Dear Acting Chief Anderson:

At the September 12, 2017 meeting of the Garden Grove City Council, action was taken to approve seeking a proposal from the Orange County Fire Authority for emergency medical and fire services. The City is interested in receiving a proposal from OCFA for emergency response and paramedic services including fire prevention and dispatch services. It would be desirable that the OCFA proposal provide a number of service delivery options that would be adequate to provide essential services to our community.

We understand that to conduct a thorough investigation and to complete your proposal you will need the proper assistance from Garden Grove personnel. I have asked our Fire Chief Tom Schultz to coordinate this effort and to provide you the necessary assistance. Also, please feel free to contact me directly should you need my attention.

I look forward to working with you closely throughout this analysis period.

Sincerely,

Scott C. Stiles
City Manager
