> The TASKalfa Series offers several mobile printing solutions

- □□□□□□□ **M**□□□□□ □**r**□□□
  - > Using KYOCERA Mobile Print application, you can: (1) print from your smart phone or tablet in your office via a WiFi network., or (2) scan to your smart phone or tablet.
  - > Supports iOS and Android OS
  - > Only available through standard network connection (IB-50/51 not supported), or via Wi-Fi Direct (on compatible Kyocera MFPs and Printers).
  
- □□□□□□ □**r**□**r**□□□□®
  - > For printing from your iPhone or iPad
  - > Only available through standard network connection (IB-50/51 not supported)

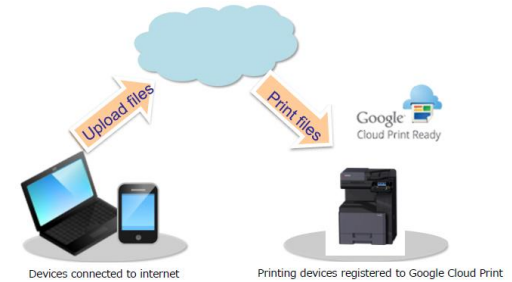

**Mopria Print Service**

> The TASKalfa 8052ci Series offers several mobile printing solutions

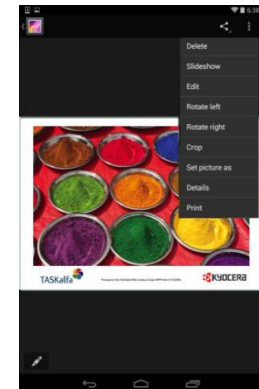

• **Google Cloud Print™**

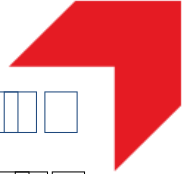

- > Google Cloud Print is a service provided by Google that lets users print from anywhere with internet-connected devices such as PCs and mobile devices.
- > By registering printers and MFPs to the Google Cloud Print service in advance, when you are outside the office, or overseas on the business trip, you can send your print jobs to registered Google Cloud Print Ready printers and MFPs.

• **Mopria Print Service**

- > A mobile printing standard that enables basic wireless printing between Android mobile devices and Mopria certified printers from many brands.
- > The primary benefit of a Mopria print solution is that you can print to multiple printers across printer manufacturers.
- > Download / install Mopria Print Service to your device from Google Play Store
- > Only available through standard network connection (IB-50/51 not supported)

> Concerned about unauthorized access to confidential information? The TASKalfa 8052ci Series offers standard security solutions built into the device software, as well as optional enhancements, to protect sensitive documents from getting into the wrong hands.

- PDF Encryption • Password protection • Private Print • User authentication • Optional Data Security Kit for overwrite and encryption

The TASKalfa Series uses long-life imaging technology to reduce disposable waste:

- › a-Si drum technology
- › ENERGY STAR Compliant
- › Restriction of Hazardous Substances (RoHS) compliant

### Energy-Saving Features

- › Conserve energy using the Energy Saver function
  - Program the device to power on or off during specified times to conserve energy.
- › Low Typical Electricity Consumption (TEC) values

### Certifications

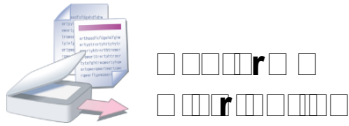

- › EPEAT Certification – Pending
- › Cerner - Pending
