Minutes:

The minutes for the January 4, 2022 meeting with the Garden Grove Police Department and City Engineering staff for the Garden Grove LRSP are as follows:

- ◆ Greg gave a brief overview of the status of the LRSP project. He mentioned that the focus of the report will be to evaluate the fatal/severe injury collisions. The initial collisions studied were from 2016 to 2020.
- ◆ Greg mentioned that the City provided 2021 collision reports for fatalities. Greg asked if the severe injury collisions from 2021 could also be provided. All 2021 data will be incorporated in the fatal/severe injury collision analysis and benefit-to-cost (BCR) ratings.
- ◆ Danny Mahalik mentioned that the intersection of Euclid/Orangewood had recent collisions which should be reviewed. Dai Vu explained that all collisions assessed in the BCR analysis are collisions that area correctable. Uncorrectable collisions will be also discussed in the report but not included in the Highway Safety Improvement Program (HSIP) grant funding.
- ◆ Greg discussed the challenges on getting news or messages out to the public regarding safety concerns. He mentioned the City and police department already utilize the City's website, social media, special events, and mailers for public outreach.
- ◆ Danny mentioned the police department's social media post and Police Service Area (PSA) for the Vietnamese community. He also mentioned how Office of Traffic Safety (OTS) grants provide DUI trailers, free bicycle helmets and pedestrian/bicycle enforcement.
- ◆ Another resource to obtain outreach information from the police department is to contact the Public Information Officer (PIO), Lieutenant Martinez.
- ◆ Greg stated that any additional feedback/concerns from the police department is welcomed and could be incorporated into the report.
