of supplies from the three watersheds that are the principal sources of water for OC. Note that a hydrologic year is Oct. 1<sup>st</sup> through Sept. 30<sup>th</sup>.

- Orange County's accumulated rainfall through June was well below average for this period. This continues the impact of the previous four hydrologic years' below-normal rainfall in reducing those local supplies that are derived from local runoff. El Nino conditions have diminished and NOAA is predicted a strong chance of La Nina for next winter (La Nina is generally associated with cool dry winters in Southern California).
- Northern California accumulated precipitation in June was around 119% of normal for this period. The Northern California snowpack is 97% of normal as of April 1<sup>st</sup>. This follows three below-average hydrologic years. The State of California has been in a declared Drought Emergency since January 2014. The State Water Project Contractors Table A Allocation is at 60% as of the end of June.
- Colorado River Basin accumulated precipitation in June was 99% average for this period. The Upper Colorado Basin snowpack was 85% of normal as of April 15<sup>th</sup>. This follows two below-average hydrologic years, the Colorado River Basin is in the recovery of a long term drought. Lake Mead and Lake Powell combined have about 61% of their average storage volume for this time of year. If Lake Mead's level falls below a "trigger" limit 1,075 ft. at the end of a calendar year, then a shortage will be declared by the US Bureau of Reclamation (USBR), impacting Colorado River water deliveries for the Lower Basin states. As of late May Lake Mead levels were hovering around the "trigger" limit but fortunately levels are expecting to increase from the large amounts of precipitation that hit the Colorado River Basin this summer and spring. The USBR predicts that the "trigger" level will not be hit by the end of 2016.

**Notes**

- "Firm" includes Full Service (both Treated and Untreated) and Barrier water.
- Basin Pumping Percentage (BPP) is the percentage of a retail water agency's total water demand that they are limited to pump from the OCWD-managed groundwater basin. BPP pertains to Basin agencies only. For example, if a Basin agency's total demand is 10,000 AF/yr and OCWD sets the BPP at 72%, then the agency is limited to 7,200 AF of groundwater that year. There may be certain exceptions and/or adjustments to that simple calculation. OCWD sets the BPP for the Basin agencies, usually as of July 1st.

Dearest Pam,

Thank you for your time today. As an important spokesperson for the City of Aliso Viejo you have an invaluable and unique ability to give hope and help to end hunger for nearly 336,000 people at risk of hunger in Orange County. The majority of this at-risk population are seniors and children. In fact, 1 in 5 children may be missing meals this month. Second Harvest partners with 180 community organizations to provide food and hope for 200,000 struggling people each month. Currently Garden Grove has 28 community partners who provide food to an estimated **45,607 individuals** monthly.

At Second Harvest Food Bank of Orange County, we can stretch one dollar to provide enough food for three meals. As a matter of fact, more than 90 cents of every dollar donated is used for programs to feed the hungry. However, we can't solve the problem of hunger alone, which is why your role as a community leader is so important in our fight to end hunger.

September is Hunger Action Month™, when Feeding America and local food banks ask everyone in America to join the fight against hunger in their community. Hunger Action Month™ is the perfect time for us all to join the movement *together* to involve our local community, raise awareness, and give food and hope to hunger-stricken people right in our own backyards. To drive a more lasting impact, we will be launching the **Mayors' Campaign to End Hunger**. This is a county-wide awareness and fundraising campaign where each city is given a fundraising goal of \$5,000 to feed those in our community.

Please join us in our fight to end hunger by participating in Hunger Action Month™ **Mayors' Campaign to End Hunger**.

### The Mayor's Campaign to End Hunger

The Mayor's Campaign to End Hunger is a month-long, county-wide campaign during September, in which Second Harvest Food Bank partners with Orange County cities and residents. Participating cities will each commit to raising \$5,000 to provide meals to our hungry neighbors. The city that raises the most money overall will be awarded the "Gold Plate Award", presented by CEO Nicole Suydam at the 2016 "No Lunch" Lunch.

| Hunger Action Month™ Campaign           |               |               |
|-----------------------------------------|---------------|---------------|
| Goal for Number of Participating Cities | Goal Per City | Campaign Goal |

### Proclamation Day

Each city will be assigned a designated day in September to proclaim as their day to take a stand against hunger. Second Harvest will promote the activities of each city and the Mayor on social

media. Proclamation Day is the City's prime opportunity to meet their fundraising goal of \$5,000. The city that raises the most amount of money on their proclaimed day will be awarded the "Silver Plate Award", presented by CEO Nicole Suydam at the 2016 "No Lunch" Lunch.

