[REDACTED]

I still don't see either of these traffic collision reports, 15091249 from 12/22/2015 and 15091296 from 12/23/2015. It's coming up on almost three weeks ago now. The people wanting copies of these reports are getting upset and I can assure you they will be calling again today and won't be happy. These reports are supposed to have a 72 hours turn around time.

To all personnel assigned to the Star Wars Marathon, It is extremely difficult to get 57 positions filled, not to mention 24 explorer positions filled especially after all of the events you had to sacrifice your time off to work. Even though contract negotiations are not going as smoothly as we would like, I do appreciate the principle of accomplishing the mission and attention to duty.

Briefing will be inside the PD briefing room at 0330 Sunday 01/17/2016. Some positions will need to be closed earlier than 0530. I will get with the people assigned to posts next week and brief them on the times they need to be at their positions. The race should last only until 0930 – 1000. Disney will not stop the race if there is rain, only lightening will stop it. Weather forecast is 8 % chance of rain for next sat/sun and temperature high 40's to high 60's so dress warm.

Access to the PD for all personnel will be limited. The race starts at 0530 and as mentioned should be over around 0930 – 1000. You will be able to access the PD from 7th and 8th and Civic Center streets from Garden Grove Blvd. Officers in patrol cars, we cannot stop the runners to allow you to cross at certain points unless it is an actual emergency. It is a USATF timed race, therefore, where people are landlocked, there will be two officers assigned on the inner perimeter to handle calls for service.

They closed admittance after it sold out in about one week, 16,000 runners and from what I heard last year, this route is the best they have ever had.

Again thank you for sacrificing your time in making this happen.

Subject: Kerry Parking at the end of Kern (2nd email)

To whom it may concern,
I sent the first email on Monday Jan 4 th , this is my second request. An
acknowledge, if not action, will be appreciated.

I would like to seek your professional assistance in dealing with an ongoing
safety issue related to parking on Kerry St (Southbound) West end of Kern. (33.753373, -117.959323)

It is supposed to be parallel parking spot for maximum three cars, normally two
with proper space, however someone started to park the cars facing the curb and
that has now become a normal practice.

Even though this way people can park five to six cars, however it creates a major
safety issue for the people who are exiting the Tudor Estate Townhome to Kerry
St. If they have to make a left turn on Kerry (which will be going North) it is
even more dangerous.

I have attached few pictures of the parked cars to demonstrate that how
impossible it is to see the other side of the road, and most of the time people
drive like crazy in this part of the street anyways.

Please review the attached pictures, and help. Perhaps posting sign "Parallel Parking Only" might help or periodically

issuance of warning citation, nonetheless help is being sought to save any major incident, prior to its happening.

Thank you for your time and consideration in the matter.

respectfully;

[REDACTED]
[REDACTED]

Please feel free to call me if you have any questions.
Thank you and Best Regards J

From the office of:

Brandon;

Reach out to Joe V. TODAY and remind him of the placement of the detour signs, parking, etc. Also, I believe that we now have 4 or 5 CMS boards on the streets between Harbor, Euclid, GG Blvd., Chapman that are supposed to go out today.

Keep Joe D and I cced and looped in on the email exchange.

Subject: GG P08 & P29

Hi Adam,

I have a printers (GG P08 & GG P29) with Serial Numbers (XXRCJ134300156 ,XXRCJ134300353) here that were sent in with various issues and I would like to update you on the status of these printers. I have spoken with the Zebra Technologies repair unit and have found that the printers are no longer covered under warranty. In order to send the printers in for repair to Zebra, I need approval for the repair cost which can be \$200.00 to \$304.00 each. If you are interested, I will send you a formal quote estimate for \$400.00 and ship the printers to Zebra. If you do not want to move forward with this repair, I can ship the printers back to you.

Another option you have is to purchase new printers. If you are interested in doing so, please let me know.

Let me know how you would like to move forward and I will aid you in any way that I can. Also, please let me know if you have any further questions, I'd be glad to answer anything that I can.

