Subject: Fwd: Status of Deleting GGPD Employees Zimbra E-Mail Accounts

From: James Colegrove <jamesc@ci.garden-grove.ca.us>

To: Kevin Boddy <kevinb@ci.garden-grove.ca.us>

Hey Bode ~ per your request. Below is list of former employees who may still have access to GGPD login and Zimbra; the list could actually be larger now since my attempt to close these accounts occurred in August 2015.

Jim

----- Forwarded Message -----

Hi Nick,

The ball is rolling on your request; thank you for bringing it to my attention. Once these deletions are made, it should free up some of the 'license' cap problems that you incur when trying to have new people placed in Zimbra.

Jim

----- Forwarded Message -----

Hi Rod,

Upon an employee separating their employment with the the GGPD, I submit an I.T. Request to delete the past employees' Zimbra email account, file contents, and any remote access they may have.

The following past-GGPD employees email accounts have not yet been deleted, the date of my I.T. Request is next to their name.

Paul Chambers 07/21/15
Richard Gendreau 07/21/15
Ron Lopino 05/20/15
Loc Nguyen 05/20/15
Kevin Raney 01/14/15 and 07/16/15
Julie To 08/25/15
Maryann Tirone 07/16/15
Rick Wagner 02/06/15

Please provide status of when these email accounts will be deleted.

Thank you.

Subject: CALEA Exit Interview ~ Findings

From: James Colegrove <jamesc@ci.garden-grove.ca.us>

Date: Fri, 8 Apr 2016 10:41:25 -0700 (PDT)

To: Kevin Boddy <kevinb@ci.garden-grove.ca.us>

Hey Bode ~

One of the purposes of the CALEA exit interview was meant to point out any problems that we will encounter in the future. The two assessors said we will be out of compliance in the following areas effective 2016 and that a fix should take place as soon as possible:

1. The Spillman system has no provision, mechanism, or ability to flag or denote juvenile arrests. CALEA requires us to be able to differentiate between adult and juvenile arrests due to the sensitivity of juvenile arrests.
2. The Spillman system has no provision, mechanism, or ability to seal arrest records. CALEA requires us to have this capability.
3. The Spillman system allows for more than one sergeant at a time to be reviewing and approving the same arrest report. The assessor said this was a slippery slope in case one sergeant finds an error while the other sergeant approves the report without finding the error.

Also, in the final CALEA 2016 Assessment report we will be instructed to create a report, or some internal written communique, to justify the placing of personnel into specialty units. We got lucky for 2013-2015 because we were more in the business of taking bodies from specialty units to meet the higher-priority patrol need for bodies.

Thanks,

Jim

While I am off for two weeks, I need for you to check the PD's DOJ Secure Mail Server as least once a day (mornings best). This DOJ Mail Server is where we receive the following confidential documents:

CA DOJ Gun Letters

CA DOJ Applicant Criminal History (if you get towing permit response, then forward to Charlie Cline)

Child Abuse Index Applicant History

FED FBI Applicant Criminal History

Subsequent Arrests of present/past employees and applicants*

*If you get a subsequent arrest notification on anybody, then print it out and forward to Lieutenant Bogue for handling.

Hi Sergeant Colegrove,

I wanted to inform you that the FOB key that you gave me for Priscilla Davey was not allowing her access to the building (#K3502 275652). Because Jessica Martinez is no longer with BCGG (her last day was 04/23/2016), I gave Priscilla her FOB key and was hoping that you could just change the name to hers. The FOB key that I gave to Priscilla is # K0203*3311966. I hope that this is okay. Please let me know if you have any questions and how I can return the non-working key to you.

Have a great evening!

Thank you!

Dear Relatives and Friends

For those of you that didn't know, two (2) weeks ago, our grandson, Gavin Prince, was diagnosed with a growth on his brain and had neurosurgery. He is currently in the Pediatric Intensive Care Unit at Children's Hospital and will hopefully begin long-term treatment in a few weeks.

For those of you who may be interested in helping Gavin financially, I have attached a link to a "gofundme" website that was created for him.

Re: An invitation to support "Support Gavin Prince Battle Cancer"

Please keep Gavin, his parents, Jeff and Stephanie, and his brother Brendan, in your thoughts and prayers.

Thank you,

Paul and Donna Prince

Subject: An invitation to support "Support Gavin Prince Battle Cancer"

Stephanie would like you to support

Support Gavin Prince Battle Cancer

by making a donation and helping spread the word.