## Mayors' Race to Home Plate

Second Harvest Food Bank will host the "Mayor's Race to Home Plate" kick-off event at Angels Stadium on Monday, September 12, 2016. Participating cities will commit to sell a minimum of 10 ball game tickets at \$26 a ticket, which will start funding their City goal.

If the City of Garden Grove would like to stand alongside us in fighting against hunger, I would love to schedule a time to come by and drop by your participation packet in the next couple of weeks. Let me know when would be a good time.

All the best,

**Subject:** Second Harvest Food Bank - Hunger Action Month Mayor's Campaign to End Hunger

Dearest Pam,

Thank you for your time today. As an important spokesperson for the City of Aliso Viejo you have an invaluable and unique ability to give hope and help to end hunger for nearly 336,000 people at risk of hunger in Orange County. The majority of this at-risk population are seniors and children. In fact, 1 in 5 children may be missing meals this month. Second Harvest partners with 180 community organizations to provide food and hope for 200,000 struggling people each month. Currently Garden Grove has 28 community partners who provide food to an estimated **45,607 individuals** monthly.

At Second Harvest Food Bank of Orange County, we can stretch one dollar to provide enough food for three meals. As a matter of fact, more than 90 cents of every dollar donated is used for programs to feed the hungry. However, we can't solve the problem of hunger alone, which is why your role as a community leader is so important in our fight to end hunger.

September is Hunger Action Month™, when Feeding America and local food banks ask everyone in America to join the fight against hunger in their community. Hunger Action Month™ is the perfect time for us all to join the movement *together* to involve our local community, raise awareness, and give food and hope to hunger-stricken people right in our own backyards. To drive a more lasting impact, we will be launching the **Mayors' Campaign to End Hunger**. This is a county-wide awareness and fundraising campaign where each city is given a fundraising goal of \$5,000 to feed those in our community.

Please join us in our fight to end hunger by participating in Hunger Action Month™ **Mayors' Campaign to End Hunger**.

### The Mayor's Campaign to End Hunger

The Mayor's Campaign to End Hunger is a month-long, county-wide campaign during September, in which Second Harvest Food Bank partners with Orange County cities and residents. Participating cities will each commit to raising \$5,000 to provide meals to our hungry neighbors. The city that raises the most money overall will be awarded the "Gold Plate Award", presented by CEO Nicole Suydam at the 2016 "No Lunch" Lunch.

| Hunger Action Month™ Campaign           |               |               |
|-----------------------------------------|---------------|---------------|
| Goal for Number of Participating Cities | Goal Per City | Campaign Goal |
| 20                                      | \$5,000       | \$100,000     |

## Proclamation Day

Each city will be assigned a designated day in September to proclaim as their day to take a stand against hunger. Second Harvest will promote the activities of each city and the Mayor on social media. Proclamation Day is the City's prime opportunity to meet their fundraising goal of \$5,000. The city that raises the most amount of money on their proclaimed day will be awarded the "Silver Plate Award", presented by CEO Nicole Suydam at the 2016 "No Lunch" Lunch.

## Mayors' Race to Home Plate

Second Harvest Food Bank will host the "Mayor's Race to Home Plate" kick-off event at Angels Stadium on Monday, September 12, 2016. Participating cities will commit to sell a minimum of 10 ball game tickets at \$26 a ticket, which will start funding their City goal.

If the City of Garden Grove would like to stand alongside us in fighting against hunger, I would love to schedule a time to come by and drop by your participation packet in the next couple of weeks. Let me know when would be a good time.

All the best,

**Chrislynn VanSkiver**

Dear Mayor Nguyen,

This is Celia from Chingoo Beijing. It's very honored to write to you.

We have a Chinese group will come to CA to join the summer camp here and learn American culture. Is it available for them to visit you the city hall in the afternoon of Aug 4 or 5? It's a really good chance for them to learn more about Garden Grove. Hope you could offer them such a wonderful opportunity. It'll be great if you could introduce the electoral system in US and share some stories how you manage this city so well. I'll very appreciate if you could give them a chance.

