**To:** undisclosed-recipients;;

I oppose aerial spraying of our County. It is criminal that you would allow OCVCD to aerial spray poison by plane everywhere. I am pregnant, along with many other friends. Please help in the safety of all unborn children with the right to a safe healthy life . There is so much data showing how harmful these toxic pesticides are to our health and especially our developing children - this must not happen and should NEVER be considered again.

Here is a study examining the association between prenatal proximity to fields where organophosphate, **pyrethroid**, or carbamate pesticides were applied and **later diagnosis of neurodevelopmental disorders including ASDs and developmental delays**. The authors found the strongest associations between ASDs and application of nonspecified organophosphates during the third trimester as well as one specific organophosphate, chlorpyrifos, during the second trimester. They also report statistically significant associations between ASDs and **pyrethroid application both preconception and during the third trimester, as well as an association between carbamate application and developmental delay.....**

**To:** undisclosed-recipients::

Dear Board of Trustees,

You have requested studies to show the harm we are greatly concerned about by the proposed aerial spraying - please see the information regarding health risks below and for these reasons I do not want this stuff anywhere near my children or family:

-Pyrethroid chemicals Sumithrin, Prallethrin contained in the DUET product OCBCD wants to use are classed as "neuropoisons" by the World Health Organization

-These pyrethroids have a demonstrated association with cancerous tumors in mammals, and ongoing exposure has been linked to blood biochemical changes in humans

-They are extremely toxic to bees and fish, and have been identified as a contributing cause to the worldwide ecological catastrophe of Colony Collapse Disorder

-Contrary to claims, pyrethroids can persist in soil for weeks or months.

<http://cdn.intechopen.com/pdfs/25677.pdf>

-One of the \*non-insecticide\* ingredients in the Duet product, Piperonyl Butoxide (PBO), is incredibly toxic, and has been linked to delayed mental development in children in two major studies at Columbia and Duke Universities. PBO also can persist for weeks before breaking down in the environment under certain conditions

<http://pediatrics.aappublications.org/content/127/3/e699>

<http://www.ewg.org/news/news-releases/2012/05/31/duke-study-confirms-toxicity-widely-used-pesticide-ingredient>

-A 2006 study conducted in the Boston area found aerosol plumes of from truck based spraying failed to contact the target mosquito groups, and concluded that "may not effectively reduce the force of transmission of WNV."

-A more recent comprehensive analysis of fourteen different communities found that "The data shows that there is no significant difference in the cases of West Nile virus in communities that spray adulticides compared to those that don't but use other methods of mosquito control. Therefore, the risks and the costs of adulticiding do not outweigh the benefits."

Thank you and if you have questions please let me know

**To:** Aimee DuRee <aimeeduree@me.com>

Hello,

I am a new resident in Orange County and recently became aware of the possible aerial spraying of a toxic insecticide here. I want you to know that I oppose this and I encourage OC Vector Control and its trustees to vote no on spraying. There is no study done that says this is safe for our environment or communities. There are however studies that state the chemicals used in these sprayings are unsafe. We need to be looking into non toxic, organic solutions, which do exist. Please do not allow aerial spraying of toxic insecticide in Orange County.

Sincerely,

Aimee DuRee

Orange County Resident

**Date:** Tue, 23 Aug 2016 15:36:06 -0700

**To:** Becky Bryant <beckymbryant@gmail.com>

Good afternoon,

I am writing you in order to express my concern that local efforts to spray mosquitoes will adversely affect our health and the environment. As the mother of a newborn who is extremely susceptible to the negative effects of chemicals used in pesticides, this is of great concern to me. We try to carefully select organic food (and use our non-treated fruit trees) to feed our family in order to avoid these types of pesticides as much as possible

Having a newborn, of course I am also concerned about West Nile Virus. However, my family and I believe that mosquitoes, and by extension, the spread of West Nile virus and other mosquito-borne diseases, can be controlled by less toxic means, rather than spraying pesticides. There is no credible evidence that spraying pesticides used to kill adult mosquitoes reduce or prevent mosquito-borne incidents or illnesses. In fact, one study from the Harvard School of Public Health found that aerosol plumes fail to contact the target mosquitoes and may not effectively reduce mosquito populations. This means that the vast majority of pesticide is allowed to enter the air and environment to trigger asthma responses, rashes, headaches, nausea, and chronic effects in the communities where spraying occurs, in addition to contaminating water supplies and endangering non-target insects such as pollinators, birds and fish.

An ideal mosquito management strategy emphasizes public education, prevention, and monitoring methods. Spraying should be used only as a last resort. Our community should focus our resources on these principles. Here are a few examples:

## 1. Cleanup

- \*Ensure continuous flow of water in streams by eliminating border vegetation that produces habitat for mosquito development.

- \*Drain or fill back-water pools and swamps where stagnant water accumulates. Sanitary landfills which can often be used in such locations will eliminate mosquito breeding sites and improve the value of the land.

- \*Remove overgrown vegetation and debris from along the banks of the lakes and ponds to discourage mosquito breeding. Such bodies of water should have a steep clean shoreline with as little vegetation as possible to prevent vegetation from causing stagnant pools of water.

## 2. Use Natural Predators

Use indigenous fish populations to eat mosquito larvae in shallow waters and ornamental pools. Certain freshwater fish, such as mosquitofish, fathead minnows, killifish, and bluegill can eat their weight in mosquito larvae. These predacious fish are used successfully in the marshes in New York, New Jersey and other parts of the U.S.

Recently New Jersey introduced 10,000 tiny copepod crustaceans to eat mosquito larvae in ditches, pools and other areas of stagnant water. Louisiana has also been successful with copepods for larval control.

### 3. *Least-toxic Pesticide Options*

Utilize *Bacillus thuringiensis israelensis (Bti)*, a biological larvicide that prevents mosquitoes from developing into breeding, biting adults. This product can be placed in standing waters or pools that cannot be drained.

Thank you for your time and attention to this matter. You are more than welcome to contact me should you have any questions.

Sincerely,  
Rebecca Bryant

**CC:** Julia Liou <jliou@ahschc.org>, Mike Lok <MLok@ahschc.org>

Dear Mayor Nguyen,

Thank you so much for your previous support of the Healthy Nail Salon Bill AB 2125!! We're delighted to announce that AB 2125 (Chiu) officially passed the Senate, and by Friday or so will head to the governor's desk. We're emailing to follow up on our ask to submit another letter of support by **THIS THURSDAY, 5 PM** to ensure the governor signs this important bill to help ensure that more salons can participate in programs that recognize their use of less toxic products and practices:

1. Please see the updated letter of support addressed to Governor Brown and place it on your letterhead with a signature. See attached sample. *Note: the bill has been amended to call for the state program to sit in the DTSC/CalEPA instead of the DPH. We think this is a positive amendment. Also statistics from the BBC have been updated from original sample support letter.*

2. Please email **by this Thursday, August 25, 5pm** your support letter to:

Eric Guerra ([eric.guerra@asm.ca.gov](mailto:eric.guerra@asm.ca.gov)) in David Chiu's office. Please cc Catherine Porter ([catherineporter@gmail.com](mailto:catherineporter@gmail.com)) and Mike Lok ([mlok@ahschc.org](mailto:mlok@ahschc.org)). Eric will walk the packet of letters over to the governor's office.

