Mayor,

per Maria, are you interested in supporting this in an individual capacity, as it doesn't fit with our legislative platform? If so, I can complete it for you. Thanks.

Subject: Request from: Medi-Cal Funding and Accountability Act

Hi Pam,

Good speaking with you earlier. As shared, I'm writing you today asking that Garden Grove Mayor Bao Nguyen consider endorsing the Medi-Cal Funding and Accountability Act, which has already qualified for the November 2016 California ballot.

Following is a brief capsule on the Act. I have also attached as background a Fact Sheet, Q&A, current Master Coalition List, Initiative Text, and Endorsement Form. We are seeking support as soon as possible, but are certainly sensitive to your approval processes. Please let me know your feedback, or if the Mayor has any questions.

On Dec. 3, 2015, the Board of Directors of the California Association of Counties voted 51-0 to support the Act. Today, the Act is endorsed by a diverse coalition of sectors in California, including more than 900 hospitals and health systems, health care advocacy groups, medical and dental groups, community benefit organizations, senior and children's organizations and the business community. The [Coalition Website](#) has also been updated with additional information.

Synopsis

Thanks to a historic bipartisan legislative agreement in 2013, without a single "No" vote and with the Governor's signature (SB 239 on 10/8/2013), California will receive billions of dollars a year in new federal funding for health care for children and seniors. However, this law expires on 12.31.2016.

That's why we need your help.

The Medi-Cal Funding and Accountability Act is a simple, common sense solution that makes the existing program permanent and guarantees ongoing federal health care funding to support these important health

care services.

Background on the initiative: In the fall of 2013, Governor Brown signed Senate Bill 239 (Hernandez), which was passed by the state Legislature without a single "No" vote. The legislation established an initial three-year Medi-Cal hospital fee program to ensure that California can unlock billions annually in federal matching funds for supplemental Medi-Cal payments to hospitals. The Act makes the fee program and the protections permanent to create more certainty and to deliver approximately \$10 billion in matching funds during the first three years.

The Act also ensures that these funds **cannot be diverted for other purposes**. Without ongoing protections for the hospital fee program, hospitals that care for children, seniors and low-income residents will be vulnerable to payment cuts or other budget politics. Funding protected by the Act will help prevent closures or cutbacks in local hospitals and will help preserve access for millions of men, women and children. California is home to more than 13 million Medi-Cal beneficiaries, more than half of whom are children.

Thanks in advance for your consideration. I have copied Ana Helman, our Project Director, so if you have any questions at all, please don't hesitate to let us know.

Sincerely,

Mike

Enclosures as stated.

SECTION 1. STATEMENT OF FINDINGS

13 - 0022

- A. The federal government established the Medicaid program to help pay for health care services provided to low-income patients, including the elderly, persons with disabilities, and children. In California this program is called Medi-Cal. In order for any state to receive federal Medicaid funds, the State has to contribute a matching amount of its own money.
- B. In 2009, a new program was created whereby California hospitals began paying a fee to help the State obtain available federal Medicaid funds, at no cost to California taxpayers. This program has helped pay for health care for low-income children and resulted in California hospitals receiving approximately \$2 billion per year in additional federal money to help hospitals to meet the needs of Medi-Cal patients.

SECTION 2. STATEMENT OF PURPOSE

To ensure that the fee paid by hospitals to the State for the purpose of maximizing the available federal matching funds is used for the intended purpose, the People hereby amend the Constitution to:

- A. Require voter approval of changes to the hospital fee program to ensure that the State uses these funds for the intended purpose of supporting hospital care to Medi-Cal patients and to help pay for health care for low-income children.

SECTION 3. AMENDMENT TO THE CONSTITUTION

Section 3.5 of Article XVI of the California Constitution is added to read:

Sec. 3.5(a) No statute amending or adding to the provisions of the Medi-Cal Hospital Reimbursement Improvement Act of 2013 shall become effective unless approved by the electors in the same manner as statutes amending initiative statutes pursuant to section 10(c) of Article II, except that the Legislature may, by statute passed in each house by roll call vote entered into the journal, two-thirds of the membership concurring, amend or add provisions that further the purposes of the Act.

(b) For purposes of this section:

(1) "Act" means the Medi-Cal Hospital Reimbursement Improvement Act of 2013 (enacted by Senate Bill 239 of the 2013-14 Regular Session of the Legislature, and any non-substantive amendments to the Act enacted by a later bill in the same Session of the Legislature).

(2) "Non-substantive amendments" shall only mean minor, technical, grammatical, or clarifying amendments.

(3) "Provisions that further the purposes of the Act" shall only mean:

(i) amendments or additions necessary to obtain or maintain federal approval of the implementation of the Act, including the fee imposed and related quality assurance payments to hospitals made pursuant to the Act;

(ii) amendments or additions to the methodology used for the development of the fee and quality assurance payments to hospitals made pursuant to the Act.

(c) Nothing in this section shall prohibit the Legislature from repealing the Act in its entirety by statute passed in each house by roll call vote entered into the journal, two-thirds of the membership concurring, except that the Legislature shall not be permitted to repeal the Act and replace it with a similar statute imposing a tax, fee, or assessment unless that similar statute is either: (i) a provision that furthers the purposes of the Act as defined herein; or (ii) is approved by the electors in the same manner as statutes amending initiative statutes pursuant to section 10(c) of Article II.

(d) The proceeds of the fee imposed by the Act and all interest earned on such proceeds shall not be considered revenues, General Fund revenues, General Fund proceeds of taxes, or allocated local proceeds of taxes, for purposes of Sections 8 and 8.5 of this Article or for the purposes of article XIII B. The appropriation of the proceeds in the Trust Fund referred to in the Act for hospital services to Medi-Cal beneficiaries or other beneficiaries in any other similar federal program shall not be subject to the prohibitions or restrictions in Sections 3 or 5 of this Article.

SECTION 4. Amendments to Medi-Cal Hospital Reimbursement Improvement Act of 2013

(language added is designated in underlined type and language deleted is designated in ~~strikeout~~ type)

Section 14169.72 of Article 5.230 of the Welfare and Institutions Code is amended to read:

§14169.72. This article shall become inoperative if any of the following occurs:

(a) The effective date of a final judicial determination made by any court of appellate jurisdiction or a final determination by the United States Department of Health and Human Services or the federal Centers for Medicare and Medicaid Services that the quality assurance fee established pursuant to this article, or Section 14169.54 or 14169.55, cannot be implemented. This subdivision shall not apply to any final judicial determination made by any court of appellate jurisdiction in a case brought by hospitals located outside the state.