Thank you,

Kyle Boeck

The time people were land locked was an hour and half, 0630 to 0800 . was on the radio notifying officers of the rolling closures and rolling reopening to direct people out. Notification of this began months ago. Letters were mailed to all residents by Disney, it was in the water billing, message boards were put in place, along with A frames notifying them of what was happening. It's was on the website and garden grove journal. We used all available methods of notifying people. I called back several people ahead of time and gave instructions of what they needed to do. I received two complaints one during and one after.. Both from women.

We had one emergency, chest pains we had paramedics inside the perimeter faster than if dispatched. We had two officers inside responding to calls for service. If he had an emergency we would have accommodated him.

We did have long lines of vehicles at west chapman and Euclid and lampson when there were other ares opened on harbor and garden grove blvd. I was told by officers that the motorists knew that but decided to wait until their area was opened.

The entire area was opened to get out by 0845. The majority of the complaints were about the noise with bands, cheering etc.

INCIDENT: Traffic Collision with Injury
TIME: 3:45 p.m.
LOCATION: Chapman Avenue / Diane Street

Firefighters were dispatched to the intersection of Chapman Avenue and Diane Street for a two-vehicle traffic collision. Crews arriving on scene, reported a traffic collision with one vehicle rolled over and a trapped adult female driver. Firefighter/paramedics initiated advanced life support to the driver while additional firefighters utilized the "Jaws of Life" to provide extrication. It took firefighters approximately 10 minutes to extricate the driver. The driver was transported to a trauma center for further care.

Hi,

I would like to request speed enforcement for a section of Springdale St between Lampson Ave and the Garden Grove/Westminster city limit.

I commute this road to work on motorcycle in the mornings (7:00am). People routinely speed in excess of the posted 35 mph. Riding a motorcycle I often get tailgated and feel unsafe on this stretch of road.

I know the city has posted officers in the area in the past, please do this again.

Regards,

Subject: Re: Marathon

Dear Mr. [REDACTED]:

On behalf of the City Council and City Manager, thank you for your email regarding access out of your neighborhood on Sunday morning, January 17, during the Disney Star Wars Half-Marathon event. City staff made every effort to work in conjunction with both residents and the race organizers to eliminate as many issues as possible the day of the event. This is the second year utilizing this route, and each year we have worked with the run organizer to improve the safety and experience for both runners and residents. You should have received notification regarding the race and the proposed street closures in early December from the run organizer. Additionally, we sent information regarding the race and street closures in the monthly water bill, listed information on the city's website, in social media and in the Garden Grove Journal. We also had a series of message boards throughout the neighborhood informing residents that there would be no way in or out during specific hours the day of the event. Prior to the race, we received several inquiries from residents who needed to exit the area within the race times (6:00am - 8:30am) and they were directed where to park to ensure they could make it to their destination in a timely manner.

In addition to working to notify residents, we also worked closely with our

Police and Fire Departments should emergency services be required. We had two officers within the perimeter should we receive calls for service; during the event, we had one call for paramedic aide and that was met and handled immediately. According to our Traffic Division, there was one exit opened out of the neighborhood by 8:00 am, and the entire neighborhood was reopened by 8:45 am.

We are constantly trying to perfect our events to meet the needs of all residents, while ensuring the safety and enjoyment of the event participants. We will forward your feedback to the event organizers so that they are aware of your concerns and we will work with them to modify future race courses to work to resolve the access issue you experienced.

Thank you again for your comments and feedback,

Kimberly Huy

I'm going to talk with the LT tomorrow about this as of right now we don't have the capability of doing this. The easiest way to do this is Vickie contact josh at Brazos because it could take months for us to do it. What happened to the interface for spillman? It would be easier to set up a data download through the interface and we take it from spillman.

Folks

As I mentioned in an email about 6 weeks ago, Brazos is ready to start rolling out enhanced reporting on Accident data. We have set up a training session on Monday January 25 at Brea PD where we will

do that. We could potentially do another session on Wednesday morning January 27 if folks have trouble with the Monday timeslot.

