Dear Ms. Kim,

Thank you for your letter acknowledging TPL's proposal and our desire to purchase the subject property on behalf of the State Coastal Conservancy for publicly accessible recreation and open space. The City invited proposals from prospective buyers who timely submitted Notices of Intention (Notices of Interest) in response to the City's Notice of Availability. We understand the proposal we submitted to be a preliminary step that provides the basis for entering into negotiations, rather than a statement of the final, definitive terms. I do want to clarify that while our proposal includes a dollar amount to purchase the property which is based on a restricted appraisal of the site, we believe this number may be subject to change once we enter into negotiations with the City. We have not had the benefit of a negotiation period at this time so what we have presented to you thus far is our most informed estimate of the site based on zoning and similar uses in the vicinity, but does not yet include any feedback from the City.

Please feel free to contact me at any time if you have any additional questions or concerns.

Lastly, can you please provide us with the details and process of the how the City plans to start and conduct the negotiation period?

Thank you,

Robin Mark (she/her)
