Subject: Re: Red-light camera questions

3. Any form of education or enforcement of unsafe driving will have a positive effect on negative driver behavior. The mere presence of the posted signs throughout the city telling drivers that our program is in use first informs them before they get the intersection where the system is operating has a positive effect. There are other warning signs before the intersections well before the driver needs to decide how to react to the traffic signals allowing them another opportunity to contemplate the results of their actions should they think about driving through the red light. Finally, driving the posted speed limit and not being distracted will allow sufficient time to safely stop for the red light without the fear of being rear-ended or having to slam on your brakes. There have been many studies in the past by different groups interested in the programs effectiveness each with their own agenda. We are still collecting requested data but, the Police Department along with Public Works and Traffic Engineering are highly confident our program has indeed reduced significant injuries due to careless red light runners.

4. Last year our system captured 19027 red light runners. 11708 incidents were forwarded to the police department for review. Of those there are such things as uncontrollable factors such as obstructions, the driver being unlicensed or weather conditions to name a few which reduce the total number of incidents that can be processed or the number of Notices to Appear that find their way to the responsible driver. If there had been a Police Officer at the traffic light where these violations occurred we would have written 10,555 additional citations but, because of uncontrollable factors we could not so we only issued 7,577 notices in 2014.

See the attachment of the red light fines and penalties distribution. Note the fine is the same if an Officer stops you or the system captures your car violating the law.

5. Yes, the number of citations has changed over the years since the system has been in place. In 2013 the system captured 16,245 red light runners. I can also say that the largest majority of people violating the law are those people who live outside the city. We don't have a large police department or a traffic unit whose primary responsibility it is to enforce traffic laws so we've used technology to our advantage to maximize our lack of resources. In the past in court its been the Officer's word against the driver's word about where exactly the car was in relation to the limit line while the traffic light was red. Our system provides video of the violation which really is the best evidence of any violation and with that there's no doubt about exactly what happened.

Below is the 4th Quarter Notices to Appear sent to local addresses for 2014:

Month	GG	Other than GG	Out of State
Oct	170	852	17
Nov	103	482	9
Dec	57	380	6

Below is the 1st Quarter Notices to Appear sent to local addresses for 2015:

Calendar Quarter	Notices sent to GG Residents	Notices sent outside Garden Grove	Notices sent outside Garden Grove
Jan	31	204	10
Feb	35	172	5
Mar	32	195	3

6. Unlike some cities who have ended their programs ours have never been about revenue. We were the first city in Orange County to implement a system like this which we felt would save lives of drivers and pedestrians. If you compare having a uniformed officer in a marked patrol car stationed there all day and night throughout the year would be far more expensive. In fact, from a budget perspective, it would be an incredible waste for two reasons. First, the police would not be able to deal with other matters more serious. Second, they would be not be able to deal with other traffic violations that occur while they were stopping someone else so far fewer violations would be caught. This type of enhanced efficiency is exactly what the vast majority of voters generally insist on from the government no matter what it is doing. If one person was spared the death or severe injury that red light runners cause our efforts are certainly worth our efforts.

7. I don't believe there will be any one department by itself taking the responsibility to determine if we'll end our automated enforcement program. There are many professionals employed by the city each who have experience and expertise in their field who have contributed to the program and will continue to do so when called upon by city leadership.

9. Right now we are past the contractually agreed upon 60-day window where either party can terminate the contract. However, we are committed to allowing everyone who is interested in participating in the democratic process to do so and to assist the Mayor and Council so they can make an informed decision which will I think ultimately be up to them.

Subject: Fwd: Red-light camera questions

Tony and Jim -

Could each of you please send me responses to the questions listed? Saigon TV wants to do an on camera with our PIO and he knows nothing about the system. Le sent me these questions that she intends to ask. Anything you can't answer, just leave blank.

The interview is tomorrow morning.

Thanks for your help.

Subject: Red-light camera questions

Hello Lt. Whitman,

Here are a list of possible questions for the Red-light story for Garden Grove:

1. How many red light cameras are currently active in GG?
2. How long ago did GG start utilizing this system?
3. Does the police think it is effective in reducing accidents?
4. Do you have an estimate of red-light citations per year? How much does an average citation cost? How much revenue does the city get from each?
5. Have the number or citations gone up or down over the years?
6. Does it generate enough revenue to justify its operational costs?
7. Who/which department is looking at the data to determine whether the cameras will remain?
8. When do you expect a complete report on this?
9. Will the decision be made in time before the contract with Redflex auto-renews? If not, are we stuck with the cameras?

Hi Jim,

Got some useful info below.

We have had a couple of OC Sheriff's with the emergency lights shutting off while riding. The update fixed that and from what I see below fixes some other issues.

To get the updates from Germany was difficult because only one guy over their could do the update, the time difference was another challenge. It seems that we will be able to accomplish the updates to your fleet towards the end of next week with our in-house diagnostic/programming tool...of course barring any unforeseen circumstances.

Thanks for the call today and making me aware of the issue.

