**RE: City of Garden Grove 20-21 Sustainable Community Program Application Letter of Support**

Dear: SCAG Representative:

On behalf of the City of Stanton, I would like to offer this letter of support for the City of Garden Grove (City) application to the 2020/2021 Sustainable Community Program for funding a Build Out proposal, a Traffic Circle, in the City's Downtown Historic Main Street on Main Street and Acacia Parkway (Project).

The City is showing strong leadership in pursuing a Project that will address issues of mobility and accessibility, connectivity, safety, equity, economic vitality, and community health for the City's residents as well as for the greater Orange County area. The Project would continue to improve safety and enhance facilities to serve people walking, cycling, and driving. The Project outcomes are expected to help reduce transportation-related injuries and fatalities as well as provide improved choices for the public to travel throughout the community and link with adjacent jurisdictions.

The City of Stanton is in support of the City of Garden Grove in pursuing this grant opportunity. Thank you for considering this active transportation project. If you have any questions, please contact Allan Rigg, Public Works Director, at [arigg@ci.stanton.ca.us](mailto:arigg@ci.stanton.ca.us).

Sincerely,

Allan Rigg  
**Public Works Director**