Looking forward to your kind reply. Have a great day!

Sincerely,

Celia

Dear Mayor Nguyen,

Last fall, UCI Law School, the LGBT Center OC, and local attorneys collaborated to start a free legal clinic for transgender individuals to legally change their name and gender marker with the court. After almost a year of work, this clinic has assisted almost 100 transgender Orange County residents.

We need your help to reach out to your constituents and other mayors to ensure transgender individuals have the legal assistance they may require. Specifically, your assistance reaching the Vietnamese transgender community is needed. **Would you be willing to help us advertise the clinic by disseminating the attached flyer to your constituents and other local mayors?** Again, our service is completely free and aims to help each client complete the necessary paperwork to legally change their name and gender markers.

We hope we have an ally in you to continue to ensure all people have access to this free legal clinic. We look forward to

discussing ways in which you could help us reach all of our OC transgender community.

**Subject:** Follow up Letters in Support for the F-35

**Date:** Tue, 12 Jul 2016 14:04:14 -0700

Hello Mayor Nguyen,

I understand you previously indicated you did not wish to sign the F-35 letter. However, I just wanted to share some recent news with you about the program.

A recent LA Times Report indicated that the F-35 is poised to meet production goals. The report details that recent adjustments to production and manufacturing has lead to positive results. Furthermore the report also indicates how Garden Grove specifically contributes to the F-35 such as GKN Aerospace which manufactures the canopy for the plane.

In addition, the Department of Defense announced two initiatives to reduce the F-35 production and sustainment costs as part of a two-year extension of the "Blueprint for Affordability for Production" program. This follows recent reports that the plane is slated to cost 57% below initial projections. This shows a commitment to keep the overall cost of the program within budget.

These two positive developments with production and costs show that the F-35 is no longer the controversial lightning rod that it once was.

Here is a link to the Los Anegeles Times Report about the F-35 overcoming its production obstacles: <http://www.latimes.com/business/la-fi-adv-f35-production-20160630-snap-story.html>

We are conducting our final legislative pushes before Congress adjourns for recess and we would love to have your support. I will also be reaching out to the rest of your colleagues on the city council to ask for their support as well.

Thank you and I hope to hear from you soon,

Matthew Estipona

The Honorable Loretta Sanchez  
12397 Lewis Street, Suite 101  
Garden Grove, CA 92840

Dear Congresswoman Sanchez,

I urge you to support full funding of the F-35 Joint Strike Fighter. Southern California is a major epicenter of the military aircraft industry, and this program would create over 26,000 jobs in the state, with more than \$6 billion in annual economic benefit.

Whether we like it or not, we have the duty as the most advanced first-world nation in the world to maintain a sophisticated arsenal of top-of-the-line jets to combat threats from terrorists and other militants in the 21st century.

Investing in "fifth generation" aircraft with futuristic stealth and sensor abilities is a necessity for our nation to maintain its image as a global leader of peace and justice and as an innovator of technology and intelligence-gathering.

Please join me in supporting the F-35 program for the good of our nation now and tomorrow.

Sincerely,

Hello Gentlemen of Garden Grove,

I come to you tonight with another on going complaint about the homeless people, that are taking over our city. Worse than just taking over the city as a whole, it seems that they are being pushed into West Garden Grove, where I live.

I live in the Security Enforced Community of Stonegate Townhomes, located on Stonegate Lane, off of Chapman and Valley View.

I say Security Enforced Community because as homeowners, we pay a premium each month to hire a security company to respond to our complaints. It's no problem getting them to respond to our calls in a timely fashion, but in turn, they cannot get the Garden Grove Police to respond to their calls for help.

At 4:30 PM tonight I walked out to the alley, behind my garage, and found a homeless woman, and her bicycle, lying on the ground, in one of our parking spaces, in the shade of a tree.

I asked her a few questions, to make sure she was alive. I then called our security company and the Garden Grove Police. The security company came right out and waited approximately one hour before having to leave. The woman would not leave and our security company could not get the police to respond.

We understand that now, due to the opening of the Great Wolf, the city has more tourists on the East Side.

However, we don't want West Garden Grove to become forgotten.

It would be great if our police department could work right along side of our people by establishing a West Side Liaison, to cut to the core of our problems.

I look forward to hearing back from you.

