ACTION: No one spoke for or against the request. Resolution No. 5404 approved by five ayes. City Council action required, and the recommended date is March 23, 2004.

E. MATTERS FROM COMMISSIONERS

Commissioner Barry noted that the Club 22 located on Garden Grove Boulevard at Haster Street has a sign advertising dancing, and asked whether that was permitted. Staff stated that it would be investigated.

Commissioner Hutchinson inquired into the status of the vacant parcel on the southwest corner of Garden Grove Boulevard and Euclid Street. He commented that this parcel is not being maintained and is being used for parking. Staff stated that it will need to be improved for parking, and that this will be addressed.

Commissioner Hutchinson asked about the installation of cameras at major intersections in the City. Sergeant Fowler noted the recommendations for the red light program is that they use two approaches per intersection, i.e., either west bound or east bound. The Brookhurst and Westminster intersection was first, and after it was operating on an optimal level, a new camera was installed at Brookhurst and Chapman. Once this one is operating on an optimal level a camera will be installed at another intersection. In order to address the legal issues of the red light cameras, signs are posted at every entrance to the City in order to inform motorists; however, cameras will not be installed at every intersection.

Commissioner Hutchinson noted the bank building on Chapman west of Brookhurst was demolished and that grass was planted. He asked whether this is going to be used for parking, as it is needed for the theater, or if something would be built. Staff indicated that this pad section may not have the same ownership as the theater, and noted that a commercial building would be more advantageous than parking.

F. MATTERS FROM STAFF

None.

G. ADJOURNMENT: 8:20 p.m.
