CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Fiscal Year (FY) 2018-19 Consolidated Annual Performance Evaluation Report (CAPER) captures the expenditures, accomplishments, and progress made on the strategies and goals outlined in the approved FY 2015-2020 Consolidated Plan for HUD Programs (Con Plan).

The CAPER outlines achievements in affordable housing, homeless services, and community development programs. The City of Garden Grove's HUD Programs include:

- Community Development Block Grant (CDBG)
- HOME Investment Partnership (HOME)
- Emergency Solutions Grants (ESG)

The FY 2018-19 CAPER covers the time period starting July 1, 2018 to June 30, 2019 and is the fourth annual report of the Con Plan period. It also includes activities funded in previous fiscal years with accomplishments reported during FY 2018-19.

The City of Garden Grove has partnered with the Garden Grove Housing Authority and 8 non-profit service providers.

The Con Plan includes the following high priority Goals that are the basis for the activities previously approved in the FY 2018-19 Action Plan:

1. Increase, improve and preserve affordable housing.
2. Promote new construction of affordable housing.
3. Provide rental assistance to alleviate cost burden.
4. Promote equal access to housing.
5. Promote programs to meet homeless needs.

6. Preserve and improve existing supportive services.
7. Address public facilities/infrastructure needs.
8. Promote economic development and employment.
9. Provide for necessary planning and administration.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

During 2018-19, the City expended CDBG funds to meet the priority needs identified in the Consolidated Plan through the following actions:

1. Increase, improve and preserve affordable housing-

- The Senior Home Improvement Program assisted 28 low-income, senior Garden Grove residents with rehabilitating their homes.

2. Promote equal access to housing-

- The City of Garden Grove, in partnership with the Fair Housing Foundation, directly assisted 479 individuals with fair housing related issues, and provided education and outreach to 8,730 individuals for a total of 9,209 individuals assisted.

3. Preserve and improve existing supportive services-

- The Garden Grove Police Department's Gang Suppression Unit (GSU) directly assisted 2,345 individuals through community meetings, gang-related arrests, cafe and cyber-cafe checks, probation and parole checks, and field interview cards.
- The H. Louis Lake Senior Center enrolled 628 new seniors into their programs.
- Community SeniorServ provided home-delivered and congregate meals to 255 new seniors.

4. Address public facilities/infrastructure needs-

- The La Bonita Storm Drain Improvement Project was funded in FY 2018 and was estimated to be completed prior to the end of the Fiscal Year. However, unforeseen construction delays caused the project to carry over into FY 2019. Accomplishment data for this project will be recorded in the FY 2019 CAPER.

Table 3 - Resources Made Available

Narrative

The CDBG, HOME, and ESG resources made available in FY 2018-19 included carryover funds from prior years.

During FY 2018-19, the City expended a total of \$1,530,782.54 in HUD grant funds on activities previously approved in the FY 2018-19 Annual Action Plan.

- \$1,245,214.71 in CDBG funds on administration, public services, capital projects, and homewoner rehabilitation.
- \$106,012.40 in HOME funds on administration, affordable housing, and tenant based rental assistance.
- \$179,555.43 in ESG funds on administration and homeless service activities.

HUD grant funds not expended during FY 2018-19 will be carried over and programmed in future Annual Action Plans.

Table 4 – Identify the geographic distribution and location of investments

Narrative

Consistent with HUD goals for the CDBG, HOME, and ESG programs, the City utilized these funds for the benefit of low and moderate-income residents and neighborhoods.

The attached FY 2018-19 Action Plan Project Locations map (Attachment 2) shows the location of completed projects with specific addresses.

As identified on the Project Locations Map, several programs were made available to individuals from low or moderate-income households throughout the community, regardless of their place of residence, such as meal delivery to homebound seniors, H. Louis Lake Senior Center services, services to the homeless, and housing rehabilitation grants for seniors.

HOME funds were used to assist 1 low-income household with rental assistance, as well as the development of the Sycamore Court Apartments, a 78-unit affordable housing project for “very low income” households.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City implemented activities and utilized CDBG funds consistent with the 2018-19 Annual Action Plan. The City secured and utilized HUD funds and leveraged funding consistently with that resource allocation plan. Throughout 2018-19, the City did not take any actions that hindered the implementation of the Consolidated Plan or Annual Action Plan.