Your departments are the high volume accident report users and we thought that it would make sense to start the rollout process with you. Once we get it working to your satisfaction we will make it available to the other departments. Enhanced reporting on citation data is going to take a little bit longer.

Please feel free to invite 2 or 3 folks from your department to this session. If someone has some background in analytics in your shop it would be helpful to bring them along as well.

Let us know if you are able to and interested in attending.

Thanks

Part 1.1.2	Content-Type: text/html
	Content-Encoding: 7bit

bring them along as well.

Let us know if you are able to and interested in attending.

Thanks

Don't let it stress you out .. This should have been thought out months ag. I kept asking about it then finally stopped because of the quotes " we will worry about it when we get there" and " we'll cross that bridge when we get there. Now we are crossing that bridge and we are there now. This should have been planned in advance.

I'm going to talk with the LT tomorrow about this as of right now we don't have the capability of doing this. The easiest way to do this is Vickie contact josh at Brazos because it could take months for us to do it. What happened to the interface for spillman? It would be easier to set up a data download through the interface and we take it from spillman.

Mike

I think that we are good for next week. I sent you two emails with names for Monday. So you will have about 10 people Monday.

Tuesday is a smaller group to talk about Citations reporting. Just Irvine and Brea but they will each have a couple of folks there.

On Wednesday it is a smaller group. I only have two confirmed right now so I suggest that you keep that session short.

I will be there Monday from about 10 to about noon.

See you then.

Thanks

2016 GOALS.doc	Content-Type: application/msword Content-Encoding: base64
-----------------------	--

Garden Grove Police Department
Neighborhood Traffic Unit
Goal 2015

Due to the successful reduction in Vehicle Vs. Pedestrian fatal traffic accidents, NTU will continue to do pedestrian and bicycle safety presentations during the 2015-year. **The NTU and patrol officer's efforts of educating the public throughout the year has had outstanding results. The city had four fatalities all year long which has been the best results for the last ten years. While conducting Checkpoints, we noticed more Uber, Taxicab and designated drivers go through.**

- This will include contacting the media and running another campaign raising awareness for pedestrian and bicycle safety.
- Hand out bright yellow/orange reflective vests and bike lights to citizens of Garden Grove.
- Continue to contact local businesses as well as senior citizen complexes and conduct presentations raising awareness.

Conduct two crosswalk safety enforcement saturations. We will use a decoy to walk across a major street in a crosswalk. The motor officers will be in the area and monitor the traffic and cite those who do not yield to the pedestrian while crossing the street. During the saturation, a designated location will be predetermined. **Completed one crosswalk sting.**

Conduct two bicycle safety enforcement days. Patrol will be encouraged to participate in this enforcement as well. Officers will specifically target bicyclists and issue citations for various infractions as they relate to bicycles. **Completed through the Grant. Several citations were issued.**

Continue to educate and train patrol and specialty units on how to properly operate the Brazos Ecite machines. Each Traffic Officer will continue to attend briefings and train officers on traffic related issues within their beat and the proper CVC sections for the common violations. Traffic Officers will also assist officers with better techniques to use during traffic court. **Motor Officers went to the briefings and completed citation education but added traffic collisions on Brazos. It took several months to complete the education and now the officers are using Brazos for all traffic collisions.**

Each traffic officer will strive to achieve the MADD DUI award of 25 DUIs in a year. DRE traffic officers will continue to teach and improve patrol officers skills in detecting and prosecuting DUI drugs. **Not completed. One motor officer was able to complete the DUI Award.**

Send at least two Officers to DRE school. The DRE Officer will help with the prosecution of DUI-drugs (legal or illegal). The OCDA's office has obtained a grant to fund the DRE training. **Not completed due to lack of manpower to cover the officer's absence.**

Send two Officers to ARIDE school. This ARIDE program trains Officers to identify and assess driver's suspected of being under the influence of alcohol, while the DRE program provides more advanced training to evaluate suspected DUI. Once Officers complete the ARIDE course, their expertise will increase as it relates to DUI investigation. **Sent two officers to ARIDE**

Minimize the number of citizen complaints. NTU officers will continue to improve communication and customer service skills in an effort to minimize the number of citizen complaints. **Completed. There were two formal complaints against different motor officers. Both complaints were proven to be unfounded.**

Garden Grove Police Department
Neighborhood Traffic Unit
Goal 2016

Due to the successful reduction of fatal traffic accidents, four for the year of 2015, the NTU will continue to educate the public on traffic awareness for pedestrians and safety for bicycle and vehicle operation.