(b) The federal Centers for Medicare and Medicaid Services denies approval for, or does not approve on or before the last day of a program period, the implementation of Section 14169.52, 14169.53, 14169.54, and 14169.55, and the department fails to modify Section 14169.52, 14169.53, 14169.54, and 14169.55 pursuant to subdivision (d) of Section 14169.53 in order to meet the requirements of federal law or to obtain federal approval.

(c) The Legislature fails to appropriate moneys in the Hospital Quality Assurance Revenue Fund in the annual Budget Act, or fails to appropriate such moneys in a separate bill enacted within thirty (30) days following enactment of the annual Budget Act. ~~A final judicial determination by the California Supreme Court or any California Court of Appeal that the revenues collected pursuant to this article that are deposited in the Hospital Quality Assurance Revenue Fund are either of the following:~~

~~(1) "General Fund proceeds of taxes appropriated pursuant to Article XIII B of the California Constitution," as used in subdivision (b) of Section 8 of Article XVI of the California Constitution.~~

~~(2) "Allocated local proceeds of taxes," as used in subdivision (b) of Section 8 of Article XVI of the California Constitution.~~

(d) The department has sought but has not received federal financial participation for the supplemental payments and other costs required by this article for which federal financial participation has been sought.

(e) A lawsuit related to this article is filed against the state and a preliminary injunction or other order has been issued that results in a financial disadvantage to the state. For purposes of this subdivision, "financial disadvantage to the state" means either of the following:

- (1) A loss of federal financial participation.
- (2) A ~~net cost to the General Fund~~ cost incurred due to the Act that is equal to or greater than one-quarter of 1 percent of the General Fund expenditures authorized in the most recent annual Budget Act.

(f) The proceeds of the fee and any interest and dividends earned on deposits are not deposited into the Hospital Quality Assurance Revenue Fund or are not used as provided in section 14169.53

(g) The proceeds of the fee, the matching amount provided by the federal government, and interest and dividends earned on deposits in the Hospital Quality Assurance Revenue Fund are not used as provided in section 14169.68.

Section 14169.75 of Article 5.230 of the Welfare and Institutions Code is amended to read:

§14169.75. Notwithstanding subdivision (k) of section 14167.35, subdivisions (a), (i), and (j) of section 14167.35, creating the Hospital Quality Assurance Revenue Fund, are not repealed and shall remain operative as long as this article remains operative. Notwithstanding Section 14169.72, this article shall become inoperative on January 1, 2018. No hospital shall be required to pay the fee after that date unless the fee was owed during the period in which the article was operative, and no payments authorized under Section 14169.53 shall be made unless the payments were owed during the period in which the article was operative.

SECTION 5. GENERAL PROVISIONS

(a) If any provision of this measure, or any part thereof, is for any reason held to be invalid or unconstitutional, the remaining provisions shall not be affected, but shall remain in full force and effect, and to this end the provisions of this measure are severable.

(b) This measure is intended to be comprehensive. It is the intent of the People that in the event this measure or measures relating to the same subject shall appear on the same statewide election ballot, the provisions of the other measure or measures shall be deemed to be in conflict with this measure. In the event that this measure receives a greater number of affirmative votes, the provisions of this measure shall prevail in their entirety, and all provisions of the other measure or measures shall be null and void.

Providing Care for 12 Million Children, Seniors and Working Families

Thanks to a historic bipartisan legislative agreement in 2013, without a single “No” vote and with the governor’s signature, California will receive billions a year in new federal funding for health care for children and seniors. However, this law expires in 2017.

The Medi-Cal Funding and Accountability Act (Act) is a simple, common sense solution that makes the reforms permanent and guarantees ongoing federal health care funding. This change is needed now to ensure that California receives its fair share from Washington DC and to ensure the money is spent as intended.

Government Accountability

At a time of great uncertainty about health care, the Act ensures new federal matching funds are used for those who truly need it. The Act holds the Legislature accountable and prohibits government, bureaucrats or other special interests from diverting funds away from health care for unrelated purposes. Any changes to the use of the funds would have to be approved by voters first.

\$3 Billion Annually in New Federal Matching Funds

Hospitals have agreed to participate in a program that unlocks approximately \$3 billion a year in new federal matching funds, maximizing California’s share. The money must be spent to provide health care services to children and resources for Medi-Cal to serve elderly and low-income Californians. Without these resources, the money would have to come from privately insured patients.

Protect Taxpayers and Access to Hospital Care

People with private insurance shouldn’t have their premiums increased to subsidize Medi-Cal when federal money is available to help cover the cost. Funding guaranteed by the Act will also help prevent closures or cutbacks in local hospitals and emergency rooms.

Statewide Support

Hospitals and health care providers across California have joined together to sponsor this common sense solution, which protects services for children and seniors. There is no organized opposition to the measure.

11912 Gary St. Garden Grove, CA 92840
714-467-5354

Dear Mayor Bao Nguyen,

As the Interfaith Council prepares for its 17th Annual Unity Banquet, I would like to request commendation certificates from the city of Garden Grove for the four *Spirit in Action* awardees, and the three *Community Builder* awardees we will be honoring on September 24, 2016. Through our *Spirit in Action* awards, the Interfaith Council has been working to bring recognition to those persons and organizations who have demonstrated a true dedication to bettering our community through partnership, education, and service. We are deeply honored to recognize the following *Spirit in Action* awardees:

Spirit in Action Awardees

- 1. Fran Farazdaghi**—*Fran has been leading students with her grace and wisdom for many years as a professor in the Peace Studies program at Golden West College. She is being recognized for her dedication to building connections within the interfaith movement, for organizing an annual Peace Conference at Golden West College, and for her deep commitment to building a pathway for peace by instilling this vision in the hearts and minds of young people.*
- 2. Sondos Kholaki Kahf** *(See below)*
- 3. Michal Meulenberg**—*Through a movement called “Two Faiths One Friendship” and a blog “Miss Understanding”, Sondos and Michel have worked to challenge the misunderstandings undermining Christian-Muslim relationships with the hope that their collaboration will bring much needed peace. Their enthusiasm for challenging Muslims and Christians to learn from each other and to find commonalities and their efforts to create dialogue and cultivate respect, love, and cooperation are the reason our committee chose Sondos and Michal as recipients of the Spirit in Action award this year.*
- 4. Assistance League of Garden Grove**—*From the Operation School Bell program which provides students with basic school necessities to their program for survivors of assault, the Assistance League of Garden Grove has been dedicated to philanthropic work in our local community for almost 50 years. They have been*

Interfaith Council of Garden Grove, Stanton & Westminster

chosen as one of this year's Spirit in Action awards for their passion and enthusiasm in outreach to the community and their service to those most in need.

