Subject: Annual Report Write-ups and Photos - DUE Tuesday, Nov. 17, 2015

Hi everyone,

It's Annual Report time once again. Please read the AR 2015 Info attachment for important information about write-ups and photos. The attached Manager Checklist allows you to track in one place the status of items assigned to you, and I will be updating my copy as things are turned in. I will send out an updated copy about a week before the due date as a reminder that the deadline is approaching.

Submissions are due by Tuesday, November 17, 2015.

Please let me know if you have any questions or if any items are missing from the checklist.

Thanks very much,

Courtney

Hi guys!!

Hope all went well with Avengers! Please let me know if there were any issues or major complaints.

I got a call this morning from the organizer of the 2016 West Garden Grove Youth Baseball Parade. They would like to have the parade on Saturday, February 20th. I wanted to make sure with both of you that this date was not a problem before I have them submit the application.

Please let me know as soon as you can this week. Thank you.

Annual Report.docx	Content-Type: application/vnd.openxmlformats-officedocument.wordprocessingml.document Content-Encoding: base64
---------------------------	---

The mission of the Neighborhood Traffic Unit (NTU) is to improve the quality of life by providing the safest and most efficient flow of vehicle and pedestrian traffic throughout the city. The NTU enforces traffic laws and educates the community in an effort to accomplish their mission.

The NTU targets areas in the city where traffic problems are prevalent. Traffic issues at schools are always a priority of the NTU. Calls come in from both parents and school officials about the flow of traffic during drop off and pick up times. Throughout 2015, members of the NTU have educated parents by conducting high visibility enforcement meeting with school officials for redirection of vehicles and adding new signs. The NTU works to keep the school zones safe for all students and parents.

In 2015, there were five fatal traffic collisions. Fatalities have decreased year after year since the 2012 record high. The NTU and police department committed officers to the Drug Recognition Expert program. This intense training and certification program trains officers in the detection of people who are driving under the influence of prescribed medication, drugs and/or a combination of drugs and alcohol.

The NTU received funding the California Office of Traffic Safety (OTS), which allowed the unit to conduct traffic related enforcement programs to combat impaired driving, primary collision factor and motorcycle safety. In 2015, OTS funded 8 checkpoints and several hours of impaired driving saturation patrols. The NTU was asked to attend a forum with OTS on innovative ideas for future funding for pedestrian and bicycle safety.

In 2015 the NTU and other Police Department personnel coordinated with several other city officials to host major events in the city. To name a few, two Disney Marathons and the city sponsored Re-Imagine Garden Grove Open Streets Event.

Several representatives from nearly all city departments planned several months in advance to close the downtown area of Garden Grove for a bicycle/festival. Included with the festival was the annual "Open House" for public safety and public works personnel. In the extreme heat and humidity, nearly 2000 people throughout the day joined Garden Grove in the festival and Open Streets theme. Bicycle safety along with live music, several arts and crafts, and games for children were hosted. Even though the weather was a challenge, the Garden Grove Police Department insured the safety of all who attended, while maintaining the highest quality of service to the rest of the community.

The following are several complaints that need to be addressed. Traffic Unit along with Patrol have been doing an outstanding job in dealing with all of the complaints that come in.

Gilbert / Oranewood during morning and evening hours vehicles racing down Oranewood. (this was a complaint that went through the Chiefs Office so need some presence out there.

The elementary school on Hewitt parking and cars not stopping for kids. Another complaint that went through the Chiefs Office.

A blue van parked on the corner of Morgan and West Street needs to be marked for 72 hour notice. Angry resident about the number of cars park on their street.

A white Ford Explorer 5GTK432 parked in front of the residence for 1 1/2 weeks needs to be marked at 10562 Claussen Street.

Subject: Re: Annual Pushcart Derby

From PD side it depends on the number of bodies I need. Last year I needed more because of no explorers. However, we cannot use last year as a base. I already spoke with explorer advisors and told them the date. All that being said it is generally two cadets 9 explorers. And depending if there is an explorer advisor in traffic we use 3 motors. If not an explorer advisor is needed and 3 motors with a total for a total of four officers.

Subject: Re: Tree Lighting on Tuesday, December 1, 2015

Hello!

In an effort to save on emails (hahahaha), here's last year's that was sent.

The date this year is Tuesday, December 1. Same start and end time: 6:30 program, and kids usually done with Santa by 9:00 p.m.

1,2. Patricia: can you take care of these for me? We'll have the showmobile delivered and picked-up through the tow company.

3. Bill: would you happen to have a staff person that could make sure the tree gets lit when the Council flips the switch, along with the showmobile getting lit when Santa arrives?

4. I have a set of keys, so thank you!

5,6. Mark: no parking signs posted, the street (gutter) where the showmobile sits needs and then 14 barricades and deliniators delivered would be terrific.