Conduct two crosswalk safety enforcement saturations. We will use a decoy to walk across a major street in a crosswalk. The motor officers will be in the area and monitor the traffic and cite those who do not yield to the pedestrian while crossing the street. During the saturation, a designated location will be predetermined.

Conduct two bicycle safety enforcement days. Patrol will be encouraged to participate in this enforcement as well. Officers will specifically target bicyclists and issue citations for various infractions as they relate to bicycles.

Continue to educate and train patrol and specialty units on how to properly operate the Brazos Ecite machines. Each Traffic Officer will continue to attend briefings and train officers on traffic related issues within their beat and the proper CVC sections for the common violations. Traffic Officers will also assist officers with better techniques to use during traffic court.

Each traffic officer will strive to achieve the MADD DUI award of 25 DUIs in a year. DRE traffic officers will continue to teach and improve patrol officers skills in detecting and prosecuting DUI drugs.

Send at least two Officers to DRE School. The DRE Officer will help with the prosecution of DUI-drugs (legal or illegal). The OCDA's office has obtained a grant to fund the DRE training.

Send two Officers to ARIDE School. This ARIDE program trains Officers to identify and assess driver's suspected of being under the influence of alcohol, while the DRE program provides more advanced training to evaluate suspected DUI. Once Officers complete the ARIDE course, their expertise will increase as it relates to DUI investigation.

Successfully train two new motor officers and a new supervisor to pass motor school in San Bernardino. To prepare for motor school, an officer must train for nearly one month prior to attending the school.

Successfully change and train the new officer in Reflex. Need to send the officer to Phoenix for training along with court testimony.

Designate a NTU officer to attend each beat meeting in an attempt to share and address traffic related problems (schools, intersections, etc). Patrol and NTU officers should identify and come up with solutions to these traffic problems.

Hello,

My office is currently looking for any agencies who may be conducting DUI Checkpoints in the near future. We are available to assist and would like to come out to one of your checkpoints if you have room for us!

We are also available to conduct TRACE training for your Departments. TRACE is Target Responsibility for Alcohol Connected Emergencies. Training generally takes about 15 minutes and can be done at your roll call briefings or otherwise. Please let me know if you are interested in this as well.

Thank you very much!

Garden Grove Police Department
Neighborhood Traffic Unit
Goal 2016

Due to the successful reduction of fatal traffic accidents, four for the year of 2015, the NTU will continue to educate the public on traffic awareness for pedestrians and safety for bicycle and vehicle operation.

Conduct two crosswalk safety enforcement saturations. We will use a decoy to walk across a major street in a crosswalk. The motor officers will be in the area and monitor the traffic and cite those who do not yield to the pedestrian while crossing the street. During the saturation, a designated location will be predetermined.

Conduct two bicycle safety enforcement days. Patrol will be encouraged to participate in this enforcement as well. Officers will specifically target bicyclists and issue citations for various infractions as they relate to bicycles.

Continue to educate and train patrol and specialty units on how to properly operate the Brazos Ecite machines. Each Traffic Officer will continue to attend briefings and train officers on traffic related issues within their beat and the proper CVC sections for the common violations. Traffic Officers will also assist officers with better techniques to use during traffic court.

Each traffic officer will strive to achieve the MADD DUI award of 25 DUIs in a year. DRE traffic officers will continue to teach and improve patrol officers skills in detecting and prosecuting DUI drugs.

Send at least two Officers to DRE School. The DRE Officer will help with the prosecution of DUI-drugs (legal or illegal). The OCDA's office has obtained a grant to fund the DRE training.