Sub-recipients for FY 2018 CDBG funds were required to detail all secured and unsecured funding sources in the proposals. Each agency was asked to identify all project funding sources at the time of contract execution and again at project close out.

The HOME program requires a 25% match for each HOME dollar invested and excess match may be credited for use in future years. The total match credit arising from affordable housing bond proceeds may not constitute more than 25% of a Participating Jurisdiction's (PJ) total annual contribution toward its match obligation. Match credits in excess of 25% of a PJ's total annual match obligation may be carried over to subsequent fiscal years and be applied to future years' obligations. In March 1996, the City completed a HOME-eligible affordable housing project that was bond financed, and that exceeded the annual total match obligation of 25%. (See Table 5, below)

During FY 2018-19, the City completed the Sycamore Court Apartment project, a 78-unit affordable housing development for “very-low income” households. The total project cost was \$22,282,060 and the City’s HOME assistance was \$1,200,000, which constitutes a 18:1

leveraging ratio.

The ESG program requires all subrecipients to provide a 100% match on grant funds.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The rehabilitation of existing units is accomplished through the administration of the Senior Home Improvement Grant Program. Due to the nature of this program, it is common for a number of the grants to be delayed and carry-over into the following FY. Senior Grants that were not completed in FY 2018-19 will have their accomplishments recorded in the FY 2019-20 CAPER.

Discuss how these outcomes will impact future annual action plans.

The City of Garden Grove is committed to providing high quality, affordable housing for its residents. The City is in constant contact with developers to produce affordable housing projects and, as funds become available, these projects will be included in future Annual Action Plans.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Table 13 – Number of Households Served

Narrative Information

The Senior Home Improvement Program is designed to assist senior Garden Grove residents who qualify at or below the "low-income" limit, which is 80% of the Orange County median income. As shown in the above table, the City assisted 28 low-income seniors with funds to rehabilitate their homes.

HOME funding of Tenant Based Rental Assistance and the Acquisition/rehabilitation of the Sycamore Court Apartments allowed the City to serve nine (9) low income households.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

During FY 18-19, the City of Garden Grove was awarded \$168,709 in Emergency Solution Grants (ESG) funds to address the issues of homelessness throughout the City. The funds were made available to various service providers offering different types of eligible homeless programs. The services included emergency shelters, essential services, homeless prevention, and homeless outreach.

The City of Garden Grove provided \$25,000 to CityNet to support the street outreach program. The services provided through street outreach were directed towards deploying basic needs support to unsheltered individuals in Garden Grove. This activity created opportunities for subrecipients to informally engage and assess unsheltered individuals within their peer and community setting.

City staff focused the majority of resources to help service providers maintain emergency shelter operations for homeless individuals and families, provide essential services such as case management and career counseling, and support homeless prevention programs through rapid rehousing and transitional housing. Nonetheless, the City did provide \$36,886 in funding to Interval House Crisis Shelter for emergency shelter and essential services, which included community outreach and education programs to individuals at risk of domestic violence. With the Garden Grove ESG funding for emergency shelter, Interval House was able to free up their nonfederal resources to provide homeless outreach services, homeless prevention education, and domestic violence safety outreach to the population at risk of homelessness, which included 71 individuals in Garden Grove.

The City of Garden Grove Police Department's Special Resource Team (SRT), funded through the City's general fund, also implemented street outreach programs for the homeless. The SRT focused on providing resources to help reduce the number of homeless individuals as well as reducing the police responses involving the homeless and mentally ill. The Police Department also partnered up with Orange County Mental Health agencies to provide resource and assistance to homeless individuals that the SRT encounters. Other efforts by the SRT included relocating homeless occupants living in dangerous flood control channels. During the outreach and relocation process, the Department and its partnered agencies also provided resource assistance such as rehabilitation, shelters, career counseling, food pantries, and mental health services to the homeless.