Subject: RE: 2015 R1200RT-P Emergency Lights shutting off

Hi David,

The GMSF firmware update will be released next week (likely mid-week) -

sorry that it was delayed, but from mid-week you should be able to do the firmware updates at the shop without Germany's help.

The flicker of the lights when ignition is turned-on or when the lights are turned-off has been addressed in new software for the flasher. I just received it yesterday and will be testing it this weekend.

In late July / early August, new GMSF software will be released that fixes all of the switch issues and makes all of the outputs shut-down after 30 minutes, so that may help if they have lots of consumers on the bike. I spoke with another agency with this complaint and they were not running the bikes much . mainly doing radar work and not really riding them, which is needed to recharge the batteries.

Regarding aux battery depletion, I have been running two voltmeters on my demo just to monitor the charging of the aux battery. This has been very informative as the aux battery will charge at idle if the main battery doesn't have too much load on it (heated grip, seat, motor-lights, etc.). It is also helpful to turn-off the lights to let the bike get more charge to the aux battery - perhaps if they are sitting idling - it makes a big difference.

I look forward to hearing from Bo.

Subject: 2015 R1200RT-P Emergency Lights shutting off

Hi Frank,

Garden Grove is having to keep the bikes running during a violator stop or their emergency lights will stop working.

Also the bike emergency lights will flash randomly when the bike is turned off, we've noticed this happen when the Aux Battery is depleted.

Their bikes are from the first batch of RT-P's and they need a bunch of updates on ISTA when they come in for service.

Our tech Bo will be in touch with you about the specifics and some guidance related to the Aux Battery depleting.

This is just a heads up, Bo will be in touch soon.

Subject: Important Policy Reminder

It has been brought to my attention that we need to tighten up on our city policy of Cadets being the only ones who can drive a city vehicle. Effective immediately, the following Office Aides are NOT to drive a city vehicle at ANY time.

Saira Hernandez

Julie To

Jesenia Campos

Leah Parkhurst

Hanna Kim

Krystal Jeang

They can drive their own vehicle on their unpaid lunch break, however they are on their own if any accident or issue arises. They are still to notify their supervisor as soon as possible.

FOR EVERYONE: If something needs to be run to the lab, court or outside errands, please contact the Investigations Cadet for these tasks. There may be some rotation prior to the January shift change to accommodate the needs of the department and starting in January, there will be certain positions that only cadets can work, some only office aides can work and some that both can work.

FOR OFFICE AIDES: We are in the process of working with Human Resources to set up In House testing to move from Office Aide to Cadet. As of now, the only portions of the test that you will be required to take are the Written and Physical Agility.

FOR SUPERVISORS: I will be contacting you each individually if you are assigned a cadet to talk more about the situation.

Thank you all and if you have concerns, please bring them up to me when I meet with you.

FULLERTON POLICE DEPARTMENT

Training Announcement

DUI DETECTION - STANDARDIZED FIELD SOBRIETY TESTING

This 3-day course (24 hours) is designed to promote standardization in driving under the influence arrests. Participants will significantly improve abilities to recognize and interpret evidence of DWI violations, administer and interpret standardized field sobriety tests, and describe DWI evidence clearly and convincingly in written reports and verbal testimony.

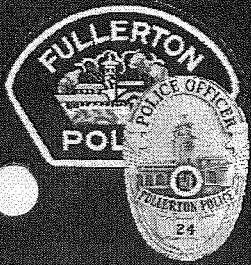

Date:	August 17-19, 2015
Time:	0800-1700 Hours
Prerequisites:	None
Location:	Fullerton Library Conference Center 353 W. Commonwealth Ave. Fullerton, CA 92832
Tuition:	FREE
POST Certified:	Control #1270-20290-15-
Reimbursement:	Plan IV
Attire:	Uniform or business casual
Course Coordinator:	Sgt. Tim Petropulos, Fullerton PD

Reservations, information or questions please contact Patricia Arevalo at (714) 738-6749 or email at parevalo@fullertonpd.org.

Materials will be provided — Bring your lap top

- **Maximum class size - 30 students** ●

Sworn personnel only due to limited space

ADVANCED ROADSIDE IMPAIRED DRIVING ENFORCEMENT ARIDE Training Course

This 16 hour course was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program. ARIDE accomplishes this by providing officers with general knowledge related to drug impairment and by promoting the use of Dress in states that have the DEC Program. The ARIDE program also stresses the importance of securing the most appropriate biological sample in order to identify substances likely causing impairment.

Date: August 24-25, 2015

Time: 0800-1700 Hours

Prerequisites: Standardized Field Sobriety Testing (SFST) Course - A complete Training Request emailed to parevalo@fullertonpd.org

Location: Fullerton Community Center
Computer Center
340 W. Commonwealth Ave.
Fullerton, CA 92832

Next Monday, July 20, the 2015 Special Olympics World Summer Games torch will be coming to the Garden Grove Civic Center en route to the Opening Ceremony in Los Angeles!

