

**ACCESSORY DWELLING UNIT/JUNIOR ACCESSORY DWELLING UNIT
 PLAN CHECK SUBMITTAL REQUIREMENTS**

Notice to Property Owner(s) and Applicants:

The plan check process for Accessory Dwelling Units (ADUs) is a 60-day period from the date a complete plan check application is submitted to the Building and Safety Division to the date permits are issued. ADU plan check reviews, which are not acted upon by the City within the 60-day period, will automatically be approved. It is the responsibility of the property owner(s) to ensure that a complete ADU application, including plans and supporting documentation, is submitted to the Building and Safety Division. **ADU applications, which do not meet all the minimum development standards and the plan check submittal requirements, will not be accepted for plan check.** Prior to submittal, the property owner(s) *must* sign into agreement with the City to toll the 60-day approval period for the time from when the applicant has been notified of corrections, to when they officially resubmit corrected plans. Refusal to sign into said agreement with the City will result in the automatic denial of the application.

If the permit application to create an accessory dwelling unit, and/or a junior accessory dwelling unit is submitted with a permit application to create a new single-family dwelling on the lot, the City may delay action on the permit application for the accessory dwelling unit, and/or the junior accessory dwelling unit until the City acts on the permit application to create the new single-family dwelling. However, the application to create the accessory dwelling unit, and/or junior accessory dwelling unit shall be considered without discretionary review or hearing.

The requirements to submit an ADU project to the City of Garden Grove for plan check review are listed below. Please review the checklist and contact the Planning Division at (714) 741-5312 for questions regarding zoning requirements, or the Building and Safety Division at (714) 741-5307 for questions regarding plan check requirements. Prior to submitting an ADU application to the City, the property owner/applicant is encouraged to contact the Planning Services Division to verify if the proposed ADU project complies with all applicable zoning requirements. **APPLICATIONS THAT DO NOT INCLUDE ALL THE REQUIRED COMPONENTS WILL NOT BE ACCEPTED.**

PLEASE PROVIDE <u>ALL</u> OF THE FOLLOWING INFORMATION:	
<input type="checkbox"/> Completed and signed Accessory Dwelling Unit Application	<input type="checkbox"/> ADU Permit Verification: Submit copies of building permits for all existing structures and additions
<input type="checkbox"/> Completed Building Plan Check Application	<input type="checkbox"/> Verification of sewer capacity with the Water Services Division at (714) 741-5346
<input type="checkbox"/> Four (4) sets of plans (<i>see Plan Requirement section</i>) or six (6) sets if fire sprinklers are required for the ADU, and two (2) sets of supporting calculations (See Pg. 3)	<input type="checkbox"/> For JADUs, owner occupancy will be deed restricted; provide grant deed or title report, and 8.5"x11" site plan and floor plan for the preparation of a covenant agreement
<input type="checkbox"/> Comply with Building and Safety Division's Utility Plan requirement if separate utilities proposed for a new ADU or ADU conversion	<input type="checkbox"/> If ADU is to be rented as affordable, please contact Neighborhood Improvement at (714) 741-5140
<input type="checkbox"/> If the property is located in the Special Flood Hazard Area "A," comply with all flood zone requirements (<i>see FEMA Substantial Improvement Worksheet</i>)	<input type="checkbox"/> Separate addresses may be requested for the ADU or JADU with the Building and Safety Division.

PLAN REQUIREMENTS

PLAN SETS SHALL INCLUDE ALL APPLICABLE INFORMATION AS DESCRIBED BELOW

- | | |
|--|--|
| <p><input type="checkbox"/> Site Plan - The site plan shall be fully dimensioned and drawn to scale not less than 1/8"=1'. It should include a north arrow, property lines, a street centerline and/or edge of curb, all existing and proposed buildings, the driveway, and the drive approach. All setbacks and distances between buildings shall be indicated. Show finished floor, finished grade elevations and drainage flow. Show all utility locations; gas, electric, and water meter.</p> <p><input type="checkbox"/> Floor Plan - The floor plan shall be complete, fully dimensioned and drawn to a scale of not less than 1/4"=1'. The use of each room and space shall be identified. All walls and partitions shall be clearly identified as proposed, existing to remain, or existing to be demolished. A complete floor plan of the existing residence is required.</p> <p><input type="checkbox"/> Roof Plan - Indicate all slopes and roofing materials.</p> <p><input type="checkbox"/> Foundation/Floor Framing Plan and Ceiling/Roof Framing Plan - The sizes, spacing, and directions of all framing members shall be identified. Relevant details and specifications shall be provided.</p> <p><input type="checkbox"/> Utility Plan - Should be fully dimensioned demonstrating the locations for proposed utilities such as sewer, water, gas, and electric.</p> | <p><input type="checkbox"/> Building Cross Section(s) - Sections shall be at structurally critical locations and all structural members and connections shall be identified at the section's location, or appropriate details shall be referenced.</p> <p><input type="checkbox"/> Elevations - All wall/roof coverings, exterior materials, and building heights shall be identified.</p> <p><input type="checkbox"/> Title 24 - Energy forms are required to be incorporated into plans and shall be registered and signed. Energy Compliance Forms (incorporated into plans).</p> <p><input type="checkbox"/> Structural Calculations - Two sets of structural calculations are required if the project does not comply with the conventional framing/bracing provisions of the Building Code. These must be stamped and signed by an architect, civil engineer, or structural engineer currently licensed in the State of California.</p> <p><input type="checkbox"/> California Green Building Standards (CGBS) - All mandatory measures are required to be incorporated into plans.</p> <p><input type="checkbox"/> Flood Zone - For substantial improvements in Flood Zone A, show base flood elevation, and onsite grading</p> |
|--|--|