Addressing the emergency shelter and transitional housing needs of homeless persons

Of the \$168,709 of ESG funds, the City allocated \$70,820.94 for emergency shelter, which included transitional housing, and \$47,072 for rapid rehousing programs. These funds were distributed amongst 3

organizations, providing different levels of homeless/client programs including chronically homeless services, domestic violence, winter armory, child care, and rental assistance.

In FY 2018, 21 homeless residents received transitional housing through shelter programs from Thomas House Temporary Shelter, a subrecipient of the City's ESG funds. The residents received shelter and supportive services, such as childcare, counseling and transportation. The program also focused on self-sufficiency and prepared homeless residents for a transition to permanent housing.

The ESG funds also supported Interval House Crisis Shelter in maintaining its domestic violence shelter program. Over 71 victims of domestic violence and their children from Garden Grove were given emergency shelter and were provided support services which included a safe living environment in a confidential location. Case management was provided to ensure that the victims were rapidly rehoused in decent and affordable permanent housing. Over FY 2018, Interval House Crisis Shelter provided rapid rehousing services to 8 families (18 individuals).

The City's ESG funds were also used to support Mercy House Living Center operate its seasonal Armory. During the cold winter months, 1,936 homeless residents were provided with emergency shelter, hunger relief, hygiene, and personal care. 70 of these individuals were Garden Grove residents. In addition, Mercy House also provided 1135 bed nights to Garden Grove homeless residents as they waited for referrals to transitional or permanent housing through coordination with neighboring partners and the County's 24/7 referral helpline, OC 2-1-1.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City of Garden Grove committed \$18,987.20 in ESG funds to Mercy Housing for homeless prevention services. Mercy House assisted 31 families through their Homeless Prevention program, providing rental assistance and case management services to keep Garden Grove families from becoming homeless. Other ESG subrecipient organizations such as Interval House have made great efforts to assist victims from becoming homeless after completion of temporary housing programs. Staff at Interval House conduct follow up case management for their domestic violence victims and or makes referrals to the Garden Grove's Housing Authority for section 8 vouchers for permanent housing.

In FY 2018, the Garden Grove Housing Authority worked with Thomas House, Mercy House and Interval House in providing Section 8 vouchers to qualified residents coming from the shelter programs. Under the voucher program, individuals or families with a voucher are able to find and lease a unit and only have to pay a portion of the rent. The program further assists low-income individuals and families to avoid becoming homeless.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In FY 2018, the City allocated \$47,072 for the rapid rehousing program which was administered through Interval House Crisis Shelters. The program targeted victims of domestic violence and their children seeking emergency shelters while waiting for permanent housing. The program also provided security deposits and rental assistance payments directly to landlords on behalf of participants, housing stability case management, legal services for housing needs, and credit repair assistance. The services are designed to seamlessly transition clients into suitable and stable permanent housing.

Interval House's partners include over 40 landlords to provide housing as needed. The funds used for the rapid rehousing program in FY 2018 provided personal and financial assistance for 8 Garden Grove households (18 individuals). In addition, Interval House's emergency shelter program had 66% of participants moving into permanent housing upon exit.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City of Garden Grove has no units of Public Housing.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The City of Garden Grove has no units of Public Housing.

Actions taken to provide assistance to troubled PHAs

The City of Garden Grove has no units of Public Housing.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Market and governmental factors pose barriers to the provision of adequate and affordable housing. These factors tend to disproportionately impact lower- and moderate-income households due to their limited resources for absorbing the costs. Garden Grove works to remove barriers to affordable housing by implementing a Housing Element that is consistent with California law and taking actions to reduce costs or provide off-setting financial incentives to assist in the production of safe, high-quality, affordable housing. The City is committed to removing governmental constraints that hinder the production of housing, and offers a “one-stop” streamlined permitting process to facilitate efficient entitlement and building permit processing.