Community Builder Awardees

The winners of the Community Builder award are great examples of character, kindness, friendliness, fairness and acceptance. They are willing to take leadership roles, mentor and are not afraid of hard work. They are role models to their peers and are leaders within their schools and their clubs. The teenagers who have been nominated are:

- 1. Esmeralda Talavera**, recent Los Amigos High School graduate—Boys & Girls Club of Garden Grove
- 2. Morgan Huffman**, Rancho Alamitos High School—Boys & Girls Club of Stanton
- 3. Gustavo Zarate**, Westminster High School—Boys & Girls Club of Westminster

Please let me know if you need me to make arrangements to get the certificates, or whether someone from your office will be attending the Interfaith Unity Banquet to present the commendations.

Ann Nguyen

Subject: Elvis Festival Invitation for Mayor and City Council

Hello Pam,

Ana Pulido referred me to you regarding inviting the Mayor and City Council to the upcoming Elvis Festival in Garden Grove, which will be Sunday, August 28 on Main Street. It will be set up like a street festival with an entertainment stage in the parking area next to daKuppe Lounge.

We would love to have Mayor Nguyen as well as any of the other City Councilmembers attend and welcome them via the Festival stage. The Festival runs from 9 a.m. to 6 p.m., and would suggest doing this around 12:15 p.m., which should be a peak time for the event and is right before our featured band. They start at 12:30 p.m. We would have a bit of time if the Mayor or any designee from the city might like to say a few words.

I have attached our print piece in this email so you can see the scope of the Festival.

If that timing doesn't work let me know. We have another time slot around 3 p.m. which is right before the Creme de la King Elvis Singing Competition Finals.

Let me know if you have any questions or need more details.

Look forward to hearing from you

2nd Annual CALIFORNIA ASIAN LEADERSHIP NETWORK OF ELECTEDS (CALNET) Retreat *Largest Convening of California's APA Elected and Appointed Officials*

Highlights of 2015 CALNET Leadership Retreat

The Asian Pacific American Leadership Foundation (APALF) hosted the 2nd Annual Leadership Retreat for the California Asian Leadership Network of Electeds (CALNET) on December 3-4, 2015, in Half Moon Bay, CA. The CALNET retreat is the largest gathering of Asian Pacific American (APA) elected and appointed officials in California.

*Alumni Panel: From Left to Right: Moderator Johnny Giles, Assemblymember David Chiu, Assemblymember Rob Bonta, and Assemblymember Evan Low.

The retreat included more than 80 of the state's most prominent elected officials including California Secretary of State Alex Padilla; California State Controller Betty Yee; Board of Equalization Member Fiona Ma; Assemblymembers Rob Bonta, David Chiu, Phil Ting and Evan Low; San Francisco Supervisors Eric Mar and Jane Kim; and Los Angeles City Councilmember David Ryu.

California's key elected and state appointed officials returned for a second year in building the much needed CALNET—a network for APA elected leaders. Similar from last year, the retreat offered an opportunity for the state's most important decision makers to learn, share ideas, and discuss their vision for California and the APA community. There are currently more than 220 APA elected and appointed officials in California serving.

The theme of the retreat was, "DISRUPTION: Changing the Way We Do Business, Govern and Lead." The retreat workshops and panels focused on ideas and leaders that are disrupting the status quo in politics and other arenas.

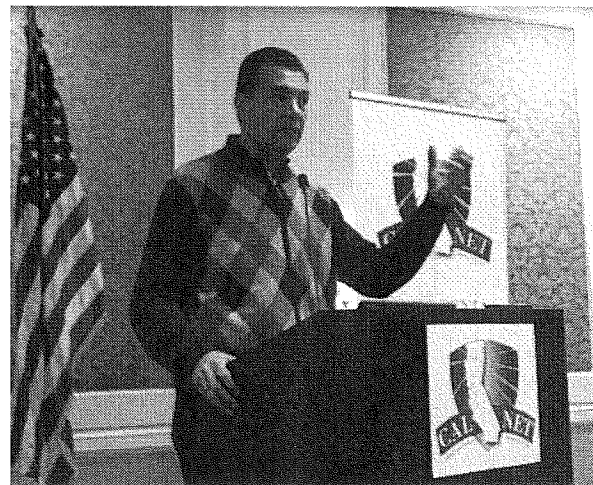

The program included workshops and training sessions on how to become more effective and successful public officials. Presentation topics included changing APA demographics and implications, messaging and panel topics that included APA Women in Leadership, Healthcare, Technology, Social Media, and Clean Energy.

*Clean Energy Panel: From Left to Right: California Energy Commission, David Horschild, and Assemblymember Phil Ting

Highlights from the retreat program included a special dinner panel of APALF alumni on the future of the Asian & Pacific Islander Legislative Caucus featuring California State Assemblymembers Rob Bonta, David Chiu, and Evan Low.

California State Secretary and past President of the National Association of Latino Elected and Appointed Officials (NALEO), Alex Padilla opened the 2nd day luncheon program by drawing parallels between CALNET's growth and the early stages of the NALEO. Secretary Padilla also emphasized CALNET as a resource to APA elected and appointed officials in California and the potential of the network to scale up nationwide.

*California Secretary of State Alex Padilla

*California State Controller Betty Yee

California State Controller Betty Yee followed by recanting her previously hard fought election last year and the takeaways lessons from running against established candidates. Controller Yee's inspirational experience demonstrated that even in face of great challenges you can be successful through smart campaign strategy, integrity and perseverance.