7. Bill: Could you let James know I need these opened and stocked, or would you like me to?

Thank you, All!

Please let your staff know that if they're working, I'll have waters and sodas during the day at the CYC, and dinner about 4:30 that day.

Subject: Tree Lighting on Tuesday, December 2

Hello, All:

It's coming up, so I wanted to touch base on a few components that always involve your valued assistance.

1. Not watering the park a few days prior and sprucing up exterior of the CYC
2. Delivery of metal trash cans and staff to place them in park, along with empty and return them to the Yard
3. Who can I call to troubleshoot any electrical issue that may arise
4. The loaning of the keys to the two power outlets beneath the Clock Tower for the tree install
5. Delivery of barricades and deliniators for traffic control and event signage
6. Posting of no-parking signs
7. Opening and closing of the Amphitheater restrooms and stocking of paper products

Thank you all very much for your support on this community event.

To: Nick Jensen <nickj@ci.garden-grove.ca.us>

Hey Nick,

I am just making a special request until July 2016. I understand if you cannot however, it will be easier for all of us in traffic to keep Bryan Gonzalez since he knows how to do everything in traffic. With the season of checkpoints and other events coming up it would be nice to have somebody we dont need to train. After July it slows down and we will have more time to train cadets..

thanks

Good Morning Adam,

Fresno PD is done with the sizing set. I'm sending them a UPS label this morning. Please let me know when it arrives and when you're done with it. It may need to go to another customer before it comes back to me.

As usual, any questions at all, just let me know.

Thanks,
Bob

Adam,

My sizing set is at Fresno PD right now. As soon as they are done with it I'll have it shipped to you.

FYI the Arai Classic-LE2 is no longer being produced, so once my current stock is gone there will be no more. It is being replaced with the Arai CT-LE, on my site, www.motorcopshop.com, many more features, same spec & weight. Do you happen to use PVP's bluetooth headsets?

Gents,

I am going to put out an email to police all tomorrow and post a sign-up for 57 positions to be filled Sunday January 17, 2016. Hours are from 0330 to 0930. There are three mandatory Sergeant positions I need filled as well, in addition, Sgts. can also sign up for a post position. This is shift change weekend and going to be a nightmare trying to get people to volunteer. All positions can be filled by non-sworn, such as cadets and CSO's. Last year we had to order people in to work. In addition to these positions all explorers are working as well. During the half marathon on Nov. 15, Anaheim's Chief, several Captains, Lts. were at their CP and Anaheim SWAT was on standby because of the terrorist threats made around the world.

We did not have to order anybody to work the last marathon on Nov. 15th. I was able to get enough volunteers to work, however that was for only 28 positions. This is an FYI email so you know whats coming.

Thanks

Jim F.

Hello, Mr. Keltner:

I understand that you and the choir will be arriving from the Historical Society pretty close to 6:30 p.m. when our program starts. Please take Euclid Street south to Main Street and let the Officers or Explorers know that you're performing, so you can get through the closed street there at Main Street. At Stanford Avenue, cross through, and make a left into the horseshoe parking area, closest to the Festival Amphitheater. We will save spots for you. We do need to know how many vehicles you and your choir students will be arriving in though.

Once parked, use the sidewalk that travels north along Main Street and Elaine and Noelle will be looking for you at the Clock Tower to get your group queued up.

Looking forward to hearing the choir that night, and thank you again for fitting us into your very busy performing schedule.

We will probably want to bring Lawton into this as well, since he is taking over the schedule at shift change.

Subject: Starwars Marathon

Gents,

I am going to put out an email to police all tomorrow and post a sign-up for 57 positions to be filled Sunday January 17, 2016. Hours are from 0330 to 0930. There are three mandatory Sergeant positions I need filled as well, in addition, Sgts. can also sign up for a post position. This is shift change weekend and going to be a nightmare trying to get people to volunteer. All positions can be filled by non-sworn, such as cadets and CSO's. Last year we had to order people in to work. In addition to these positions all explorers are working as well. During the half marathon on Nov. 15, Anaheim's Chief, several Captains, Lts. were at their CP and Anaheim SWAT was on standby because of the terrorist threats made around the world.

We did not have to order anybody to work the last marathon on Nov. 15th. I was able to get enough volunteers to work, however that was for only 28 positions. This is an FYI email so you know whats coming.

Thanks

Jim F.

Hi Robert

I received the following traffic question from a reader of my "On the Road" transportation column. Could you please send me an answer sometime next week? Thanks in advance for your help!

-Art

QUESTION: I've noticed that many intersections in Orange County have multiple right-turn lanes, allowing drivers to legally turn from the second lane away from the curb. Those turns are usually marked by overhead signs on the road surface. Others do not have such signage. I was wondering if it was legal for drivers headed east on Trask to turn right (south) onto Brookhurst from the second lane?