On April 13th, 2016, the Prince Family brought their 7 year old son Gavin Prince into an Urgent Care for frequent vomiting and headaches. After blood work and a CT scan, they were told he had a 4x4x4cm mass below his cerebellum and needed to be admitted to a local Children's Hospital for further treatment. Shortly after being admitted, Stephanie and Jeff were told that Gavin would need surgery as soon as possible due to a brain tumor. Two days later, Gavin endured a 4-1/2 hour surgery to remove the tumor. The biopsy results confirm that it is Medulloblastoma (a very high risk cancerous tumor). In the following days, Gavin has been able to open his eyes, speak a few words at a time, and start motor skills therapy. They are unsure of his release at this time, because of fluctuations in his cranial pressure and whether he will require a permanent shunt.

The Prince family has endured a constant struggle to balance returning to work, watching over Gavin and caring for Brendan, their other 5 year old son. They have a long road ahead of them with therapy and future chemo and radiation treatments. Financially this is no small bill with weeks in the ICU, countless MRIs and CT scans, and time off work. The Prince family needs our help. If possible, please contribute with your support and prayers to alleviate these pressures.

**General Order: 17.3
IMMIGRATION VIOLATIONS**

Effective: June 15, 2005
Last Revised: January 4, 2007

PURPOSE

The purpose of this policy is to establish guidelines when dealing with individuals who have violated the immigration laws of the United States

The trust that members of the community enjoy with the City and the Police Department is of paramount importance. It is incumbent upon all members of this Department to make a personal commitment to equal enforcement of the law and equal service to the public regardless of alien status.

POLICY

The United States Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8, U.S. Code dealing with illegal entry, etc. When members of the Garden Grove Police Department are requested by the ICE to provide immediate assistance, or when suspected criminal violations are discovered as a result of any investigation, based upon probable cause, not originating from violations of Title 8. U.S. Code, §~ 1304, 1324, 1325, and 1326, members of the Garden Grove Police Department may assist in the enforcement of federal immigration laws.

IMMIGRATION COMPLAINT PROCEDURES

Persons wishing to report immigration violations should be referred to the United States Immigration and Customs Enforcement (ICE), 34 Civic Center Plaza, 9th floor, Santa Ana, CA (714) 972-4100. The Employer Sanction Unit of the ICE has primary jurisdiction for enforcement of Title 8, U.S. Code.

The fact that an individual is suspected of being an undocumented alien alone shall not be the basis for contact, detention, or arrest.

Members of the Garden Grove Police Department shall not independently conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, ethnicity, age, gender, socioeconomic status, or other group. While discretionary, the disposition of each contact should not be affected by such factors as race, ethnicity, sexual orientation, etc.

If the ICE or any other federal agency makes a specific request for assistance, members of the Garden Grove Police Department will provide available support during the federal operation. Members of the Department should not participate in such federal operations as part of any detention team unless it is in response to an immediate, yet temporary request for assistance or for officer safety. Any detention by a member of this Department should be based upon the reasonable belief that an individual is involved in criminal activity, other than those related to citizenship status.

ARREST AND IDENTIFICATION

Whenever any individual is reasonably suspected of a criminal violation (infraction, misdemeanor, or felony), the investigating officer should take the necessary steps to identify the person. This may include valid government issued identification or other reliable sources.

If an officer believes that an individual taken into custody for a felony is an undocumented alien, the arrestee should be booked into Orange County Jail without consideration for immigration status.

If an officer believes that an individual taken into custody for a misdemeanor is an undocumented alien, and that person would have otherwise been released on a written promise to appear, the person should be given a reasonable opportunity to verify their true identity (e.g., telephone calls, etc.). If the person's identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

If members of the Department arrest an individual who is unable to reasonably establish his or her true identity, the individual may be booked at the appropriate jail (refer to Vehicle Code § 40302a, and Penal Code § 853.6, if applicable).

If a person is detained pursuant to the authority of Vehicle Code § 40302a, for an infraction, that person may be detained for a reasonable period not to exceed two hours, for the purpose of establishing his or her true identity. Regardless of the status of that person's identity at the expiration of two hours, he or she shall be released on his/her signature with a written promise to appear in court for the Vehicle Code infraction involved.

NOTIFICATION OF IMMIGRATION AND NATURALIZATION SERVICE

If an officer detains an individual who meets the criteria, as defined in Section 1227, Title 8 U.S.C., Deportable Aliens, which includes prior convictions for crimes of moral turpitude, controlled substances, domestic violence, and violation of courts protection orders, the individual can be taken into custody for violation of this Federal statute if:

- a. The officer has obtained a copy of the individuals Criminal History Index indicating one of the listed offenses,
- b. The officer has obtained approval from the Watch Commander prior to the arrest,

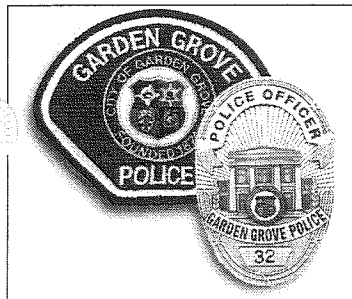

c. Written notification to the Chief of Police, via the chain of command, must be provided prior to the conclusion of the officer's duty shift.