The retreat featured a new segment that focused on tech and social media and how these new mechanisms and tools are a tremendous resource in not only communicating to the community but also how they also contribute to the changing values in our society. These moderated panels on social media and disruptive technology had representatives from Uber, Lyft, AirBnB, Youtube, and Facebook. Specifically, the social media panel with Facebook and Youtube, invited elected officials to learn more on how to utilize special tools to engage and connect with constituents through video and draw the connection between possible voters, donors, and supporters in an effective and innovative way.

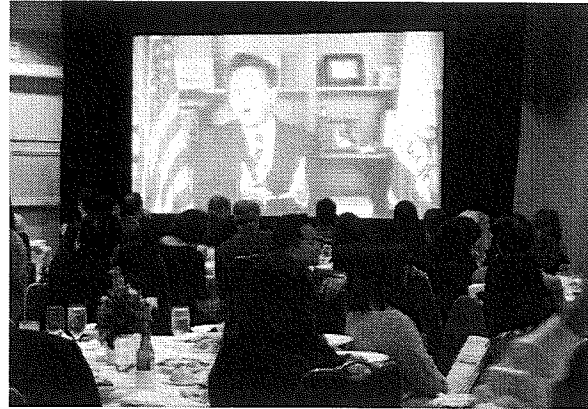

*Technology Panel: From Left to Right: Moderator Assemblymember David Chiu, Eva Behrend - Uber, David Owen - AirBnB, Annabel Chang- Lyft

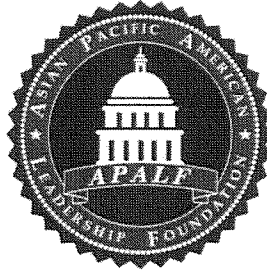

APALF partnered with the Asian Pacific Islander (API) Legislative Caucus, the League of California Cities API Caucus, and Chinese-American Elected Officials to host and convene the retreat.

The goal of CALNET is to serve as a network of APA elected and appointed officials—a resource for APA public servants to help them succeed and lead. CALNET is a project of APALF, a 501c3 non-profit, non-partisan organization dedicated to helping prepare and better equip APA leaders for public service and civic involvement.

The next 2016 CALNET Leadership Retreat is scheduled to take place in the 2nd half of the year.

The **Asian Pacific American Leadership Foundation** (Tax ID #13-4277572) was founded in 2004 as a non-partisan, nonprofit 501(c)(3) organization designed to help prepare and better equip Asian Pacific American (APA) leaders for public service and civic involvement.

APALF was initiated by Congressman Mike Honda and APA leaders searching for a way to increase civic engagement and electoral representation for California's Asian Pacific American community.

MISSION STATEMENT

Engage the Asian Pacific American (APA) community in active civic participation by creating, supporting, building and strengthening the local community infrastructure to help prepare and train qualified APA leaders for public service.

APALF GOALS & OBJECTIVES:

- Encourage APAs to be active leaders in their local communities and beyond.
- Provide APA leaders with the tools and skills to contribute to American civic life.
- Train APA leaders and future leaders for public service, including elected and appointed positions.
- Serve as a resource to APA public officials and community organizations.

CANDIDATE AND LEADERSHIP TRAINING BOOTCAMP

The APALF Bootcamp is an intense training session for future elected officials. Our goal is to give each graduate of the program a realistic assessment of what it would take for them to win or advance in public office. We also want to help prepare candidates for the emotional and psychological challenges involved with running for office. By the end of the program, each participant should have a blueprint for their upcoming campaign. Trainers for this program include California's top political professionals and prominent elected officials.

CALIFORNIA ASIAN LEADERSHIP NETWORK OF ELECTEDS (CALNET)

In 2014, APALF launched the California Asian Leadership Network of ElecTeds (CALNET), a statewide network of APA elected and appointed officials dedicated to the training, advancement, and empowerment of APA leaders in public service.

I am a MBA student at CSUSB. We have a project to learn about what various cities are thinking about and/or proposing to do for taxes, licences, and fees for possible marijuana cultivation and distribution and I am assigned to Garden Grove.

I learned that Garden Grove had workshops on this topic last May. Is there a way to obtain further information on what was discussed and future actions or proposals?

Thank you,

Gentlemen,

For your own edification, as related to Mj in GG, ask your Chief how he feels about SB 443.

An enlightening exercise.

Watch your Chief demand Mj taxation.

Hello, Ladies!

We're dedicating the Live Oak Tree planted and unveiling the commemorative brass plaque recently installed in honor of His Holiness's visit last July on Tuesday, September 13, at 5:30 p.m. at Civic Center Park.

Could you please make sure this is on calendars for the Mayor, City Council, Scott, Maria and Omar?

Thank you very much!

Subject: Request from: Medi-Cal Funding and Accountability Act

Hi Pam,

Good speaking with you earlier. As shared, I'm writing you today asking that Garden Grove Mayor Bao Nguyen consider endorsing the Medi-Cal Funding and Accountability Act, which has already qualified for the November 2016 California ballot.

Following is a brief capsule on the Act. I have also attached as background a Fact Sheet, Q&A, current Master Coalition List, Initiative Text, and Endorsement Form. We are seeking support as soon as possible, but are certainly sensitive to your approval processes. Please let me know your feedback, or if the Mayor has any questions.

On Dec. 3, 2015, the Board of Directors of the California Association of Counties voted 51-0 to support the Act. Today, the Act is endorsed by a diverse coalition of sectors in California, including more than 900 hospitals and health systems, health care advocacy groups, medical and dental groups, community benefit organizations, senior and children's organizations and the business community. The [Coalition Website](#) has also been updated with additional information.

Synopsis

Thanks to a historic bipartisan legislative agreement in 2013, without a single "No" vote and with the Governor's signature (SB 239 on 10/8/2013), California will receive billions of dollars a year in new federal funding for health care for children and seniors. However, this law expires on 12.31.2016.

That's why we need your help.

The Medi-Cal Funding and Accountability Act is a simple, common sense solution that makes the existing program permanent and guarantees ongoing federal health care funding to support these important health care services.

