To: bao@baonguyen.us

Dear Bao,

No one has asked me to send this to you. This is from me, Nick Dibs, because I care.

After winning the close election for GG Mayor (defeating Broadwater) by about 15 votes, you have helped our City and local communities.

You may not want to hear this, but my sincere and honest assessment is that Lou Correa will win the Nov. 8th election. As such and with the filing deadline being this Friday, I encourage you to drop-out of the Congressional race and instead run for re-election for Mayor of GG in order to continue the good work you are trying to do.

Should you do so, in my opinion it is quite possible and likely that Lou Correa and many others -- including me -- will endorse you to continue serving the people of Garden Grove as their positive-change Mayor!

Please feel free to call me anytime regarding the above.

Sincerely and respectfully,

Nicholas (Nick) Dibs

Hi, Maria,

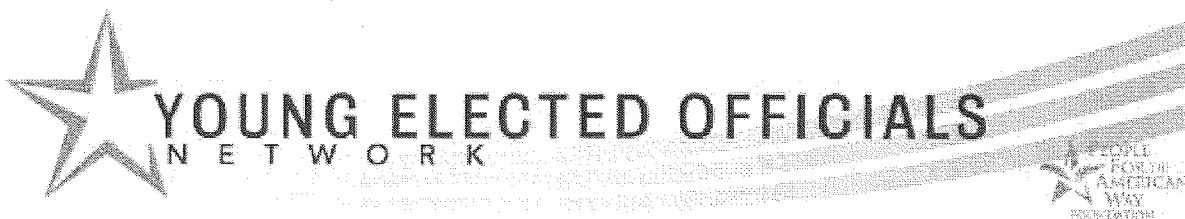

I just signed on to the letter at the link in the forwarded email below. I'd like to ask each of our council members to sign on as well. Would you please make the request for me and provide them with the said link?

Additionally, I've cc'd Taif Jany at PFAW, to provide us with language for a similar resolution I'd like to bring forward at a future council meeting.

Thank you,

Dear Bao,

In 2006, I fled Iraq, my home country, because of religious persecution. I sought refuge in Syria for two years before I immigrated to the United States to go to Union College in Upstate New York. Since I was a little boy, I always dreamed of living in America, a place where I believed I could be accepted and protected regardless of my ethnicity and religious background. Since then, I have graduated from college, found a job I am passionate about, and recently I became a permanent resident. I finally have a place I can call home again.

However, I am worried that the 2016 electoral season has spurred a new and dangerous wave of hatred and bigotry against Muslims, immigrants, and other communities of

color. Since the Paris attacks, hate crimes against Muslims in the US have tripled. Innocent people are being harassed for wearing ethnic or religious attire; Muslim - or perceived to be Muslim - children are bullied at school; Mosques are firebombed; and community members are being attacked.

This is the same religious persecution that forced me to flee my home and shattered my family. That is why we need progressive leaders like you to stand together to denounce and eradicate hate.

I am writing you today to ask you to **sign this letter and pledge to reject anti-Muslim bigotry and other forms of hate.**

I appreciate your support in advance and please feel free to contact me if you have any questions.

Sincerely,

Taif

To: Lisa Kim <lisak@ci.garden-grove.ca.us>, Omar Sandoval <omars@ci.garden-grove.ca.us>

Mayor and Councilmembers:

FYI. Lisa Kim with Cathay Bank called me this afternoon to let me know that the bank has sold their interest (the bank note) in the Galleria project to AMG Associates. I have confirmed this with Alexis Gevorgian, with AMG Associates, who said that the transaction occurred yesterday. AMG now considers themselves to be the tenants of the property, and they expect to be meeting with the Hogue Foundation representatives soon. AMG's plans involve a mixed-use development involving retail and senior housing. Lisa Kim (from the City) and I will be trying to secure development plans from AMG to share with you. AMG has also told me that they have been in discussions with our Acacia Adult Day Care Center about partnerships with them. AMG is a nonprofit residential development company hdqtr'd out of Encino and LA. We will be bringing you more information as it becomes available. Councilmembers are being blind-copied to avoid Brown Act violations.

Omar:

Please feel free to add any info about the court hearing that occurred between the parties a couple of weeks ago.

Thanks all.

National Health Center Week, 2016

A Proclamation

Whereas: For over 50 years, Community Health Centers have provided high-quality, affordable health care in our nation's underserved communities, demonstrating that locally governed healthcare can improve lives while lowering costs.