The United States Customs and Border Protection (CBP) should be notified of the arrest by calling (619) 662-7321. The arrestee should be transported to the San Onofre Border Checkpoint and released to the custody of the United States Customs and Border Protection (CBP). The arresting officer shall indicate the disposition of the arrestee on the Arrest Face Page and in the arrest narrative.

This Department will not book undocumented aliens based solely on immigration status unless a warrant is confirmed through the ICE and they are willing to pick up the individual.

DETERMINATION OF IMMIGRANT STATUS

Determination of immigration status is primarily the jurisdiction of the United States Immigration and Customs Enforcement (ICE). Title 8, U.S. Code § 1304 (e), provides: "Every alien, eighteen years of age and over, shall at all times carry with him and have in his/her personal possession any certificate of alien registration or alien registration receipt card issued to him pursuant to subsection (d) of this section. Any alien who fails to comply with the provisions of this subsection shall be guilty of a misdemeanor and shall upon conviction for each offense be fined not to exceed \$100.00 or be imprisoned not more than thirty days, or both."

**General Order: 12.2
DIPLOMATIC IMMUNITY**

Effective: January 1, 1988
Last Revised:

PURPOSE

The purpose of this General Order is to establish a policy regarding incidents involving persons who have diplomatic immunity.

DIPLOMATIC OFFICERS DEFINED

Ambassadors and ministers are the highest ranking diplomatic representatives of a foreign government. Other diplomatic titles are Minister Counselor, First Secretary, Second Secretary, Third Secretary, and Attaché. These officials are usually located either in Washington, D.C., or in New York City.

Diplomatic officers should be accorded their respective privileges, rights, and immunities as directed by international law and federal statute. These officials should be treated with the courtesy and respect that befit their distinguished positions.

DIPLOMATIC IMMUNITY

The Vienna Convention on Diplomatic Relations, which contains the current law on the subject of diplomatic privileges and immunities, is incorporated in federal law by the Diplomatic Relations Act of 1978 (P.L. 95-393). The convention applies to members of the staff of a foreign diplomatic mission, which includes the administrative, technical, and service staffs of the embassies in the United States.

DIPLOMATIC AGENTS, and MEMBERS OF THEIR FAMILIES who are not nationals of the United States, HAVE FULL IMMUNITY FROM ARREST, DETENTION, OR PROSECUTION for any criminal offense unless such immunity is expressly waived by the sending state. The above individuals also enjoy immunity from civil process except in certain actions involving private activities outside their official functions.

The ADMINISTRATIVE and TECHNICAL STAFF of a foreign mission, and members of their families who are not nationals or permanent residents of the United States, have full immunity from arrest, detention or prosecution for any criminal offense. Such employees enjoy immunity from civil process only for those actions carried out in their official capacity. Family members of such employees are not immune from civil jurisdiction.

Members of the service staff of a foreign diplomatic mission, which includes DRIVERS, MESSENGERS, AND SECURITY GUARDS, enjoy IMMUNITY ONLY FOR ACTIONS CARRIED OUT

IN THE COURSE OF THEIR OFFICIAL DUTIES. Family members of such individuals have no immunity.

PRIVATE SERVANTS OF EMBASSY PERSONNEL HAVE NO IMMUNITY.

Associated with this personnel diplomatic immunity is the inviolability enjoyed by the premises of the mission of the sending state and their private residence.

Procedures for Handling a Diplomatic Official Involved, as a Suspect, in Any Crime Incident

REMEMBER, diplomatic officials are immune from arrest for any violation of law. However, diplomatic immunities vary depending on the status of the official. You shall advise the official to remain at the scene pending the arrival of a supervisor. The investigating officer(s) should use this time to conduct as much of the crime scene investigation as circumstances permit. The investigating officer(s) shall complete all related reports (i.e., crime, traffic, arrest) prior to the end of shift. The on duty Station Commander or Community Policing Division Sergeant shall forward a detailed memorandum of the incident to the office of the Chief of Police via the chain of command within 24 hours.

CONSULAR OFFICERS

Consular officers are Consul-Generals, Deputy Consul-Generals, Consuls, and Vice Consuls. They are official representatives of foreign governments. Consular officers are required to be treated with due respect, and all appropriate steps are to be taken to prevent any attack on their person, freedom, or dignity. They are entitled to limited immunities as described below.

Immunities Accorded to Consular Officers

Under prevailing international law and agreement (1961 Vienna Convention on Consular Relations), a foreign career consular officer is not liable to arrest or detention pending trial except in the case of a grave crime (felony offense that would endanger the public safety) and pursuant to a decision by the competent judicial authority. His immunity from criminal jurisdiction is limited to acts performed in the exercise of consular functions and is subject to court determination.