Background on the initiative: In the fall of 2013, Governor Brown signed Senate Bill 239 (Hernandez), which was passed by the state Legislature without a single "No" vote. The legislation established an initial three-year Medi-Cal hospital fee program to ensure that California can unlock billions annually in federal matching funds for supplemental Medi-Cal payments to hospitals. The Act makes the fee program and the protections permanent to create more certainty and to deliver approximately \$10 billion in matching funds during the first three years.

The Act also ensures that these funds *cannot be diverted for other purposes*. Without ongoing protections for the hospital fee program, hospitals that care for children, seniors and low-income residents will be vulnerable to payment cuts or other budget politics. Funding protected by the Act will help prevent closures or cutbacks in local hospitals and will help preserve access for millions of men, women and children.

California is home to more than 13 million Medi-Cal beneficiaries, more than half of whom are children.

Thanks in advance for your consideration. I have copied Ana Helman, our Project Director, so if you have any questions at all, please don't hesitate to let us know.

Sincerely,

Mike

Hello Pam,

Ana Pulido referred me to you regarding inviting the Mayor and City Council to the upcoming Elvis Festival in Garden Grove, which will be Sunday, August 28 on Main Street. It will be set up like a street festival with an entertainment stage in the parking area next to daKuppe Lounge.

We would love to have Mayor Nguyen as well as any of the other City Councilmembers attend and welcome them via the Festival stage. The Festival runs from 9 a.m. to 6 p.m., and would suggest doing this around 12:15 p.m., which should be a peak time for the event and is right before our featured band. They start at 12:30 p.m. We would have a bit of time if the Mayor or any designee from the city might like to say a few words.

I have attached our print piece in this email so you can see the scope of the Festival.

If that timing doesn't work let me know. We have another time slot around 3 p.m. which is right before the Creme de la King Elvis Singing Competition Finals.

Let me know if you have any questions or need more details.

Look forward to hearing from you

Good Afternoon, Pam!

Thank you so much for taking my call earlier. Like I indicated on the phone call, I would love to work with you to get meetings scheduled with the Council Members.

The individuals who will be in the meeting will be Curt Pringle from our offices and Roger Kinoshita from Jamboree Housing. The topic of discussion is the Garden Grove Presbyterian Church project. If you need more information on this project, I'd be happy to provide that.

We would love to get these meetings scheduled right away. That would be so helpful!!

Again, let me know if you have any further questions on the content of the meeting and if you have any available dates and times that I can compare with our calendars.

Thank you so very much and have a fabulous weekend!!

From: Michelle King <michelleisking@hotmail.com>

To: Michelle King <michelleisking@hotmail.com>

Good evening

Duet – what Vector Control has proposed to be sprayed on our homes yards schools etc has three active ingredients: **Sumithrin, Prallethrin, and Piperonyl Butoxide (PBO)**. None of which are NOT SAFE and will harm ALL, creating greater health issues than the ones they are trying to prevent for the entire county.

Additionally, the Vector Control Board is out of control and at one point tried to make it that there would be no Trustee input for spraying our County – when this plan to consolidate power to one man (we believe is a San Diego resident) failed they consolidated to a group of 9 Trustees to “pull the trigger” as Vector Control calls it for spraying our homes organic gardens yards schools churches with a unspeakable poison and health harming toxic chemicals. This consolidation of power is a design for disaster.

Board of Health and Safety Code Section 2022 Section e

(e) All trustees shall exercise their independent judgment on behalf of the interests of the residents, property owners, and the public as a whole in furthering the purposes and intent of this chapter. **The trustees shall represent the interests of the public as a whole and not solely the interests of the board of supervisors or the city council that appointed them.**

As you can clearly see this consolidation of power is a violates being a voice for us the homeowners and residents.

Please DO NOT ALLOW FOR US ALL TO BE POISONED - it was not done last year and look we are all fine.

Thank you

Michelle

HOW TO ADOPT A SCHOOL BOARD RESOLUTION TO SUPPORT PROPOSITION 58

1. For current school board members, the attached resolution and talking points are provided to support your effort to bring a resolution before your board. CSBA has recently adopted as SUPPORT position for Proposition 58:
<https://www.csba.org/Advocacy/LegislativeAdvocacy/BallotInitiatives.aspx>
2. For educators and community members the following options are suggestions on how to bring a resolution to a local board of education.
 - Develop the language for the resolution keeping in mind the members who are going to vote on the resolution. Use the sample resolution in these materials and then look at the talking points to see if adding any other language might be more persuasive for your community.
 - Once the language of the resolution is finalized you can either take it to a school district cabinet member or a school board member asking them to place it on the agenda for the next school board meeting.
 - Another option is to work with a group in your community and present the resolution at a school board meeting during public comment, asking the board to put the resolution on the agenda and to take a vote in support.
3. The goal is to have the resolution passed by the August or September board meeting.

Send copies of adopted resolutions to: Michelle Henry at michelle@mwhconsult.com and Shelly Spiegel-Coleman at <mailto:CABEPAC2016@gmail.com>

The LEARN Initiative

Private schools and schools around the globe have made major advancements implementing new technology and multi-language proficiency in the classroom, giving their students an edge in the global economy. But public schools in California have fallen behind.

That's why we need The Language Education, Acquisition and Readiness Now (LEARN) Initiative. This solution, passed by the legislature with bipartisan support and signed by Governor Jerry Brown, and supported by educators and the business community, will appear on the November 2016 ballot.

The LEARN Initiative advances California's goals:

- ✓ **Highest quality education for all children**
- ✓ **Access to high-quality, innovative, research-based programs**
- ✓ **Better prepare students for college and careers in the global economy**
- ✓ **Gives more control to school districts over educational curriculum**
- ✓ **Empowers parents, teachers, and local schools to meet the needs of students**

Why do we need Prop 58?

Under our current system, too many California students are being left behind and not given the opportunity to learn English with the most effective teaching methods possible.

This is because of an outdated nearly 20-year-old law, Prop 227, which restricts the instructional methods school districts can use to teach English. This old law also limits the ability of English-speaking students to participate in language immersion programs.

Prop 58 amends the law to ensure all students can learn English quickly as possible.

It's time to remove barriers to learning for all students by supporting Prop 58!