July 12, 2016

Dear Mayor Nguyen:

I was very excited to see the posting for the Administrative Secretary at the City of Garden Grove. As someone who is passionate about providing exceptional customer service and administrative support to a diverse community, I would be thrilled to bring my demonstrated skills to this position.

Working in sales for over eleven years required me to perfect active listening skills, relationship building skills, and an ability to assess individual needs in order to deliver exceptional service. These skills are the same that I applied as an Undergraduate Admissions Counselor at Academy of Art University and as an Operations Associate at Google where I learned how to effectively work independently in complex projects while delivering positive results. These skills have also allowed me to succeed in my current role selling professional trade publications for the Immigrant Legal Resource Center. This most recent experience has also provided me with training in how to be an effective ambassador for an organization, as I am the first point of contact for new customers nationwide.

I hope to bring my successful customer service experience, passion for ambassadorship, and management experience to the City of Garden Grove as the Administrative Secretary. I look forward to hearing back from you and discussing my qualifications further.

Sincerely,

Josué E. Hernández

**Subject:** The dogs and cats in Anyang Korea suffer agony beyond comprehension -- yet Garden Grove is willing to be Anyang's "Sister City"?! HELL NO!

**From:** Beth Jones <blj1@direkt.at>

**Date:** Wed, 13 Jul 2016 18:15:03 +0200

**To:** baon@ci.garden-grove.ca.us, stevej@garden-grove.org, chrisp@ci.garden-grove.ca.us, phatb@ci.garden-grove.ca.us, kbeard@garden-grove.org, anyang@anyang.go.kr

Dear Mayor Bao Nguyen and the Garden Grove City Council members:

As you might know, Anyang became the Sister City to Garden Grove in 1989.

**Tragically, Anyang is one of the many capitals of Korea's despicable dog meat industry and is the hub of one of the largest dog meat consumption areas in South Korea.**

If you have ever wondered what hell would be like just watch the undercover videos of dog slaughterhouses, markets and restaurants scattered all throughout Anyang and the rest of South Korea: <http://youtu.be/3uR8R8Mu70Q>

And July's horrific annual Boknal Festival is just getting started there, where many, many thousands of these poor creatures, including many stolen pets, are killed as painfully as possible because their adrenaline-charged meat is superstitiously believed to ward off asinine ailments like heat stroke and impotence.

There are countless dog slaughterhouses, markets and restaurants where the dogs, who are tortured their entire lives, end up being slaughtered in the most inhumane ways, such as by electrocution, hanging or beating; and then thrown into boiling water – sometimes while they are still alive. In many places, dogs and cats are killed in full view of the other terrified, caged future victims; and this takes place in public and in broad daylight.

In addition, many abandoned and stolen former pets end up in this industry, and are subjected to the same barbaric cruelty. Rabies and distemper are a public health problem wherever dog and cat meat is eaten, yet these reckless traders couldn't care less, because Korea's new animal welfare laws are simply not being upheld.

An online search reveals the sickening scale of Anyang's dog meat demand.

Here are two search results on Naver (the most popular search engine in Korea) – the first one was for so-called "Health Food Centers", which commonly sell dog elixirs and cat elixirs (also known as dog soju and cat soju); and the second search was for "dog meat restaurants" in Anyang.

The searches showed 169 Health Food Centers and 70 restaurants in and around the city of Anyang alone.

If every one of these 'Health' Food Centers and restaurants serve dog and cat 'ingredients' in one form or another, it is too awful to think how many dog/cat farms and slaughterhouses must exist in and around Anyang to supply all of these outlets – and those that might appear under a different search.

And every one of them is ILLEGAL according to Korean law — yet... the atrocities continue. In short, Garden Grove should not be a Sister city to any city that allows dogs and cats (or any other animals!) to be tortured and eaten. Period.

Please notify Anyang's Mayor Pil-Un Lee of your awareness of the worldwide protests against this horrific (and supposedly illegal) industry in their country and vehemently urge them to close down ALL dog farms and slaughterhouses, markets, truckers and restaurants who serve their products as soon as humanly possible. 12 brand new animal welfare laws empower him to do this – all he has to do is enforce them.