Procedures for Handling Grave Crime Incidents

The investigating officer shall request that a supervisor respond to the scene. The supervisor shall determine the official's immunity status and recommend a disposition prior to arrest. The officer shall complete all related reports prior to the end of shift. The Station Commander, or on duty Community Policing Division Sergeant, shall submit a detailed memorandum of the incident to the office of the Chief of Police, via the chain of command within 24 hours.

Misdemeanor Crime Incidents

Misdemeanor violations should be handled, when possible, through the seeking of a complaint. Obtain the necessary report(s) information from the official and then release him. A copy of all related reports shall be submitted to the office of the Chief of Police via the

Station Commander or on duty Community Policing Division Sergeant prior to the end of shift.

Consular Premises

CONSULAR PREMISES, used exclusively for the work of the consular post, CANNOT BE ENTERED WITHOUT EXPLICIT PERMISSION OF THE HEAD OF THE CONSULAR POST or his designee or by the head of the diplomatic mission. This permission may be assumed in the case of fire or other disaster requiring prompt protective action.

Consular Archives, Documents, Records and Correspondence

The consular archives and documents are inviolable at all times and wherever they may be. The official correspondence of the consular post, which means all correspondence relating to the consular post and its functions, is likewise inviolable.

Offenses Involving Family Members of a Consular Officer

Family members of a consular officer cannot claim immunity. However, consideration should be given to the special nature of this type case. Family members shall be accorded appropriate courtesy and respect.

A VIOLATION SHOULD BE HANDLED, WHEN POSSIBLE, THROUGH THE SEEKING OF A COMPLAINT. The individual should be released once positive identification is made and relationship with the consular official is verified. If the relative is a juvenile, circumstances permitting, the subject should be released to the parent consular officer.

HONORARY CONSULARS

These individuals are NOT IMMUNE FROM ARREST OR DETENTION; they are not entitled to personal immunity from the civil and criminal jurisdiction of the receiving state EXCEPT as to official acts performed in the exercise of their consular functions.

hi Heather Dequincy!

Good luck on the assessment 😊 We just had ours last month and we are hoping for the best when we travel to Baltimore in July for the results. I will be at the May 19th CALPAC meeting to give more feedback on our assessment.

As far as your inquiry: Our General Order 2.7 (attached) gives the following definitions.

Reasonable Belief: an objective belief determined by the facts and circumstances reasonably available to the officer at the time and viewed from the perspective of an ordinary reasonable peace officer in the same situation.

Serious physical injury: Grave harm or injury which causes or gives rise to the apprehension of danger to life, health, or limb.

Hope this helps!!

Hi Paul,

Our staff are up in arms about the definition of reasonable belief that we adopted into our policy during the assessment, related to CALEA Standard 1.3.2.

If possible, I'm hoping that you'll reach out to other CalPAC members for us regarding their definitions, casting a larger net, per se.

Thank you for your assistance!

**General Order: 2.7
USE OF FIREARMS/DEADLY FORCE**

Effective: August 1, 1972
Last Revised: July 1, 2012

PURPOSE

The purpose of this General Order is to establish department policy on the use of firearms/deadly force. The department considers firearms to be defensive weapons to be used only when it appears reasonably necessary to protect human life or to prevent serious bodily injury.

POLICY

All sworn employees authorized to carry firearms will complete an instruction and qualification program as specified in General Order 3.17 - Firearms Training and Qualification. The employees will also receive and be instructed in the policies and procedures established in this General Order as well as General Orders 2.6 - Use of Physical Force and 2.8 - Discharge of Deadly Force.

IT IS THE POLICY OF THE GARDEN GROVE POLICE DEPARTMENT THAT OFFICERS MAY USE DEADLY FORCE ONLY AFTER THE OFFICER REASONABLY BELIEVES THAT THE FORCE USED IS NECESSARY TO ACCOMPLISH LAWFUL OBJECTIVES:

1. IN DEFENSE OF HUMAN LIFE, INCLUDING THE OFFICER'S OWN;
2. IN DEFENSE OF ANY PERSON IN IMMINENT DANGER OF DEATH, OR THE IMMINENT THREAT OF SERIOUS PHYSICAL INJURY;
3. THE USE OF DEADLY FORCE AGAINST A SUSPECTED FLEEING FELON MAY ONLY BE USED IN DEFENSE OF HUMAN LIFE, INCLUDING THE OFFICER'S OWN; OR IN DEFENSE OF ANY PERSON IN IMMINENT DANGER OF DEATH OR THE IMMINENT THREAT OF SERIOUS PHYSICAL INJURY.