All employees are invited to come out and cheer on these amazing athletes as they carry the torch down Civic Center Drive, to the front of PD headquarters where the City will celebrate their arrival with a community welcome!

The runners are scheduled to arrive at PD headquarters at 10:25 a.m. Employees are asked to line up along Civic Center Drive by 10:15 a.m., to greet the runners as they turn onto Civic Center Drive, from Garden Grove Boulevard.

Please pick up a Garden Grove or U.S. flag as you exit City Hall (flags will also be distributed outside) to wave to the runners as they come down Civic Center Drive. Feel free to create your own signs or banners to show Garden Grove's support for Special Olympics!

Street closures will be in effect in the Civic Center area only. The east side City Hall rear parking lot will be used for public parking, athlete buses, and media, so employee parking may be limited.

Remember to come over to the tented area in front of PD for the welcome ceremony, following their arrival. Refreshments will be available.

Please return City and U.S. flags back to the 1st floor Recreation Counter in City Hall.

Click here to see the City's news release, and thank you for showing your Garden Grove spirit on Monday!

On Jul 17, 2015, at 7:54 AM, Michael Viscomi <mviscomi@ci.garden-grove.ca.us> wrote:

GGPA,

The Board met with the City representatives yesterday for their first counter proposal. The Board wants the GGPA members to be informed of the proposal, but we do not want to put numbers in the email. Therefore please go to any Board member for specifics. I will be going to as many briefings as possible to give more specific to the counter.

The City offered a larger increase to the medical cafeteria than we asked for, and said they wanted all monetary increases to be in areas that are not PERSable. The increase offered would definitely offset any increase to insurance costs.

They completely took longevity off of the table, but the Board WILL counter with some form of longevity.

They also want to change the structure of our overtime earnings, moving to straight FLSA earnings. This is an area where they are going after all associations. The Board is not going to allow this to be an issue that we will entertain in our counter proposal.

This email may seem somewhat vague, but the Board wants to put as much information out that we can in an email. Please ask us for specifics so we can clarify things and avoid any miscommunication.

We will be meeting as a Board to discuss a counter proposal next Thursday, and we will be meeting with the City representatives again on Thursday the 30th.

Please contact me or any Board member if you have questions, concerns, or ideas.

Subject: Traffic complaints

I know we talked about a few of these.. Cindy Nagamatsu forwarded me an email saying she's receiving complaints regarding a few things.

-The tractors/trailers parking on the street in the Euclid business park complex. Apparently the property owner is complaining.

-Cars running the red light at Clinton/Westminster or cars making turns and not seeing the pedestrians. She said from 6am-9am and from 2pm-5pm.

Thanks,
Ed

Will you be posting overtime for this assignment?

Sent from my iPhone

On Jul 21, 2015, at 2:48 PM, James Fischer <jamesf@ci.garden-grove.ca.us> wrote:

Hello Gents,

To give you a rough estimate we are looking at \$30,000.00.

Thats including 25 Officers and 5 Sergeants for an 13 hour day. The 13 hour day includes briefing and tear down. All positions are based on top step officer and sergeant working on an overtime basis. Officer positions on the posts can be manned by a CSO or Reserve. This figure does not include a dispatcher. One is yet to be determined but will still be under the above figure.

15 Officer Posts

5 Motors

4 Main Street Security

2 mounted (Sgt.and one officer)

1 motor sgt.

1 Mainstreet sgt

2 Explorer Advisor (Sgts.)

As the night progresses, positions will begin to scale down beginning at or near 1830

hours. Officers will be sent home that are not needed. Prior to the event, I am pushing for a two hour closure instead of a four hour closure for such a small event. I am also using our Cadets and will flex their schedules to assist. The above figure and officers have nothing to do with Public Safety Day, only street closures.

Jim F.

Hello Mike

That sounds good. It's not too much on Haster just guiding runners to the center then into the sb lanes and it serves both concerns Yours for the off ramp and ours for the apt complex

Jim;

Sorry I missed you today. I am available on my cell phone tomorrow thru Friday. We can probably address any suggested changes or traffic flow faster if you can reach out to Joe Donaldson as well so that we can review together. Joe is trying to reach out to Mark to talk about Haster.

I am sure that we will find the right answer shortly since we are all working in the same direction.

Looking forward to finalizing this with you guys.

Cynthia:

Attached please find a revised Application for Use of the Coastline Parking Lot and a Letter of Self-Insurance on behalf of the City of Garden Grove. As previously discussed, we will be using the parking lot for parking purposes only, for residents who live across the street, as well as event staff and general parking for the public attending the event. The Open Streets Event begins at 3:00 pm, and we will have a soft closure of Acacia Parkway until 2:00 pm; meaning that residents, faculty and students will be able to get in and out onto Acacia until 2:00, as well as utilize the alley that runs through to Garden Grove Boulevard. We will be posting the area with signage to direct faculty and students into and out of the Lot. There will be no charge for event parking, therefore, the City is requesting that use of the parking lot be free, and that the \$5/space fee be waived. I look forward to hearing back from you, as always, please feel free to contact me at (714) 741-5212.

