Gentlemen,

I spoke with a [REDACTED] who was involved in the above accident. Very nice lady and had questions about the report. It sounds like her insurance company is not helping her and she just has questions. I gave her both your extensions to call for assistance. She said she was going to call Monday. So, if you could spare a few minutes and speak with her I would appreciate it.

Hi Mark and Sgt. Fischer,

Below are some of the outstanding items you need from us as well as a few questions for your teams:

- **Loading Pass:** Attached is a copy of the vendor/artist loading pass (to be printed on neon orange paper). We mail these out in our confirmation packets and our staff will have some extras that morning for the folks who forgot to place it on their dashboard.
- **Parking Pass:** We are finalizing our parking plan to determine which lots we'll direct vendors/artists to but the pass will look like the attached and be printed on neon pink paper.
- **Bollards at PE Row:** Patricia's team will be dropping plants off at the PE ROW starting at 6 AM so I'm not sure if she needs those to be down for that delivery. Our vendors begin arriving at 12 PM and end at 2 PM with the food trucks. Do the bollards up at Stanford go back up to ensure that cars driving along there not enter the path?
- **Vendor/Artist Access Route:** We took a look at our maps and determined that the following will be our entry/exit points:
 - Enter PE Row at Stanford and exit Nelson
 - Enter from south Main at Acacia and exit Nelson
 - Enter from north Civic Center Drive and exit going north on Main at Acacia
- **Vendor/Artist List:** To follow first thing next week

We also wanted to discuss the access plan in greater detail with you both. Specifically:

- Where will officers be positioned?
- Are they only allowing those with loading passes and on the vendor list to enter the route?
 - There were a great deal of cars last year that weren't part of set-up who were bypassing the closures. Some of them were cutting it really close to the start time so we want to ensure this doesn't happen again,
- Will there be officers on motorcycles again or will it all be non-motorized teams patrolling?
 - We encountered some officers driving rather fast through our set-up and we want all staff walking throughout the zones and participants setting up to feel safe while things get ready.

Also, is there a time for us to discuss this all over a call next week? We spent a great deal of time last year creating these very detailed access route documents and maps but it didn't seem to translate on event day so we want to make sure our teams are all working with the same materials and plan in mind.

Below is our availability:

Monday, September 28 at 2:00 PM

Tuesday, September 29 at 10:30 AM

Thanks again and please let me know if you have any questions in the meantime.

Reason for your request:

Hello, my name is [REDACTED] and I commute up and down Westminster avenue (the area previously mentioned) to attend Bolsa Grande High School. I've noticed a large influx of drivers using their phones behind the wheel during the last few months. Many have stopped being subtle and can all be easily spotted. I'm not associated with the watch, but I'd like to request additional patrols of all kinds in this stretch of road, particularly in BGHS's area. The area around my school sees grievous traffic violations on a daily basis. And frankly, our great city can profit greatly with traffic tickets. I hope our police department can take care of these eyesores. Thanks for the time.

PS: We, Vietnamese-Americans in particular, are not famous for regarding others. I'm not sure if this is appropriate for me to request as well, but as a Vietnamese American myself, I would not mind the police department putting some of us in our place--"preferring", if you will. I don't want people like these being the poster children of our Vietnamese community, let alone the Garden Grove community. Many of these offenders are selfish or addicted/sick--dangerous. Take this as you will.

Hello Harry,

I am responding to your letter regarding the undesirable look and feel to the neighborhood regarding vehicles for sale on the public street. Through our city attorney's office in 2006, it was decided not to enforce the municiple code due to conflicts with the 1st ammendment. Thank you for bringing this to our attention and I understand my response is not what you are looking for, however, there is nothing I can do.

Thank you

Janet,

Closing the Haster Off-Ramp is an option, we originally were talking about redirecting the vehicles off and forcing them to make a right up to Lampson and then forcing them right which is still an option but either way because we are touching Caltrans Right-of-Way, in the encroachment permit we have to let Caltrans know that we are either closing Haster Off-Ramp or Detouring vehicles which requires a Letter of Resolution from the City of Garden Grove similar to the one we get for the City of Anaheim

Let me know if you have any questions,

Thanks,

Hello Janet;

We need to obtain a Resolution from the City of Garden Grove recognizing the Avengers Half Marathon, date, etc. that we can turn in to Cal Trans in order to get the permission to close the on-ramp for

the 22 freeway. Can you please help facilitate this as soon as we can?