The City of Garden Grove has instituted additional actions aimed at reducing the impact of the public sector role in housing costs. City efforts to remove barriers to affordable housing include:

- Periodical analysis and revision of the zoning code aimed at developing flexible zoning provisions in support of providing an adequate supply of desirable housing, such as mixed use zoning standards and updates to the Housing Element
- Provision of affordable housing projects through acquisition and rehabilitation activities, and new construction of affordable housing units
- Establishing a streamlined service counter to reduce process time
- Density bonuses for affordable projects
- Continued assessment of existing policies, procedures, and fees to minimize unnecessary delays and expenses to housing projects
- Approved an Ordinance allowing the construction and/or conversion of Accessory Dwelling Units (ADU's)

In addition, the City is in the process of updating its Analysis of Impediments to Fair Housing Choice (AI) report in coordination with other local jurisdictions. This report identifies any potential impediments to fair housing and establishes a Fair Housing Action Plan to outline steps to overcome any identified impediments. The updated plan is scheduled to be completed December 2019.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The major obstacle to meeting underserved needs is the lack of adequate funding, especially for affordable housing activities. With the dissolution of redevelopment in California and reduced State and federal funding levels, the City's ability to address the extensive needs in the community is seriously compromised. The City will strive to leverage available funds, to the greatest extent possible, to

overcome obstacles in meeting underserved needs. The City has adopted its 2014-2021 Housing Element, which includes a commitment to annually pursue State, Federal, and other funding opportunities to increase the supply of safe, decent, affordable housing in Garden Grove for lower-income households (including extremely low-income households), such as seniors, disabled, the homeless, and those at risk of homelessness.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City has an aggressive policy to identify and address lead-based paint hazards in all HUD-funded housing rehabilitation projects. The City considers all housing rehabilitation an opportunity to address potential lead hazards. We, therefore, require lead paint testing for 100% of the City's HUD-funded residential rehabilitation programs where paint will be disturbed in properties built before 1978. Loan/grant recipients are required to obtain a lead-based paint inspection prior to commencement of work as well as a post-rehabilitation clearance test if the work disturbed areas where lead contamination had been found. Because the additional costs of lead hazard testing and remediation can be prohibitively expensive for low-income homeowners, the City uses CDBG funds to cover the costs of the lead paint inspection and, if necessary, any lead paint interim controls and lead clearance testing in conjunction with any CDBG-funded housing rehabilitation grants or loans. During FY 2018-19, the City funded twenty-eight (28) lead-based paint inspections and one (1) clearance inspection in administration of the Senior Home Improvement Grant Program.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Garden Grove continues to look for ways to expand economic activities to include all people and provide programs to those people who are less fortunate. In the past, the City has focused on the creation of jobs for low- and moderate-income persons through economic development in the Harbor Boulevard area. Through the Consolidated Plan and associated Action Plans, the City seeks to create and retain permanent jobs that are available to and/or filled by low- and moderate-income people. In addition, other essential elements of the City's anti-poverty strategy include:

- Section 8 Housing Choice Voucher Program
- Housing Choice Voucher Family Self Sufficiency Program
- Economic Development programs
- Anti-crime programs
- Housing Rehabilitation programs
- Creation of Affordable Housing
- Transitional housing and homeless service programs

Through these programs, the City is working to reduce the number of families living below the poverty line. The goals and strategies contained in the Consolidated Plan for funding housing, community development, and community services activities often directly address poverty issues through provision of funding or services, or indirectly through the creation of jobs.

In addition, the City will annually allocate up to 15% of its CDBG funds to public service agencies that offer supportive services in an effort to reduce poverty.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Successful program implementation requires coordination, both internally and with outside agencies. The City makes changes, as needed, to its staff assignments to address the administrative, planning, and reporting needs of CDBG, HOME, and ESG funds. Project management improvements have included strengthened project eligibility review and staff training of regulatory compliance and procedures. The City of Garden Grove Neighborhood Improvement Division of the Community and Economic Development Department serves as the lead agency in administration and compliance of CDBG, HOME, and ESG programs and grant management. The Neighborhood Improvement Division coordinates activities related to CDBG, HOME, and ESG funds, including coordination of internal departments, outside agencies, and grant recipients.

The City's ongoing efforts in its institutional structure include strengthening project designs through negotiating stronger and more specific performance goals for project contracts. This includes ongoing education and technical assistance for program stakeholders including fellow City Departments implementing HUD-funded programs, outside contractors, the Neighborhood Improvement and Conservation Commission, the City Council, and the public in general regarding the overall objectives and eligible and ineligible uses of each of our HUD funds.

