

ADDENDUM No. 10

Covering

CHANGE IN SPECIFICATIONS AND/OR PLANS

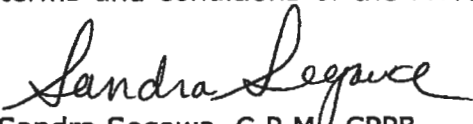

Date Issued: August 9, 2017
Date Effective: August 9, 2017
RFP No: S-1225
Contract: Provide an Enterprise Resource Planning (ERP) Solution and Implementation Services.

INTENT

1. This addendum is issued prior to receipt of proposals to provide for modifications in plans and/or specifications. Acknowledgment of this addendum shall be made and cost for work included in proposer's submittal.
2. The following questions were asked regarding the Scope of Services. ***The City's responses can be found in bold and italicized font.***
 1. We would like to request just a two day extension to ensure the proposal transportation. ***The City is unable to grant any further extensions to the due date.***
 2. Are local references mandatory or can we provide references specific to this solution implementation outside of the US? ***Local references are preferred but not required.***
 3. I am unable to increase the length of a cell to be able to see what I type in to prove out my calculations. Additionally, based on the requirements, I need to list out some additional modules. I am unable to add rows or even update the "Other" to note what module I am pricing out. Is there any chance that some items in the spreadsheet can be opened up for modification? ***If additional lines are needed on any of the cost worksheet tabs, please do the following:***
 - ***Create Supporting Detail Workbook: Copy the relevant tab into a separate unprotected workbook and create additional rows as necessary in order to provide the additional detailed information. Only the overflow/additional information needs to be included in the new workbook.***

- ***Tie Appendix B to Supporting Detail: Within the original Appendix B workbook, use the "Other" row to tie back to the (copied) supporting workbook. On the "Other" row, summarize totals all the way across that agree to the detail provided in the supporting workbook. In the "Additional Comments" column, please reference the supporting workbook name and worksheet/tab name. The City will incorporate the additional information prior to tabulation.***

4. The RFP states Appendix A should be submitted electronically in its native format, Excel, as part of the Vendor's proposal. Does that mean that no additional hard copy of Appendix A is required? ***Per page 5 of the RFP, Appendices A & B should be in Excel format. Thus, no additional hard copy of Appendix A is required.***
3. The contractor is hereby notified that Addenda 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 must be acknowledged and submitted as part of the proposal. Failure to do so could result in the City designating said proposal as "Non Responsive". All the terms and conditions of the PROPOSAL shall remain the same.

Issued by: 
Sandra Segawa, C.P.M., CPPB
Purchasing Agent, City of Garden Grove

The undersigned acknowledges receipt of this Addendum No. 10