If you have any questions, please don't hesitate to email Catherine at above email or Julia at [jliou@ahschc.org](mailto:jliou@ahschc.org)!

Thank you SO much!!!

Duc

**AB 2125 (Chiu) – Support as amended August 1, 2016**

Dear Governor Brown,

We are writing to voice support of AB 2125 (Chiu) which will lead to nail salons choosing less toxic products and practices, benefiting the overall health of the nail salon industry including its workforce and consumers.

[Describe your organization. Tell why you or your organization is interested in this issue.]

Nail salons represent a significant business sector in California. According to the State Board of Barbering and Cosmetology, there are 129,000 licensed manicurists, and over 53,000 licensed businesses providing nail and other beauty or barber services. There are over 312,000 licensed cosmetologists, many of whom work as nail salon technicians.

Every day, nail salon workers handle solvents, glues, polishes and other products containing chemicals known or suspected to cause cancer, allergies, respiratory, neurological and reproductive harm. They report serious acute health concerns such as headaches and breathing difficulties. Most nail salon workers are women of reproductive age and are predominately Vietnamese immigrants, often with limited English skills.

Some California cities and counties have adopted Healthy Nail Salon Recognition Programs (HNSRPs) to address some of these issues. These are voluntary programs that support nail salons that use less toxic nail polishes and other products, improve ventilation, and participate in trainings on best safety and health practices. Salons that meet the programs' criteria are given recognition with a certificate, window sticker or poster, and/or by being listed as a healthier nail salon on a government website.

In order to ensure that more Californians are able to enjoy the benefits of these programs, AB 2125 requires the Department of Toxic Substances Control (DTSC) in CalEPA to outreach to local governments regarding implementing HNSRPs, publish program models and guidelines, and implement a consumer education program.

We think AB 2125 is essential to ensure greater awareness and improved health for the workforce and consumers in the nail salon industry across California. Please sign AB 2125.

Yours truly,

**Subject:** Study - Vector Control

**From:** Michelle Schumacher <schumacherfamily@me.com>

**Date:** Tue, 23 Aug 2016 21:56:34 -0700

**To:** Michelle Schumacher <schumacherfamily@me.com>

Good evening -

Duet which Vector Control wants to spray on our homes, parks, yards, schools, churches, waterways, and streets has a main ingredient called Sumithrin. Sumithrin is known to wipe out and kill bees and all pollinators including birds - it is highly toxic to non target insects and aquatic life. The bee population declined 45% last year worldwide, clearly this is not good news, as we need bees for food production. Spraying Duet still will kill the bees as soon as they go to forage on flowers they will be poisoned.

The MYTH that Duet magically disappears when the sun comes up has not been supported by a shred of evidence. Nothing disappears after being sprayed - it either gets absorbed - stays there evaporates into the air - carried off by water but it is not true that pesticides disappear after spraying. In fact all one needs to do is look at our water quality report to see the pesticides that are in our drinking water and the pesticides that are accumulating in the ocean.

Nothing magically disappears when the sun comes up as they would have you believe about Duet. Nice sales pitch though.

Vector Control will spray at night to try to not harm the pollinators, we have all heard meeting after meeting that the mosquitos they want to kill are day biters so I dont see the point of trying to kill them when they are not out at night.

Aerial spray is at best 10% effective - however, the non target insect and human health costs will be the other 90% which is simply not worth it. WN and Zika are asymptomatic for 70 -80 % of the population - it is not right to harm us all when so few will be affected, if any.

We did not spray last year and everything turned out just fine.

## **Permethrin, Resmethrin, d-Phenothrin (Sumithrin®): Synthetic Pyrethroids For Mosquito Control**

**Pyrethroids are synthetic chemical insecticides** that act in a similar manner to pyrethrins, which are derived from chrysanthemum flowers. Pyrethroids are widely used for controlling various insects. Permethrin, resmethrin, and d-phenothrin (Sumithrin®) are synthetic pyrethroids commonly used in mosquito control programs to kill adult mosquitoes.

### Drone Incidents & Regulations Worldwide: A Map for You Bao

The civilian use of drones presents homeland security, critical national infrastructure and commercial industries with a myriad of safety and privacy challenges. The growing number of incidents in just the past year involving drone intrusions into high-security areas such as airports, nuclear sites, government buildings and prisons have done little to satisfy concerns for public safety, and although regulatory frameworks for drones are being developed, they are still in their infancy.

It is with this in mind that we have created an [interactive drone regulations and drone incident map](#) which should inform both those tasked with protecting civilian areas as well as those involved in creating technologies to counter drones what they can and cannot do in the event of a malicious drone activity or attack.

**Subject:** Please take awareness of the situation of dogs and cats in South Korea and neighboring countries

**From:** Andrés Aguilera <aguilera.andrs164@gmail.com>

**Date:** Wed, 24 Aug 2016 11:52:30 -0400

**To:** baon@ci.garden-grove.ca.us, stevej@garden-grove.org, chrisp@ci.garden-grove.ca.us, phatb@ci.garden-grove.ca.us, kbeard@garden-grove.org, anyang@anyang.go.kr

Mayor Bao Nguyen of Garden Grove, California: Tell Sister City, Anyang, South Korea, That We're Opposed to the Torture and Consumption of Dogs and Cats.

Garden Grove has become Sister City with Anyang, South Korea, regardless of the fact that Anyang ignores horrendous dog and cat cruelty by allowing the illegal mass breeding, brutal slaughter and sale of these animals for its meat trade.

South Korea is the home to global companies, such as Hyundai, Kia, Samsung, LG, Daewoo, SK and POSCO, which is why it is so shocking that an estimated 2.5 million dogs are tortured and slaughtered every year within South Korea, because of the greed of dog eaters and the dog meat industry; while the majority of those Koreans, who don't actually participate in this offensive trade, show a profound indifference by doing nothing at all to stop it.

We know how loyal and faithful our dogs across the world are; and we all ask a lot of them - they serve us in innumerable ways: farm work, war work, police and guard duties, search and rescue, help for the disabled, guiding and guardianship, and, of course, as our loving and trusting companions.