The City also amended the Citizen Participation Plan to make it more readable and to officially designate the City Council as the public hearing body, and worked closely with the Neighborhood Improvement and Conservation Commission to deepen their understanding of the CDBG, HOME, and ESG programs.

Capacity-building is another component in development of the City's institutional structure. In addition to in-house training and development of improved management systems, the City will continue to participate in all HUD training offered locally. To gather more information, build staff knowledge, and seek regional solutions to regional problems, the City participates in regional efforts such as the Orange County Continuum of Care for the Homeless.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Housing, supportive services, and community development activities were delivered by a number of public agencies, nonprofit entities, and private organizations. The City of Garden Grove continued to function in a coordinating role between local non-profit service providers and other county, State, and federal organizations, as well as regional agencies and plans such as the Orange County Continuum of Care (CoC).

To enhance coordination, the City participated in regional planning groups and forums to foster

collaboration with other agencies and organizations. Through collaboration, the City identified common goals and strategies to avoid overlaps in services and programs and identify potential for leveraging resources. The City also continued to work with a wide range of public and community social service agencies to meet and address the various needs of the community. The City utilized the services of 211 Orange County, whose mission is to help people in the community find the help they need by eliminating the barriers to finding and accessing social services.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The City of Garden Grove is required to undertake an analysis of impediments to fair housing that may be prevalent in the community, and to develop an action plan to address impediments. The City, in collaboration with other Orange County communities, participated in producing a five-year analysis of impediments to fair housing. The final product was the 2016-2020 Orange County Regional Analysis of Impediments to Fair Housing Choice (Regional AI). The following are the private sectors impediments:

- Housing Discrimination
- Discriminatory Advertising
- Denial of Reasonable Accommodation
- Hate Crimes
- Unfair Lending

During Fiscal Year 2018-19, the City of Garden Grove undertook several programs/actions (on its own or in cooperation with a fair housing provider) to overcome the impediments to fair housing choices identified in the Regional AI. Garden Grove contracted with Fair Housing Foundation (FHF) to provide comprehensive educational and enforcement programs for City residents. The FHF understands the private sector and is well equipped to analyze impediments, describe appropriate actions, and to follow-through on those actions.

During FY 2018-19, the FHF assisted a total of 9,209 individuals with the following services:

1. Fair Housing Outreach and Education

- Held Agency Meetings at various locations throughout the City
- Set up booths at various events throughout the City
- Distributed literature at various locations throughout the City (including flyers and press releases)
- Hold management trainings at City Hall
- Gave presentations at various locations throughout the City
- Hosted landlord/tenant workshops at City Hall

2. General Housing Counseling & Resolution

- Responded to inquiries regarding general housing issues. In addition, FHF screens, inputs data, counsels, pursues habitability cases, provides unlawful detainer assistance, conducts mediations, and provides appropriate referrals.

3. Discrimination Services

- Responded to inquiries regarding discrimination, complaints, screening, and counseling services.

4. Landlord/Tenant Services

- Responded to and assisted in the mediation of disputes between landlords and tenants

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Although the City's HUD-funded activities and strategies have been very successful, we strive for continued improvements in our housing, homeless prevention, neighborhood improvement, and public service priority needs, as well as our grant administration, compliance, and monitoring. During 2018-19, the City continued to improve its project, fiscal, and other administrative management systems to ensure compliance with CDBG, HOME, and ESG program and comprehensive planning requirements through the following measures and accomplishments:

The City's Community and Economic Development and Finance Departments worked together over the last six months to prepare for the FY 2018-19 CAPER and for the FY 2019-20 Annual Action Plan. Through several brainstorming meetings of managers and all staff from both teams and nearly daily problem-solving opportunities by staff, we have achieved comprehensive training of key staff in both departments on HUD program financial administration and using IDIS. Community and Economic Development staff has been working with the Finance staff to educate them on HUD requirements. This cooperation will improve the timeliness of HUD fund drawdowns, establish better procedures and schedules for aligning the City's general budget planning and the HUD Action Plan process, the City's general ledger and IDIS records, and for handling remaining funds at the end of the program year.