Prop 58 Expands Opportunities for English Speakers to LEARN a Second Language

The California Department of Education reports that only 312 out of 10,393 schools offer multilingual programs.

Prop 58 removes barriers to school districts offering language immersion programs.

Prop 58 encourages school districts to provide effective instruction so native English speakers can become proficient in a second language.

Prop 58 Helps Students LEARN English as Quickly as Possible

Prop 58 requires schools to offer a structured English immersion program to English learners, based on what teachers and parents agree are the most effective instructional methods for those students.

Prop 58 Helps Students LEARN to Compete in a Global Economy

Students with a strong proficiency in English who also speak another language are better prepared to compete in the global workforce. The advantages of being multilingual include higher paying jobs, increased creative thinking and being more connected to work and community.

Extensive research has shown that students who choose to participate in multilingual programs attain high levels of academic achievement, including English and other language proficiency. In fact, they repeatedly demonstrate greater achievement and higher scores than English-only students.

Prop 58 Restores Local Control to our Schools & Gives Parents a Bigger Voice

Prop 58 eliminates decades-old legal restrictions imposed on local school districts, allowing them to choose the most effective language instruction methods to help our students learn.

Prop 58 gives parents the ability to choose a language acquisition program that best suits their child. Parents must be consulted when the school district decides on the language courses it will offer. Parents can also join with other parents to request a specific language instruction program at their school.

Prop 58 Has Broad-Based Support From Local School Districts, Educators, Parents and Employers

Giving local schools the tools they need to help students learn is not a partisan or political issue. Prop 58 was placed on the ballot by a bi-partisan vote of the legislature.

Support for Prop 58's common-sense reforms to improve language instruction in our schools is broad-based and includes:

- Local school boards (the California School Boards Association)
- Teachers (the California Language Teachers Association, the California Teachers Association, the California Federation of Teachers)
- Parents (California State PTA)
- Employers (including the San Jose/Silicon Valley and Los Angeles Chambers of Commerce)

Vote YES on Prop 58 to help our students LEARN!

Pam,

Good Afternoon, Pam!

Thank you so much for taking my call earlier. Like I indicated on the phone call, I would love to work with you to get meetings scheduled with the Council Members.

The individuals who will be in the meeting will be Curt Pringle from our offices and Roger Kinoshita from Jamboree Housing. The topic of discussion is the Garden Grove Presbyterian Church project. If you need more information on this project, I'd be happy to provide that.

We would love to get these meetings scheduled right away. That would be so helpful!!

Again, let me know if you have any further questions on the content of the meeting and if you have any available dates and times that I can compare with our calendars.

Thank you so very much and have a fabulous weekend!!

RE: Donation Request

Dear *Bao* ~~Charitable Donations Coordinator~~,

We are seeking your support as an auction or raffle prize donor for the **Annual 2016 Casino Night Fundraiser, Get Your Kicks on Route 66**, to benefit programs and services provided by Acacia Adult Day Services in Garden Grove. This event will be held on September 17, 2016 at the Highway 39 Event Center in Anaheim. We anticipate over 200 guests this year. Your donation will directly support families and caregivers of vulnerable adults, persons with dementia or other disabilities needing options for daytime professional supportive care.

However, to make this event exciting and successful, we need your help! A donation of an item such as gift cards/certificates, themed gift baskets, hotel getaway, day trips, theatre tickets, musical or sporting event tickets, wine tour, golf package, dining, spa, air or boat rides, or designer gift items, are appreciated. Any other creative idea would be fantastic. Your item could represent hundreds of dollars in auction funds raised. Please be sure to include any marketing collateral, brochures and relevant details about the item you donate, so we can include an accurate description for potential bidders. As a donor, you will benefit by having your information in the auction book, in our newsletter, on our web site and other social media platforms.

Casino Night is Acacia's, a non-profit 501 (c) (3) organization, largest fundraiser of the year. All proceeds provide services for over 100 people that attend each day. Acacia has been serving your community for 37 years and currently draws clients from 20 surrounding communities. Your donation is tax deductible to the extent allowed by law.

Please consider becoming a donor today. Just complete the enclosed commitment form and return to us via mail, fax, or email no later than September 2, 2016. We would be happy to arrange a pick up at your convenience. If you have any questions, do not hesitate to contact Paula Doty at 714-530-1566 or by email at pdoty@acacia-services.org. Thank you in advance for considering our request!

Sincerely,

Mallory Vega

Pam,

Good Afternoon, Pam!

Thank you so much for taking my call earlier. Like I indicated on the phone call, I would love to work with you to get meetings scheduled with the Council Members.

The individuals who will be in the meeting will be Curt Pringle from our offices

and Roger Kinoshita from Jamboree Housing. The topic of discussion is the Garden Grove Presbyterian Church project. If you need more information on this project, I'd be happy to provide that.

We would love to get these meetings scheduled right away. That would be so helpful!!

Again, let me know if you have any further questions on the content of the meeting and if you have any available dates and times that I can compare with our calendars.

Thank you so very much and have a fabulous weekend!!

Subject: Mosquito spraying

From: richard fagerlund <askthebugman2013@gmail.com>

Date: Sun, 21 Aug 2016 10:01:14 -0600

To: richard fagerlund <askthebugman2013@gmail.com>

The insecticide you are going to spray for mosquitoes, Duet, is not safe. It is a synthetic pyrethroid. Synthetic pyrethroids are known to be able to cause lymphoma and leukemia in children and can cause pregnant women to have autistic children. Also the active ingredient,

Prallethrin: (RS)-2-methyl-4-oxo-3-(2-propynyl) cyclopent- 2-enyl-(1RS)-cis, trans-chrysanthemate, has acute contact toxicity with honeybees acute dietary toxicity with some birds and even reproductive toxicity with some birds. It will kill other insects as well, but probably very few mosquitoes. It won't affect *Aedes aegypti* mosquitoes as they are daytime biters and are hiding at night and will not come in contact with the pesticide.

In reality, government agencies shouldn't be spraying for mosquitoes anyway. It is up to homeowners to keep standing water off their property and to wear good insect repellents when they go outside. Folks should make sure they have good screens on your windows and doors to keep mosquitoes and other insects out. They should empty standing water from flower pots, buckets, barrels and similar containers and change the water in bird baths weekly. Keep wading pools empty and on their sides when not in use. In other words, don't provide breeding grounds for the mosquitoes. City and county agencies can put larvicides such as Bt in any ponds or pools of standing water on city and county property and that will help stop the breeding process of mosquitoes.