DEFINITIONS

1. "Fleeing Felon" - A suspect who is attempting to avoid apprehension, reasonably believed to have committed or attempted to commit a forcible violent act, may or may not be armed, and would pose a threat of death or serious physical injury to others. No fleeing felony suspect should be presumed to pose an imminent threat to life in the absence of actions, which would lead one to reasonably believe otherwise. The officer's reasonable belief must be based on the subject's actions, which previously demonstrated a threat to, or the wanton disregard for human life.

2. Reasonable Belief - an objective belief determined by the facts and circumstances reasonably available to the officer at the time and viewed from the perspective of an ordinary reasonable peace officer in the same situation.
3. Serious physical injury - Grave harm or injury which causes or gives rise to the apprehension of danger to life, health, or limb.

WARNING SHOTS

Officers should not discharge their weapons as a warning.

DISPOSAL OF ANIMALS

The use of firearms to kill an animal which is seriously injured, poses a real threat to the safety of humans, or to defend a police animal against an unanticipated or unexpected animal attack is approved WHEN NO OTHER DISPOSITION APPEARS REASONABLY AVAILABLE AND PRACTICAL. The safety of people must be given prime consideration. If practical, supervisory approval should be obtained prior to using firearms to kill an animal.

DISPLAY OF WEAPONS

Unnecessarily or prematurely drawing and displaying a firearm limits an officer's alternatives in controlling a situation, creates unnecessary anxiety on the part of citizens, and may result in an unwarranted or accidental discharge of the firearm. Officers should not draw or display a firearm unless the circumstances surrounding the incident create a reasonable belief that it may be necessary to use the firearm in conformance with this policy.

SURRENDERING OF WEAPONS

Officers should not surrender their firearms except as a last resort and only in the most extreme situations.

Hi Nate,

Thank you for turning in the majority of your PD issued equipment and for clearing out your locker earlier today. Your Department issued handgun was delivered to MRO Randy Tucker, who will conduct an annual inspection on it and then deliver it to P&E.

I will still need to collect the following PD items when you locate them:

PD Keys
PD Keri Access Card
PD Keri Access FOB
PD Identification Card

Please try to get me those items as soon as possible.

Again, thanks for your help today and I wish you the very best in Community Development.

I have good news! Spencer Tran's training book will be used for CALEA Standards proof for 2016, so I just wanted to let you know that.

It's very important that when the Supervisor/Trainer initials the training book, they cite the year 2016 also. That way we can show the training took place in 2016.

I will then merge the November A.C.T. rosters with these rosters and electronically send them to P.O.S.T. in December 2016, so that all participants get credit for meeting the 8-hour perishable skills A.C.T. mandate for the P.O.S.T. period of 2015-2016.

thanks for the good work...

Hi David,

Welcome back...

Thank you for taking the initiative to get you current in training. Here's my suggestions:

First Aid/CPR: Complete the Learning Portal First Aid/CPR class on line; then see Master Officer Kevin Dinh for the practical application. A deadline of Shift-Change July 2016 to complete all the First Aid online and CPR practical exam is quite fair. Make sure you get me the completed sign-off sheets from Master Officer Kevin Dinh.

Pursuit: Watch the Pursuit Training Videos located inside the yellow box on the Department's intranet and then see me to sign the State Pursuit Attestation Form. Make sure you sign-off General Order 5.2 on pursuits via PowerDMS. If it is not in your in-bin in PowerDMS, then that means you already signed it off.

A.C.T.: You just missed the first portion of the A.C.T. class; second portion will be in November 2016, so please definitely make that payback training. I will give Sergeant Amir ElFarra and Sergeant Lonzo Reyes a heads-up then so they can train you then on the A.C.T. concepts you just missed. Everything will work out fine with POST as long as you attend November 2016 payback training.

Sincerely,

Jim Colegrove

Ethics Memo.pdf	Content-Type: application/pdf Content-Encoding: base64
------------------------	---

CODE OF ETHICS

All sworn members of the department will abide by the Law Enforcement Code of Ethics that has been adopted by the law enforcement profession as a standard for an officer's professional and personal conduct. All City employees are required to abide by the City Code of Ethics, refer to Garden Grove Municipal Code: Title 2: Administration and Personnel. Ethics training will be conducted, at a minimum, biennially.

Law Enforcement Code of Ethics

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality, and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

The following memorandum by the Chief of Police is provided to each new employee.

MY EXPECTATIONS OF YOU IN THE AREAS OF COURAGE AND ETHICAL BEHAVIOR

Dear

Welcome to our Department and to the law enforcement profession. I join with you and with your loved ones in the pride of your selection, and in the excitement that you justifiably feel in the anticipation of a long and successful career in what absolutely has to be one of the most enjoyable and rewarding of professions. As someone who has survived a very long and difficult selection process, where the average ratio between those who are hired and rejected is 1 in 20, you have worked hard and diligently to be where you are today. The purpose of this letter is to hopefully ensure that you will not fail in my expectations by engaging in behavior that will cause you to lose all that you have worked so hard to attain - your job.

