Dear Sir or Madam,

The Public Works, Engineering Division is in the initial stages of creating a working group with local stakeholders for the development of the Garden Grove Local Road Safety Plan (LRSP). The LRSP creates a framework for the City to identify safety issues on the City's roadway network, develop a list countermeasures, and identify potential funding sources for the improvements.

AGA Engineers, Inc. (AGA) has been awarded the contract to develop the LRSP. The City would like to know if you or anyone else would like to be part of the LRSP working group. It is expected that the group will consist of 4-5 stakeholders and will meet 3-4 times over the next seven to eight months to provide input on the development of the LRSP.

If you are interested or have questions, please contact me at 714-741-5184 or via email at kenv@ggcity.org.

Sincerely,

Ken Vu, P.E.

Hi Lee,

Per our previous discussion about recruiting a Planning Commissioner to participate in this LRSP Working Group, attached is an invitation letter. Can you send it to your Planning Commissioners to see if any of them are interested?

Thanks,