Thank you so much for your assistance in processing this Application,

To: Joe Donaldson <joe@sjdinc.com>
CC: mike <mike@spectrumsports.net>, Mark Ladney <markla@ci.garden-grove.ca.us>

Hello Joe,

Mark and I went out to the location and the runners should be south in the N/B lanes of Haster then divert them into the #1 lane of both N-S including the painted center the divider, just before Allard Street. That will open up the #2 lanes for both directions which will allow for traffic. This should only be until Lampson. The runners at lampson are directed to the S/B lanes which gives the programmers room at the park to do something for the runners. That would allow traffic to flow to Lampson from the freeway (N/B) and for the vehicles that are south from Chapman. Then right before the apt complex and freeway off ramp, divert runners into the center again and then turn E/B in the W/B lanes of Garden Grove Blvd.

I hope I explained it well enough for you to see it on the map. The runners are diverted into the middle of Haster for a short time to allow for traffic to flow instead of land locking houses and an apt. complex.

Any questions please call my cell phone (714) 719-0954

Jim F.

Mark,

I talked it over with Mike and here's the suggestion that I have:

At the middle driveway of 12312 Haster Street, we diagonal the runners to the SB side of Haster, this will force all vehicles to make a right on Twintree Lane (Twintree Ln goes through to Harbor Blvd). Runners will continue running south in the SB Haster lanes to the Mos Creek Apartments/CA22 Off-Ramp and we will diagonal them back to run in the NB lanes to Garden Grove Blvd, this will avoid closing the CA22 Off-Ramp, vehicles exiting however will be forced to turn right on to Haster!

Let me know what you think:

Hi Mike and Joe,

Sgt. Fischer identified an apartment/condo complex that is blocked in due to the change to Haster St. We think that a short (less than 100 ft) coned off lane will allow access for the residents to exit, however, one area of the complex is still locked in. Address for the complex

would be 12312 Haster St. Please see attached map.

Let me know if you have any questions.

Subject: Open Streets

Hello Gents,

To give you a rough estimate we are looking at \$30,000.00.

That's including 25 Officers and 5 Sergeants for an 13 hour day. The 13 hour day includes briefing and tear down. All positions are based on top step officer and sergeant working on an overtime basis. Officer positions on the posts can be manned by a CSO or Reserve. This figure does not include a dispatcher. One is yet to be determined but will still be under the above figure.

15 Officer Posts
5 Motors
4 Main Street Security
2 mounted (Sgt. and one officer)
1 motor sgt.
1 Mainstreet sgt
2 Explorer Advisor (Sgts.)

As the night progresses, positions will begin to scale down beginning at or near 1830 hours. Officers will be sent home that are not needed. Prior to the event, I am pushing for a two hour closure instead of a four hour closure for such a small event. I am also using our Cadets and will flex their schedules to assist. The above figure and officers have nothing to do with Public Safety Day, only street closures.

Jim F.

Jim:

Thanks for the information. At present, I'm showing \$22,000 in our Budget, but I'm sure we'll make it work. I'm not sure if it's accurate, but last year Kevin said that we ended up paying \$25K. The route was larger, but a shorter time frame. We may still get additional money for the event, so I think we'll be okay. Also, Travis mentioned that he had secured four (4) mounted, does that make a difference?

Thank you so much.

Kim

Fischer,

Captain Boddy received a call from someone regarding the n/w corner of Mag/GG Blvd. The c/p says that when you exit the parking lot onto w/b GG Blvd that there used to be "right turn only" signs. The complaint is that people now try and turn e/b onto GG Blvd and its causing accidents. They were also curious if there are any signs for people traveling n/b on Yocket to only turn right. Can you have someone check it out and get back to Boddy directly.

Thanks,
Ed

Hey Sgt.,

I have a Resort Safety & Security meeting on Tuesday, August 11, 2015 at 3pm at the Marriott Suites, 12015 Harbor Blvd. GG(Where Starbucks is).

I was hoping that one of your "DRE" folks might be able to come and give the resort group some indicators on being under the influence of drugs or alcohol. A 20 min. presentation and 10 min or so to answer questions. (any videos or photos would help). I will have a computer and PowerPoint projector if that would help.

This is directed at the front desk staffs and receptionists at the restaurants who get both mentally ill and under the influence subjects all the time. They don't need to be experts just some knowledge.

If you could ask if any of your folks would be willing to do this, they don't have to be certified, just basic knowledge would be great. I would appreciate anything you can do.

Any questions you can contact me at my cell phone # [REDACTED]

Thanks,
Mike Feher

Subject: Traffic Camera

From: James Fischer <jamesf@ci.garden-grove.ca.us>

Date: Fri, 31 Jul 2015 15:07:55 -0700 (PDT)

To: yambao maiku <yambao.maiku@gmail.com>

CC: Ed Leiva <eleiva@ci.garden-grove.ca.us>

Hello,

In response to your inquiry regarding a traffic camera at the intersection of Magnolia and Chapman, unfortunately the police department does not have a camera system at that location. City Hall has monitoring capabilities at intersections and it is unknown to me if they monitor specifically Magnolia and Chapman. I do know for a fact that even though they have monitoring capabilities, it is not recorded. I understand this does not help you in your situation and I apologize for that. If you feel the need to speak to someone at city hall regarding the monitoring of intersections, you can try Rosemarie Jacot 741-5192

Sgt. J. Fischer
Traffic Unit.