Whereas: What began as a small demonstration project in two states has grown into the country's largest primary care network, with Health Centers now serving as the health care home for over 24 million Americans through more than 9,000 delivery sites across the nation. One in every fourteen people living in the United States looks to a community health center for their care.

Whereas: Health Centers provide high quality, cost effective, and accessible primary and preventive care, including integrated medical, oral, vision, behavioral health, and pharmacy services, to all individuals regardless of insurance status or ability to pay.

Whereas: Health Centers are located in medically underserved areas and locally controlled by patient-majority boards, ensuring that each Health Center always remains responsive to the needs of the specific community it serves.

Whereas: Health Centers are locally owned and operated small businesses that serve as critical economic engines, helping to power local economies by generating billions of dollars in combined economic impact and creating jobs in some of the country's most economically deprived communities.

Whereas: Health Centers nationally employ nearly 170,000 people, including more than 11,200 physicians and more than 9,000 nurse practitioners, physician assistants, and certified nurse midwives who work as part of a multi-disciplinary clinical teams designed to treat the whole patient.

Whereas: The Health Center model continues to prove an effective means of reducing healthcare disparities and overcoming barriers to healthcare access, including geography, income and insurance status, and in doing so, improves health care outcomes and reduces health care system costs.

Whereas: Health Centers save the entire health system approximately \$24 billion annually by managing chronic conditions and keeping patients out of costlier health care settings, like hospital emergency rooms.

Whereas: Health Centers have worked tirelessly to grow the nation's primary care infrastructure to meet the pressing need for access to care, yet the Centers for Disease Control and Prevention (CDC) reports that 17.3% of Americans (or more than 55 million people) still did not have a regular place to go for healthcare in 2014.

Whereas: The demand for Health Centers continues to outpace growth, and expansion of health centers' capacity and reach will be essential to meet the needs of these new patients, as existing Health Centers are already at capacity and many communities lack any primary care services at all.

Whereas: National Health Center Week offers the opportunity to recognize America's Health Centers, their dedicated staff, board members, and all those responsible for their continued success and growth since the first health centers opened their doors more than 50 years ago. During this National Health Center Week, we celebrate the legacy of America's Health Centers and their vital role in shaping the future of America's health care system.

NOW, THEREFORE, I, xxxx, xxxx, do hereby proclaim August 7-13, 2016, as National Health Center Week. I encourage every xxxx to visit their local Health Center and celebrate the important partnership between America's Health Centers and the communities they serve.

Hello, Daniela,

It was so nice to see and learn more about AltaMed in Garden Grove. Thank you for the nice tour and information on your services to the community. I forgot to ask where all the AltaMeds are in Santa Ana, Anaheim and Orange. And I had the certificate for you for National Health Center Week. I'll have to drop it off another time with the proclamation!

Thank you,

Good Morning Mayor Bao,

Thank you for joining us on Monday for the Clinic Tour and giving us the opportunity to highlight the services we are providing to many of your constituents (I attached a sample proclamation for National Health Center Week). It was great to speak to you and we truly appreciate all the great work you are doing for the Garden Grove community and Orange County.

I will be sending you the HIV data, as well as, the MFT bill information next week. I am looking forward to continuing to work together and continuing to empower the Garden Grove community.

Sincerely,

Daniela Tena-Perez | Policy Analyst, Government Relations

National Health Center Week, 2016

A Proclamation

Whereas: For over 50 years, Community Health Centers have provided high-quality, affordable health care in our nation's underserved communities, demonstrating that locally governed healthcare can improve lives while lowering costs.

Whereas: What began as a small demonstration project in two states has grown into the country's largest primary care network, with Health Centers now serving as the health care home for over 24 million Americans through more than 9,000 delivery sites across the nation. One in every fourteen people living in the United States looks to a community health center for their care.

Whereas: Health Centers provide high quality, cost effective, and accessible primary and preventive care, including integrated medical, oral, vision, behavioral health, and pharmacy services, to all individuals regardless of insurance status or ability to pay.

Whereas: Health Centers are located in medically underserved areas and locally controlled by patient-majority boards, ensuring that each Health Center always remains responsive to the needs of the specific community it serves.

Whereas: Health Centers are locally owned and operated small businesses that serve as critical economic engines, helping to power local economies by generating billions of dollars in combined economic impact and creating jobs in some of the country's most economically deprived communities.