Subject: Call from resident in Grove Condos about Tree Lighting

Hey, Jim:

Just an FYI. He started with the City Manager's office, then got me. [REDACTED] who didn't have his medication with him, he said) lives in these condos, and at 5:30 last night he encountered the road blocks on Main, both of them, at Euclid and at Stanford. Said no one was there for him to say he was a resident. So he and his wife called the PD and they connected him to dispatch which told him the road was closed until 8:30 p.m. and no one was allowed past the closure.

He wasn't irate, but concerned. He went to both closures to try and gain access, probably within five minutes of each other, but no one was posted. He said he went back at 8:30 and the street was wide open.

I did tell him that residents were allowed on Main in order to get home. I asked him if he told the dispatcher he was a resident, and he said yes, he did, but they just repeated that no one was allowed in that area until 8:30 p.m. They did not offer to contact any officers at the site on his behalf either.

The call ended fine, he just wanted someone to know so it didn't occur again.

jgn ;)

Subject: Right Turn lanes

From: Jim Fischer <jamesf@ci.garden-grove.ca.us>

Date: Mon, 7 Dec 2015 11:53:23 -0800 (PST)

To: amarroquin@ocregister.com

CC: Robert Bogue <robertb@ci.garden-grove.ca.us>

Sir,

I apologize you didn't receive my email regarding this question. In answering your question, if there is no sign indicating the second lane is for right turns only, then it is a violation. As it pertains to Trask/Brookhurst, there is no such indication that vehicles can turn right, therefore it is a violation. The vehicle code is explained below with an emphasis on (3).

I hope this answers your question.

22100. Except as provided in Section 22100.5 or 22101, the driver of any vehicle intending to turn upon a highway shall do so as follows:

(a) Right Turns. Both the approach for a right-hand turn and a right-hand turn shall be made as close as practicable to the right-hand curb or edge of the roadway except:

- (1) Upon a highway having three marked lanes for traffic moving in one direction that terminates at an intersecting highway accommodating traffic in both directions, the driver of a vehicle in the middle lane may turn right into any lane lawfully available to traffic moving in that direction upon the roadway being entered.
- (2) If a right-hand turn is made from a one-way highway at an intersection, a driver shall approach the turn as provided in this subdivision and shall complete the turn in any lane lawfully available to traffic moving in that direction upon the roadway being entered.
- (3) Upon a highway having an additional lane or lanes marked for a right turn by appropriate signs or markings, the driver of a vehicle may turn right from any lane designated and marked for that turning movement.

To: Courtney Allison <courta@ci.garden-grove.ca.us>

Courtney

All schools were discontinued so they were not singled out. It is up to the school to come up with a volunteer to be the crossing guard. We will provide the training once we have a volunteer. We will not go out and assess traffic for purposes of crossing guard that would be a slippery slope. Plus no matter what we say about volunteering a school official to do the crossing guard the school board refuses because of liability. It has to come from a parent. If we go out and say they need one and they don't provide one and something happens we have shared liability because of knowledge and not providing one.

I hope this helps

Jim F.

Subject: Crossing Guard Request

Good Afternoon Courtney,

I know it's been a while since we last spoke, so I hope all is going well with you.

The reason that I'm emailing you today is because today I was out meeting Mrs. Michelle Rushall, Principal at Wakeham Elementary School and Tony Aquino, City of Garden Grove Traffic Engineer. Our discussion revolved around requesting a crossing guard for the lighted crosswalk on Chapman Ave. just east of Beach Blvd.

Mrs. Rushall has received numerous calls and expressed concerns from her parents about the need for a crossing guard at their location. It's my understanding that there used to be a crossing guard assigned to this particular crosswalk up to a couple (or so) years ago, so I'm hoping to enlist your assistance in re-evaluating this location and having a crossing guard assigned once again.

Chapman Ave. is a heavily traveled thoroughfare and this particular section between Beach Blvd. and Santa Rosalia St. is no exception. With over 80% of the school's enrollment living across the street from the school this crosswalk is a vital path of travel for these students and keeping them safe coming and going from school is a significant concern for all involved.

Again, anything you can do to assist us with this request would be greatly appreciated.

Thank you,

Sal Sanchez

Good Morning,

I just meet with Dai to go over the locations of the CMS signs to be included in the traffic plan. He will be emailing over the locations and his comments on the plan later today.

As for the CMS, originally I mentioned four, but after looking at the area, I am asking for a increase to 6. 2 additional signs for 9th St, a higher volume low speed street that many residents use to bypass the major streets in the area. We have including the wording for the signs on the TCP. Mike/Joe, we left the time frame open. Please adjust as needed based on your estimations of when the streets will be open. Each sign should have the estimate time for the street the CMS is located on.