Attached is a copy of a similar letter that we will receive from the City of Anaheim.

Hello,

We are a business located along Chapman near Western. I want to know if our employees can street park where there are signs that have a circled P Bike Lane posted.

There is room to park near the curb without impeding the bike lane.

Signs look this:

Hi Everyone!

I will be conducting a pre-operational grant meeting this month to go over grant requirements, rules, and regulations. Please select one of the meetings to attend, email me with your selection, and tell me who from your agency will be in attendance. You should have your fiscal representative come with you as well (or whoever will be doing the finances and claims). Please bring a copy of your grant agreement with you too. The first portion we'll go over all the financial requirements, then the fiscal representatives will be free to leave if they'd like. The last portion we'll go over programmatic requirements.

This new restaurant, located at 14211 Euclid Street, is generously donating dinner for the 95 Police, Public Works, and Community Services staff working the Open Streets event. Owner's name is Kenny, who is friends with Steve Jones.

Recreation can get the 6-10 trays of food picked up that day, between 3:00 and 4:00, but Kenny recommends that we have 6 chafers for the food. I have 3 at home, but we need another 3 chafers for Planning's conference room, where Public Works would like to stage their waters and snacks.

Can you gents take care of finding me another 3? I can set up all the food in both conference rooms. I'll shoot for no later than 4:30, so please let your staff know.

Recreation will also take care of getting plates, napkins and plastic cutlery.

I told Kenny to send along plenty of paper menus, etc. so we could all patronize the restaurant as a thank you.

Hi Marina and Regina.

I am a member of the So Cal Garrison of the international 501st Legion, a charitable star wars costuming club. I am also a Garden Grove resident.

We often make invited appearances at charitable events for photo opportunities and to raise awareness and funds for good causes.

A group of us will be at the Garden Grove Regional Library this Saturday on Oct 10 from about noon til 3pm to promote the Star Wars Reads Day reading and literacy. We'll have about 6 members in various character costumes (i.e. Stormtroopers, Clones, Imperial Gunner, etc) from the star wars movies. We'll be 'scenery' for photo ops and high-fiveing kids, etc

A few members are interested in the Re-Imagine GG event and may want to walk around in costume. Some characters have plastic prop blasters and we have strict weapons policy protocols in place. We generally also have an unmasked/un-helmeted assistant/wrangler to help costumed characters negotiate obstacles (its difficult to see uneven sidewalks, stairs while wearing helmets) and to try and manage overzealous fans that get too close sometimes.

Would we be welcome to unofficially attend the GG event while in our costumes?

Our biggest concerns would be the safety of our members and of the public.

If you approve, perhaps you could give an advance heads up to any of the GG Police Department so that there are no misunderstandings or security incidents?

I can connect you to our Point of Contact for the library event if you have any concerns or questions.

Janet,

Closing the Haster Off-Ramp is an option, we originally were talking about redirecting the vehicles off and forcing them to make a right up to Lampson and then forcing them right which is still an option but either way because we are touching Caltrans Right-of-Way, in the encroachment permit we have to let Caltrans know that we are either closing Haster Off-Ramp or Detouring vehicles which requires a Letter of Resolution from the City of Garden Grove similar to the one we get for the City of Anaheim

Let me know if you have any questions,

Thanks,

Hello Janet;

We need to obtain a Resolution from the City of Garden Grove recognizing the Avengers Half Marathon, date, etc. that we can turn in to Cal Trans in order to get the permission to close the on-ramp for the 22 freeway. Can you please help facilitate this as soon as we can?

Attached is a copy of a similar letter that we will receive from the City of Anaheim.

FOR IMMEDIATE RELEASE
October 1, 2015

New Traffic Ticket Amnesty Program Starts October 1
Program Can Help Reinstate Driver Licenses

Sacramento – The California Department of Motor Vehicles (DMV) wants to inform customers about a new amnesty program designed to assist qualified drivers with paying unpaid traffic or non-traffic infraction tickets, by reducing fines by 50 or 80 percent. The 18-month long Traffic Tickets/Infractions Amnesty Program begins October 1, 2015.

This new amnesty program is not a DMV program, applicants must contact the superior court in the jurisdiction(s) where they received the traffic ticket(s) to find out if they are eligible to participate. Applicants can find court information and locations on the California Court's Locator System at <http://www.courts.ca.gov/find-my-court.htm>.