City Staff annually monitors all HOME funded projects in accordance with the City's Monitoring Plan for HOME Rental Projects and the HOME Final Rule.

In an effort to ensure up-to-date knowledge of HUD programs and policies, staff members invested over 50 hours in training, workshops, webinars or technical assistance sessions sponsored by HUD or by outside agencies but with direct relevance to HUD program implementation. Topics of the trainings included Financial Management, Analysis of Impediments, HMIS, HOME activities, IDIS, Sub-recipients management, CDBG and Environmental Training.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The City's effort to provide citizens with reasonable notice and an opportunity to comment on performance reported in the draft FY 2018-19 CAPER follows the process outlined in the Citizen Participation Plan.

As outlined in the Citizen Participation Plan, the draft CAPER is available online, with copies also available at Garden Grove City Hall and the Garden Grove Regional Library.

The 15 day public comment period for the FY 2018-19 CAPER was from August 26, 2019 through September 10, 2019. Notices of the Public Hearing were published in local English, Spanish and Vietnamese newspapers on August 26, 2019. The City held public hearings to receive public comments on the FY 2018-19 CAPER at the September 9, 2019 Neighborhood Improvement and Conservation Commission meeting and at the September 10, 2019 City Council meeting. All public comments received and the notices published are included in Attachment 1.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City of Garden Grove CDBG program did not have any significant changes to the Consolidated Plan goals.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

During FY 2018-19, the Garden Grove Housing Authority (GGHA) conducted Housing Quality Standard (HQS) inspections of one (1) Tenant Based Rental Assistance unit to determine compliance with HUD property standards. Additionally, the GGHA performed on-site inspections of four (4) HOME restricted units to determine compliance with HQS.

During the 2015 and 2016 program years, the Housing Authority conducted on-site property inspections of 33 HOME assisted units in 4 HOME assisted projects (Grove Park, Tamerlane, Thomas House, and Sunswept) in accordance with HUD monitoring requirements as outlined in the 2013 HOME Final Rule.

Additional on-site inspections of HOME assisted projects will be performed during FY 2019-20.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

All HOME funded affordable housing projects must adopt affirmative marketing procedures and submit the affirmative marketing plan to the City. During annual monitoring, overall performance related to fair housing and non-discrimination is monitored to ensure fair housing compliance.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

During FY 2018-19, the City did not fund any projects with Program Income.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

Section 8 funds: The Garden Grove Housing Authority administers the Section 8 program for the City and provides rent subsidies to 2,337 Garden Grove households.

Density Bonus: The City of Garden Grove works with housing developers to assist in the development of affordable housing projects through the execution of Density Bonus Affordable Housing Agreements.

The City currently monitors three (3) density bonus affordable housing projects totalling 15 affordable units.

Redevelopment Agency: The City of Garden Grove currently monitors 11 affordable housing projects totalling 640 affordable units previously assisted with former Redevelopment Agency funds.

11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

All subrecipients of ESG funds providing services were required to use homeless/client certification forms during the intake process to ensure all clients serviced were qualified and are residents of the City of Garden Grove. In addition, subrecipients were also required to submit completed quarterly reports for monitoring purposes. During the aforementioned process, City staff addressed concerns and/or discrepancies within the reports and made sure corrections were made at the early stages of the fiscal year. The capacity of utilization for shelter was approximately 52.21% (54,508 bed nights provided).

In addition, City staff consulted with the CoC and attended meetings with various County subcommittees to discuss issues, concerns, and best practices for meeting the needs of the homeless population. Staff also formed an OC Collaborative consisting of neighboring jurisdictions receiving ESG funds (Anaheim and Santa Ana) and have established a shared Request for Proposal (RFP) that was utilized to fund service providers for program years 2018 and 2019. The OC Collaborative created uniform ESG guidelines that is utilized amongst all service providers within the County. These guidelines include a homeless at risk assessment and a homeless certification form. Creating these guidelines helped promote a cohesive effort between the neighboring Cities in addressing homelessness and also assisted service providers stay compliant with HUD's regulations.