Please refrain from endangering the people in the area. Mosquito control is about education, not wholesale spraying of toxic pesticides.

From: Emily Trenkner <emilyktrenk@gmail.com>

Date: Sun, 21 Aug 2016 09:34:30 -0700

To: Emily <emilyktrenk@gmail.com>

I am writing today to express my strong opposition to any aerial spraying in Orange County. Please consider the health of our community including environmental impacts and most importantly the health of our citizens especially the most vulnerable members including our children. As a parent this issue is very important to me. I have included below a brief description and the conclusion of just one study from the National Institute of Health concerning the dangers of aerial spraying. Please take the time to read the study and become as informed as possible regarding the myriad dangers of spraying chemicals over our community in this manner. I am counting on you to keep our children safe.

This study looked at the onset and course of puberty are under the control of the **neuroendocrine system**. Factors affecting the timing and regulation of the functions of this system may alter the onset and course of puberty. **Several environmental endocrine disruptors (EDs) with significant influences on the normal course of puberty** have been identified. Numerous animal and human studies concerning EDs have been conducted showing that these **substances may extensively affect human health**; nevertheless, there are still several issues that remain to be clarified. In this paper, the available evidence from animal and human studies on the effects of environmental EDs with the potential to cause precocious or delayed puberty was reviewed.

In conclusion, it is worth noting that for EDs, to **cause impairment of endocrine functions**, time of exposure is as important as dose, duration and age at exposure. Moreover, **a single chemical substance may result in multiple endocrine system dysfunctions via several mechanisms**. To date, various EDs have been shown to exert unwanted effects on pubertal development. It is possible that there are numerous other chemicals with potential harmful effects on pubertal development. Future population-based studies are warranted for further investigation.

As the items are still there, and you have taken no action in cleaning up garbage grove, I need you to tell me what you want me to do with this trash.

1. I can move it to the middle of the street so that you can locate it easier for your pickup. That may cause an accident, but at least the trash will be collected.
2. I can drop it off on the lawn at city Hall, so that everyone can relish in the garbage, eye-sore that I have to live through daily.
3. I can deliver it to the mayor's house, so that he can see the stellar job that the rest of the city's representatives are doing.

Please advise.

You are cordially invited to the Korean harvest " Chuseok " festival celebration held by Korean American Seniors Association of Orange on September 9th, 2016. "Chuseok" is the traditional Korean harvest celebration as it is called Korean Thanksgiving Day. "Chuseok" is one of the four primary traditional festivals still celebrated since Korean 5,000 year old history. It is a major harvest that takes place every fall around the time of the Autumn Equinox.

During this festival, which lasts for three days in Korea, individuals and families visit their ancestors hometowns to pay respect to the spirits of their ancestors through traditional rituals. Families also share a feast of traditional Korean foods, which includes rice cakes, and spend time playing traditional folk games while giving thanks for a year of abundance.

Please join the Korean American Seniors Association of Orange County for its "Chuseok" festival as we give thanks for the bountiful harvest of this year.

Ernie Allen is a world leader in the fight against child abduction, sexual exploitation, sexual violence and human trafficking and pornography. As founding Chairman of the National Center for Missing & Exploited Children in 1984, Ernie Allen served as president and CEO until 2012. During his tenure, more than 180,000 missing children were recovered. The recovery rate increased from 62% in 1990 to 97% in 2012. He created the national 24-hour missing children hotline and established the national CyberTipline for reporting child sexual exploitation. He also created the Child Victim Identification Program to analyze millions of child pornography images to rescue child victims and help capture their sex offenders.

Mr. Allen brought global attention to the risks of unregulated virtual currencies and the anonymous "Deep Web" and created a task force whose policy recommendations are being implemented worldwide. In 1998 he founded the International Centre for Missing & Exploited Children and served as its President and CEO until 2014. He has received numerous top awards from the U.S. Department of Justice and his work has also been recognized by four US Presidents. According to the Global Slavery Index, **45.8 million** people are enslaved in the world today.

1 in 5 of the 11,000 runaways reported to the National Center for Missing and Exploited Children in 2015 were likely sex trafficking victims.

73% of children who have offline sexual encounters with offenders do so more than once.

YOU BRING HOPE.

THE GLOBAL CENTER FOR WOMEN AND JUSTICE at Vanguard University, a faith based organization, seeks to create a just world where women and children are safe, respected and valued. The Global Center carries out this mission through education, research, advocacy and collaboration, working with students, educators, law enforcement, healthcare, and community leaders, to end human trafficking and internet crimes against children in Orange County and worldwide.

Pam,

Good Afternoon, Pam!

Thank you so much for taking my call earlier. Like I indicated on the phone call, I would love to work with you to get meetings scheduled with the Council Members.

The individuals who will be in the meeting will be Curt Pringle from our offices and Roger Kinoshita from Jamboree Housing. The topic of discussion is the Garden Grove Presbyterian Church project. If you need more information on this project, I'd be happy to provide that.

We would love to get these meetings scheduled right away. That would be so helpful!!

Again, let me know if you have any further questions on the content of the meeting and if you have any available dates and times that I can compare with our calendars.

Thank you so very much and have a fabulous weekend!!

Just in time for Halloween, an infamous treat, **SWEENEY TODD!**

An unjustly exiled barber returns home in 19th century London seeking vengeance against the lecherous judge who framed him and ravaged his young wife. The road to revenge leads Todd to Mrs. Lovett, a resourceful proprietress of a failing pie shop, above which he opens a new barber practice. Mrs. Lovett's luck sharply shifts when Todd's thirst for blood inspires the integration of an ingredient into her meat pies that has the people of London lining up. And the carnage has only just begun!

SWEENEY TODD has become a bloody, worldwide success since being awarded 8 Tony's, including Best Musical. Stephen Sondheim and Hugh Wheeler crafted a tasty, thrilling, theatrical treat that has simultaneously shocked, awed, and delighted audiences across the world.