OPEN GOVERNMENT New Site Furthers City Transparency

The City has created an Open Government portal where users can access public information about the City, including its finances, its officials, and other government resources. The new site provides greater, more easily understandable, and completely anonymous, accessibility to City operations, 24 hours a day, 7 days a week.

With the new OpenGov financial tool, users can explore many aspects of the City's financial operations in an inter-active format that is convenient and user-friendly. Downloadable reports on the site include:

- Sources of revenue
- Types and amounts of expenses
- Labor cost components
- Tax revenue breakdown

Visit www.ci.garden-grove.ca.us and look for the **Open Government** menu item.

Groundbreaking for the Brookhurst Triangle

The Brookhurst Triangle – the City’s largest proposed commercial and residential development – will officially break ground Tuesday, December 8, 2015. The 14-acre, mixed-use project, which is bound by Brookhurst Street, Garden Grove Boulevard, and Brookhurst Way, will provide new residents access to outstanding regional transit options, easy access to downtown areas, and urban live-work-play environments in an immersive mixed-use master planned community.

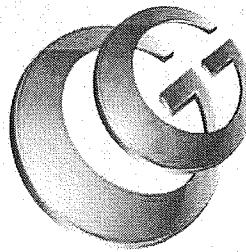

Highlights to the project include: 600 residential units; a one acre park; a one mile urban trail; and 80,000 square feet of commercial space.

For more information and construction updates for the Brookhurst Triangle, visit www.ci.garden-grove.ca.us.

‘State of the City’ Annual Address

Mayor Bao Nguyen welcomes the New Year by reflecting on the past year’s successes and focusing on the key challenges and opportunities in the coming year at the Annual State of the City Luncheon.

The State of the City Luncheon will be held on Wednesday, January 27, 2016, at 11:00 a.m., at the Embassy Suites in the Grove District – Anaheim Resort. Tickets available through the Garden Grove Chamber of Commerce – www.gardengrovechamber.com or (714) 638-7950.

— Chamber of Commerce —
Founded 1907

City Approves District-Based Elections for 2016

Beginning in 2016, the City will replace the current at-large election process with a by-district election process for all five City Council seats.

The city will be drawn into five, non-overlapping, geographically-defined electoral districts, and the City Council will consist of one member who resides within, and is nominated and elected by voters within, each of those five districts. The Mayor will no longer be directly elected, but, instead, will be appointed by the rest of the City Council.

The City will hold community meetings and public hearings to obtain community input before finalizing the district maps.

For more information and community meeting dates, visit www.ci.garden-grove.ca.us.

www.ci.garden-grove.ca.us

Submit Citizen Requests Online!

Reporting issues is made easy with the City’s new online communication tool – Citizen Requests. Residents can now request City services, such as graffiti removal, pothole repair, or report water waste, via the City’s website or mobile app.

The Citizen Requests tool builds upon the City’s mission and vision to enhance transparency and efficiency through technology that increases community engagement and strengthens public safety.

Submit service requests at www.ci.garden-grove.ca.us, under On-Line Services, or through the free Garden Grove mobile app, available in the App Store (iPhones and iPads) or Google Play Store (Android).

What are the sources of City revenue?

What are the types of City expenses?

What makes up the City's labor costs?