Send two Officers to ARIDE School. This ARIDE program trains Officers to identify and assess driver's suspected of being under the influence of alcohol, while the DRE program provides more advanced training to evaluate suspected DUI. Once Officers complete the ARIDE course, their expertise will increase as it relates to DUI investigation.

Successfully train two new motor officers and a new supervisor to pass motor school in San Bernardino. To prepare for motor school, an officer must train for nearly one month prior to attending the school.

Successfully change and train the new officer in Reflex. Need to send the officer to Phoenix for training along with court testimony.

Designate a NTU officer to attend each beat meeting in an attempt to share and address traffic related problems (schools, intersections, etc). Patrol and NTU officers should identify and come up with solutions to these traffic problems.

Garden Grove Police Department
Neighborhood Traffic Unit
Goal 2015

Due to the successful reduction in Vehicle Vs. Pedestrian fatal traffic accidents, NTU will continue to do pedestrian and bicycle safety presentations during the 2015-year. **The NTU and patrol officer's efforts of educating the public throughout the year has had outstanding results. The city had four fatalities all year long which has been the best results for the last ten years. While conducting Checkpoints, we noticed more Uber, Taxicab and designated drivers go through.**

- This will include contacting the media and running another campaign raising awareness for pedestrian and bicycle safety.
- Hand out bright yellow/orange reflective vests and bike lights to citizens of Garden Grove.
- Continue to contact local businesses as well as senior citizen complexes and conduct presentations raising awareness.

Conduct two crosswalk safety enforcement saturations. We will use a decoy to walk across a major street in a crosswalk. The motor officers will be in the area and monitor the traffic and cite those who do not yield to the pedestrian while crossing the street. During the saturation, a designated location will be predetermined. **Completed one crosswalk sting.**

Conduct two bicycle safety enforcement days. Patrol will be encouraged to participate in this enforcement as well. Officers will specifically target bicyclists and issue citations for various infractions as they relate to bicycles. **Completed through the Grant. Several citations were issued.**

Continue to educate and train patrol and specialty units on how to properly operate the Brazos Ecite machines. Each Traffic Officer will continue to attend briefings and train officers on traffic related issues within their beat and the proper CVC sections for the common violations. Traffic Officers will also assist officers with better techniques to use during traffic court. **Motor Officers went to the briefings and completed citation education but added traffic collisions on Brazos. It took several months to complete the education and now the officers are using Brazos for all traffic collisions.**

Dear Sgt. James Fischer,

I am just checking in as Good Friday this year is Friday, March 25th ! As in years past, the event starts at noon at St. Anselm's on Galway. The actual walk begins about 12:20pm when the first service ends. Here is the tentative time schedule beyond the start of the first service at noon:

St. Anselm Episcopal Church Start noon Start walking 12:20 pm

St. Columban Catholic Church Start 1:00 pm Start walking 1:20 pm

United Methodist Church Start 1:30 pm Start walking 2:00 pm

First Presbyterian Church Start 2:30 pm End at 3:00 pm

I thank you in advance for helping make this community event possible. If you have any questions, I can be reached best on my cell phone at 714.801.4345.

Thank you,

Cheryl Raine, Pastor

Hi Adam,

I have a printers (GG P08 & GG P29) with Serial Numbers (XXRCJ134300156 ,XXRCJ134300353) here that were

sent in with various issues and I would like to update you on the status of these printers. I have spoken with the Zebra Technologies repair unit and have found that the printers are no longer covered under warranty. In order to send the printers in for repair to Zebra, I need approval for the repair cost which can be \$200.00 to \$304.00 each. If you are interested, I will send you a formal quote estimate for \$400.00 and ship the printers to Zebra. If you do not want to move forward with this repair, I can ship the printers back to you.

Another option you have is to purchase new printers. If you are interested in doing so, please let me know.

Let me know how you would like to move forward and I will aid you in any way that I can. Also, please let me know if you have any further questions, I'd be glad to answer anything that I can.