ADU NOTES

The property owner shall comply with all provisions of Section 9.08.020.050 of Title 9 of the Garden Grove Municipal Code for Accessory Dwelling Units, including:

- There **shall be no** short-term rental of either the primary residence, ADU, and/or JADU.
- The JADU **shall** be served by the same water, sewer, and other utility connections serving the primary unit, and no separate utility meters will be permitted.
- The ADU and/or JADU **shall not** require fire sprinklers unless fire sprinklers are required for the primary residence.

PLANS ARE SUBJECT TO THE FOLLOWING REQUIREMENTS:

- | | |
|---|---|
| <input type="checkbox"/> All ADUs shall comply with California Government Code § 65852.2 | <input type="checkbox"/> All JADUs shall comply with California Government Code § 65852.22 |
| <input type="checkbox"/> Job address, and the name and contact information of the designer, and property owner(s) | <input type="checkbox"/> Project statistics in tabular form showing square footages of all existing, and proposed structures |
| <input type="checkbox"/> Plans shall be drawn to scale, with a scale and north arrow | <input type="checkbox"/> Verify lot size, location of property lines, street names, center line and curb face dimensions with Engineering Division |
| <input type="checkbox"/> Complete, accurate, and dimensioned existing and proposed site plans; including all structures, and all non-permitted work to be demolished | <input type="checkbox"/> Complete, accurate, and dimensioned existing and proposed floor plans |
| <input type="checkbox"/> Complete, accurate, and dimensioned building elevations | <input type="checkbox"/> Complete, and accurate existing and proposed roof plans, with roof slope, and materials noted |
| <input type="checkbox"/> The depth of eaves and all other encroachments into setbacks | <input type="checkbox"/> Show required open parking spaces on the driveway (10'-0" x 20'-0" dimension per space) |
| <input type="checkbox"/> Proposed ADU/JADU shall have main entrance separate from primary dwelling | <input type="checkbox"/> Provide complete permit history for all existing structures on property; structures that are unpermitted shall be noted to be demolished |
| <input type="checkbox"/> If ADU is within 0.5 miles, walking distance, of bus stop, no additional parking is required; include a map showing the distance to the nearest bus stop | |

**ACCESSORY DWELLING UNIT
AGREEMENT TO TOLL THE 60-DAY REVIEW PERIOD**

The undersigned hereby certify that _____
is/are the owner(s) of the hereinafter described real property located at
_____ in the City of Garden
Grove, County of Orange, State of California ("The Property").

We/I have applied for approval from the City of Garden Grove (hereinafter "City") to construct an accessory dwelling unit (the "Accessory Dwelling Unit" or "ADU"), or junior accessory dwelling unit (the "Junior Accessory Dwelling Unit" or "JADU") on the Property. The plan check process for ADUs and JADUs is a 60-day period from the date a complete plan check application is submitted to the Building and Safety Division, to the date permits are issued. ADU plan check reviews, which are not acted upon by the City within the 60-day period, will automatically be approved.

When submitted plans do not meet applicable code standards, the City of Garden Grove gives applicants the opportunity to make the noted corrections. Once all corrections are made, the applicant must resubmit the corrected set of plans to ensure code compliance.

We/I have agreed to toll the 60-day review period required by the State of California, while the plans are in our/my possession. It is our/my responsibility to ensure all necessary corrections to the plans are made, and resubmitted to the Building and Safety Division within two (2) weeks of our receipt of the plans. The City will not be subject to the 60-day review period unless the plans are physically in their possession. We/I understand that failure to sign this agreement, and/or failure to meet the resubmittal timeline will result in the denial of our/my application.