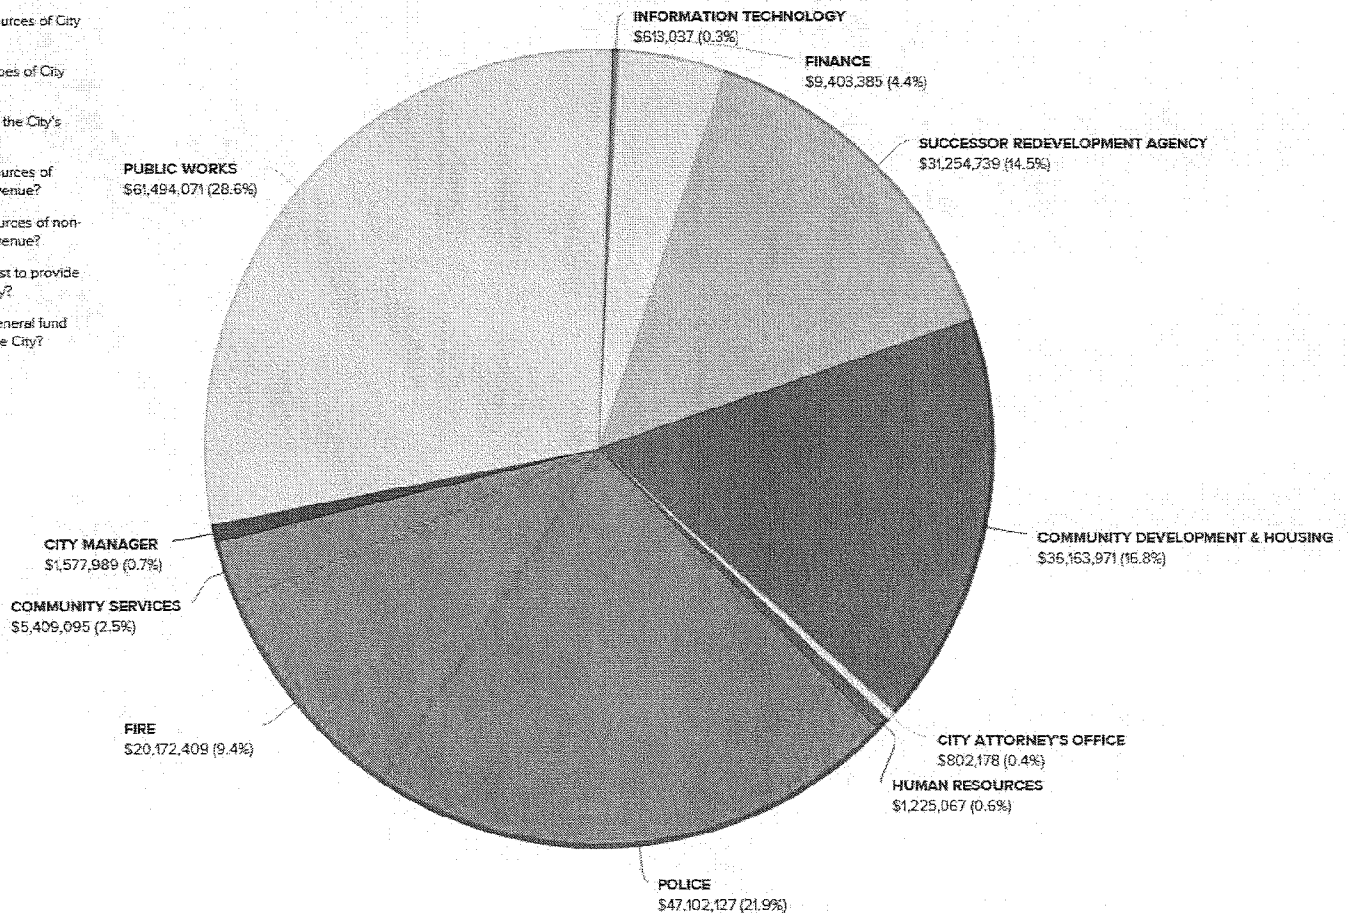

What are the sources of property tax revenue?

What are the sources of non-property tax revenue?

What does it cost to provide water to the City?

What are the general fund expenses for the City?

OPEN GOVERNMENT New Site Furthers City Transparency

The City has created an Open Government portal where users can access public information about the City, including its finances, its officials, and other government resources. The new site provides greater, more easily understandable, and completely anonymous, accessibility to City operations, 24 hours a day, 7 days a week.

With the new OpenGov financial tool, users can explore many aspects of the City's financial operations in an inter-active format that is convenient and user-friendly. Downloadable reports on the site include:

- Sources of revenue
- Types and amounts of expenses
- Labor cost components
- Tax revenue breakdown

Visit www.ci.garden-grove.ca.us and look for the **Open Government** menu item.

Groundbreaking for the Brookhurst Triangle

The Brookhurst Triangle – the City's largest proposed commercial and residential development – will officially break ground Tuesday, December 8, 2015. The 14-acre, mixed-use project, which is bound by Brookhurst Street, Garden Grove Boulevard, and Brookhurst Way, will provide new residents access to outstanding regional transit options, easy access to downtown areas, and urban live-work-play environments in an immersive mixed-use master planned community.

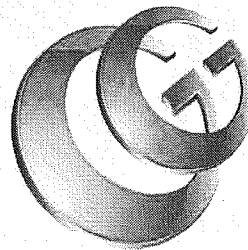

Highlights to the project include: 600 residential units; a one acre park; a one mile urban trail; and 80,000 square feet of commercial space.

For more information and construction updates for the Brookhurst Triangle, visit www.ci.garden-grove.ca.us.

'State of the City' Annual Address

Mayor Bao Nguyen welcomes the New Year by reflecting on the past year's successes and focusing on the key challenges and opportunities in the coming year at the annual State of the City Luncheon.

The State of the City Luncheon will be held on Wednesday, January 27, 2016, at 11:00 a.m., at the Embassy Suites in the Grove District – Anaheim Resort. Tickets available through the Garden Grove Chamber of Commerce – www.gardengrovechamber.com or (714) 638-7950.

Garden Grove
— Chamber of Commerce —
Founded 1907

City Approves District-Based Elections for 2016

Beginning in 2016, the City will replace the current at-large election process with a by-district election process for all five City Council seats.