**There are a number of rescue organizations like *Soi Dog* or *Animals Asia* and local others who are ready and willing to help rescue, rehabilitate and rehome the many thousands of suffering dogs and cats trapped and victimized in this hell on earth.** Some organizations even aid the traders in finding a new line of work — but none of it can happen until the Korean government gets on the stick and enforces its own laws.

An online petition calling for your support in ending the horrendous South Korean dog and cat meat cruelty is in progress: <https://www.change.org/p/mayor-bao-nguyen-of-garden-grove-california-tell-sister-city-anyang-korea-that-we-re-opposed-to-torture-consumption-of-dogs-cats>

Horrified animal lovers the world over demand your immediate action on this extremely troubling matter. The world is watching – and boycotting – Korea until they uphold their own laws prohibiting these medieval atrocities and finally prosecute their cynical and barbaric perpetrators.

Thank you for your time and (I hope) immediate efforts in this matter,

I heard, from Jacqueline, that you are able to help us out with some of your press contacts for a press event we are trying to put together regarding our DACA services. Thank you so much!

I am just taking the lead with coordinating the logistics and wanted to confirm your availability. It looks like a representative from the White House API Initiative may also be able to join us for this event...if you happen to be available on **July 27th or July 29th**. Do either of these days work for you? We can work around your schedule in terms of which time of the day would work best.

In terms of venue, is it possible to book the civic center or city hall of Garden Grove? We thought that would be a nice central location although I'm not sure whether or not the parking situation is convenient for guests. If not, we may have some leads with community partners but I just wanted to ask you about venue options first. If there is someone else I should be contacting in the city - please let me know and I can follow up with them.

Finally, would you be willing to make some introductory welcome remarks? We will finalize some kind of agenda/schedule throughout the week but we would love for you to be able to talk - if that is in line with your official capacity. The White House API representative, Jacqueline and 1-2 DACA clients will also be speaking.

Please let me know your availability and your thoughts on the venue/agenda/etc.

Thanks so much!

Hello,

I am reaching out to you in hopes that you can assist me because I cannot get any help/ or a hold of anyone at the fair housing authority.

I rent an apartment at Arrowhead apartments and I reported a leak in my apartment because the ceiling was sagging and they sent someone over to look at it and I left for work. I received a call alter that day stating that I needed to move out of my apartment and I explained to the property manager that I couldn't move that quickly and she offered me an apartment on the 1st floor but made it clear the rent was more money so I declined that apartment. Then they decided to work with me on another unit in the community and said they would keep the rent the same. I then asked who would move my belongings and I was instructed that the maintenance team would move my items and I explained that I had some very heavy items that needed to be moved and the property manager told me that if anything was damaged during the move I would be responsible for replacing those items myself that they would pay for anything that got damaged. I told them no I wanted a moving company and that was fine so the property manager offered to redo the apartment with certain flooring and etc of my preference. There was a lot of back and forth about questions of moving and if I would be able to keep my private garage. I then reached out to the property manager on 6/30/16 to try and finalize the move and I didn't get any response so I followed up on 07/05/16 stating that if they hadn't finished the floor in the apartment I would prefer carpeting in the bedroom. She responded and said no problem and didn't touch on the topic of my previous message and mind you the only way she will communicate with you is by text or phone. So on 06/09/16 I sent her a follow-up message about my request on 06/30/16 and her response was sorry I am camping and didn't get back to you and that there shouldn't be any issue with my request, I will call you Monday and never got any form of communication from her (this is her normal behavior she doesn't respond or call you when she says she will). My request was asking if I could get the key prior to 08/01/16 so I could start moving my stuff into the apartment and if it was ok to move in on that date as I was trying to hire movers. Then yesterday I get a text from her saying we need to talk and to call her I explained to her that I was busy at work a few minutes later I get a text I need you to call me a need a few minutes of your time. So I called her and she starts to tell me that her manager is very upset with her that I wasn't moved out of that apartment yet and in the new one as of 07/01/16 (mind you the apartment wasn't even ready for move in and the other tenants had moved out maybe a week prior. She continues tell explain to me that I needed to vacant my current apartment and move into the new apartment with 72 hours and that I had to pay for movers and they would reimburse me I told her that was unacceptable ( I have a job and have to work and I have a sick family member with stage 4 cancer that I am caring for) that it wasn't possible to move that fast so then she says that she will have to serve me with a notice to quit the apartment and doesn't have to give me any reason why I have to move out. I asked her if it was possible to have until next Saturday 07/23/16 to move into the new apartment and she her manager said no move now or be served. I asked for her manager to contact me or to provide me a phone number and she refused to because she doesn't want me to explain my side of the story to them or show them her lack of response to the situation. I feel that this is extremely unjust that because I complained about a leak and couldn't move as fast as they wanted me to that I was serve with a notice. Also as of yesterday the apartment still wasn't ready for move in. This is the short version of what happen I have all my communication in text messages.