Dogs were first domesticated many thousands of years ago, and so much do they want to be part of our 'human' family that they have learned to understand our gestures and our language - the language of another species, which shows remarkable willingness and intelligence.

Anyang is one of the largest dog meat consumption areas in South Korea. If you have ever wondered what hell would be like, just visit or watch the videos of dog slaughterhouses, markets and restaurants scattered all throughout Anyang. There are countless dog slaughterhouses, markets and restaurants where the dogs, who are tortured their entire lives, end up being slaughtered in the most inhumane ways, such as by electrocution, hanging or beating; and then thrown into boiling water - sometimes while they are still alive. In many places, dogs are being killed in full view of other terrified, caged dogs; and this takes place in public and in broad daylight. In addition, many abandoned and stolen former pets end up in this industry, and are subjected to the same cruelty.

There are laws in South Korea against selling dogs and cats for consumption yet these laws are blatantly ignored.

Please watch this undercover video by animal rights activists in South Korea:

<http://youtu.be/3uR8R8Mu70Q>

Please inform Anyang Mayor Pil-Un Lee that citizens of Garden Grove and their friends insist that they issue an official document mandating that the following existing laws be enforced:

Livestock Product Sanitary Control Act, Article 2, Item 1 which governs the raising, slaughter and disposal of livestock and the processing, distribution and inspection of livestock products, does not categorize dogs as livestock that can be processed as food. Therefore this makes the dog meat industry technically illegal.

Food Sanitation Act, Article 7, Clause 1, Korean Food Standards Codex specified by the Food and Drug Administration, does not include dogs in the list of raw materials that can be processed and cooked as food, therefore making raising and slaughtering dogs for consumption illegal.

Animal Protection Act:

### ARTICLE 3. BASIC PRINCIPLES FOR PROTECTION OF ANIMALS

Each person shall endeavor to observe the following principles in raising, caring for, or protecting an animal:

1. Each person shall ensure that an animal maintains its natural behavior and original physical shape to live an ordinary life;
2. Each person shall ensure that an animal does not suffer from thirst, hunger, or malnutrition;
3. Each person shall ensure that an animal is free to express normal behavior without experiencing discomfort;
4. Each person shall ensure that an animal is free from pain, injury, and disease;
5. Each person shall ensure that an animal is free from fear and distress.

### ARTICLE 8. PROHIBITION OF ANIMAL ABUSE

- ① No one shall commit the following acts toward animals:

1. Act of killing by brutal methods, such as hanging

2. Act of Killing in public or in another animal's presence

③ No one shall commit the following acts toward abandoned or abused animals:

1. Act of capture and sell or kill.

2. Act of trade or purchase knowing that the animals are abandoned or abused.

#### ARTICLE 9. ANIMAL TRANSPORTATION

① Anyone transporting an animal that has been selected by decree from the Ministry for Food, Agriculture, Forestry and Fisheries must make an effort to abide by the following:

1. Ensure that the animals are properly fed, watered and drive carefully so that animals are not shocked or harmed from sudden departures or stops.

2. The vehicle used for transportation must be built to prevent any harm during transportation and to minimize any pain due to poor ventilation or sudden changes in temperature, etc.

3. When a person transports an ailing animal, a youngling, a pregnant animal, or an animal with a suckling, he/she shall install partitions or take other necessary measures to prevent such animal from being hurt by other animals in transit.

4. Avoid any possible injuries while moving an animal and minimize any pain or discomfort, such as sudden changes in body temperature or difficulty in breathing.

#### ARTICLE 46. PUNISHMENT

① Anyone who violates Article 8, Clause 1 through 3 shall be punished with up to one year in prison or a maximum

fine of 10 million Korean won (\$7,000 USD).

Ministry of Environment's Conservation of Water Quality and Ecosystem Act, Article 15 Clause 1 Item 2 and Article 78 Item 3, the act of discharging excrement, livestock waste water, animal carcass, waste materials or sludge into public water is punishable by up to one year in prison or a maximum fine of 10 million Korean won (\$7,000 USD).

Livestock Safety Management Act, slaughterhouses are only authorized to slaughter animals they are registered to handle. No slaughterhouse is registered to slaughter dogs because dogs are not subject to slaughter under this law.

We believe these demands are in line with the goal of Sister cities to establish friendly communications in the areas of tourism, commerce, cultural exchange and public health.

International coverage of the brutal dog and cat meat trade in South Korea has stained Anyang, South Korea's image and severely tarnished your city's Sister city relationship. The time to end this tragedy is now. The favor of your reply is requested. Thank you for taking swift action!

Dear Mayor Bao Nguyen,

We hope this email finds you well.

The Vietnamese American Cancer Foundation (VACF) respectfully requests your support for our ***Life is Beautiful Gala***, an annual benefit event recognizing our community's fight against cancer and raising funds for our programs and services.

Founded in 2002 by cancer survivors and local physicians, VACF is a 501(c)(3) non-profit health organization whose mission is to prevent cancer, improve patient quality of life, and save lives through cancer education, research, advocacy, and services in the community.

In the past fourteen years VACF has directly helped and made an impact on the quality of life for about **25,000 people** in the community through health outreach and education, patient navigation, and support. We strive to make sure that no community will fall through the cracks of the healthcare system regardless of the barriers they may face. All of our services are provided free of charge.

VACF is well recognized for providing hope and comfort to clients during difficult times and known as: *"...an organization well deserving of respect and support. It is dedicated to helping those who are facing difficulties, making sure that we know we are not alone, and that there will always be someone to turn to for unconditional conversation, empathy, and assistance."*

The ***Life is Beautiful Gala*** will be held **on Sunday, September 18, 2016** continue bringing support and awareness about cancer to the community. We would greatly appreciate your support in any form, including *event sponsorship, cash donation, or contribution*. Please see the attached sponsorship levels and an official letter of invitation. Your generous donation will help save lives through cancer prevention and treatment.

We hope to hear from you. Together, we can work towards a stronger and healthier community. Thank you for your consideration.

Dear Mayor Nguyen,

Thank you so much for your previous support of the Healthy Nail Salon Bill AB 2125!! We're delighted to announce that AB 2125 (Chiu) officially passed the Senate, and by Friday or so will head to the governor's desk. We're emailing to follow up on our ask to submit another letter of support by **THIS THURSDAY, 5 PM** to ensure the governor signs this important bill to help ensure that more salons can participate in programs that recognize their use of less toxic products and practices:

1. Please see the updated letter of support addressed to Governor Brown and place it on your letterhead with a signature. See attached sample. *Note: the bill has been amended to call for the state program to sit in the DTSC/CalEPA instead of the DPH. We think this is a positive amendment. Also statistics from the BBC have been updated from original sample support letter.*

2. Please email **by this Thursday, August 25, 5pm** your support letter to:

Eric Guerra ([eric.guerra@asm.ca.gov](mailto:eric.guerra@asm.ca.gov)) in David Chiu's office. Please cc Catherine Porter ([catherineporter@gmail.com](mailto:catherineporter@gmail.com)) and Mike Lok ([mlok@ahschc.org](mailto:mlok@ahschc.org)). Eric will walk the packet of letters over to the governor's office.

