- 4.5 Vehicles brought to Police Department or a designated facility from the scene for processing and then towed to the tow yard will incur an additional second tow fee equal to one-half of the regular tow fee. Storage fees will not start until this vehicle is stored at the towing facility.
- 4.6 CONTRACTOR shall be responsible and held accountable for personal property, vehicle accessories and the vehicle upon receipt of the vehicle from G.G.P.D. The City of Garden Grove, its officers, agents or employees shall not be liable for loss of or damage to any vehicle, accessory, equipment or personal property towed or stored upon the tow truck driver acknowledging receipt for the vehicle by his/her signature on the stored vehicle report form.

- 4.7 CONTRACTOR shall not dispose of or otherwise relinquish control of any vehicle stored or impounded by G.G.P.D. without a written approval to do so. The written approval is required for any vehicle stored or impounded by G.G.P.D. and the tow truck driver signs a stored vehicle report form and receives a copy of the stored vehicle report. The G.G.P.D. stored automobile release form will be the normal form for release.
- 4.8 The release of property from a vehicle will be handled in the same manner as a vehicle release. The stored automobile release form will again be used, but a stamp, "property only" will be utilized at the top of the form. The person who authorizes the release of the property will make the modification and will be specific as to description of the property to be released.
- 4.9 Vehicles shall be released during the business hours of 8:00 am to 5:00 pm, Monday - Friday, "excluding holidays and weekends". There will be, however, occasions arising that can require "after hours releases" of certain vehicles. When the circumstances appear to justify an "after hour release" of a vehicle, approval of the release must be secured from the on-duty Police Supervisor.
 Inoperable vehicles will not be released after hours.
- 4.10 For purposes of clarity, vehicles towed or stored at the request of citizens, for which no stored vehicle report is utilized, will not require a stored automobile release. Citizens requesting the towing of vehicles under their control shall enter into an agreement with the tow service; G.G.P.D. will act as an avenue of communication between the citizen and the tow service.
- 4.11 When a party obtains a G.G.P.D. stored vehicle release and presents it to the tow service, the vehicle and/or property shall be released to that person upon verification of identity and the payment of the fees. The registered owner will be required to pay for "property only" releases at the G.G.P.D. records counter. An after hours fee will be paid to the tow service for "property only" or vehicle releases after the normal business hours of the tow service.
- 4.12 Once the tow service has received the G.G.P.D. stored automobile release, the tow service is no longer obligated to G.G.P.D. for the continued safe storage of the vehicle and/or property taken.
- 4.13 If after a "property only" release is obtained, the registered owner may return to the records counter, produce the paid receipt for the "property only" release and request a vehicle impound release paying the difference.
- 4.14 In the event a vehicle has been stored or impounded by G.G.P.D. due to error or negligence, no charges or fees shall be paid and the vehicle shall be released to the owner or the owner's agent. The City of Garden Grove shall not be liable for any such charges or fees.

- 4.15 If the error is not discovered before charges or fees are paid to CONTRACTOR for the release of vehicle by owner or owner's agents. CONTRACTOR shall issue a refund of such charges or fees, if requested within a period of thirteen (13) days after the vehicle is stored.
- 4.16 If the error is not discovered for a period of thirteen (13) business days after the vehicle is stored and the tow service has initiated lien sale process, as required by C.V.C 22851.8, the tow service shall be entitled to recover actual costs incurred to initiate the lien.
- 4.17 In the event a tow truck driver has hooked up a vehicle at the direction of G.G.P.D. and the vehicle owner or person in control of the vehicle appears, and the officer decides the vehicle can be released at the scene, then a payment of one-half (1/2) of the tow charge may be charged by CONTRACTOR to and be payable by the vehicle owner or person in control of the vehicle prior to the vehicle being dropped. The G.G.P.D. officer will complete the stored vehicle report noting the release and payment. The officer will then give the tow truck driver the copy as though the tow had been completed. A case number will be assigned to the release of the vehicle; no SVS entry will be made.
- 4.18 In the case of a vehicle stored or impounded by G.G.P.D. that is of low value and qualifies as a junk vehicle as described within California Vehicle Code Sections 22670 or 22851.10, the tow service may request D.M.V. Form 462, Public Agency Authorization to dispose of a Vehicle to a Scrap Iron Processor or Dismantler, in lieu of obtaining the stored automobile release to process a lien sale for the vehicle. This form will suffice for final disposition of the vehicle and no other release is necessary. Form #462 cannot be issued for (15) fifteen days from the day the vehicle is first stored at the tow facility.
- 4.19 In addition to the storage yard, the tow service shall maintain a closed building that affords storage of four (4) additional full size vehicles. This enclosure shall be of such size and construction to allow for Forensic Services examination of the cars in a dry environment during inclement weather. Access to this enclosed storage building shall be severely limited by CONTRACTOR, as directed by the investigator assigned to the case for which the vehicle has been impounded.
- 4.20 CONTRACTOR must advise the Police Department Traffic Division in writing within ten (10) business days, if a person picking up a vehicle, complains to the tow service of damage to the vehicle or any missing vehicle accessories or personal property from the vehicle for which the tow service company denies responsibility.
- 4.21 All CONTRACTOR's employees who have access to the storage yard or the personal property which is taken out of any vehicle for storage or safe keeping must provide a complete set of finger prints, complete an application and have written authorization from the Garden Grove Police Chief for such access.