Subject: Open Streets

From: James Fischer <jamesf@ci.garden-grove.ca.us>

To: Tom DaRe <tomd@ci.garden-grove.ca.us>

Hey Tom,

I attached the number of officers we need for the post positions. These do not reflect how many you need for the security. Remember, I have roving motors to support your security if need be. As discussed, we need a Sgt. and at least 2 roving teams of two officers. Keep in mind we will also have 4 mounted officers as well.

Also, they are starting to set up Main Street at 1130 We will not need security until about 1400 because go time is 1500.

Doscher and Quintero got ahold of me and they want to take two posts, they helped out before and I dont have an issue with that.

Let me know if you need anything else.

Jim

Subject: Fwd: Right Turn Only sign - North side of Garden Grove Blvd., west of Yockey St.
From: James Fischer <jamesf@ci.garden-grove.ca.us>
Date: Mon, 3 Aug 2015 13:44:04 -0700 (PDT)
To: Kevin Boddy <kevinb@ci.garden-grove.ca.us>
CC: Ed Leiva <eleiva@mail.ci.garden-grove.ca.us>

Gents,

I received this email from Tony but received a call from Mark today saying that the sign is the property owner. Tony told me last week that we (the city) put those signs up. So, we are still working on who is responsible. In the meantime, a temporary sign was put up until we iron it out.

Royce-Ref DUI checkpoint on July 25.

Can you get a hold of Jeff Davis, our Ch3A channel, he needs a quick interview because they were unable to get it that night. He also needs stats from the night; arrests, tows, etc.

If you can't do it...find the right person who can.

Thanks.

He is at x5983

Subject: Private Parking - Parking Citation Issuance

Just an FYI....

AB 451: (Private Parking Facilities issuing citations) The bill allows local government to allow private parking enforcement in private parking facilities and provides for civil enforcement of private parking. Citations would not be reported to the DMV. There were some concerns expressed by some CPPA legislative committee members regarding the language in the bill and the potential for confusion by the public as to whether a citation was issued by a local agency or private party. The bill was reviewed carefully by Tim Yaryan, the CPPA's legal advocate, and he believes this issue is addressed by a requirement in the bill that there be a conspicuous statement on the citation to the effect that it is not issued by a local government. This bill is actively supported by the League of Cities. This bill was passed by the Assembly and Senate and is currently on the Governor's desk.

Hi Mike and Joe,

I would like to set up a meeting for the week of August 24th to discuss the final route, resident notifications and the resident survey requested by City Council. Rick, not sure if you are available, but maybe you can also attend this meeting so that we can discuss the resident survey.

Also, if needed, we may have you attend the Community Event Committee meeting on Tuesday, September 8 at 9:00 am. We can determine that when we meet this month.

Please let me know what days and times you are available to meet the week of the 24th. Thank you.

Hi. There are always cars in front of our house, our neighbors and all down the street on Street Sweeping Days. The street sweeper hasn't been able to get our house in months; he has no choice but to drive by. You used to give tickets and that usually does it, but that hasn't been done in a long time. I know everyone's busy, but the fines would get you some money, deterring people from parking on those days, and our streets and gutters would be clean! We're in unincorporated Anaheim on Mossler Street, off of Orangewood Ave. (Garden Grove does our water and street sweeping). Thanks,

Mark,

Motors will be in to enforce the parking restrictions at 1000. I believed we agree'd upon Main Street closing first then expand outward to the different streets I am not not going to have all streets closed at 1130, that was for Main Street My briefing is at 1130 for personnel other than Main Street. Acacia will be closed between 1230 and 1:00 PM. I cannot have people out on POSTS for 12 hours with a budget of \$22,000.

Jim

Yes and no. Parking restrictions start at 10 am. I am not sure what time PD will start enforcement. I would revise to say "the streets will be fully closed to cars from approximately 11:30am-7:30pm... No vehicles will be allowed in the one-mile event route during this time."

Subject: Complaint - Traffic Speeds on Stanford

Sorry to bother you Chief. My phone book is old and I'm not sure who to refer him to in traffic. Mr. [REDACTED] lives on Stanford. I remember him calling a few months ago and I referred him to Tony Aquino at that time. He didn't get a call back then so it's adding to his frustration. He said traffic averages 40mph and there was almost an accident in front of his house a few minutes ago. His number is [REDACTED]. He said he will write a letter if he doesn't see

anything happening soon to fix it. Any suggestions?

