BOULEVARD, ASSESSOR'S PARCEL NO. 089-071-30

Whereas, a CyberCafe business is presently being operated at the location of 10055 Garden Grove Boulevard, by Steve Choi, and

Whereas, certain litigation entitled Choi, et al v. City of Garden Grove, Case # 02CC13030, has been filed relating to the legality of time, place, and manner restrictions enacted under Ordinance 2573, and

Whereas, the litigants desire to terminate the litigation under a settlement agreement which provides in part that Steve Choi shall apply for and receive a Use Permit for the Cyber Café business, and

Whereas, a Use Permit for this business at this location is exempt from the requirements of the California Environmental Quality Act under the Class I Exemption pursuant to state guideline section 15301,

Now Therefore Be It Resolved by the City Council that a Use Permit be granted for the property at 10055 Garden Grove Boulevard for the operation of a Cyber Café based upon the following findings and subject to the following conditions:

A. Findings.

The City Council hereby finds that this commercial use is consistent with the City's General Plan; that this use will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area; or unreasonably interfere with the use, enjoyment or valuation of property of persons located in the vicinity of the site; or jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare. Pursuant to established law, this use permit shall run with the land in perpetuity.

B. Conditions.

1. Curfew For Minors. Minors may not enter or remain in a Cyber Café establishment on any day after 10 p.m.; or between the hours of 8 a.m. to 3 p.m. during those weekdays when the public school system within the city jurisdiction is open and classes are being conducted.

A notice shall be posted at the entrance of the business in lettering of at least two (2) inches in size advising patrons of the time restrictions applying to minors.

This time restriction shall not apply when a minor is accompanied by a parent or guardian (with the guardian being able to authenticate guardianship).

2. Hours of Operation. The hours of operation shall be limited to 7 a.m. to 1 a.m., daily; excepting Friday and Saturday nights wherein hours of operation shall be limited to 7a.m. to 2 a.m.
3. Employees/Security Guard. (a) Employees. There shall be a minimum of one employee over the age of 18 on the premises during all hours of operation. There shall be an additional employee over the age of 18 years on the premises if the business has more than 30 computers; however, this requirement shall not apply during the school hours of 8 a.m. through 3 p.m. described in subpart 1 above.

(b) Security Guard. There shall be a California licensed, uniform security guard on the business premises at all times between the hours of 8 p.m. through 2 a.m., Friday and Saturday nights. The presence of the security guard may be counted as satisfying the second employee requirement described in 3(a) above, except that an owner may not act under any circumstances as a security guard to satisfy the security guard requirements of this subpart.

The Chief of Police may require additional security guard presence on the premises at other hours of the day in the event that there are significant calls for service relating to assaults, gang related activity, weapons offenses, disturbances and juvenile related crime. Such a decision by the Chief of Police may be appealed to the City Council within 5 working days following receipt of the Chief's decision.
4. Occupancy. Patron occupancy shall conform to the Uniform Building and Fire Codes of the City. The maximum occupancy as allowed by those Codes shall be posted at the main entrance.
5. Adult Entertainment Uses. Adult entertainment uses as defined in Municipal Code section 9.04.060 are prohibited on the premises unless specifically authorized under the zoning requirements for such uses pursuant to Municipal Code section 9.08.070.
6. Fire Exit Plan. The owner shall submit and receive approval of a

exit plan from the City's Fire Department. The plan shall address all existing requirements of the Uniform Building and Fire Codes. This includes, but is not limited to, providing an existing plan showing equipment location, aisle locations and dimensional widths, and having approved exit doors and panic hardware.

7. Lighting. During evening hours, the existing interior lighting system shall be turned on and provide sufficient lighting to enable police officers from the parking lot area near the building to observe individual customers within the interior of the premises. This lighting system has been inspected by the City and as long as it remains the same, at a minimum, and in good working order, then it is deemed acceptable under the terms of this use permit.
8. Unobstructed Windows And Entrance Door / Visibility. The main entrance door and those designated windows shown on the attached site plan, attached as Exhibit A, shall be left open, clear and unobstructed so as allow an unimpaired line of sight by police officers into the interior of the business during evening hours.
9. Camera/Video Surveillance System. There shall be a camera video surveillance system capable of delineating on playback of the system the activity and physical features of persons or areas within the premises. The system shall cover all entrances and exit points and all interior spaces, excepting restroom and private office areas. There shall be eight cameras located within the interior as shown on Exhibit A.

The system shall be maintained in good working order, including the recording of videotape at all times. The videotape shall be maintained for a minimum of 72 hours.
10. Pool Tables/Amusement Devices. Pool tables or other amusement devices not directly related to internet computer devices are prohibited.
11. Effective Date. This Use Permit shall take effect only upon the adoption of the above referenced settlement agreement and revised CyberCafe Ordinance No.____.