I have been researching trying to find out who owns the property and have had no luck.

I have called the city they say there is no contact info on file.

I found a contact number online and it goes to the book keeping office and they won't relay a message for me at all for someone to call me

With all the medical bills I really don't have the funds to be spending to move again I have lived there for 14 months.

Please help me I don't know who else to reach out to

I am told by both Stanton & Garden that they don't handle this address but I have a Stanton address but due to the city limits ( I don't know who to call)

Thank you,

Hello,

I am reaching out to you in hopes that you can assist me because I cannot get any help/ or a hold of anyone at the fair housing authority.

I rent an apartment at Arrowhead apartments and I reported a leak in my apartment because the ceiling was sagging and they sent someone over to look at it and I left for work. I received a call alter that day stating that I needed to move out of my apartment and I explained to the property manager that I couldn't move that quickly and she offered me an apartment on the 1st floor but made it clear the rent was more money so I declined that apartment. Then they decided to work with me on another unit in the community and said they would keep the rent the same. I then asked who would move my belongings and I was instructed that the maintenance team would move my items and I explained that I had some very heavy items that needed to be moved and the property manager told me that if anything was damaged during the move I would be responsible for replacing those items myself that they would pay for anything that got damaged. I told them no I wanted a moving company and that was fine so the property manager offered to redo the apartment with certain flooring and etc of my preference. There was a lot of back and forth about questions of moving and if I would be able to keep my private garage. I then reached out to the property manager on 6/30/16 to try and finalize the move and I didn't get any response so I followed up on 07/05/16 stating that if they hadn't finished the floor in the apartment I would prefer carpeting in the bedroom. # CITY OF GARDEN GROVE POLICE DEPARTMENT

A NATIONALLY  
ACCREDITED LAW  
ENFORCEMENT  
AGENCY

TODD D. ELGIN  
CHIEF OF POLICE

July 6, 2016

Rick and Denise Steckler  
12321 Lambert Circle  
Garden Grove, CA 92841

I would like to thank you for bringing your neighborhood issue to our attention and providing us the opportunity to address the ongoing problem involving 12392 Janet Circle.

In response to your complaint, we verified within the past two years the Garden Grove Police Department has responded to as many as 55 calls for service at 12392 Janet Circle. The calls for service have varied, but the common responses range from mental health issues to assaults. In addition, we researched the criminal theft report and found the report was sent to the District Attorney's office for prosecution review. To this date, we have not received an answer as to whether or not the prosecutor will seek charges against Ms. Horowitz.

The Police Department has identified the residence as a board and care facility. While researching the location, we found that board and care facilities with seven or more residents must obtain a Conditional Use Permit per Garden Grove Municipal Code 9.12.020.030. A plan was developed to use various city resources to bring the owner of 12392 Janet Circle into compliance with the law and pursue a better relationship with the surrounding homeowners so that the ongoing problems can be addressed.

On June 30, 2016, a meeting was held with Ms. Chung, who is the owner of 12392 Janet Circle. Present at the meeting were members of the Garden Grove Police Department and the Code Enforcement Division. Ms. Chung was presented with the facts of the investigation and the amount of calls for service generated from 12392 Janet Circle. Ms. Chung determined she would evict the current renter of the home and would rent the home to a single family.

In closing, I would like to thank you for the opportunity to address the community issue you were experiencing in your neighborhood. I hope your interaction with the members of the Garden Grove Police Department has been a positive one. Should you need anything more, please don't hesitate to call at 714-741-5202.

