Questions & Answers:

1. Why do people become homeless?
2. How can we (residents, businesses, churches) help partner with what the City is doing to end homelessness?
3. Can the police move homeless individuals away from traffic flow areas (medians, freeway off ramps) in interest of public safety? What about public places like parks, or private property like a business?
4. What can be done about the homeless who don't want help? Can we force them to take help?
5. Are there any example cities that are doing a great job dealing with homelessness? If yes, why don't we check out what they are doing right?
6. How can we increase housing development in this City? How soon will substantial amounts of permanent supportive housing units become available?
7. Is the number of homeless in Garden Grove increasing?
8. Will Garden Grove's leaders commit to taking the lead on helping the homeless?
9. What can be done to provide more intense street outreach?
10. What are we doing to help the homeless improve as individuals and help them have the desire to improve?
11. Can an abandoned or unused property be set aside as shelter for the homeless?
12. SRT has made contact with 1,211 homeless residents yet only made 226 referrals to emergency shelter. Please expand on what those numbers mean and possible ways of improvement. Also, are there any other accomplishments SRT has?
13. Of the people who have received assistance, what percentage have relapsed into homelessness?
