Don't Ghost Your Compost!

Instead of haunting your garbage can, your leftovers and yard waste can come back to life as healthier soil and greener gardens. This Halloween, scare away waste and make composting part of your seasonal traditions!

Some treats that are compost-approved:

- Pumpkin parts and stems
- Food scraps, bones, and leftovers
- Unwrapped candies and chocolates
- Food-soiled paper (e.g. napkins, paper plates, and pizza boxes)
- ⊗ No plastic and packaging, please! Your organics bin only likes the good stuff.