California drivers with outstanding infraction tickets originally due for payment on or before January 1, 2013, and those seeking to have their driver license reinstated may qualify for the program. This amnesty program does not apply to parking tickets, reckless driving, and Driving Under the Influence (DUI) offenses.

Courts, counties, and other authorized collection agencies may charge a \$50 amnesty program fee. Also, if reinstating your license, the DMV will charge a \$55 reinstatement fee, which the department charges to have any driver license reinstated.

If you think you may qualify for the program, you may obtain a copy of your Driver Record in order to identify

information on Failure-to-Pays or Failure-to-Appears, the cost is \$2 online, or \$5 in person or by mail.

For more information, visit the DMV's Statewide Traffic Tickets/Infractions Amnesty Program webpage or the California Courts website.

Hey Jim!

I was wondering if you had a document like the attached that outlines where all officers will be posted and the various sections? I wanted to include this on Malia's clipboard so that she can reference these spots when riding through the route.

This new restaurant, located at 14211 Euclid Street, is generously donating dinner for the 95 Police, Public Works, and Community Services staff working the Open Streets event. Owner's name is Kenny, who is friends with Steve Jones.

Recreation can get the 6-10 trays of food picked up that day, between 3:00 and 4:00, but Kenny recommends that we have 6 chafers for the food. I have 3 at home, but we need another 3 chafers for Planning's conference room, where Public Works would like to stage their waters and snacks.

Can you gents take care of finding me another 3? I can set up all the food in both conference rooms. I'll shoot for no later than 4:30, so please let your staff know.

Recreation will also take care of getting plates, napkins and plastic cutlery.

I told Kenny to send along plenty of paper menus, etc. so we could all patronize the restaurant as a thank you.

Janet,

Closing the Haster Off-Ramp is an option, we originally were talking about redirecting the vehicles off and forcing them to make a right up to Lampson and then forcing them right which is still an option but either way because we are touching Caltrans Right-of-Way, in the encroachment permit we have to let Caltrans know that we are either closing Haster Off-Ramp or Detouring vehicles which requires a Letter of Resolution from the City of Garden Grove similar to the one we get for the City of Anaheim

Let me know if you have any questions,

Thanks,

GARDEN GROVE POLICE DEPARTMENT INTRA-DEPARTMENTAL MEMORANDUM

To: Master Officer Lino Santana

Date: October 13, 2015

From: Chief Todd Elgin

Subject: Notice Of Rotation Out Of Specialty Assignment

This memorandum is to inform you that as of December 2015, you have reached your five year anniversary in the Neighborhood Traffic Unit. After great consideration, I have decided not to extend you for another year in the Traffic Unit. As a result, you will be rotated back to patrol effective shift change in January 2016.

TODD D. ELGIN
CHIEF OF POLICE

PRESS RELEASE

DATE: July 18, 2016

SUBJECT: Vehicle Pursuit

LOCATION OF OCCURRENCE: Knott and Lampson

DATE/TIME OF OCCURRENCE: July 18, 2016 0930 Hours

VICTIM: N/A

SUSPECT(s): Jorge Marquez 31 Years Old, Resident of Santa Ana
Tania Rivas 36 Years Old, Resident of Stanton

NARRATIVE: A Garden Grove Motor Officer was monitoring traffic on Knott Street. The officer noticed a Silver Mercedes southbound Knott at a high rate speed. The officer attempted to stop the vehicle but the suspect driver Marquez, refused and fled at a high rate of speed S/B Knott and entered the westbound 22 Fwy. The pursuit continued on the northbound 405 Fwy then exited onto northbound Seal Beach Blvd. Marquez collided into the raised concrete divider at the intersection of Lampson, disabling the vehicle.

Both occupants fled the vehicle and was later apprehended. The passenger Tania was arrested and later released with no charges pending. There were no injuries sustained by the occupants and did not request medical attention. Marquez was arrested on several felony charges which includes Felony evading and Narcotics violations.

The case will be forwarded to the District Attorney's Office for prosecution.