During the course of your probationary period, you will have the opportunity to work and associate with a variety of training officers and senior personnel. I have every confidence that you will find most, if not all, of these men and women to be fine law enforcement officers and fine human beings, and that you will both learn from them and enjoy the acquaintance. I take very seriously my responsibility to ensure that you experience the very best training and

2009- 04 Code of Ethics

mentorship possible, and will ensure that prompt remedial measures are taken should this ever not be the case. While I would hope that such will not occur, there is always a possibility that you could be confronted with a situation where you are either asked to condone and/or engage in inappropriate behavior. In the event that you are confronted with such a challenge, I want you to know exactly what I expect of you.

There are a number of reasons why you are that one person in twenty that I chose to hire, as opposed to the nineteen who ultimately did not make the cut. First, you met the basic qualifications in terms of education, health, fitness, and psychological suitability - those factors are all givens. What is more important is the confidence that I have in you based upon your demonstrated performance in interviews and all that you have done in the past as reflected in your background investigation. Quite simply, I believe you to be the best, brightest, most emotionally solid, and in summary a very special person. Otherwise, I would not have hired you. I expect a lot of you.

While you are new to the law enforcement profession, you are not new to the human race. While I do not expect you to be an instant stellar performer in those skills which require much training and experience such as investigations, report writing, and interview techniques, I do expect that your knowledge in terms of what is right and wrong is absolutely exemplary and is as good today as it will ever be. I am sure that it comes as no surprise that some of those other nineteen persons who failed to be hired were perceived as not strong in this critical area.

While all of your verbal skills in terms of articulation, public address, and interviewing techniques are most likely not completely refined, a critical factor in the decision to hire you was absolute and unequivocal confidence that you have both the inclination and courage to deal with any difficulties that may arise. This means speaking out or speaking up - whether in public, with suspects, or with co-workers! Should you ever be confronted with a situation where you are either asked or expected to condone inappropriate behavior, I expect that these verbal skills will be put to instant use.

What I have been leading up to is my absolute expectation that you will not engage in and/or condone inappropriate behavior, and that you will not tolerate such behavior on the part of any other employee, regardless of their rank or position. While your probationary status appropriately places you in a subordinate position for the purpose of learning and development, you are not expected to endure and/or tolerate misconduct and/or criminal activity. If you engage in and/or condone things that you know to be wrong, I want you to know that you will not receive special favorable consideration, because of your subordinate probationary status, regardless of the fact that you may have been influenced by a superior or training officer.

Please do not think that I expect you to object to and/or report every situation where you may disagree with the guidance of your superiors or training officers. To the contrary, as a new employee you are expected to listen, learn, and adapt to situations that may well be foreign to you based upon past experiences. Let there be no doubt that from time to time you will be called upon and be expected to do things and perform tasks that are difficult, unpleasant, and dangerous. These things are all part of our Department and of our profession.

I do expect you to prevent serious misconduct from occurring, and to report it immediately if it does occur! Period. Let me give you some examples of the type of behavior that I expect of you to prevent or report. If you see another employee steal something, report it to a supervisor immediately; you became a cop to put thieves in jail, not to condone their crimes. If you see another employee who has become emotionally agitated and potentially on the verge of using unnecessary force, pull them aside and do not let it happen, report it if it does. If your partner is

2009- 04 Code of Ethics

driving like an absolute fool, even in a pursuit, **immediately** correct his or her behavior; it will be little consolation at a hospital or funeral that you intended to later discuss the matter. If your partner is starting to exhibit inappropriate personal interest in another person (street person, individual involved in criminal behavior, explorer scout, etc.), stick your nose right into his or her business and tell he or she to clean up their act; if the inappropriate association does develop, report it. **Silence and anything short of complete candor and cooperation are not options in the event that misconduct occurs!**

You will note an overriding theme in my expectations, and that is that we are one another's keepers. More so than any other profession, we each play a role in governing the conduct and behavior of each other. Unlike a manufacturing company where there are safety devices on machines to keep problems from developing, we often serve as the safety devices for our colleagues. All of us, regardless of our position, have survived in this wonderful profession in part based upon the intervention of loyal co-workers who have intervened as our safety devices a time or two during our careers. An officer who has just had his nose broken by a combative suspect may need a partner to prevent unnecessary use of force; an officer and a parent who has just taken a child molestation suspect into custody may need a partner who has the special ability to calm a tense situation; an emotionally charged officer who is starting to become reckless in a high-speed pursuit may need a partner who has the courage and common sense to terminate that pursuit; and the young single officer who has temptation eyes for that seventeen year old explorer who looks twenty-one may need to be reminded that those thoughts are both stupid and prohibited. While I absolutely expect that you will report serious misconduct, I also expect that you will try hard to be that safety device for other personnel and keep that misconduct from occurring.