If you have any questions, please don't hesitate to email Catherine at above email or Julia at [jliou@ahschc.org](mailto:jliou@ahschc.org)!

Thank you SO much!!!

Governor Jerry Brown  
c/o State Capitol, Ste. 1173  
Sacramento, CA 95814

**AB 2125 (Chiu) – Support as amended August 1, 2016**

Dear Governor Brown,

We are writing to voice support of AB 2125 (Chiu) which will lead to nail salons choosing less toxic products and practices, benefiting the overall health of the nail salon industry including its workforce and consumers.

[Describe your organization. Tell why you or your organization is interested in this issue.]

Nail salons represent a significant business sector in California. According to the State Board of Barbering and Cosmetology, there are 129,000 licensed manicurists, and over 53,000 licensed businesses providing nail and other beauty or barber services. There are over 312,000 licensed cosmetologists, many of whom work as nail salon technicians.

Every day, nail salon workers handle solvents, glues, polishes and other products containing chemicals known or suspected to cause cancer, allergies, respiratory, neurological and reproductive harm. They report serious acute health concerns such as headaches and breathing difficulties. Most nail salon workers are women of reproductive age and are predominately Vietnamese immigrants, often with limited English skills.

Some California cities and counties have adopted Healthy Nail Salon Recognition Programs (HNSRPs) to address some of these issues. These are voluntary programs that support nail salons that use less toxic nail polishes and other products, improve ventilation, and participate in trainings on best safety and health practices. Salons that meet the programs' criteria are given recognition with a certificate, window sticker or poster, and/or by being listed as a healthier nail salon on a government website.

In order to ensure that more Californians are able to enjoy the benefits of these programs, AB 2125 requires the Department of Toxic Substances Control (DTSC) in CalEPA to outreach to local governments regarding implementing HNSRPs, publish program models and guidelines, and implement a consumer education program.

We think AB 2125 is essential to ensure greater awareness and improved health for the workforce and consumers in the nail salon industry across California. Please sign AB 2125.

Yours truly,

**Subject:** Opposition to Vector Control Aerial Spray

**From:** Christine Russell <crcaligurl@gmail.com>

**Date:** Wed, 24 Aug 2016 10:02:25 -0700

**To:** Christine Russell <crcaligurl@gmail.com>

Hi There...

If you can take a few minutes to read this very important information, you will see that doing aerial spraying is not best option at all...

## **Portion of pesticide sprays that hit flying insects**

First, the portion of sprays that actually reach mosquitoes is miniscule. Sprays must be composed of tiny particles that will float in the air rather than falling to the ground: To ensure insects fly into the insecticide spray droplets, they must have a size of 2- to 16 micron." [Lofgren, et al, 1973]

The wind easily blows such "ultra low volume" (ULV) mists away from the target population. This problem is so extreme that a study of DDT used to control *Heliothis* (corn moth) estimated that less than 0.0000001% (one part per billion) reached the target.

Many other studies have looked at the amount of sprayed pesticides that reach insects. The highest found in published research is 10%.

Cornell University professor David Pimentel reviewed published research on pesticide sprays and concluded that the average for all pesticides is that less than 0.1% reaches target pests. [Pimentel, 1995]

But this included crawling insects. When he looked specifically at flying insects like mosquitoes, the average was less than 0.0001%. This is one part per million. In order to get the equivalent of one container of pesticides to reach mosquitoes, it is necessary to

spray one million containers.

 Thank you for taking the time to read this...

Re: 2016 Orange County Asian Business Expo

Dear Mayor-Garden Grove, Bao Nguyen:

On behalf of the Korean American Chamber of Commerce of Orange County, along with seventeen (17) other co-hosting Asian and local business organizations, please accept our invitation to the 6th Annual O.C. Asian Business Expo, which will be held at the Embassy Suites, Anaheim South Hotel, 11767 Harbor Blvd., Garden Grove, CA 92840, from 9:00 AM to 4:00 PM on September 8, 2016.

What began in 2011 as collaboration between the Korean American Chamber of Commerce and the Vietnamese Chamber of Commerce of Orange to support our local Asian businesses has now grown to include nearly every Asian American business organizations as well as local chambers of commerce in Orange County. This year, we hope to make it even bigger and better! This year's theme is "Redefining our Mainstream Economy". Orange County has one of the fastest growing Asian population and businesses in the country. The Asian businesses are no longer the small "mom and pop" stores but leaders and innovators in various industries, reshaping the mainstream economy, locally and internationally!

At this event, people will network and learn about vast array of Asian businesses (including nonprofits). This would be a great opportunity for anyone to have direct access and contact with businesses that would otherwise be inaccessible and unapproachable. This is much better than communicating via the internet, email, texting, or other social media. There is nothing better and productive than "face to face" contact and networking!

We would be honored if you could attend the opening & ribbon-cutting ceremony and/or offer a brief congratulatory remark (which can be submitted in video). We would very much appreciate an official portrait and a written message to be included in our commemorative

program booklet. Our press deadline for the booklet is August 15, 2016.

Your participation would give encouragement to all of us to continue our cooperation and growth as we renew our commitment to expand services and benefits to our members and partners.

We look forward to hearing back from you as soon as possible.

Dear Governor Brown,

I am writing to voice support of AB 2125 (Chiu) which will lead to nail salons choosing less toxic products and practices, benefiting the overall health of the nail salon industry including its workforce and consumers.

Nail salons represent a significant business sector in California. According to the State Board of Barbering and Cosmetology, there are 129,000 licensed manicurists, and over 53,000 licensed businesses providing nail and other beauty or barber services. There are over 312,000 licensed cosmetologists, many of whom work as nail salon technicians.

Every day, nail salon workers handle solvents, glues, polishes and other products containing chemicals known or suspected to cause cancer, allergies, respiratory, neurological and reproductive harm. They report serious acute health concerns such as headaches and breathing difficulties. Most nail salon workers are women of reproductive age and are predominately Vietnamese immigrants, often with limited English skills.

Some California cities and counties have adopted Healthy Nail Salon Recognition Programs (HNSRPs) to address some of these issues. These are voluntary programs that support nail salons that use less toxic nail polishes and other products, improve ventilation, and participate in trainings on best safety and health practices. Salons that meet the programs' criteria are given recognition with a certificate, window sticker or poster, and/or by being listed as a healthier nail salon on a government website.