AGENCY

TODD D. ELGIN
CHIEF OF POLICE

PRESS RELEASE

DATE: July 18, 2016

SUBJECT: Vehicle Pursuit

LOCATION OF OCCURRENCE: Knott and Lampson

DATE/TIME OF OCCURRENCE: July 18, 2016 0930 Hours

VICTIM: N/A

SUSPECT(s): Jorge Marquez 31 Years Old, Resident of Santa Ana
Tania Rivas 36 Years Old, Resident of Stanton

NARRATIVE: A Garden Grove Motor Officer was monitoring traffic on Knott Street. The officer noticed a Silver Mercedes southbound Knott at a high rate speed. The officer attempted to stop the vehicle but the suspect driver Marquez, refused and fled at a high rate of speed S/B Knott and entered the westbound 22 Fwy. The pursuit continued on the northbound 405 Fwy then exited onto northbound Seal Beach Blvd. Marquez collided into the raised concrete divider at the intersection of Lampson, disabling the vehicle.

Both occupants fled the vehicle and was later apprehended. The passenger Tania was arrested and later released with no charges pending. There were no injuries sustained by the occupants and did not request medical attention. Marquez was arrested on several felony charges which includes Felony evading and Narcotics violations.

The case will be forwarded to the District Attorney's Office for prosecution.

Good Afternoon,

I've revised the Traffic Control Plans and I've broken them up by City once again for you to look over the changes I made per your comments

If you could take a look to make sure I've covered what was changed and let me know if you have any other changes or if we are good to go I would really appreciate it

The changes that were on the sheets for your section was the addition of the "No Parking Signs" as well as adding an Officer at Haster St and Allard Ave

Thanks,

Joe Donaldson

We checked before with city hall about licensing , zoning after we gave citations. For operating a business in the city without a license. We were told that we cannot do anything about because they are operating legitimatly in the the city. The only thing we can cite them for is stopping in a red zone.

I can certainly look at another angle though.

Guys,
I know that this is not a new problem, and my recollection tells me there is not a whole lot we can do. However, in order to avoid a "pain in the butt" pink, can we see if we can't use some of our great personalities to intervene with this bus outfit? I need a report back on this one so keep me posted. Thanks mucho boys...

Hello Shawna,

I stopped by a couple of times while at city hall you were not at your desk. Looking at the stat sheets I did 3 hours of presentation that night. I should write it on the back so when I go over there to drop off the time sheets Monday I can fix it.

Hello Gents,

FYI a company is moving a Large/Wide load W/B on Chapman from the city of Orange to somewhere on Beach blvd, this Wednesday at 0100. They asked the traffic engineer for permission and he denied it. The city engineer said to make it happen, therefore it was approved. Unknown what the load is but it is 18 Ft. high. I am told they have their own escorts and unknown how long it will take. They are not asking for our help with blocking traffic or assist in escorting.

In reference to the two emails sent by the Chief regarding the tour buses on Brookhurst Way and Acacia that might be a pink, and the female at Barker School that received a citation and complaining about the traffic jam in the morning, I had a meeting with Tony Aquino and Dai Vu this week.

In reference to Barker School, they are going to conduct a study for a crosswalk and ped light across Springdale. This is going to take some time and resources and will not be a quick engineering fix. There is nothing else they can do because of the limited parking lot and location of the school being on the corner of two major streets.

A work order will be generated for no vehicles under 6000 lbs. will be placed on Brookhurst Way / GG Blvd. and Stanford which will make it illegal for the buses to travel on Brookhurst way. This will displace the problem but at least we can enforce with citations and should stop the complaints to City Hall.

The Chief wanted to be notified of the progress..

Thanks,
Fish

I have no Idea how this is possible because I checked my stuff many time and the equipment was not there.

I know this makes me look like a full, but at least the missing equipment was found. I feel like an idiot and I can't understand what is going on. I am apologizing for all this mess and thank you for your cooperation. If you want the PVS installed on the bike you can bring it back and I will take care of it.

Here you go and just a reminder, for public safety reasons, "No Parking" signs Nov. 15 between 0100 and 1000 hours on both sides of Haster between Chapman and Garden Grove blvd. Will be in place Tuesday November 10 to alert residents. No resident of Garden Grove are land locked except for the Convalescent home Haster S/O Lampson. If there is an emergency we will stop the runners to allow access. EMT are staged at the S/W corner of Haster / Lampson so they can respond very quickly.

This is not unusual, S.A has a similar home land locked but access will be granted for emergency purposes.

I would like to thank every one who volunteered to work this assignment. All of the events this year could not have been achieved without your commitment to the organization and sacrifice of your personal time. This email is to give you information regarding the Avengers Marathon on 11/15/2015.