Whereas: Health Centers nationally employ nearly 170,000 people, including more than 11,200 physicians and more than 9,000 nurse practitioners, physician assistants, and certified nurse midwives who work as part of a multi-disciplinary clinical teams designed to treat the whole patient.

Whereas: The Health Center model continues to prove an effective means of reducing healthcare disparities and overcoming barriers to healthcare access, including geography, income and insurance status, and in doing so, improves health care outcomes and reduces health care system costs.

Whereas: Health Centers save the entire health system approximately \$24 billion annually by managing chronic conditions and keeping patients out of costlier health care settings, like hospital emergency rooms.

Whereas: Health Centers have worked tirelessly to grow the nation's primary care infrastructure to meet the pressing need for access to care, yet the Centers for Disease Control and Prevention (CDC) reports that 17.3% of Americans (or more than 55 million people) still did not have a regular place to go for healthcare in 2014.

Whereas: The demand for Health Centers continues to outpace growth, and expansion of health centers' capacity and reach will be essential to meet the needs of these new patients, as existing Health Centers are already at capacity and many communities lack any primary care services at all.

Whereas: National Health Center Week offers the opportunity to recognize America's Health Centers, their dedicated staff, board members, and all those responsible for their continued success and growth since the first health centers opened their doors more than 50 years ago. During this National Health Center Week, we celebrate the legacy of America's Health Centers and their vital role in shaping the future of America's health care system.

NOW, THEREFORE, I, xxxx, xxxx, do hereby proclaim August 7-13, 2016, as National Health Center Week. I encourage every xxxx to visit their local Health Center and celebrate the important partnership between America's Health Centers and the communities they serve.

Hi, Kim,

Can the city do the "American Soapbox" for the kids? We should already have some kids involved with Mikva Challenge. I'm cc'ing Adam Wemmer from Pacifica High for input.

Thank you,

Teachers, are you looking to...

- Get students informed about and engaged in the election in fun and creative ways?
- Bring youth voices, issues and energy to the forefront of an exciting election season?
- Encourage connections and civil discourse among youth from different communities across the nation?

Check out these 3 exciting Mikva opportunities:

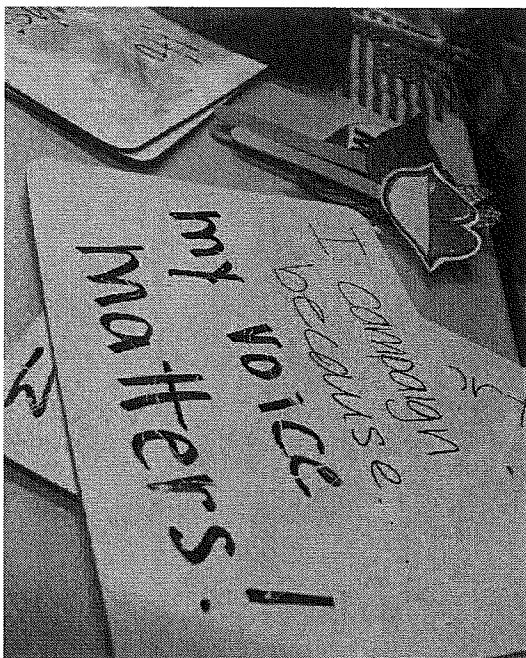

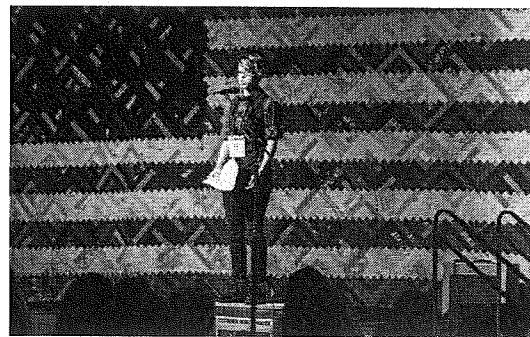

1. The Great Electoral Race

This fall, Mikva invites students from across the nation (grades 6-12) to participate in this interactive digital competition that asks youth to work in teams to earn points and win prizes by using their favorite social media platforms to complete any of 51+ electoral Challenges. Click [HERE](#) to learn more and find resources to make the Great Electoral Race an integral part of your fall curriculum!

2. American Soapbox

What is the most pressing issue facing young people today, why is it important, and what should be done to address it? This fall the [American Soapbox Initiative](#) will give 50,000 youth from across the country the opportunity to get up on their soapbox and tell the next president their answer to those questions. 15 youth speakers will win a trip to the Inauguration in January. Click [HERE](#) to learn how to participate.