Melanie

Subject: School Traffic Issues

Hello All,

It's that time of year again where all city officials, staff, management and traffic will be inundated with traffic complaints around the schools, primarily elementary and middle schools. Some schools are under construction which will add to the frustration of drivers dropping off and picking up their kids. Although it is impossible to eliminate all complaints, we can try and reduce them by being proactive and having zero tolerance towards traffic offenders. The hours to enforce laws are generally in the morning from 0730 - 0830 and afternoon between 1330 -1430.

This has been an on-going problem for many years and is not going to go away. Last year, getting beat officers involved in combating the complaints along with motors reduced the number of complaints, but we were still reactive. This year we need to set the tone early that traffic violations will not be tolerated and continue to monitor the problems around the schools in your beat. School officials are in support of police presence and will assist in any way.

Any questions don't hesitate to get ahold of me, any motor officer or past motor officer as they are aware of the continuous problems.

Sgt. J. Fischer
Traffic Unit

To how it may concern:

I'm writing this e-mail to complaint about a abandoned mobile trailer home. that is been park at 12803 w Chapman ave. GARDEN GROVE CA 92840 , for more that 6 weeks, it does not have any licence plates or D.M,V. permit.

What it surprise me is that every Thursday the street is been sweeping by the city and the parking control that is in charge of writing citation has not make any notes of this issue, this trailer home probable is been abandoned or maybe stolen. and as i was talking to my neighbors this morning, when are really concern about it, that last thing we need is kids start graffiti or vandalizing it and it scale to our community.

I know you will take care of this complain and for that i would like to thank

you.

To: James Colegrove <jamesc@ci.garden-grove.ca.us>

The highlighted are the updates

Midyear 2015 GOALS.doc	Content-Type: application/msword
	Content-Encoding: base64

Garden Grove Police Department
Neighborhood Traffic Unit
Goal 2015

Due to the successful reduction in Vehicle Vs. Pedestrian fatal traffic accidents (-34%), NTU will continue to do pedestrian and bicycle safety presentations during the 2015-year. Officer Morton conducted two pedestrian safety presentations. Officer Wimmer conducted two on-camera interviews regarding bicycle safety and pedestrian safety.

- This will include contacting the media and running another campaign raising awareness for pedestrian and bicycle safety. Officer Wimmer
- Hand out bright yellow/orange reflective vests and bike lights to citizens of Garden Grove.
- Continue to contact local businesses as well as senior citizen complexes and conduct presentations raising awareness. Officer Morton

Conduct two crosswalk safety enforcement saturations. We will use a decoy to walk across a major street in a crosswalk. The motor officers will be in the area and monitor the traffic and cite those who do not yield to the pedestrian while crossing the street. During the saturation, a designated location will be predetermined. Conducted one crosswalk safety saturation netted 70 citations

Conduct two bicycle safety enforcement days. Patrol will be encouraged to participate in this enforcement as well. Officers will specifically target bicyclists and issue citations for various infractions as they relate to bicycles. Each motor officer was devoted 22 hours to enforcement of bicycle/Pedestrian enforcement for a total of 154 man-hours.

Continue to educate and train patrol and specialty units on how to properly operate the Brazos Ecite machines. Each Traffic Officer will continue to attend briefings and train officers on traffic related issues within their beat and the proper CVC sections for the common violations. Traffic Officers will also assist officers with better techniques to use during traffic court. Motor officers continually train patrol and went to all briefings again with a powerpoint demonstration to train all of patrol.

Each traffic officer will strive to achieve the MADD DUI award of 25 DUIs in a year. DRE traffic officers will continue to teach and improve patrol officers skills in detecting and prosecuting DUI drugs.

Send at least two Officers to DRE school. The DRE Officer will help with the prosecution of DUI-drugs (legal or illegal). The OCDA's office has obtained a grant to fund the DRE training. Sent three officers to the prerequisites.

Send two Officers to ARIDE school. This ARIDE program trains Officers to identify and assess driver's suspected of being under the influence of alcohol, while the DRE program provides more advanced training to evaluate suspected DUI. Once Officers complete the ARIDE course, their expertise will increase as it relates to DUI investigation.

Designate a NTU officer to attend each beat meeting in an attempt to share and address traffic related problems (schools, intersections, etc). Patrol and NTU officers should identify and come up with solutions to these traffic problems.

Minimize the number of citizen complaints. NTU officers will continue to improve communication and customer service skills in an effort to minimize the number of citizen complaints. One formal complaint documented and disposition (Unfounded).

Research and develop commercial enforcement

Subject: Avengers Marathon

From: James Fischer <jamesf@ci.garden-grove.ca.us>

Date: Mon, 7 Sep 2015 14:11:24 -0700 (PDT)

To: Police Department <police.all@ci.garden-grove.ca.us>

Hello All,

The city council has signed a three year contract with RunDisney, which means two half marathons will be going through our city. As in last year, the "Avengers" marathon this year will be on November 15. The master sign up list is on the board in the hallway of the briefing room. The route has changed and will need more officers on posts this year to make it as efficient as last year. I posted it early enough so people who want to volunteer can make and/or change plans to assist in the event. If the list is not filled within one month of the date, officers will be ordered to work it.