Page 2  
Governor Jerry Brown  
August 24, 2016

In order to ensure that more Californians are able to enjoy the benefits of these programs, AB 2125 requires the Department of Toxic Substances Control (DTSC) in CalEPA to outreach to local governments regarding implementing HNSRPs, publish program models and guidelines, and implement a consumer education program.

I think AB 2125 is essential to ensure greater awareness and improved health for the workforce and consumers in the nail salon industry across California. Please sign AB 2125. If you have any questions, please contact me at (714) 741-5104.

Yours truly,

Bao Nguyen  
Mayor

Dear Mayor Nguyen,

Thank you so much for your previous support of the Healthy Nail Salon Bill AB 2125!! We're delighted to announce that AB 2125 (Chiu) officially passed the Senate, and by Friday or so will head to the governor's desk. We're emailing to follow up on our ask to submit another letter of support by **THIS THURSDAY, 5 PM** to ensure the governor signs this important bill to help ensure that more salons can participate in programs that recognize their use of less toxic products and practices:

1. Please see the updated letter of support addressed to Governor Brown and place it on your letterhead with a signature. See attached sample. *Note: the bill has been amended to call for the state program to sit in the DTSC/CalEPA instead of the DPH. We think this is a positive amendment. Also statistics from the BBC have been updated from original sample support letter.*

2. Please email **by this Thursday, August 25, 5pm** your support letter to:

Eric Guerra ([eric.guerra@asm.ca.gov](mailto:eric.guerra@asm.ca.gov)) in David Chiu's office. Please cc Catherine Porter ([catherineporter@gmail.com](mailto:catherineporter@gmail.com)) and Mike Lok ([mlok@ahschc.org](mailto:mlok@ahschc.org)). Eric will walk the packet of letters over to the governor's office.

If you have any questions, please don't hesitate to email Catherine at above email or Julia at [jliou@ahschc.org](mailto:jliou@ahschc.org)!

Thank you SO much!!!

**Subject:** Vector Control

**From:** scott schumacher <shoey67@hotmail.com>

**Date:** Wed, 24 Aug 2016 19:59:20 -0700

**To:** "shoey67@hotmail.com" <shoey67@hotmail.com>

Dear Trustee of Vector Control

Since the arrival of West Nile Virus, public health officials have felt increased pressure to act decisively on mosquito control. **There are three main reasons that adulticiding is not effective.** First, mosquitoes are tiny, and spraying pesticides out of planes is an extremely inefficient way to kill them. According to Dr. David Pimentel, an entomologist at Cornell University, 0.1% of sprayed pesticides actually hit the target pest (Pimentel, D. 1995. Amounts of Pesticides Reaching Target Pests: Environmental Impacts and Ethics. Journal of Agricultural and Environmental Ethics 8(1): 17-29). 99.9 % of the sprayed chemical is at best a waste of money, and at worst, a public health hazard.

Second, adulticiding programs target mosquitoes at the wrong stage. Such programs do not get at the mosquitoes until after they have matured and are biting, and do not restrict or control mosquitoes from continuing to breed. After Hurricane Andrew caused a surge in mosquito populations in Florida, state officials took bite counts before and after widespread aerial spraying, **and found that mosquito populations surged back to pre-spray levels within three days of the treatment** (News and Observer 1996.State alters mosquito plans.9/21/96).

Third, there is strong evidence that adult WNV-carrying mosquitoes are **developing resistance to organophosphate insecticides.** "Insecticide Resistance in Mosquito Vectors." Nature 423: 136-137). Furthermore, Duet will kill all flying insects it actually contacts, including mosquito predators such as dragonflies. Depending on the species, dragonflies take from several weeks up to a year to complete their life cycle, while mosquitoes take just a few weeks, leaving populations with fewer natural controls.

While traditional adulticide methods look like action, in actuality they accomplish very little. Fortunately, there are more effective alternatives available for mosquito control. Thus, many communities around the US have moved away from broadcast spraying of adulticides to find more **effective mosquito management practices that pose fewer risks to human health, wildlife, and water quality.**

- According to the New York City Department of Health, **more people were reported to have gotten sick from pesticide spraying than from exposure to West Nile Virus in 2000. 157 people reported illness as a result of exposure to pesticides used for mosquito control;** 19 people were hospitalized for WNV. (New York City Health Information. 2001. West Nile Virus Surveillance and Control: An Update for Health Care Providers in New York City. New York City Department of Health 20(2). <http://www.nyc.gov/html/doh/pdf/chi/chi20-2.pdf>.)
- The Cleveland suburb of Lyndhurst, OH has adopted a policy this year that expressly forbids the use of pesticide sprays for public health mosquito control. In adopting the ordinance, the Council found that "the risk/benefit analysis conducted by experts clearly indicates that the **dangers of WNV are minimal and affect a very small segment of the population and that the long-term health and environmental risks of spraying with synthetic pesticides poses a much greater risk.**"(Beyond Pesticides. 2003. Ohio City Adopts Landmark Law to Stop Pesticide Spraying for West Nile Virus. Daily News. Washington, DC. 7/14/03.<http://www.beyondpesticides.org>)
- Health officials in swampy Washington, DC continue their no-spray policy, **stating that pesticide spraying is inappropriate in a heavily populated area with many asthma patients.** Instead, officials are focusing on public education. (Washington Post, 2002. First Case Of W. Nile Diagnosed Here in 2002,8/8/02).

In areas where mosquitoes do breed, larvaciding (killing mosquitoes in their larval stage) allows control measures to be used in targeted areas, while mosquito larvae are still concentrated in breeding pools and before adult mosquitoes spread throughout the community. This effective mosquito control method typically uses **Bacillus thuringiensis var. israelensis**, one of the most popular biological controls. It is a bacterial strain that, when introduced into larval pools, is ingested by feeding larvae and kills them. Bt poses little threat to humans or wildlife, both because of its minimal toxicity, and because the application method ensures there is very little chance of coming into contact with it. A larvacide program could have been put in place immediately after the storm hit. One Bt treatment will remain effective on mosquito larvae for months, even if a pool of water dries out and is refilled (Burns, Robert. Most Mosquito Knockout Devices Only Hammer the Buyer's Pocketbook Texas A&M Ag News, 4/23/03).