3. 2016 Elections in Action Curriculum

The free curriculum that over 700 teachers downloaded in 2012 is back - now updated to include lessons that help students dig into how elections work, explore their own values and ideologies, evaluate the candidates AND get involved in electoral politics through a variety of scaffolded actions. Whether you're covering the presidential campaigns or plan to focus on local races, this curriculum has something for you.

Bao,

I know that Ana was going to share the Mikva Challenge with the PIO from the District and I don't believe we've heard back from them yet. Honestly, I don't think that we can pull either of these two challenges together in the amount of time available and when you read the description of the contests, they really are geared toward a School District, rather than a City. They do mention city-wide events, but I believe they're referring to an entire District holding a "city-wide" event. Additionally, since school doesn't begin until September, coordinating a District-wide contest, judging and selection by the end of October seems nearly impossible. It appears that they do this every year, perhaps it is something we could discuss with the School District and work toward next year.

While I love the concept, I just don't think there's time to put this together successfully. Call or e-mail me if you have any questions.

Memorandum

DATE: August 11, 2016
TO: Member Agencies – MWDOC Divisions Two & Three
FROM: Larry Dick, Director – Division Two
Wayne S. Osborne, Director – Division Three
SUBJECT: Monthly Water Usage Data, Tier 2 Projection & Water Supply Information

The attached figures show the recent trend of water consumption in Orange County (OC), an estimate of Tier 2 volume for MWDOC, and selected water supply information.

- Fig. 1 OC Water Usage, Monthly by Supply OCWD Groundwater water was the main supply in June.
- Fig. 2 OC Water Usage, Monthly, Comparison to Previous Years Water usage in June 2016 was low compared to the last 5 years with the exception of June 2015. Lower usage is primarily due to strong conservation efforts and mandatory restrictions set by the Governor for the period of June 2015 to May 2016. In June 2016 all water conservation became voluntary for MWDOC agencies.
- Fig. 3 Historical OC Water Consumption OC water consumption is projected to be 494,000 AF in FY 2015-16 (*this includes ~15 TAF of agricultural usage and non-retail water agency usage*). This is about 71,000 AF less than FY 2014-15 and is about 121,000 AF less than FY 2013-14. Water usage per person is projected to be was the lowest it has been for Orange County at 140 gallons per day (This includes recycled water). Although OC population has increased 20% over the past two decades, water usage has not increased, on average. A long-term decrease in per-capita water usage is attributed mostly to Water Use Efficiency (water conservation) efforts.
- Fig. 4 MWDOC "Firm" Water Purchases, 2016 "Firm" water above the Tier 1 limit will be charged at the higher Tier 2 rate. Our current projection of Tier 2 purchases is zero in 2016.