Thank you,

Sgt. Fischer
Traffic Unit

We don't have a crossing guard program for several years. It is voluntary parents.. School will not help out with it. If the school wants to have volunteers we do train them and it is usually set up through Cindy. In regards to the light phasing. I will talk with tony Aquino to look at it.

Subject: Lampson street during release time

Hi Guys

I know it is only the first week of school, but there is no person covering the cross-walk on Lampson street at the back of Alamos and in front of Lawrence. So, students are hitting the button and the green light for cars is usually only around 5-10 seconds. This causes a large back-up down Lampson, in our parking lot, and I am guessing for Lawrence as well.

Who provides the crossing guard? A crossing guard could monitor the time used to hit the button allowing cars to pass while groups of students gather at the cross walk.

Jeff- I cannot remember the correct spelling but I think the guy at GG who covers transportation was Dan Candelaria (sp?). Is it possible to have him look at this?

We sent a school messenger out to our parents to consider another location to pick up their student (down the street) and to stop illegal u-turns in front our parking lot (Lampson side and Dale side) b/c it was almost causing potential wrecks, but going right on Lampson is not any better. Someone is going to get hurt and the road rage in our parking lot was not fun today.

Anything you guys can do would greatly help.

Thank you

Alamos students will be life-long learners who develop the academic and personal skills necessary to be successful

and responsible citizens.

Hi,

I live in [REDACTED] Garden Grove. There is an apartment near by been double parked her cars close to our driveway, when the trash collection day, we have to put our trash can in front of our driveway for trash collection, but then we are unable to get out when the trash hasn't been collected. I already talked to her about the inconvenience but she ignored us. Is there anyway we can request for fire lane paint or yellow lane paint? Thanks!

4th Quarter Qualification Shoot Dates and Times

The 4th quarter shoot will be held at the Prado Shooting Range in Chino. Each string will run approx. 4.0 hours. We will be shooting on the Condor Range. During this time range staff will conduct a quarterly qualification shoot with the handgun and rifles, followed by additional rifle training. Officers will also complete annual qualifications with Benelli shotguns. **You must notify your supervisor if attending on-duty, in order to maintain staffing.**

If you require a pool rifle for the training session, write "**POOL**" next to your name. No more than 8-pool rifles can be issued per string.

For detectives who qualify with a second gun, an effort will be made to run you through a second course if time permits. If we are unable to qualify you with your second handgun at Prado, arrangements will be made for a qualification shoot at the portable trailer.

Eye and ear protection will be provided, but we urge you to bring your own, due to the size of the classes.

Prado Olympic Shooting Park/Range:
17501 Pomona Rincon Rd, Chino, CA 91708 · (909) 597-4794

Required Equipment:

- Handgun with duty belt.
- AR-15 with 4-mags/leg pouch.
- Rifle cleaning kit.
- Flashlight.

Recommended Equipment:

- BDU type pants.
- Boots and baseball cap.
- Elbow and kneepads.
- Raingear. (We will shoot if it rains)

Range Dates:

10-13-14 (MON.) 0830-1230

The 4th Quarter/Combat shoot is just around the corner. I have secured Condor-1 range at Prado. The dates and times are listed below. We will run two 4-hour sessions per day. Each group will be 20-shooters. We will break 1200-1300 to prepare for second group and lunch. I would like to have a range staff meeting on 9-10-15 at 1500 to discuss training points and assignments. We can meet at PD or a Starbucks, you guys decide. We will have 4.0 hours to conduct a weapons qualification with Duty weapon, Rifle, Benelli and less lethal shotgun.

Mon.	10-12-15	0800-1200 and 1300-1700
Thu.	10-22-15	0800-1200 and 1300-1700

Subject: VP Biden

From: James Fischer <jamesf@ci.garden-grove.ca.us>

Date: Mon, 14 Sep 2015 13:20:04 -0700 (PDT)

To: Ed Leiva <eleiva@ci.garden-grove.ca.us>, Travis Whitman <travisw@ci.garden-grove.ca.us>

Hello Gents,

VP Joe Biden is going to Anaheim Convention Center Wednesday, below is the itinerary:

1030 touchdown at John Wayne.

About 1100 he should be entering the route:

Exit Gene Autry Way from the 5 Fwy.

South on Haster from Gene Autry.

West on Orangewood

North on West Street into the Convention Center.

Exit route, the same in reverse beginning at 1230

Anaheim PD not requesting personnel, however they have requested we post NO Parking on GG side of Orangewood and West Street. Anaheim PD will send fliers to residents regarding no parking even in Garden Grove. The times will be for no parking 0800 - 1400. I have already contacted Mark Ladney at public works to begin the posting. We are also going to continue south of Orangewood on West approx. 7 residences as a buffer from Orangewood on GG side.