**Duet is not an appropriate choice for use in areas where people live.** I have already mentioned mosquito resistance to organophosphates, which are among the most highly toxic pesticides available today. The main ingredients in Duet are a developmental and reproductive toxin. There is simply no need to employ such a high-risk chemical when lower- risk alternatives are readily available. Pregnant women, infants, and children are at greater risk of harm from pesticides, and these populations are rarely taken into account in traditional risk-assessment studies. **Spraying puts everyone at risk of exposure, including populations such as pregnant women, the elderly, those with chronic respiratory illness, and children all of whom deserve special protection.**

I would like to request that you protect our County from the ill health effects of massive poison being sprayed.

Sincerely,

William Schumacher

Dear Mayor Bao Nguyen,

On behalf of the Organizing Committee, we would like to send to you our Invitation to participate in two main events of the Republic of Vietnam Day Ceremony:

- 1.- Dinner Fund Raising Event on Sep 9, 2016 at Majesty Restaurant, from 6 to 10 PM
- 2.- Republic of Vietnam Day Ceremony on Oct 30, 2016 at Vietnam War Memorial, Westminster City.

Your participation in these two events is very important to show your Vietnamese offspring strong support and your pride to the Republic of Vietnam and the "Just Cause" of the Republic of Vietnam during the Vietnam War.

In the Fund Raising Event you and the City Council will be invited to present your City Resolution passed on Oct 10, 2014 to our Steering Committee in front of public and give the audience a short but very meaningful speech.

Thank you very much for your support. I hope you will have a chance to serve the city as well as the Vietnamese American Community in any field of political spectrum.

Lac Tan Nguyen,  
Former President of the Vietnamese American Community of Southern California. Coordinator of the Steering Committee for Republic of Vietnam Day Resolution.

Good afternoon,

I wanted to share with you a study that demonstrates even in low dosages Duet would be very harmful to us all. DUET main ingredients are KNOWN ENDOCRINE DISRUPTORS. Why would we harm so many when there are less toxic alternatives available - spraying by plane should NEVER be an option. Please step up and protect our families from this ill conceived plan - more harm will come to many more and the health effects will be devastating for our children and pregnant women.

**Hormones and endocrine-disrupting chemicals: low-dose effects and nonmonotonic dose responses.**

**Epidemiological studies show that environmental exposures to EDCs are associated with human diseases and disabilities.**

Study can be found here

Thank you and please make sure this does not happen we are counting on you to keep our families safe.

Good evening -

I want to let you know that I oppose the aerial spraying of Pesticides by vector Control - this should never even be considered for our County. The evidence and data is clear and unambiguous that pesticides harm not only the mosquitos but also the beneficial insects, pollutes our water and air and most importantly causes significant harm to all of our health. Compromising all of our health so a few may not get ill when there are many personal precautions available is not an acceptable risk. Please see the information below from the American Academy of Pediatrics.

## Pesticide Exposure in Children

### COUNCIL ON ENVIRONMENTAL HEALTH

Pesticides are a collective term for chemicals intended to kill unwanted insects, plants, molds, and rodents. **Children encounter pesticides daily and have unique susceptibilities to their potential toxicity. Acute poisoning risks are clear, and understanding of chronic health implications from both acute and chronic exposure are emerging. Epidemiologic evidence demonstrates associations between early life exposure to pesticides and pediatric cancers, decreased cognitive function, and behavioral problems.** Related animal toxicology studies provide supportive biological plausibility for these findings. Recognizing and reducing problematic exposures will require attention to current inadequacies in medical training, public health tracking, and regulatory action on pesticides. Ongoing research describing toxicologic vulnerabilities and exposure factors across the life span are needed to inform regulatory needs and appropriate interventions. Policies that promote integrated pest management, comprehensive pesticide labeling, and marketing practices that incorporate child health considerations will enhance safe use.

Thank you for protecting the health of my family and making sure to vote NO on aerial spraying.

Thank you

1.- City of Garden Grove passed the Republic of Viet Nam Day Resolution on Oct. 14, 2014

# CITY OF Garden Grove

## R E S O L U T I O N

### Republic of Vietnam Day

October 26

**WHEREAS** The Vietnamese American community of Garden Grove was originally a community of Vietnamese refugees consisting of the citizens of all backgrounds from the Republic of Vietnam during their exodus after the Vietnam War, which was facilitated by the Vietnamese Commission from 1955 to 1975 and ended on April 30, 1975, in order to protect their lives and cultural heritage from being damaged or possibly destroyed, and

**WHEREAS** During the Vietnam War the Government of the Republic of Vietnam and its armed forces, people, elected and governmental officials struggled courageously and bravely to defend and protect the freedom, lives and property of the people, to reestablish the Republic and the new born democratic government created after the reestablishment of independence from French colonial rule, and

**WHEREAS** During the Vietnam War against the invasion of the Vietnamese Communists, the United States and its allied armies from Australia, South Korea, Thailand, New Zealand and Philippines also made enormous contributions and sacrifices in protecting freedom, democracy, lives and property of the Vietnamese people and the Republic of Vietnam and

**WHEREAS** The Vietnamese American community with a population of nearly one million, consisting of many industries and talented members, after five decades of immigration has matured with numerous successes in all fields from culture to education, business and politics, science and technology, electronics and internet, trading and financing, arts and military, and has contributed a significant effort to the maintaining of the development and protecting the fabric of the American society at the local, national and federal government levels, and

**WHEREAS** The past cause of the struggle to defend and protect freedom, democracy, lives and property of the people and the Republic of Vietnam, and the enormous sacrifices and contributions of the army, people, elected and governmental officials and their families have been ignored or forgotten after the end of the Vietnam War in April 1975, and

**WHEREAS** Even in the United States, the sacrifices of more than 58,000 American soldiers and the contributions of about three million former servicemen and servicewomen as well as their families during the Vietnam War have not been recognized and honored properly.

**NOW, THEREFORE, BE IT RESOLVED**, that the Garden Grove City Council designates the date of October 26 of each year, as the Republic of Vietnam Day to honor the just cause of the Republic of Vietnam, and to commemorate the contributions and sacrifices of the army, people, elected and governmental officials of the Republic of Vietnam as well as American soldiers, Vietnam War Veterans, allied armies, and their families.

*City of Santa Ana*

**PROCLAMATION**

Recognizing

**REPUBLIC OF VIETNAM DAY**

WHEREAS, more than 23,000 Vietnamese Americans reside in Santa Ana, who have made significant contributions in the fields of education, business, science, technology, and many others; and

WHEREAS, armed servicemen, government officials, and citizens have continuously defended their freedom, lives, and property to safeguard the democratic government of Vietnam; and

WHEREAS, Vietnamese Americans have enhanced social, cultural, and economic diversity throughout the city, state, and nation. They have also contributed towards maintaining and developing the fabric of American society at the local, state, and federal government levels; and

WHEREAS, the sacrifices and efforts of more than 58,000 American soldiers, as well as millions of former servicemen and servicewomen during the Vietnam War should be honored and acknowledged; and

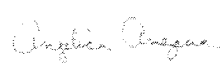

WHEREAS, The Steering Committee for Republic of Vietnam Day Resolution has led efforts to designate October 26<sup>th</sup> of every year as Republic of Vietnam Day in order to commend the sacrifices and contributions of the army, people, and government officials during the Vietnam War and thereafter.

