Attention: Mr. Bill Peterson

Reference: Geotechnical Engineering Report
Swimming Pool Backfilling
12631 Dungan Lane
Garden Grove, CA 92840
AESCO Project No. 20040695

Dear Mr. Peterson:

Attached are the test results of the in-place density of placed fill, for the backfilling of the demolished pool area, for the above referenced project. The compaction results were approved comply with the requirements. A total of 5 compaction tests were performed to a depth of 18" below existing ground surface. All test results were 90% or more of the maximum density, as determined by ASTM D-1557. See attached inspection reports (3917 & 3918).

We understand the pool was backfilled 14 years ago. Our inspector did not observe any depression in the area of fill.

If we can be of further assistance, please call on us.

Sincerely,
AESCO Technologies, Inc.

Adam Chamaa, P.E.
Manager, V.P.