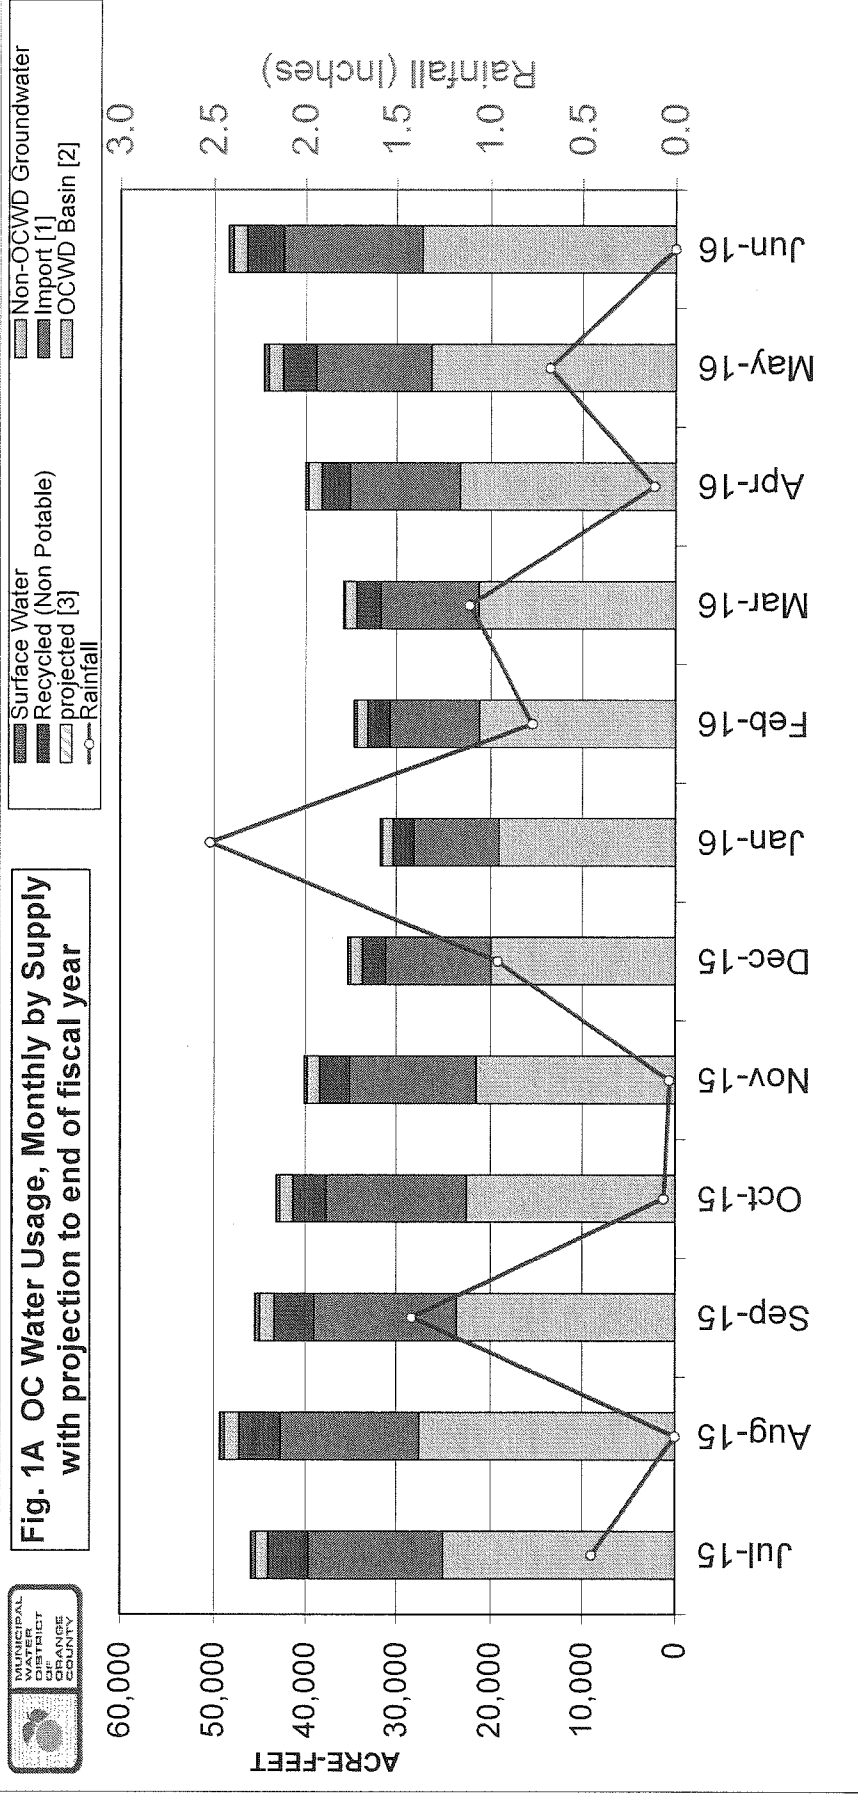

Water Supply Information Includes data on: Rainfall in OC; the OCWD Basin overdraft; Northern California and Colorado River Basin hydrologic data; the State Water Project (SWP) Allocation, and regional storage volumes. The data has implications for the

magnitude of supplies from the three watersheds that are the principal sources of water for OC. Note that a hydrologic year is Oct. 1st through Sept. 30th.