Thank you,

CITY OF GARDEN GROVE
INTER-DEPARTMENT MEMORANDUM

To: Tom Schultz

From: Sgt. J. Fischer

Dept: Fire

Dept: Police

Subject: Road Closures

Date: February 4, 2016

The West Garden Grove Little League will be hosting its annual parade on Saturday February 20, 2016 at 8am. The start of the parade will be at Edgar Park at 12781 Topaz. The parade will proceed north on Topaz, east on Lampson, north on Springdale, and end at Bell Intermediate School near Springdale and Belgrave.

As a result, the police department will be closing certain roads in order to accommodate the parade. The road closures will be as follows:

Lampson Ave. between Valley View St. and Lamplighter Dr.

Springdale St. between Stanford Ave. and Belgrave St.

Topaz St. between Cerulean Ave. and Lampson Ave.

Cerulean St. between Owen St. and Topaz St.

Each of the street closures will accommodate emergency fire and police vehicle traffic as needed. Lampson Ave. and Springdale St. are large enough to allow emergency vehicle traffic to proceed through the affected area with minimal delay. Cerulean Ave. and Topaz St. may be heavily congested due to parade participants and their vehicles; however, I do anticipate a lane of traffic being available for emergency vehicle traffic.

The street closures will begin at approximately 0730 and I anticipate having the streets reopened by 1000 hours. If you have any questions or concerns please contact me at X5898. Thank you.

Subject: Chapman Ave Traffic Problem at night

To whom it may concern,

I am a resident of Garden Grove [REDACTED] and I want to bring to your attention of excessive speeding and red light running problems on Chapman Ave, especially after dark. Attached are pictures captured on my dash cam tonight, pretty much routine occurrence at night, especially on the weekends. From our house, my wife and I would routinely observe cars and motorcycles speeding in front of our house. With the posted speed limit of 40, many cars goes 50-60+ and would tailgate others who drive the speed limit.

Please provide enforcement before someone coming out of our neighborhood or side street gets hit due to these irresponsible drivers.

Best,
[REDACTED]

Subject: ****IMPORTANT**** Upcoming Sworn Personnel Training

Attention All Sworn Members:

Next week starts a payback training cycle on FIRST AID/CPR and ANNUAL PURSUIT TRAINING. Sergeant Martin posted class schedules with listed attendees on the hallway board next to the briefing room. The lists cite the dates, locations, and required attendees.

A critical part of the pursuit training is the state law mandated annual review of our pursuit policy General Order 05.02, in which you will have to sign an state attestation form confirming that you have received, read, and understood our Department's pursuit policy. In conjunction with Sergeant Viscomi's pursuit training, I have also reissued General Order 05.02 on PowerDMS so that you will be required to review it again.

Also, I've attached a copy of the most current POST ID roster, which cites everybody's POST ID number. It's very important that you record your POST ID number on any roster you sign for FIRST AID/CPR training and ANNUAL PURSUIT TRAINING.

Thanks,

Jim Colegrove

Subject: Light trailers

I forgot about these earlier sorry. But can we use the light trailers this weekend. If you have a cadet today or tomorrow that can run them out to irvine Park at the scout outdoor education center I would greatly appreciate it. They can call me if they don't remember where to bring it. Sorry for the late notice. Patrol was so crazy lately I am behind with the academy stuff this weekend.

Bill

Dear Traffic Unit,

I would like to know if anything can be done to stop people from parking in the red zone and in the school crosswalk section at Anderson Elementary, 8902 Hewitt Pl, Garden Grove, CA 92844. Every school day may it be morning or afternoon drivers just keep on ignoring the signs forcing the children to walk in between cars to cross the street. Is there any kind of enforcement method that the parents or faculty can take?

Sincerely,

[REDACTED]

This is a reminder for the Annual Trophy Shoot scheduled for Saturday, February 20th at Prado Range from 0800-1400. If you are unaware, Caltrans will be shutting down the 91 freeway for construction (See attachment) so plan accordingly. If you plan on attending or anticipate you may, please contact a Range Master and notify them you plan to participate. This will allow us to have the proper staffing and supplies so the event runs smoothly.
