Confirmation -
Geotechnical Inspection Services
Observation and Testing of Compacted Fill and
Observation of Foundation Excavations
Family Life Center
13220 Chapman Avenue
Garden Grove, California

This letter is to confirm our observation and testing of the compacted fill placed to support the floor slab, hardscape, and paving areas for the subject Family Life Center building; confirmation of our observation and approval of the excavations for foundations is included. The observation work was performed during the period of June 29, 1988 through September 25, 1989. We performed a foundation investigation for the subject project and submitted the results in a report dated March 30, 1988 (LCA A-87269-B). Numerous supplementary letters were also submitted.

Our professional services have been performed using that degree of care and skill ordinarily exercised, under similar circumstances, by reputable geotechnical engineers practicing in this or similar localities. No other warranty, expressed or implied, is made as to the professional opinions included in this letter. The scope of our services did not include either the responsibility for job safety or the function of surveying. Both the grading work and the foundation excavation work were done to the limits and at the locations indicated by stakes and hubs set by others.

Dear Dave,

Attached hereto, please find a November 28, 1989 letter of compliance from the South Coast Air Quality Management District. This letter confirms that we are meeting the permit requirements under their jurisdiction. The actual permits for the Emergency Generator and Fuel Oil tank will be processed out by South Coast Air Quality Management District in (12) to (17) weeks.

We trust this meets with your approval.

Cordially

Subject; Family Life Center Project
13280 Chapman Ave.
Garden Grove, Ca. 92640

Dear Dave,

Ron Mincer, Associate Member of the State of California Community Access Network, has inspected the above referenced project for compliance with architectural barriers codes. Mr. Mincer has accepted the project, with the following improvements:

1. The handicap parking area has been raised to correct slopes of parking stalls and ramps to within maximums allowed.
2. The sidewalk in the north play yard has been extended to allow 3' - 6" clear between edge of sidewalk and exterior column covers.
3. Freight elevator lobby entrance doors on the basement & 2nd floors have been relocated to provide 18" clearance from the strike side of the door to the adjacent wall.
4. A zero curb face ramp has been installed in the sidewalk along the south side of the building and a new walk from the City sidewalk into the site has been constructed.

Attached is a copy of our October 18, 1989 letter addressing these issues and signed by Ron Mincer as accepted. This letter is to constitute said acceptance. We trust this meets with your approval.

Cordially

SUBJECT: CIVIL ENGINEER'S VERIFICATION OF FINAL GRADING

REFERENCE PROJECT: FAMILY LIFE CENTER
13280 CHAPMAN AVE.
GARDEN GROVE, CA

Dear Mr. Martin:

This letter is to advise you that a visual inspection of the project has been completed by our office and that it has been determined that the final grading and improvements have been completed substantially in conformance with the approved Precise Grading, Paving and Drainage Plan. The field review verifies completion of all engineered drainage devices and retaining walls, location and inclination of all manufactured slopes, paving, construction of earthen berms.

I have enclosed a set of final project drawings for your records. Please feel free to contact me if you have any questions.

Sincerely,
