COMMENTS

***** GE2 *****

Fire - Outside Rubbish Fire

GE2 responded to the rear of the reported address to find a large debris of rubbish on fire up against a conex box. GE2 established a water supply and initiated fire attack on the fire and extinguished the fire. Foam was used during overhaul. Visible smoke was coming from the top of the conex box so GE2 cut an inspection hole in the side of the conex box with a sawzall to see if there was any extension in the box. The smoke was determined to be residual smoke. GE2 was unable to determine that cause of the fire. GGPD was first on scene and the scene was left with GGPD. GE2 complete.

Reported by Engineer Garcia

Captain Breneman