Briefing will be at 0330 in the PD briefing room. All of you will be assigned to posts and will not have time to stop somewhere and eat, need you to be punctual to briefing and to your posts. Bring water and be prepared for the cold weather as it has been cooling off in the

morning. Uniform is patrol duty. You do not have to worry about setting up cones, the traffic control company hired by Disney will do that. Be prepared to be at your posts no later than 0445 with no exceptions as soft closures begin at 0500. You will not be at your posts any longer that is necessary, I estimate around 0930 for the last people to leave.

Again, Thank you for volunteering and see you on the 15th.

December 1st - Christmas Tree Lighting, No dispatcher possible explorers

December 5 - Checkpoint Scheduled - Chapman / Loera

December 18 - Checkpoint Scheduled - VV / Cerulean

December 19 - Checkpoint Scheduled - Euclid / Stanford.

January 17 2016 - Starwars Marathon

These are the only checkpoints scheduled for December all other special days are scheduled for saturation and of course the Christmas Tree Lighting. Keep in mind Checkpoints can be cancelled due to incimate weather and as in the past, I will notify everybody as soon as it is cancelled. Per OTS, we cannot cancel checkpoints for rain in the forecast, only on the given day and rain in the afternoon. I added the marathon in January just so we can prepare for it. That is the big one where I will need a dispatcher assigned and will need any explorers you can get, even from outside agencies.

Thank you for all of your assistance.

Good morning,

I wanted to provide you with an update on the 2016 Tet Festival. The Tran Hung Dao Foundation withdrew the proposal which City Council was scheduled to review and consider at this week's City Council meeting. This was the only proposal received by the City to host the 2016 Tet Festival. Due to the short window of time between now and the 2016 Lunar New Year, a decision has been made that we will not have a Tet Festival in 2016.

Maria,

When leaving the chamber meeting this morning, I noticed that the fence was down and there are sand bags on the sidewalk across from the pet clinic. Can you please have the fence erected and the sidewalk cleaned to avoid possible liability issues? Also, this car with

expired plates is parked under a no parking sign as you exit the clinic. Can we have it cited or towed? Thanks and good seeing you.

Chris

What about sending something like this to police supervisors:

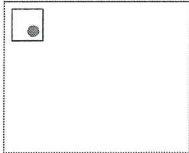

Hi everyone,

It is imperative that you encourage your personnel to immediately sign up for the 4th quarter range on the briefing wall. Because of patrol staffing, it is best for personnel to do their range on days-off.

There is NO make up date. This qualification will include a qualification and combat shoot.

It will be at the Prado Olympic Shooting Range off the 71/Euclid in Chino.

Hello Gentlemen,

My name is Rich LaRochelle and I am the lieutenant responsible for Anaheim PD's security/traffic plan for the next Disney Half Marathon happening on Sunday Nov. 15th. Since this half marathon will go through portions of your respective cities I would like to set up an informational meeting next week in order for us all to meet and make sure we all have the same information. I am working with Disney currently to determine a day next week that works best for the actual race organizer and their security lead. They will give a couple options to see what fits best with all of our busy schedules. Thank you and I look forward to meeting each of you. If you are no longer the person responsible for handling this type of event within your agency could you please supply me with the name and contact information of the person I need to speak with.

Thank you,

Rich

Hi Kelly,

I had spoken to Nick yesterday morning and gave him Sergeant Fischer's contact info. I wanted Nick to email and call Fischer to tell Jim the specifics of this safety issue.

I met up with Fischer yesterday and he will direct his motors to address the area. I will keep you posted.

Subject: Traffic Patrol Request

Hello Sgt. Fischer,

Today at Alamitos, on Dale and Lampson two students had two separate instances with cars, and both were hit and run. One student has a destroyed skateboard and a second is getting x-rays on her hand. Patrol is in route to take statements.

I am writing to request a traffic presences or possibly some traffic engineering supervision in order to ensure the safety of our students. Frequently, on Dale cars speed and manuever around cars waiting to turn into our parking lot. Cars park in the red, dropping off students creating unsafe driving conditions and student safety issues.

On Lampson and the intersection of Lampson and Dale, cars run red lights and make illegal turns, frequently putting our students at risk.

Please help. We have had our district office create signs and we have placed orange cones, but those are not helping very much.

Thank you for your support.

Nick