Hi Jennifer:

Laura Stover is our HR Director. Laura tells me that we use four medical facilities for our different needs, whether it's pre-employment physicals, DOT random drug testing, or an employee injury on the job. Those medical clinics each have contracts with a lab for test results. For example, our pre-employment drug screens done by Edwards Medical Group are forwarded to Quest Diagnostics, and Quest bills Edwards Medical. Laura reminds me that we do not have a contract directly with a medical lab for toxicology, rather those type of tests are processed through a Medical Clinic. I am assuming you would like to develop a contract with our medical clinics. The following are those groups:

Pre Employment Medical – Medical Facility Vendors

Edward Medical Group -Dr. Pyune

(714) 741-4900

Bertha (in back) or Helen

*There are two Bertha's in the office

Pacific Medical Group – Dr. Linnemann

(714) 557-5599

Bobbie Davis, Office Manager – bobbie@pacmedclinic.com

Darrell Prescott, Business Development (949) 350-6871 / drl@pacmedclinic.com

Primary & Multi Specialty Clinics of Anaheim – Dr. Tabrizi

DBI Gateway Urgent Care

(714) 520-5858

Renee McGuire, Account Executive – reneem@pmcamd.com

Worker's Compensation

ProCare Injury Center

(949) 752 -1111

Erin Sing, Workers Comp Collector – (949) 752-1111 x 234 /

I hope this is helpful. Please feel free to contact/email Laura or I directly for more information.

Ref: "Important Notice" Issued 07/19/2016, by the City of Garden Grove

Today is the due date for me, the homeowner, to take corrective action in reference to the "Important Notice" letter I received from Richard Gosselin, Inspector, Public Works, dated July 19, 2016. (See Attached)

I replied to the above mentioned notice, via email, to inspector Gosselin and a copy sent to the City Manager, Mr. Scott C. Stiles, on July 25, 2016. Yet, to this date, I have received no response.

On August 3, 2016, I personally delivered a hard copy of my response letter to the City to ensure timely receipt.

I wish you, honorable Mayor, and Pro Team members, to be aware of the case surrounding this problem with "trees" planted (by us) on City property without prior City approval. I have lived in the City of Garden Grove over 35 years.

In my defense, I requested an appeal to inspector Gosselin's order to remove the planted trees which, in our opinion, beautifies the street, be recanted and allow us to maintain the trees as planted. They pose no risk to the public, as inspector Gosselin alleges.

I invite you all to tour our home on Gaines Circle and decide for yourself if, indeed, this matter should be addressed by the City.

Sincerely,
Hugo & Miriam Martinez.

SUBJECT: Reply to "Important Notice" Issued on 07/19/2016

Dear Mr. Gosselin:

Firstly, the palms you are referring to were NOT recently planted as you so stated in your letter, but, in fact, were planted four years ago in an effort to improve the general appearance of our curb appeal much like you're wanting to improve the general appearance of the city.

Secondly, the Municipal Code "hardship for pedestrians and/or vehicles" does not apply in this instance since our house is located on a cul-de-sac, with **no through traffic or pedestrian**. The only exception are the homeless who do on occasion illegally trespass through the freeway easement and through our property. However, the City of Garden Grove, has chosen to ignore this issue. Furthermore, street sweepers and Waste Management vehicles have never encountered any such problems with the palms so I'm confused as to why we need to remove them.

The palms you are referring to are planted on a small strip adjacent to our driveway which I was under the impression was part of my property. In fact, this small strip of land has always been maintained by us the homeowners and our gardner is who keeps it clean on a weekly basis. For this reason, and the fact that the palms planted are small, I did not think it was necessary to seek approval prior to planting the palms. If the palms were not there and I did not maintain this area then this strip would look abandoned, un-manicured and take away from the curb appeal of my home.

Over the past 30 years of living in this property, Caltrans has never lifted a finger to maintain that easement (which is in very close proximity to my house) from debris, over-grown shrubbery, dried foliage, etc., nor has the

As part of a continuing program to improve the general appearance of the City, the Public Services Department is seeking the cooperation of residents in fulfilling their responsibilities as set forth in the Municipal Code. Problems that are causing a hardship for pedestrians and/or vehicles must be corrected.

The following problems were encountered at 13602 GAINES CIR.

- Planting any tree(s)/shrub(s) on the City easement must be approved and the planting space designated by the Director of Public Works or his authorized agent. (GGMC 11.32.020) Please remove the unauthorized designated tree(s)/shrub(s) recently planted on City easement. Remove palms illegally planted.
- Please check to the front of your property.

Since these conditions detract from your neighborhood and present a potential liability to you and the City, we request that you comply by 8/4/2016 or the City will make corrections with the actual cost billed to you. It is estimated that the cost will be \$290.00 per hour.

Thank you for your cooperation. Please call me at (714) 741-5384, if you have any questions.

Hi Jennifer:

Laura Stover is our HR Director. Laura tells me that we use four medical facilities for our different needs, whether it's pre-employment physicals, DOT random drug testing, or an employee injury on the job. Those medical clinics each have contracts with a lab for test results. For example, our pre-employment drug screens done by Edwards Medical Group are forwarded to Quest Diagnostics, and Quest bills Edwards Medical. Laura reminds me that we do not have a contract directly with a medical lab for toxicology, rather those type of tests are processed through a Medical Clinic. I am assuming you would like to develop a contract with our medical clinics. The following are those groups:

Pre Employment Medical – Medical Facility Vendors

Edward Medical Group -Dr. Pyune

(714) 741-4900

Bertha (in back) or Helen

*There are two Bertha's in the office

Pacific Medical Group – Dr. Linnemann

(714) 557-5599

Bobbie Davis, Office Manager – bobbie@pacmedclinic.com

Darrell Prescott, Business Development (949) 350-6871 / drl@pacmedclinic.com

Primary & Multi Specialty Clinics of Anaheim – Dr. Tabrizi

DBI Gateway Urgent Care

(714) 520-5858

Renee McGuire, Account Executive – reneem@pmcamd.com

Worker's Compensation

ProCare Injury Center

(949) 752 -1111

Erin Sing, Workers Comp Collector – (949) 752-1111 x 234 / erin@procareworkinjurycenter.com

I hope this is helpful. Please feel free to contact/email Laura or I directly for more

information.

Scott