I know that these are sober thoughts. My guidance to you is not based on casual considerations, but rather based upon years of experience. I have seen far too many unfortunate instances where difficult problems have developed and festered, which otherwise could have been avoided had a new employee demonstrated the courage and ethical behavior that I expect of you. I trust that you will always conduct yourself in a manner that will validate the wisdom of my having selected you as opposed to the other nineteen unsuccessful candidates who wanted to wear the badge that is now on your chest.

FIELD TESTING

Based on the following issues field testing of BWC products should be put off until monies are guaranteed and in place for the procurement of a BWC program:

1. Technology is rapidly changing and a field test should occur within nine months at most of a planned deployment; otherwise, product tested may not be of the same technology when Department becomes ready to purchase. Vendor frustration may occur if we field test prematurely; only to field test again with newer technology once monies guaranteed.
2. A field test requires the ability to store vast amounts of data, either in some sort of cloud or hard disk storage at City Hall. IT may not be ready for vast amount of data storage at this time.
3. A premature field test could mislead the public into thinking that Department deployment of BWC's is imminent (which is certainly not the case); could cause unwarranted fears or skepticism over why BWC's are not permanently worn by officers when trial period over.

4. Discovery parameters and procedures for evidence captured by BWC's during test period.
5. The Department has no BWC policy (General Order) or written directive in place, which would guide officers who are field testing BWC's on deployment parameters.
6. No formal or informal 'meet-and-confer' notification with POA on the BWC testing program; notification to D.A.'s office about BWC testing program.

here's the scoop: David and Ralph, you guys need to make-up the modified 4-hour class on A.C.T.

George, hopefully you'll be cleared for duty soon, and if so, I need you to attend the class with David and Ralph.

Sergeant Reyes will be contacting all three of you in the near future to schedule a date for the class. He will find the location for the make-up class too. Be flexible when it comes to agreeing with dates and make this training a priority since this is P.O.S.T. mandated training that needs to be completed.

Kevin,

This is a bio of Ms. Carlson from Toronto:

Dr. Carlson is an assistant professor at the University of Toronto, but despite working north of the border she is an American and primarily studies American society. She has published a number of newspaper opinion pieces which attempt to speak across the divide between "pro" and "anti" gun camps. Among these are: "The Gun Debate Misses the Mark in Detroit" in the Detroit News and "The NRA's Hidden Power" in the Los Angeles Times.

Carlson's presentation last month was based on ideas she is developing in a forthcoming book called Citizen-Protectors: The Everyday Politics of Guns in an Age of Decline (Oxford University Press, 2015). The book draws on research conducted on gun carriers — both open and concealed — in and around Detroit, Michigan, hence the "age of decline." She argues that within the context of socioeconomic decline in general and personal decline experienced by men in particular, gun carriers reassert their relevance by identifying themselves as "citizen-protectors" (her term, not theirs).

In Carlson's analysis, the social identity of the citizen-protector: (1) "Redefines lethal shooting, under certain circumstances, as a morally upstanding response to violent threat and an affirmation of one's love for life," (2) "Draws on the duty to protect as a historically male-dominated social function," and (3) "Emphasizes protection as an esteemed form of masculinity."

Kevin, I believe we should remain neutral and decline such an interview request. Thanks, Jim

Dear Chief Elgin (c/o Ms. Kanegae),

I hope this email finds you well. My name is Jennifer Carlson, and I am a researcher at the University of Toronto. I am conducting a study called "Policing Guns." Even though police are on the front lines of enforcing gun laws, they are rarely included in public debates surrounding gun policy. This project aims to remedy that gap by interviewing police chiefs in California and Michigan about their attitudes and experiences with gun policy, gun violence and gun laws (including gun rights and gun control).

I am writing to see if you'd be interested in participating in an interview. The interviews last around 1 hour or less, and I will ask questions about your thoughts on gun policy, gun violence and gun laws in California. **The interviews are not recorded** (I just take notes), and **I do not use names or other personal identifiers**. I also provide a \$20 gift certificate to Starbucks as compensation for your time, and I'm happy to meet wherever is convenient for you - whether at your department or elsewhere.

I will be in Southern California until the end of May. I'd really love to talk to you, so please do not hesitate if you have any questions about the study. I am available via email or by phone at [312 391 1433](tel:3123911433), and happy to answer any and all questions.

I hope to hear from you!

Sincerely,
Jennifer

Hi Noel,

Should I be concerned about PowerDMS' decision to end support for IE9 and IE10? Will it affect PD? We use PowerDMS for our data management storage on General Orders, and more importantly, it houses nearly 2200 documents needed for CALEA.

