## INCIDENT REPORT

GE 3 RESPONDED AS A SINGLE ENGINE TO A REPORTED CAR FIRE. UPON ARRIVAL WE OBSERVED SMOKE COMING FROM THE AREA OF THE RV REPAIR SHOP. GE 3 WAS GUIDED IN BY BYSTANDERS TO A PARKING LOT IMMEDIATELY ADJACENT TO THE RV REPAIR SHOP. WE DETERMINED THAT ACCESS TO THE FIRE FROM THE PARKING LOT WOULD NOT EXTINGUISH THE FIRE SO WE REPOSITIONED INTO THE BACK YARD OF THE RV REPAIR YARD. UPON ARRIVAL WE OBSERVED A LARGE TRASH BIN AND RV ON FIRE WITH FLAMES SPREADING TO AN RV IMMEDIATELY ADJACENT TO THE EAST AND SOUTH OF THE FIRE. GE 3 APPLIED TWO HOSE LINES TO THE NORTH AND SOUTH TO PROTECT STRUCTURES AND CALLED FOR A STRUCTURE FIRE RESPONSE FROM METRO NET. GE 3 ENGINEER HAND JACKED A SUPPLY LINE AND WE PLACED A DECK GUN INTO OPERATION PREVENTING EXTENSION INTO A NEAR BY STRUCTURE. UPON THE ARRIVAL OF GB 1 HE ASSUMED COMMAND AND PLACED THE ADDITIONAL UNITS WHERE THEY WOULD BE THE MOST EFFECTIVE. I WAS ASSIGNED DIVISION CHARLIE AND AND SUPERVISED SUPPRESSION ACTIVITIES ALONG THE SOUTH UNTIL WE ESTABLISHED KNOCKDOWN OF THE FIRE. WHILE ASSIGNED TO REHAB IT WAS DISCOVERED THAT MY ENGINEER HAD AN IRREGULAR HEART BEAT AND WAS ESCORTED TO THE ER VIA AMBULANCE. OSHA WAS CALLED AND INFORMED OF THE INCIDENT.