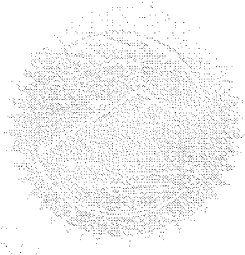

NOW, THEREFORE, WE, THE MAYOR AND CITY COUNCIL of the City of Santa Ana, do hereby proclaim October 26<sup>th</sup> as

3.- City of Westminster passed the Republic of Viet Nam Day Resolution on Jan. 14, 2015

RESOLUTION NO. 4518

A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF WESTMINSTER DESIGNATING OCTOBER 26<sup>TH</sup> OF EACH YEAR AS REPUBLIC OF VIETNAM DAY TO HONOR THE JUST CAUSE AND COMMEMORATE THE CONTRIBUTIONS AND SACRIFICES OF THE ARMY, PEOPLE, ELECTED AND GOVERNMENTAL OFFICIALS OF THE REPUBLIC OF VIETNAM AS WELL AS AMERICAN SOLDIERS, VIETNAM WAR VETERANS, ALLIED ARMIES AND THEIR FAMILIES

WHEREAS, the Vietnamese American community of Westminster was originally a community of Vietnamese refugees consisting of the citizens of all backgrounds from the Republic of Vietnam fleeing their country after the Vietnam War, which was launched by the Vietnam Communists from 1955 to 1975 and ended on April 30, 1975, in order to protect their lives and cultural heritage from being damaged or possibly destroyed;

WHEREAS, during the Vietnam War the Government of the Republic of Vietnam and its armed forces, people, elected, and governmental officials struggled continuously and bravely to defend and protect the freedom, lives, and property of the people, to safeguard the Republic and the new born democratic government created after the reestablishment of independence from French colonial rule;

WHEREAS, during the Vietnam War against the invasion of the Vietnamese Communists, the United States and its allied armies from Australia, South Korea, Thailand, New Zealand, and Philippines also made enormous contributions and sacrifices in protecting freedom, democracy, lives, and property of the Vietnamese people and the Republic of Vietnam;

WHEREAS, the Vietnamese American community with a population of nearly two million, consisting of many industrious and talented members, after four decades of integration has matured with numerous successes in all fields from culture to education, business and politics, science and technology, electronics and internet, trading and financing, court and military, and has contributed a significant effort to the maintaining of the development, and protecting the fabric of the American society at the local, state and federal government levels;

WHEREAS, the just cause of the struggle to defend and protect freedom, democracy, lives and property of the people and the Republic of Vietnam, and the enormous sacrifices and contributions of the army, people, elected and governmental officials and their families have been ignored or forgotten after the end of the Vietnam War in April 1975; and

WHEREAS, even in the United States, the sacrifices of more than 58,000 American soldiers and the contributions of about three million former servicemen and servicewomen as well as their families during the Vietnam War have not been recognized and honored properly.

NOW, THEREFORE THE CITY COUNCIL OF THE CITY OF WESTMINSTER DOES HEREBY RESOLVE AS FOLLOWS:

The Mayor and City Council of the City of Westminster designates the date of October 26<sup>th</sup> of each year, as the Republic of Vietnam Day to honor the just cause of the Republic of Vietnam, and to commemorate the contributions and sacrifices of the army, people, elected and governmental officials of the Republic of Vietnam as well as American soldiers, Vietnam War Veterans, allied armies, and their families.

## ANNOUNCEMENT

**Ref:** *The Writing Contest on the “Just Cause” of The Republic of Vietnam (ROVN), The Dinner Fund Raising Event, and The Republic of Vietnam Day Ceremony on Oct 30, 2016 at Vietnam War Memorial*

**The Steering Committee for the Republic of Vietnam Day Resolution (SCROVNDR) announces:**

The campaign for the Republic of Vietnam Day Resolution at the Local and State Government of California has been progressed with good results.

To mark the successfulness of this achievement and the significant meaning on the organizing of the **Ceremony of the Republic of Vietnam Day for the first time** on Oct 30, 2016 at the Vietnam War Memorial, the SCROVNDR decided to form the Organizing Committee of the ROVN Day Ceremony with the participation of the Vietnamese American community organizations of Southern California, Vietnam War Memorial Committee, former ROVN soldiers organizations, Country Fellowship organizations, intellectuals, Youth and Offspring groups, Governmental Officials, Elected Officials ...

*To prepare for the Ceremony of the Republic of Vietnam Day with solemn and significant meaning, the Organizing Committee has decided to hold a Writing Contest about the ROVN for the Children and Offspring of the ROVN to encourage them in the learning of the Republic of Vietnam, about the “Just Cause” of the ROVN as well as the Sacrifices and contributions of the Republic Government; its Army, People, Cadres, Officials, ROVN Elected Officials; United States and Allied Armies and their families during the War.*

**1.- On the Writing Contest**, please refer to the Announcement of the Organizing Committee on July 8, 2016 for details. The Deadline to submit the entry is mid-night, Sep 30, 2016. Participants can go to the site: [www.ngayvietnamconghoa.wordpress.com](http://www.ngayvietnamconghoa.wordpress.com) for referencing, collecting data, or researching on the internet. We encourage you and every individual in helping your children to take part in this Contest as an opportunity to learn and take pride about their parents and relatives' contributions and the “Just Cause” of the ROVN.

**2.- On the Fund Raising Event**, the Invitation Tickets include **three classes: \$35.00, \$50.00 and \$100.00VIP**. Please contact the following persons to get ticket ASAP: Lac Tan Nguyen (657-272-5570), Kim Ngân (760-799-6245), Temple of Hero Trần Hưng Đạo, VNA-TV, Pasteur Restaurant.

**3.- On the Republic of Vietnam Day Ceremony**, The Organizing Committee has decided to invite special guests including former Elected Officials of the ROVN, Elected Officials of the State of California and Federal Government, former Senior Officers and Generals of the ROVN, Vietnamese American Generals and Senior Officers in US Army, former US Soldiers during the Vietnam War, Representatives of the Ambassadors of Allied Armies, High Ranking Vietnamese American Governmental Officials, and Vietnamese American in California and abroad to take part in this event.