This is an announcement to all organizations using Internet Explorer (IE) versions 9 and 10 to access PowerDMS. Please be informed that as of June 1, 2016, we will discontinue support for these browser versions.

Why is PowerDMS ending support for IE9 and IE10?
Beginning January 12, 2016, Microsoft stopped supporting IE9 and IE10. Read more about Microsoft's announcement here . Only the most current version of Internet Explorer available for a supported operating system will receive technical support and security updates from Microsoft.

Two dangers of remaining on an unsupported version of Internet Explorer:

- * Security: Without critical browser security updates, your PC may become vulnerable to harmful viruses, spyware, and other malicious software which can steal or damage your business data and information.
- * Compliance: Organizations that are governed by regulatory obligations such as HIPAA might not be able to satisfy compliance requirements using an unsupported software.

How will this affect your PowerDMS experience?
Beginning June 1, 2016, some features accessed in PowerDMS using IE9 and IE10 may no longer work as they were designed. Bugs or performance issues that present themselves in IE9 and IE10 will not be researched or fixed by PowerDMS.

What should I do?
For guidance on upgrading your Internet Explorer, please encourage your IT support to access Microsoft's next steps here . If upgrading Internet Explorer is not an immediate option for your organization, we also support Google Chrome and Mozilla Firefox.

Don't hesitate to email our Service Desk at support@powerdms.com or

call 888.959.5158 with any questions that you might have.

- In cooperation with Public Works, commence construction on the remodel of the police department's records division and front lobby area.
- Initiate design plans for the remodel and reconstruction of the police department's communications center.
- Purchase and implement use of field reporting writing computer tablets for patrol officers and CSO field report writers, which is part of the second phase of Spillman CAD software installation.
- Incrementally increase the number of authorized police officer positions in order to increase the 'police officer to city population' ratio, which will allow for the police department to better provide a sense of safety and security to all residents and visitors of Garden Grove. Presently, the department has one police officer position for every 1,173 residents (161/189,000); goal is to increase this ratio so that the city there is one police officer position to every 1,000 residents (189/189,000).

Hi Val,

I received your phone message yesterday regarding our Rifle course being out of compliance with P.O.S.T. and State Law, and it was nice talking to you about it this morning. I understand that you made several notifications to the Garden Grove Police Department in late 2014 and into 2015 about the need for the GGPD's rifle course to be modified/updated to bring it within compliance with both P.O.S.T. and State law.

Please send me any and all information about the changes needed to bring our patrol rifle course into compliance. I will then notify the Department's chain-of-command about the matter.

Thank you very much,

Sincerely,

Lonzo,

ACT is an 8-hour class; and you just did 4-hours, so there is another 4-hours to do later this year. Wasn't that the plan all along?

Hey Lonzo,

PSD wants to do the second half of A.C.T. (4-hours) during the payback cycle of November 19 to December 16, 2016. A.C.T. has traditionally been in this payback period.

SUN DEC 04: Shift #4 and RESERVES
MON DEC 05: Shift #2 and BEATS
TUE DEC 06: Shift #1 and #3C
WED DEC 07: Shift #5 and #3I
THU DEC 08: Shift #6 and CAP
FRI DEC 09: SIU, NTU, CCAT, GSU

The other 6 hours of training will be filled with Tactical Communications, Mental Health Training, and TBD.

Can you locate a venue for the A.C.T. training? Sta. 47 place sounds good since they have video too.

FYI only and I do not know your philosophy on this; however, we about to kick loose 4 officers to the field and yet two of them have not even opened up PowerDMS to signoff General Orders. I'll leave any action on this matter to you, if any.

Also, I have sent out previous emails, like the one below and also told each one of them of the importance of reviewing at least the General Orders during orientation. It has fallen on deaf ears.

It still works, rebecca changed the screen resolution and coloring around three weeks ago, which made it a lot easier to read.. You should have Terry load VNC viewer on your desktop for back-up access.. The data moves slower since it is a remote, but its nice accessing from upstairs rather than cold room. I think rebecca should have remote VNC software loaded too.. Just in case that circa 2003 terminal takes a dump.

Subject: Garden Grove PD -- Service Request

Hello Comlock Security:

Keri Access Controller, which is located inside Garden Grove PD's Special Services Building (Eight Street and Stanford Avenue) is not responding to any upload or download requests; it controls the buildings front door and one interior door. Those key pads are still working fine, but system at main PD building cannot communicate with to make changes or download access data.

Please schedule a service call and please call me so that I know you received this email.

 Sincerely,

Jim Colegrove, Sergeant

Dear Jeremy,

Please move to locker

This is ' old locker and it sat unused for nearly three years, so it is very very dusty/dirty inside. You will probably want to get some sort of cleaner and dust rag to it prior to moving your things into it.

Can you please let me know when you are completed with the move?

Thanks,