- Orange County's accumulated rainfall through July was well below average for this period. This continues the impact of the previous four hydrologic years' below-normal rainfall in reducing those local supplies that are derived from local runoff. El Nino conditions have diminished and NOAA is predicted a moderate chance of La Nina for next winter (La Nina is generally associated with cool dry winters in Southern California).
- Northern California accumulated precipitation in July was around 119% of normal for this period. The Northern California snowpack is 97% of normal as of April 1st. This follows three below-average hydrologic years. The State of California has been in a declared Drought Emergency since January 2014. The State Water Project Contractors Table A Allocation is at 60% as of the end of June.
- Colorado River Basin accumulated precipitation in July was 96% average for this period. The Upper Colorado Basin snowpack was 85% of normal as of April 15th. This follows two below-average hydrologic years, the Colorado River Basin is in the recovery of a long term drought. Lake Mead and Lake Powell combined have about 60% of their average storage volume for this time of year. If Lake Mead's level falls below a "trigger" limit 1,075 ft. at the end of a calendar year, then a shortage will be declared by the US Bureau of Reclamation (USBR), impacting Colorado River water deliveries for the Lower Basin states. As of late June Lake Mead levels were slightly below the "trigger" limit but fortunately levels are expecting to increase due to water releases schedule at Lake Powell. The USBR predicts that the "trigger" level will not be hit by the end of 2016.

 [3] MWDOC's estimate of monthly demand is based on the projected FY 15-16 "Retail" water demand and historical monthly demand patterns.
 [4] Total water usage includes IRWD groundwater agricultural use and usage by non-retail water agencies.

 Monthly Actual and Projected to CY Total

Notes

- "Firm" includes Full Service (both Treated and Untreated) and Barrier water.
- Basin Pumping Percentage (BPP) is the percentage of a retail water agency's total water demand that they are limited to pump from the OCWD-managed groundwater basin. BPP pertains to Basin agencies only. For example, if a Basin agency's total demand is 10,000 AF/yr and OCWD sets the BPP at 72%, then the agency is limited to 7,200 AF of groundwater that year. There may be certain exceptions and/or adjustments to that simple calculation. OCWD sets the BPP for the Basin agencies, usually as of July 1st.

All,

This is a heads up. During the last month we have experienced a significant increase in coyote activities on the west side of the City. The coyotes have become very aggressive and we have reports of several missing pets, coyotes attempting to get through screen doors to get at pets and we had a resident who was walking a couple dogs in Eastgate Park attacked by coyotes. I have renewed our contract with Animal Pest Management Services and they will begin trapping on the west side this coming Monday. APM is very familiar with our City and the hunting patterns of the coyotes, they will place traps in locations that would only be accessed by "aggressive" animals. Once the initial trapping is done, they will determine the effectiveness of the trapping and make further recommendations if needed. The service will not be discharging any firearms at this time.

I am available for any questions or comments and I will provide updates on the activities and findings,

Thank you for your time,
William Murray

REMARKS FOR MAYOR BAO NGUYEN
ORANGE COUNTY DACA COLLABORATIVE
MONDAY, AUGUST 15, 2016; 10:00 A.M.
11222 ACACIA PARKWAY

- Good morning, everyone.
- It's a pleasure to be here today in support of the new Orange County collaboration between social service agencies, and community-based and legal-service organizations, to provide immigration services to undocumented youth in the community.
- As an individual who strongly believes in education and the investment in our youth, I'm proud to be a part of this new movement.
- There has been a need for a collaboration like this in Orange County for quite some time.
- In Orange County alone, there is an estimated 250,000 undocumented immigrants living here.
- And as one of the County's most vibrant and diverse cities, home to Little Saigon, the Korean District, and with a heavy representation of the Hispanic and Arabic communities, Garden Grove is part of that number.

-more-

- Despite the growing number of undocumented immigrants, there is little provision of services offered... until now.
- If you look around you, you'll notice the different organizations gathered here to form one collaboration to offer education and services to youth.
- It is important that more civic officials and organizations align themselves with the OC DACA collaborative to offer assistance and services to hard working immigrants.
- Collaborating with the community by developing partnerships like this, to formulate options and provide recommendations to those underserved will only make the individuals that make up our community stronger and more inclined to take a visible role in society.
- The promotion and momentum gained from this collaboration will only enhance the quality-of-life for the community and create a fair and empowering system for youth immigrants.

-more-

- 
- It's exciting to see this collaboration open new doors for undocumented youths and continue to shape our community's future for the better.
 - I'd like to thank everyone for attending today.
 - Together, we have the ability, the spirit, and the commitment to make the OC DACA Collaborative a successful endeavor!
 - Thank you.