The city will be drawn into five, non-overlapping, geographically-defined electoral districts, and the City Council will consist of one member who resides within, and is nominated and elected by voters within, each of those five districts. The Mayor will no longer be directly elected, but, instead, will be appointed by the rest of the City Council.

The City will hold community meetings and public hearings to obtain community input before finalizing the district maps.

For more information and community meeting dates, visit www.ci.garden-grove.ca.us.

Submit Citizen Requests Online!

Reporting issues is made easy with the City's new online communication tool – Citizen Requests. Residents can now request City services, such as graffiti removal, pothole repair, or report water waste, via the City's website or mobile app.

The Citizen Requests tool builds upon the City's mission and vision to enhance transparency and efficiency through technology that increases community engagement and strengthens public safety.

Submit service requests at www.ci.garden-grove.ca.us, under On-Line Services, or through the free Garden Grove mobile app, available in the App Store (iPhones and iPads) or Google Play Store (Android).

Below is the invitation for
American Combustion Techonology
10781 Forbes

They are having a grand opening on 12/16/2015 1030-1500 said they have moved there in July.

Rep. from Congressman Lowenthal's office, Phong Le will be in attendance.
along with Coucilman Phat Bui. Mayor Bao declined.

Contact: Sonali Fiske @ 714-554-4800 said expected about 200 people asked if security is needed. Said NTU will not be there but said I would give you the message to make that decision.

Thought it might be of interest for Vince because of the name. Mahjoob is Islamic.

On Dec 13, 2015, at 2:19 PM, [REDACTED] wrote:

Good afternoon. I wanted to express my concerns regarding the signage at our local Costco store. The exit lanes leading to GG Blvd have not been working well enough to prevent accidents all too often. I see room for improvement here. There is one sign, right near GG Blvd, indicating that the right lane is right turn only. Often times drivers shoot right across to Main Street because they either do not see the sign or they ignore it. I have personally witnessed this more than ten times and I am certain that this occurs at least ten times a day.

I am asking that someone get together with Costco and demand that they add an additional sign, at about a six foot level, closer to the store as people begin their frantic exit from the madness that is the GG Costco. In addition, I would like to have painted signage on the asphalt, in hopes that this will lessen the danger of this intersection of Main Street and GG Blvd.

By the way, the right turn only sign is barely visible in the evenings and seems to do even less good once the sun goes down.

Please have someone resolve this issue as soon as possible and please follow up with me.

On another Costco related note, it was mentioned at one of the last Planning Commission meetings to have the city enforce the no parking law along Taft, during Costco hours. I support this move and would like to see the city working to alleviate the conditions which have been resented for too long. As a nearby resident and frequent customer to Main Street businesses, as well as Costco and BJ Plumbing, I know the situation has been out of control for too long. Thanks in advance.

Subject: Parking Issues

Hi,

We are experiencing major parking issues in front of our school, particularly at our kindergarten pick up and Boys and Girls Club pick up. Parents are parking all the way down our red curb, leaving their cars unattended while they run in to get their children. This is presenting a safety issue, as well as parents not abiding by the law.

I have spoken to my principal about this matter, and he has called GGPD in the past, but the district got complaints from parents who were upset that we called GGPD to enforce the law. This issue is at its worst at around noon every day, and at 5:45-6:00 in the evening. Do you think GGPD can do anything about this? Let me know what you think...

Subject: Checkpoint

Hello,

Just a reminder when filling out your timesheet please use package code 6756 with no project code. Please type "OTS GRANT, DUI/CDL Checkpoint" in the comment section so city hall knows what fund to use. The hours are from 2000-0300. Any questions please get ahold of Kathy or myself.

Thank you,

Tom

Hello Adam,

We received another request for the speed radar trailer. This one is from a resident, Brandon [REDACTED] Brandon claims that vehicles are speeding on the 13200 block Downie Place, near Riverdale Elementary School. Can you please place Downie Place on the waiting list for the speed radar trailer? Thank you and let me know if you have any questions.

To: Ed Leiva <eleiva@ci.garden-grove.ca.us>

Ed,

FYI Adam went to Parkview School and spoke with the principal. This is the complaint that came from the SAPD Chief and his wife. According to the principal there is not that big of issue. The wife of the chief is constantly complaining about a lot of things and the principal even told Adam, "Oh this is coming from the chief of SA." There was construction recently and they have not gotten around to re-painting the curbs. Public Works was talked to about it and hopefully will get done as soon as poss. Principal is not concerned with it. as a matter of fact, she is happy the way traffic is flowing and doesn't want things changed.

Hello, Orange County police department folks! Teri Sforza from the OC Register here to bug you. We're expecting the state AG's office to put out a new report on DUI arrests in the next few weeks, and we've heard, somewhat anecdotally, that arrests are down - but that might be because DUI patrols/checkpoints are down as well.