- 4.22 Upon request of (a) the registered owner; (b) the legal owner; (c) the insurance carrier of either (a) or (b) of this section; or (d) the duly authorized agent of any of the foregoing, CONTRACTOR shall furnish an itemized statement upon request and without demanding payment as a condition. The statement shall include the service performed, labor and special equipment used in towing the vehicle.
- 4.23 A vehicle on a thirty-(30) day hold may be signed over to the tow company by the legal owner prior to the expiration of the thirty (30) days. The legal owner must first obtain a vehicle release from the Police Department. The tow company after receiving the vehicle release from the Police Department must apply for a lien release prior to selling the vehicle.
- 4.24 CONTRACTOR may, in the exercise of CITY's discretion, be assigned by the G.G.P.D. to provide service to a portion of the CITY and/or on a rotational basis. The area assigned to the CONTRACTOR will be determined in the sole discretion of the Police Chief. Currently the CITY is divided into two divisions, "East & West." The division of the CITY is determined by the calls for service within these divisions. In the event a need arises to utilize more tow trucks than one division has, the services of the other division may be used.

5. RESPONSE TIME

- 5.1 The CONTRACTOR shall provide a response time of no more than twenty-five (25) minutes. Response time is the difference between the time the CONTRACTOR is notified and the time the tow truck arrives at the required location. Emergency conditions, as verified by local media or traffic enforcement may be acceptable reasons for not meeting the response time requirement. Equipment or personnel shortage, or lack of availability is not an acceptable reason for failure to meet response times.
- 5.2 The CONTRACTOR shall give priority to all of the CITY's requests for service.
- 5.3 The CONTRACTOR's dispatcher shall notify the Police Department when a tow vehicle cannot respond immediately, give the reason for the delay, and an estimated time of arrival. In the event of an additional delay, the CONTRACTOR's dispatcher shall again notify the Police Department and give the new estimated time of arrival. To ensure a timely response, the Police Department, in its sole discretion, may cancel any call-for-service because of a response delay and may request service from another tow service provider.
- 5.4 If the tow truck unit(s) has/have not arrived at the scene within twenty (25) minutes from the time requested, the Police Department, based on the urgency of the field situation, may request a different towing service to respond to the call, whether the different tow service has a contract with the CITY or not since there may be a situation where a contract tow company is not available and/or does not have the equipment to handle the requested task. It will then be

necessary for the Officer to call a tow company not on the CITY's rotational tow list. This decision is at the discretion of the officer on scene.

- 5.5 In the event CONTRACTOR is unable to respond to calls at the request of the Garden Grove Police Department, it shall be understood that the Police Department has the right to call another towing company on the rotation list. The original tow service will be placed on the bottom of the rotation list. It is incumbent upon the tow service to advise the police dispatcher of any problems that may arise to adversely affect response time.
- 5.6 The Police Department, in order to expedite service can request any tow service out of order on the rotation list. The tow service requested will not lose its place on the rotation list.
- 5.7 If, while rendering assistance in response to a CITY call for towing, a second CITY call for towing is generated to the CONTRACTOR, the CONTRACTOR's tow truck operator shall, before responding to the second call, ensure that all vehicles at the first site are sufficiently clear of the roadway so that no obstruction to normal traffic exists. Once the second call is handled to conclusion, the vehicles at the first site may be towed as necessary.

