Hi Lino,

I just wanted to let you know that the amendments to the existing contracts (through Feb 29, 2020) were emailed to the four companies this morning.

Thank You,

Sandy

Good morning,  
Correct during our investigation and research all the other companies failed out for one reason or another. These are the remaining three who passed our backgrounds and are eligible for an inspection.

Good Morning Lino,

I just have one question to make sure that we are following the process. Since you named the final three, did all the others fail out at some point in the process and these three are the only prospers left in the process? If not, all companies that passed up until this point should be granted the yard inspection. Please advise so I am clear.

Thank you,

Sandy

We will start the inspections next week. If we can get a four week  
extent ion we would appreciate it. Everything will be completed by  
February 14th. Let me know if you are ok with it.

please provide status so I know where we stand at the current time?