Mayor and Councilmembers:

Attached is a letter that Kim Huy received today from APEO, who proposes a Tet Festival February 4-5, 2017, in Garden Grove Park. I will be discussing this further with Kim and Chief Elgin early next week. I wanted to share this with you as soon as we received the proposal. Feel free to contact me or Kim to discuss any thoughts you might have, as we likely will be asked to bring a report to you for consideration at the September 13 council meeting. City Council is being blind-copied to avoid Brown Act violations. Regards,

Subject: Proposal for 2017 Tet Festival

Scott:

Attached is a letter that we received today from "A Plus Education Organization (APEO)," proposing a 2017 Tet Festival at Garden Grove Park, Saturday and Sunday, February 4-5, 2017, (11am-10pm). The organizer has hosted the Los Angeles Tet Festival at Whittier Narrows Park in El Monte for the last fourteen (14) years, so they do have quite a bit of experience organizing festivals.

The 2017 Lunar New Year actually takes place Saturday, January 28, and it is our understanding that the Tet Parade in Westminster and UVSA's Festival are being held during that time, January 27-29, we are still confirming the date of the Parade. APEO does not want to compete with UVSA's festival and is proposing their festival one week after UVSA's.

One major concern that we have is parking; Bolsa Grande High School is under renovation, parking on the campus will not be permitted during the Festival. The proposal recognizes this fact and is proposing three (3) shuttle bus locations to provide transportation for people attending the Festival.

APEO would like to move ahead quickly to give them more time to prepare for the Festival. Staff is working with Finance/Business License to verify that their non-profit status is in good standing.

Please let me know if you have any questions and how you'd like to proceed.

A PLUS EDUCATION ORGANIZATION

To Whom It May Concern:

Hello, I am writing this letter to request permission to host "Hoi Cho Tet 2017" at the Garden Grove Park for two days (Feb 04 & 05, 2017) from 11am to 10pm on both days. The celebration is for the Vietnamese Lunar New Year and will include many festivities such as:

- 1.) Carnival Rides
- 2.) A "ao dai" beauty pageant contest for adults, teens, and children.
- 3.) A center stage that includes music, lights, and sound for performers.
- 4.) Talent shows
- 5.) Gaming booths
- 6.) Food booths
- 7.) Display booths

We have over 14 years of experience hosting such community events in the Los Angeles area and have been a non-profit organization focused on enhancing community growth. Our event has been at the Whittier Narrows Park in El Monte and has been a success each year with the community. This event is to celebrate the Vietnamese Lunar New Year and provides members of the community to reconnect with the Vietnamese culture and also for others to experience our traditions.

We understand that there will not be any parking at Bolsa Grande High School. Therefore, have plans to arrange three (3) shuttle bus locations to provide transportation for guests and to also minimize traffic flow in and out of Garden Grove Park. Furthermore, to provide guests with the upmost safety, there will be no alcoholic beverages sold, and a full-time security team will be available should any issues arise.

If we're afforded the opportunity to host this event next year, we will ensure that city grounds, staff members, and community will be cared for with the highest respect and safety precautions. Again, thank you for your consideration and we look forward to working with you soon.

Chairman

REMARKS FOR MAYOR BAO NGUYEN
ORANGE COUNTY DACA COLLABORATIVE
MONDAY, AUGUST 15, 2016; 10:00 A.M.
11222 ACACIA PARKWAY

- Good morning, everyone.
- It's a pleasure to be here today in support of the new Orange County collaboration between social service agencies, and community-based and legal-service organizations, to provide immigration services to undocumented youth in the community.
- As an individual who strongly believes in education and the investment in our youth, I'm proud to be a part of this new movement.
- There has been a need for a collaboration like this in Orange County for quite some time.
- In Orange County alone, there is an estimated 250,000 undocumented immigrants living here.
- And as one of the County's most vibrant and diverse cities, home to Little Saigon, the Korean District, and with a heavy representation of the Hispanic and Arabic communities, Garden Grove is part of that number.

-more-

- Despite the growing number of undocumented immigrants, there is little provision of services offered... until now.
- If you look around you, you'll notice the different organizations gathered here to form one collaboration to offer education and services to youth.
- It is important that more civic officials and organizations align themselves with the OC DACA collaborative to offer assistance and services to hard working immigrants.
- Collaborating with the community by developing partnerships like this, to formulate options and provide recommendations to those underserved will only make the individuals that make up our community stronger and more inclined to take a visible role in society.
- The promotion and momentum gained from this collaboration will only enhance the quality-of-life for the community and create a fair and empowering system for youth immigrants.