So, in anticipation of such, trying to see if, in 2014, you cut back there?

Will also be delving into asset forfeiture reports for both state and fed in coming weeks as well; haven't run those numbers yet, but any intel there welcome. Thanks.

Bravo Chief well said and thank you

Sent from my iPhone

On Dec 21, 2015, at 4:52 PM, Todd Elgin <todde@ci.garden-grove.ca.us> wrote:

Dear GGPD Family,

I wanted to take a moment to express my thoughts during this Holiday Season and into the New Year. First of all, I would like to wish all of you and your families a very Merry Christmas and a Happy New Year that is filled with LOVE, HEALTH, and HAPPINESS. This year we all have experienced plenty of highs and lows. Some have experienced a loss of a loved one, injuries or disappointments. Some have experienced "new additions" to their families (babies, puppies, kittens) or may have enjoyed some personal or professional triumph. Regardless of where you fall, my wish is that all of you find the joy and inner peace that will make this holiday season the best it can be for you and your families.

Over this past year, we have all worked hard trying to keep this "Ship" afloat. Crime, long hours, extra shifts, call-ins, system changes, contract issues, and just an overall lack of rest and relaxation. The frustrations and concerns experienced by all of us in 2015 has tested our department's "metal" and "stamina". Although we came out of this past year battered and torn, we are still standing true to form like we always do!! The term "Change" is not always met with open arms especially within a police department. Operational changes like Spillman, Brazos, MCT's and ISE scheduling are all necessary for our department to become more efficient moving forward. Your ability to adapt to these changes has been nothing short of remarkable, and speaks to how important each and every one of you are to this department.

In 2016, employee staffing will be the focus as we move forward. During this past year (2015) we have been devastated with injury, retirements, and the rumor of people leaving. We have also made some changes with regard to the personnel who are assigned to specialty units. These changes are absolutely necessary in order for this department to grow, thrive and to prepare future generations. If you have been employed at the department for any length of time you have seen this cycle before, and know it is only temporary yet very important to the overall health of our organization. For the employees who have weathered this storm by picking up the slack and continuing to GRIND with very little relief... THANK YOU !!! Every manager or supervisor in this organization salutes your efforts. I too want to thank you for your sacrifice, your hard work and your outstanding grit. I have been exposed to many police departments, and I believe there is no department that displays a better sense of family, teamwork and resolve than the Garden Grove Police Department.

In closing, I would ask that we focus on the many positive aspects of our department and the people who work here. Human nature would say it is easier for us to focus on the negative than the positive, especially as we reflect on the year we just "pushed" through. We must stay focused on what has made this department great over the time. Pride, Work Ethic, Commitment and Family are just a few of those things that come to mind. My commitment to you is that we will emerge from our current status bigger, stronger and better prepared to face the challenges we will see in the future. Although some may think the "grass is greener" on the other side, I can assure you that no department can match the "heart and soul" of what we have here. The past has proven that fact. Enjoy your families and friends this holiday season. Get ready for 2016 because the

Re: Merry Christmas, Happy Holidays and a very Prosperous New Yea...

best is yet to come as long as we work together and respect each other in the process. Merry Christmas and a Happy New Year to all

Love and Respect,

Chief Elgin

Subject: 1st quarter qual staffing

See attached memo for staffing for the first quarter. We need to bring ammo and also targets to each qualification. Our storage at the facility is no longer there, so make sure you get with the people your scheduled with brings the necessary ammo and targets. Also, for the AR-15 ammo that we use there it must be FRANGIBLE.

Fish we did not put you on schedule because we figured you can show up to any of the days.

Respectfully,

Sergeant Jon Wainwright

To: tsforza@ocregister.com

CC: Robert Bogue <robertb@ci.garden-grove.ca.us>

I understand you are trying to obtain stats for 2014 - 2015 referece DUI Stats for the city. I am the supervisor of traffic and I can provide you with some stats, however, not all you are looking for. In 2014 the department made 592 DUI related arrests. We had 9 Checkpoints with a total of 17 arrests. As a department we increased efforts in DUI Saturation instead of focusing on Checkpoints I do not have the stats from the DUI Saturations for 2014, however, they were considerably more than the Checkpoint arrests.

In 2015 the deparment went through a lot of change with the computer system so I cannot provide you with statistics after Sept. 1st. Jan. 1, 2015 - Sept 1, 2015 there were 347 DUI Arrests. We held 6 Checkpoints with 3 arrests. As a department we continued efforts in the DUI Saturation with a more arrests than Checkpoints, unknown numbers.