Subject: T/C's

From: James Fischer <jamesf@ci.garden-grove.ca.us>

Date: Tue, 15 Sep 2015 09:21:37 -0700 (PDT)

To: Police Supervisors <police.supervisors@ci.garden-grove.ca.us>

Hello Gents,

Can you let your people know that act of nature such as City tree branches falling on vehilces are not T/C's. They should be logged as Officers Reports for documentation. I heard some guys are not even documenting them only notes on an incident. They need to do an Officers Report especially if its a City tree. The vehicle owners will file claims with the city to repair their cars and say its negligence on the city's part.

Thanks

J. Fischer

TC's in Brazos:

When completing TC's in Brazos, be sure to use a case number that matches the Spillman incident number. Do not use dashes. The number format is the year and six digits after (15xxxxxx).

Clear the call 6X. In the Narrative/Synopsis, indicate the type of TC (SFTA, LFTA, 20002(a), LFTA - City property, etc.). The Neighborhood Traffic Unit is receiving and approving ALL Brazos TC reports. The traffic sergeant will be using the information in the synopsis to prioritize cases. This will also be useful when searching for specific TC reports within Spillman.

The TC report in Brazos is attached to the Spillman case by Records.

The Brazos interface to Spillman is progressing and we will be testing it this week.

Subject: FEMA Certificates

We have been receiving a steady flow of certificates, but still need more. Please

take a minute to look at the attached spreadsheet to see if you still need to turn something in. This only applies to full time employees and reserve officers that work the field or come into contact with the public. If the line beside your name is missing an "X" or a "N", we need something from you.

All full time employees need to complete the Introduction to ICS, IS-100 and IS-700. First Line Supervisors (Sergeants and Non Sworn) need to also complete IS-200. Middle management (Lieutenants and non sworn managers) have to also do IS-800 and IS-300. Command staff has all the previously listed courses, plus IS-400.

The City's Public Safety Administrative Officer has been tasked with making sure all full time employees are in compliance. He is asking that if you have not completed this mandatory training, that you get it done as soon as possible. For the more advanced courses, the Fire Department will be conducting live training classes in the near future, as they are not available online.

Trailer Upgrade.doc	Content-Type: application/msword Content-Encoding: base64
----------------------------	--

GARDEN GROVE POLICE DEPARTMENT

INTRA-DEPARTMENT MEMORANDUM

TO: KINGSLEY OKEREKE

From: Todd Elgin

Dept: Finance

Dept: Police

SUBJECT: Approval of DUI Trailer Upgrade

Date: Sept. 12, 2015

OBJECTIVE:

To obtain city council approval of upgrades made to the Driving Under the Influence (DUI) trailer assigned to the GGPD Traffic Unit, in order to organize and protect equipment from damage. The police department received a \$2100.00 donation from the Strawberry Festival committee for this upgrade.

BACKGROUND:

The DUI Trailer was purchased by GGPD through Office of Traffic Safety (OTS) funds from the 2011-2012 DUI Grant. The trailer was purchased through RB Components who were then a business in Garden Grove, however moved to Santa Fe Springs. Upgrades were needed to secure equipment used at DUI Checkpoints stored inside the trailer to prevent damage to equipment caused from transportation.

The DUI Trailer is a custom trailer specifically designed for police use at DUI Checkpoints. The trailer is an RB Components design, therefore, the only company contacted for custom upgrades was RB Components.

ANALYSIS:

In 2013, the Traffic Unit obtained a quote for upgrades needed from RB Components which was \$1,900.00. The upgrades were not approved due to the department was not in a financial position to allocate the funds. In 2015, the Strawberry Festival Committee donated \$2,100.00 for upgrades needed to the trailer. On 09/02/2015 the necessary upgrades were made at a cost of \$2,037.57 by RB Components.

RECOMMENDATION:

Staff recommends that the City Council:

- Authorize the Police Chief, Finance Director and Finance Manager to execute the allocated Strawberry Festival Donation to RB Components.

Hello Adam,

We received another request for the speed radar trailer. This one is from a resident, Mr. [REDACTED]. Mr. [REDACTED] claims that vehicles are speeding on westbound Donna Lane approaching the bend at Gail Lane and on northbound Gail Lane approaching Donna Lane. Can you please place Donna Lane and Gail Lane on the waiting list for the speed radar trailer? Thank you.

Subject: RE: Purchase of charges

Adam –

We've identified a Honeywell version of the charger you're requesting that doesn't have the ability to sync, it only charges – it runs 105.00 each. The part number is HCH-7010-CHG if you'd like to look it up and see what it looks like.

We're also checking on the availability of the one 4-bay docking station as well. If it is available, would you like us to place the order for the four-bay and the 8 chargers?

The four-bay will be a non-refundable purchase order due to the hardware being phased out as we'd discussed.

Subject: Purchase of charges

Josh,

The Garden Grove Police Department is looking to buy one, (4) base charging/docking station and eight (8) individual charging units. The individual charging units will be for home charging for the motors. The devices will not be hooked up to the network or syncing so they can be as simple as a plug in charger. I spoke to Mike James at ILJAOC and he is aware of our need for these charges. Please let me know what is next in the process to obtain these items. I can be reached at the below number if any questions arise.