 Subject: Continued problems with Half Way House and/or Board and Care at 12392 Janet Circle

Mayor, Mayor Pro Tem, and Council Members,

We are contacting the City Council because since June 2015, Incident and then Criminal Reports on two people residing at 12392 Janet Circle, have been filed by us with the Garden Grove Police Department. It began with a woman walking up to neighbors' garages and porches without permission, walking a dog off leash, failing to clean up after the dog, and then one morning when found standing in the middle of our property, and asked what she was doing there, the conversation ended with her stating, "Go ahead and call the police." A police incident report was filed by us and apparently nothing was done as that type of behavior continued off and on. Then one year later, another woman, also residing at 12392 Janet Circle, came on the scene. This time bizarre behavior escalated to stealing and harassment. We filed a Criminal Report and the Police said they filed it with the District Attorney, however, to date no action has been taken against that resident, in spite of the fact she confessed to stealing the property from our residence. These concerns of escalation and safety have only increased over time since it appears that even with the filing of a Criminal Report, any expectancy of an investigation and prosecution of the crime, and holding individuals accountable, individuals including those managing and owning the property, has become a thing of the past.

Below is a brief outline of an ongoing problem in our neighborhood. Details are available in Police Report Number 16019247, filed with GGPD, beginning on 4/12/16.

For the last few years, my family, and our neighbors, have had to deal with individuals residing at what we've been told is a locally approved "board and care or half way house," at 12392 Janet Circle. This house has multiple residents and has been allowed to operate in our long established residential neighborhood. It's become apparent by their demeanor and actions that the residents have mental health issues and are allowed to roam the neighborhood, unsupervised. While our neighbors have had their own problems with the residents of this house (the worst being an interrupted break-in that resulted in the poisoning and eventual death of a neighbor's dog) we are specifically addressing our most recent interaction/problem/reporting with one individual over the past six months. We learned of this woman's name, Rebekah Horowitz, when we filed our initial Crime Report.

Our first encounter with Ms. Horowitz when she was seen on her hands and knees in our yard smelling flowers. Over a short period of time that behavior progressed to walking and singing loudly in our front yard at 4 AM; repeatedly coming up to our door and making incoherent statements; coming to the door and requesting to be driven somewhere; requesting to use the phone to call for a taxi; continually leaving things on our front porch (subsequently learning some items had been picked up from a neighbor's yard). All of these aforementioned acts then reached a peak of a criminal action with the theft of costly Mexican pottery from our front patio. We suspected it was Ms. Horowitz and two weeks later it became conclusive she had done this when she walked, uninvited, onto our property and confessed, "I commandeered" your flowerpots. When asked did she mean she stole the pots, she said, "Yes." At that time we filed a follow-up to our initial criminal police report.

same day, she returned and came up to our door and at was told explicitly to leave the property and no longer return. That, however, "did ... stick" as she continued to return, ringing our doorbell and making unintelligible statements. I have repeatedly told her to leave and never come back.

We have subsequently learned that at least four other neighbors said she has also come to their door, banging loudly upon it, with one older lady saying she was approached while in her front yard and then, due to the continued bizarre behavior of Ms. Horowitz, she dropped her hose and went into her house as she felt concerned for her safety.

While it would appear that Ms. Horowitz may have mental health issues, that is not an excuse for accepting irrational behavior that can lead to acts and actions that would never be expected. And while such a condition seemed feasible when she was first seen on our lawn smelling flowers, her progression to criminal overt actions as mentioned speaks to a concern that this has become something far beyond any issue we should have to deal with ourselves.

In conclusion, the lack of legal follow-up as well as the lack of accountability of the owner of 12392 Janet Circle for running a "halfway and/or board and care" residence, (likely at taxpayer expense and City approval), and which provides no supervision nor accountability for the residents, has created a situation to where we must now contact our elected representatives to represent us on this matter. The property owners, the taxpayers of Garden Grove, are deserving of nothing less than a swift and prompt remedy before the criminal behavior escalates.

Thank you. We, and our neighbors, will be looking forward to the soon resolution to this ongoing and unacceptable situation.

Subject: Untrimmed Off-Ramps

Mr. Mayor, I cannot help but be dismayed every time I get off the Garden Grove Frwy at Euclid. All I see on my left-hand side are palm trees with "beards" all the way to their "waists." It is especially off-putting when I see, at Trask and Garden Grove, the *Oasis Car Wash* with THEIR tall palm trees looking so well-groomed and inviting!

Can't Garden Grove keep our off-ramps better groomed, Mr. Mayor? We did a lot of "freeway work" the last few years – let's maintain its beauty too! ☺