-more-

- 
- It's exciting to see this collaboration open new doors for undocumented youths and continue to shape our community's future for the better.
 - I'd like to thank everyone for attending today.
 - Together, we have the ability, the spirit, and the commitment to make the OC DACA Collaborative a successful endeavor!
 - Thank you.

Subject: Request for action - Marijuana grower and seller.

From: Erika Duncan <erikaduncan6@gmail.com>

To: baon@ci.garden-grove.ca.us

Hello Mr. Nguyen,

I am emailing you as a last resort and quite honestly don't expect any action but hope for some solutions from you.

I have lived in Garden Grove for over 20 years. My parents live next to a house that grows and sells marijuana (10382 Morningside Drive Garden Grove). The neighbors have been growing and selling since the early 1990s when they moved in. My father has called the police and over the years it has been the same pass the buck response and he has even gone to the police station and ultimately the problem has gotten worse. The smell of skunk throughout the day and even at night. Every time the police shows up they turn the lights off and suddenly the smell goes away. There are teenage kids coming and going in and out of the house. Just this week there were three teenagers sitting on the street in front of the house and in one hour there were three different cars stop and go in and leave. Lastly, last week my parent's house is behind a ditch and the city trucks were driving behind the house and stopped and took a picture of all the plants he could see in their backyard.

Things have gotten out of control there are people that even park in front of my parent's house and the smell is so bad at night that the smell gets into our house and especially on hot nights my father says that his house now smells. He called the police last week at almost 1 AM and the police said that they couldn't do anything. I saw his frustration first hand when I was visiting them with my two small kids sleeping with the smell all through out the house.

My mom and dad are getting older and I feel scared what will happen when I am not around. My mother tells me that she is scared that maybe her house could be in jeopardy because they might be doing more than just marijuana and if their house explodes it could burn her house or worse her in it. No one should be this scared of their neighbor and living in their home.

In frustration, I am writing you this letter in hopes for you to do something for my parents and I can only imagine for many more homeowners that have to live next to marijuana growers and sellers. I remember this being a nice neighborhood and have nice fond memories but something needs to be done to make Garden Grove neighborhoods for homeowners safe again instead of only having to move to another city as the only option.

Sincerely,

Erika Duncan

The neighbors have been growing and selling since the early 1990s when they moved in. My father has called the police and over the years it has been the same pass the buck response and he has even gone to

the police station and ultimately the problem has gotten worse. The smell of skunk throughout the day and even at night. Every time the police shows up they turn the lights off and suddenly the smell goes away. There are teenage kids coming and going in and out of the house. Just this week there were three teenagers sitting on the street in front of the house and in one hour there were three different cars stop and go in and leave. Lastly, last week my parent's house is behind a ditch and the city trucks were driving behind the house and stopped and took a picture of all the plants he could see in their backyard.

> Things have gotten out of control there are people that even park in front of my parent's house and the smell is so bad at night that the smell gets into our house and especially on hot nights my father says that his house now smells. He called the police last week at almost 1 AM and the police said that they couldn't do anything. I saw his frustration first hand when I was visiting them with my two small kids sleeping with the smell all through out the house.

>

> My mom and dad are getting older and I feel scared what will happen when I am not around. My mother tells me that she is scared that maybe her house could be in jeopardy because they might be doing more than just marijuana and if their house explodes it could burn her house or worse her in it. No one should be this scared of their neighbor and living in their home.

>

> In frustration, I am writing you this letter in hopes for you to do something for my parents and I can only imagine for many more homeowners that have to live next to marijuana growers and sellers. I remember this being a nice neighborhood and have nice fond memories but something needs to be done to make Garden Grove neighborhoods for homeowners safe again instead of only having to move to another city as the only option.

Interested in attending and present the plaques?

Hope this email finds you well. On behalf of Boy Scout Troop 980 and Venturing Crew 980, (Lac Viet Multi-Unit Vietnamese Scouting Organization), we'd like to invite the Mayor and City Council Members of Garden Grove to attend our Eagle Scout Court of Honor on Saturday, August 20th at 10 AM in Westminster. We'd also like to request certificates of recognition for the scouts from the city. Please let me know if you have any questions and if the Mayor and Council are able to join us, we'd like to invite them to give a few brief remarks to the scouts and families in attendance.

Most of the scouts live and attend school in Garden Grove, the others' parents work in Garden Grove, and one of them is currently tutoring at Bolsa Grande High School.

I can be reached at [626-678-7033](tel:626-678-7033) if you have any questions.

Thanks for your help.
