Supplement

Name: HATFIELD B

Date Modified: 21:31:58 10/31/16

On Monday, 10-31-2016 at approximately 1400 hours, Lt El Farra requested assistance in documenting a vacant, city owned property located directly south of Bailey St and issues involving access to this land area.

Lt El Farra told me he has attempted to make contact with [redacted], located at Bailey St, but has yet to speak with him reference this vacant land or any issues associated with it at this time. [redacted] is currently out of town and is unable to be reached at this time.

I took digital photographs of the site location, to include signs posted, fencing and views of the land from Bailey St and Valley View St. See attached photos for further details.

On the west side of the property, the land is boarded by an approximate 6 foot tall, chain link fence, extending from the south to the north end of the property, meeting an approximate 3 foot tall retaining wall, adjacent to Bailey St. The fencing has green mesh afixed, preventing a view from Bailey St, onto the property. The east side of the property, bordering Valley View St has a flood control channel dividing the vacant property and Valley View St. The east side fencing, bordering the flood control channel and Valley View St also has a mesh lining, preventing a view of the vacant property land.

It should be noted there are currently no structures on this land and no property was being stored on this land, at this time.

The south end of Bailey St, has a small retaining wall, with an approximate 1 foot space between the wall and the fencing. This area is identified as a possible location where a person could gain access to the property if they used the retaining wall to step on, and then fit through the fence.

At the time of this report, there were no person present in or on this vacant land, no persons seen attempting to gain access and no signs of items left in the area.

Reference incident # 16059063

I request this report be forwarded to investigations for further review, per Lt El Farra.