6. EQUIPMENT STANDARDS

- 6.1 All towing equipment, recovery equipment, and carrier ratings are based on structural factors only. Actual towing, carrying, and recovery capacity can be limited by the capacity of the chassis and the optional equipment selected. The criteria to determine the safe towing limits are:

 - (2) The truck must meet all applicable State and/or Federal standards.

- 6.10 Throughout the term of the contract, the CONTRACTOR shall maintain in a neat and clean manner and in good working condition its storage facilities and improvements thereon, all vehicles, facilities, equipment, and materials used by the CONTRACTOR in the performance of the work. Any additions to or deletions from the CONTRACTOR's tow truck fleet shall be reported immediately, in writing, to the Chief of Police or his/her designee.

6.11 CONTRACTOR shall maintain four (4) operational tow trucks. If, for any reason, CONTRACTOR has only three (3) operational tow trucks, CONTRACTOR shall be allowed thirty (30) days including holidays and weekends to have four (4) operational tow trucks. If the CONTRACTOR has two (2) or less tow trucks operational, it will be removed from the rotational list, until it has three (3) tow trucks operational. The CONTRACTOR will then be allowed up to an additional fifteen (15) days, including holidays and weekends, to get another tow truck operational, for a total of four (4) operational tow trucks. Failure to comply shall be a breach of the contract. Repeated instances of less than four (4) operational tow trucks shall constitute grounds for termination of the tow services agreement.

7. COMMUNICATIONS EQUIPMENT

- 7.1 The CONTRACTOR during the term of the contract shall maintain, and have approved by the City, a continuous means of communication between the Contractor's dispatcher and each CONTRACTOR tow vehicle. The CONTRACTOR shall also maintain and staff, on a 24-hour basis, a telephone to receive calls from the police department and members of the public.

Recording machines or similar devices are not allowed. If a call from G.G.P.D. is not answered within six (6) rings or the line is busy after two attempts, or placed on hold for more than a minute, the call will be terminated, the CONTRACTOR will be placed on the bottom of the rotation list and the tow service next in line will be called.
- 7.4 The CONTRACTOR shall provide a list of telephone numbers to be called in order of priority. Changes to contact list shall be provided immediately in writing to the Chief of Police or his/her designee along with the effective date of the change(s)

INTER-DEPARTMENT MEMORANDUM

То:	Scott C. Styles	From:	Tom DaRé
Dept.:	City Manager	Dept.:	Police
Subject:	Award of contracts to Action Southland Towing and B&D Towing to provide on-call towing service. (Action Item)		2/25/2020

<u>OBJECTIVE</u>

For the City Council to award contracts to Action Southland Towing and B&D Towing for on-call towing services for the Police Department.

BACKGROUND

The current contracts for on-call towing services will expire effective February 29, 2020. A Request for Proposals (RFP) for tow services was issued on October 30, 2019. The pre-proposal meeting was held on November 13, 2019, with fifteen (15) tow companies in attendance. The due date for the completed proposals was December 2, 2019. Staff received seven (7) completed proposals.

DISCUSSION

The proposals submitted were reviewed by a committee comprised of members of the Traffic Unit of the Police Department. The criteria included compliance with the terms required in the RFP on a pass/fail basis, with three of the seven tow companies passing the initial screening process.

In January of 2020, members of the committee conducted inspections of the three remaining companies' tow yards. At that time, each company was rated based upon the tow yard inspection form that had been disclosed in the RFP with each company rated on a pass/fail system as outlined. The yard inspections were critical as specific security measures listed in the RFP were required, and failure to meet the security measures would result in disqualification.

After conducting the yard inspection, two remaining companies listed below are considered to have passed the RFP scoring process:

- Action Southland Towing
- B & D Towing

FINANCIAL IMPACT

There is no impact to the general fund.

RECOMMENDATION

It is recommended that the City Council:

- Award contracts to Action Southland Towing and B&D Towing, for a term of five years commencing March 1, 2020, to provide on-call rotational towing services for the Police Department; and
- Authorize the City Manager to sign the agreements on behalf of the City.
