

PRESS RELEASE

DATE: March 30, 2019

SUBJECT: Distracted Driver Awareness Month

LOCATION OF OCCURRENCE: Garden Grove- Citywide Enforcement

DATE/TIME OF OCCURRENCE: April 1st through April 30th, 2019

NARRATIVE:

Garden Grove Police Department challenges drivers to 'silence' the distraction

April is Distracted Driving Awareness Month

Garden Grove, Calif. – April is National Distracted Driving Awareness Month and The Garden Grove Police Department will be joining law enforcement agencies statewide stopping drivers who violate California's hands-free cell phone law.

On **April 5th** and **April 26th** the Garden Grove Police Department will have additional officers on patrol looking specifically for drivers on their phones.

Last year, The Garden Grove Police Department issued **2,804** citations to driver's texting, calling or performing another function on their phone. Distracted driving is dangerous, especially when it involves a cell phone. According to preliminary data from the California Highway Patrol (CHP), 66 people were killed and more than 6,500 injured in 2017 from distracted driving-related crashes.

"Cell phones remain one of the top distractions for drivers," Garden Grove Police Department Chief Todd Elgin stated. "Like any bad habit, it can be hard to break, but this habit can have life-altering consequences."

A 2018 [observational survey](#) by the California Office of Traffic Safety (OTS) on driver cell phone use found about 4.5 percent of drivers are still using their cell phone illegally, a nearly 27 percent increase from 2016.

"That text or phone call will never be worth losing a life over," Garden Grove Police Department Chief Todd Elgin "That is why curbing distracted driving is high on our priority list."

Under the most recent cell phone law that went into effect in 2017, drivers are prohibited from having a phone in their hand for any reason and can only use their phone in a hands-free manner. The phones must be mounted on the dashboard, windshield or center console, and can only be touched once with the swipe or tap of a finger to activate or deactivate a function. First-time offenders face a [\\$162 fine](#).

If you need to make a call or text someone, pull over and park at a safe location. Struggling to stay off the phone while driving? Put your phone in a place you can't reach, like the backseat or trunk.

Funding for distracted driving enforcement operations are provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