### 3.- City of Westminster passed the Republic of Viet Nam Day Resolution on Jan. 14, 2015

#### RESOLUTION NO. 4518

A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF WESTMINSTER DESIGNATING OCTOBER 26<sup>TH</sup> OF EACH YEAR AS REPUBLIC OF VIETNAM DAY TO HONOR THE JUST CAUSE AND COMMEMORATE THE CONTRIBUTIONS AND SACRIFICES OF THE ARMY, PEOPLE, ELECTED AND GOVERNMENTAL OFFICIALS OF THE REPUBLIC OF VIETNAM AS WELL AS AMERICAN SOLDIERS, VIETNAM WAR VETERANS, ALLIED ARMIES AND THEIR FAMILIES

WHEREAS, the Vietnamese American community of Westminster was originally a community of Vietnamese refugees consisting of the citizens of all backgrounds from the Republic of Vietnam fleeing their country after the Vietnam War, which was launched by the Vietnamese Communists from 1955 to 1975 and ended on April 30, 1975, in order to protect their lives and cultural heritage from being damaged or possibly destroyed;

WHEREAS, during the Vietnam War the Government of the Republic of Vietnam and its armed forces, people, elected, and governmental officials struggled continuously and bravely to defend and protect the freedom, lives, and property of the people, to safeguard the Republic and the new born democratic government created after the reestablishment of independence from French colonial rule;

WHEREAS, during the Vietnam War against the invasion of the Vietnamese Communists, the United States and its allied armies from Australia, South Korea, Thailand, New Zealand, and Philippines also made enormous contributions and sacrifices in protecting freedom, democracy, lives, and property of the Vietnamese people and the Republic of Vietnam;

WHEREAS, the Vietnamese American community with a population of nearly two million, consisting of many industrious and talented members, after four decades of integration has matured with numerous successes in all fields from culture to education, business and politics, science and technology, electronics and internet, trading and financing, court and military, and has contributed a significant effort to the maintaining of the development, and protecting the fabric of the American society at the local, state and federal government levels;

WHEREAS, the just cause of the struggle to defend and protect freedom, democracy, lives and property of the people and the Republic of Vietnam, and the enormous sacrifices and contributions of the army, people, elected and governmental officials and their families have been ignored or forgotten after the end of the Vietnam War in April 1975; and

WHEREAS, even in the United States, the sacrifices of more than 58,000 American soldiers and the contributions of about three million former servicemen and servicewomen as well as their families during the Vietnam War have not been recognized and honored properly.

NOW, THEREFORE THE CITY COUNCIL OF THE CITY OF WESTMINSTER DOES HEREBY RESOLVE AS FOLLOWS:

The Mayor and City Council of the City of Westminster designates the date of October 26<sup>th</sup> of each year, as the Republic of Vietnam Day to honor the just cause of the Republic of Vietnam, and to commemorate the contributions and sacrifices of the army, people, elected and governmental officials of the Republic of Vietnam as well as American soldiers, Vietnam War Veterans, allied armies, and their families.

**Subject:** INVITATION: CALNET Leadership Retreat (January 5-6, 2017)

We invite you to join us for the 3<sup>rd</sup> Annual California Asian Leadership Network of Electeds (CALNET) Leadership Retreat on January 5-6, 2017, at the Terranea Resort, Ranchos Palos Verdes. The theme of the retreat is "*What Will It Take to Have an APA President?*"

The Asian Pacific American Leadership Foundation (APALF) launched CALNET in 2014 as a statewide network of Asian Pacific American (APA) elected and appointed officials. The CALNET Leadership Retreat brings together more than 75 of California's most prominent APA government leaders including State Treasurer John Chiang, State Controller Betty Yee and San Francisco Mayor Ed Lee. Over 240 elected and appointed leaders have been invited to

this year's convening.

**Event Details**

**WHAT:**

3<sup>rd</sup> Annual CALNET Leadership Retreat – *What Will It Take to Have An APA President?*

**WHEN:**

January 5 – 6, 2017

**WHERE:**

Terranea Resort - 100 Terranea Way, Rancho Palos Verdes, CA 90275

**COST:**

Participation in the retreat (meals, sessions, overnight stay on January 5<sup>th</sup>) is **provided at no cost to invited elected officials and appointees**. Travel arrangements and expenses are the responsibility of each attendee. Retreat attendance constitutes a reportable gift but does not count towards the gift limit due to APALF's non-profit status.

For questions or additional information, please contact APALF Director Amy Watanabe at [amy@apalf.org](mailto:amy@apalf.org) or (310) 488-4184. To confirm your attendance, please register through the link below by **Friday, November 18, 2016**.

**CALNET Retreat Registration: <http://bit.ly/CALNET2017>**

The Asian Pacific American Leadership Foundation was founded in 2004 as a non-partisan, nonprofit 501(c)(3) organization designed to help prepare and better equip Asian Pacific American leaders for public service and civic involvement.

Thank you and we will follow up with you shortly regarding your participation in this important event.

Sincerely,

Tim Dayonot  
President, APALF

Bao-

Yes, would you please sign a letter allowing me to go and vote on behalf of the city?

Pam-

Can you ask them what it takes in order for me to be able to participate in the voting?

Thank you,

Steve

Just in time for Halloween, an infamous treat, **SWEENEY TODD!**

An unjustly exiled barber returns home in 19th century London seeking vengeance against the lecherous judge who framed him and ravaged his young wife. The road to revenge leads Todd to Mrs. Lovett, a resourceful proprietress of a failing pie shop, above which he opens a new barber practice. Mrs. Lovett's luck sharply shifts when Todd's thirst for blood inspires the integration of an ingredient into her meat pies that has the people of London lining up. And the carnage has only just begun!

**SWEENEY TODD** has become a bloody, worldwide success since being awarded 8 Tony's, including Best Musical. Stephen Sondheim and Hugh Wheeler crafted a tasty, thrilling, theatrical treat that has simultaneously shocked, awed, and delighted audiences across the world.

Sure, I can ask him when I get back later this week. Would you mind asking if anyone else would like tickets for that performance? I'll ask for all of them at the same time.

Thank you.

Yes, would you please sign a letter allowing me to go and vote on behalf of the city?

Pam-

Can you ask them what it takes in order for me to be able to participate in the voting?

Thank you,

Steve

Mayor Nguyen,

Thank you very much for your email and making the introductions. Marc and I would be honored to show city staff our facilities, in the hopes that it brings clarity, confidence and definition to our vision for activities in the City. Please let us know a few dates/times that work best for everyone, and we can make the necessary arrangements.

Scott,

I'd like to schedule a visit to a licensed cannabis cultivation business in Los Angeles for you, Lisa, Todd and Travis. Jordan Gold is cc'd to help us coordinate the visit.

I'd like to have a date set within the next couple of weeks for our visit. Pam is cc'd to assist. Thank you.