Checkpoints are about educating the public on DUI, however in traffic we believe the education is working since the number of Alcohol related arrests are down. We also see an increase in Uber, Lift, and designated drivers going through our Checkpoints. What does not help is an APP that tells people where the county wide checkpoints are. It defeats the purpose of trying to make Garden Grove's streets safe or all streets safe from impaired drivers if all they have to do is check an APP to see where they are located, then avoid them. On our last Checkpoint, I simply googled it and the information was 100% correct on where our checkpoint was located. We didn't tell the location in our Media Release prior to the checkpoint. We believe the number of DUI arrests are down is because of technology so people can avoid Checkpoints and increase in responsible people who use privately owned companies such as Uber, Lift Etc.

Since the inception of "DRE" we are seeing more people under the influence of prescribed medication, Marijuana, drugs, and/or a combination of alcohol and drugs. Every year we try to send two officers to Drug Recognition Expert School. The department has a total of 6 DRE's with a plan to send more. We dont have stats for the number of DUI(D) Drugs for either years but soon we should have the understanding on how to obtain them.

I hope this helps

Hi Sgt.,

Happy 2016!

Unfortunately, I'm not able to help you with your request. I mean, I can play around with it a bit, but how soon do you need this info? Have you asked Helena yet? Otherwise, I'll be glad to check with Vicky tomorrow. Our STATS Ladies aren't 100% sure how to do that either. As you can see, we are all still learning how to maneuver Spillman. Pulling the stats you need isn't something I have learned yet, and asking around, I'm not alone.

Thank you & please advise,

Gents, I was going to send this out to Christopher Haire from ORegister but since I am speaking for Garden Grove, you may want to check it over and see if it is something we want to do. I am responding to his questions.

From December 18 - Jan 3 the motor unit increased their DUI Saturation instead of DUI Checkpoints. We completed a total of 2 Checkpoints over December and 147 hours of DUI Saturation. Not to mention the concentration of DUI on our regular work shifts. There were a total of 17 DUI arrests during that specified time period, approximately 126 vehicles were stopped specifically for suspicion of DUI. DUI arrests are down from years past and from speaking with representatives from OTS, they are down state wide as well.

We in Garden Grove believe that the education component from years of Checkpoints and DUI Saturations with a "Zero Tolerance" approach has contributed to the decrease of arrests specifically in Garden Grove. We have seen more designated drivers and private companies such as Uber and Lift going through our Checkpoints. We in Garden Grove increased the Saturation instead of Checkpoints because of Technology. There are Apps that give the location of Checkpoints throughout the county and on our last checkpoint, I Googled it and found our checkpoint along with others throughout the county on different Websites and our location was 100% accurate. We did not give the location of our Checkpoint in our press release. Impaired drivers can simply avoid the Checkpoint by checking a number of Apps / Websites. Sadly we did not arrest any DUI's at our checkpoints.

Also a good stat to be aware of is in the last 8 years, there has been a fatality during the month of December. We did not have one this year over the holiday's and we believe DUI Saturation, coupled with the education from years of Checkpoints and our aggressive "Zero Tolerance" approach toward DUI's during the holiday season may have contributed to the decrease in arrests and no fatalities.

Good morning,

I reached out to Lt. Bogue last week to see if I could get some kind of DUI stats today, now that the holiday saturation patrols are over. Lt. Bogue said he forwarded my request to the traffic sergeant but didn't tell me his/her name or give me any way to contact the sergeant, so I thought I would follow up via this email. If someone could get back to me, I'd really appreciate it. Either my desk or cell phone (below) will work. (I will be on assignment from about 9:30 to 11-ish today, so my cell will be best during that time.) Also, below is the original request I sent to Lt. Bogue. Thank you. Have a nice day.

Hi, Lt. Bogue.

Quick question for you: I know the police Department has stepped up efforts to watch for drunken drivers from Dec. 18 to Jan. 3. If I got in touch with you on Monday, is there a chance you would have some stats on arrests, number of

stops,
and other DUI-related info? And if so, would I also be able to get the chief on the phone to talk about a) how effective the saturation patrols were and b) why they are important during the holidays? I think a story on it would be a cool thing for the Jan. 7 issue of the Journal.

Veronica,

Thank you for doing that, We need to change the Euclid and Lampson soft closure and eliminate that sentence all together. Every major intersection will have a different time closure and opening. hopefully people will only be land locked for about an hour to 1 1/2 hours until it starts to open up it certain areas. thanks

Jim F.

We are getting numerous calls requesting copy of tc reports 15091296 and 15091249. Callers are getting impatient. I'm thinking both of these reports were taken on Brazos machine #16 and currently can not be downloaded into brazos due to a battery issue. Is there anything that can be done to get these reports from brazos. I'm at a loss as to what to tell the callers. Any help would be appreciated. Thank you.

Happy New Year! Thank you for preparing this press release.

My only question is you received the performers/entertainment information from Brandon with runDisney? I ask since they have not sent me a final entertainment schedule, and I cannot verify this information.
